No. 778P.—The 24th January 1914.—The following is published for general information.

J. G. CUMMING,
Offg. Chief Secy. to the Govt. of Bengal.

No. 2831—12.

Extract (paragraphs 1 and 2) from the Proceedings of the Government of India in the Home Department (Public), under date Calcutta, the 8th December 1899.

RESOLUTION.

THE Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject, and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians who desire to return to their country and by students who, owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, in the form appended to this Resolution, signed by the head of the district (in a Presidency town, the Commissioner of Police) in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer (in a Presidency Town, the Commissioner of Police) or Political Officer, as the case may be.

No. 894P.—The 27th January 1914.—The following draft of a rule which the Governor in Council proposes to make under section 3 of the Bengal Motor-car and Cycle Act, 1903 (Bengal Act III of 1903), to prevent the driving of motor-vehicles on a certain road in the district of Darjeeling, in supersession of the proposed rule published in draft with Notification No. 2756P.D., dated the 16th August 1913, is published for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 1st March 1914, and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

Draft Rule.

(1) No person shall, on the road (commonly known as the Lebong Cart Road), which runs between the Darjeeling Railway station and the Lebong Cantonment, in the district of Darjeeling—

- (a) drive any mechanically driven vehicle (whether motor-car, cycle-car or motor-cycle), the propelling power of which is more than six horse-power, or
- (b) drive any mechanically driven vehicle (whether motor-car, cycle-car or motor-cycle) at a speed exceeding eight miles per hour.

(2) This rule shall not be deemed to apply to traffic on railway lines.

The following is published for general information :—

EXECUTIVE ORDER.

To provide Maritime Quarantine Regulations for the Canal Zone and the Harbours of the Cities of Panama and Colon, Republic of Panama.

Whereas the official opening of the Panama Canal will require a revision of the maritime quarantine regulations of the Canal Zone and the harbours of the cities of Panama and Colon, Republic of Panama, and

Whereas the Government of the United States and the authorities of the Canal Zone are authorised to establish such rules and regulations for the ports and harbours of said cities, by virtue of the second paragraph of Article VII of the Treaty between the United States and the Republic of Panama for the construction of the Isthmian Canal, signed November 18, 1903, which paragraph reads, as follows :—

“The Republic of Panama agrees that the cities of Panama and Colon shall comply in perpetuity with the sanitary ordinances, whether of a preventive or curative character, prescribed by the United States and in case the Government of Panama is unable or fails in its duty to enforce this compliance by the cities of Panama and Colon with the sanitary ordinances of the United States the Republic of Panama grants to the United States the right and authority to enforce the same;”

and section 6 of the Executive Order of December 3, 1904, known as the Taft Agreement made between the Secretary of War of the United States and the Chief Executive of the Republic of Panama, which section reads, as follows :—

“Section 6.—This order also shall be inoperative unless the proper Governmental authorities of the Republic of Panama shall grant power to the authorities of the Canal Zone to exercise immediate and complete jurisdiction in matters of sanitation and quarantine in the maritime waters of the ports of Panama and Colon;”

and Article I of Decree No. 66 of December 6, 1904, issued by the President of Panama, agreeably to said Executive Order, and published in the Official Gazette, No. 70 of 1904, which article reads, as follows :—

“Article I. The authorities of the Canal Zone are empowered to exercise freely, immediate and complete jurisdiction in all matters of sanitation and quarantine in the waters of the ports of Panama and Colon. In consequence, the authorities of the Republic shall proceed in conformity with the provisions of this decree to the end that these may be strictly complied with.”

— By virtue of the authority vested in me and in conformity with the foregoing treaty provision and the Executive Order and Presidential Decree

abovementioned, I hereby establish the following maritime quarantine regulations for the Canal Zone and for the harbours of the cities of Panama and Colon, Republic of Panama:

BILLS OF HEALTH.

Section 1.—Masters of vessels clearing from any foreign port or from any port in the possessions or other dependencies of the United States for a port in the Canal Zone or for the ports of Panama or Colon, Republic of Panama, must obtain an original bill of health in duplicate from the officer or officers authorised by the quarantine laws and regulations of the United States to sign such certificates for vessels entering the ports of the United States.

Section 3.—The master of a vessel entering the ports of the Canal Zone or the ports of Panama and Colon, Republic of Panama, from any port of the United States, must present to the Quarantine Officer and to the Customs Officer of the Canal Zone or his authorized agent each a bill of health signed by the Customs Officer of the port of the United States from which said vessel sails.

FOREIGN REGULATIONS.

Inspection of vessels from Foreign Ports and Ports in the Dependencies of the United States.

Section 4.—The officer issuing the bill of health shall satisfy himself, by inspection if necessary, that the conditions certified to therein are true, and is

authorized to withhold the bill of health or the supplemental bill of health until he is satisfied that the vessel, the passengers, the crew, and the cargo have complied with these regulations.

Section 5.—Inspection is required of:

(a) All vessels from ports in which cholera, yellow fever or plague in men or rodents prevails, or at which small-pox or typhus fever prevails in epidemic form, and at which a medical officer is detailed.

(b) All vessels carrying steerage passengers; but need only include the inspection of such passengers and their living apartments, if sailing from a healthy port.

(c) Inspection of the vessel is such an examination of the vessel, cargo, passengers, crew, personal effects of same, including examination of manifests and other papers, food and water-supply, the ascertainment of its relations with the shore, the manner of loading and possibilities of invasion by rats and insects as will enable the inspecting officer to determine if these regulations have been complied with.

(d) When an inspection is required, it should be made by daylight, as late as practicable before sailing. The vessel should be inspected before the passengers go aboard, the passengers just before embarkation, and the crew on deck, and no communication should be had with the vessel after such inspection except by permission of the officer issuing the bill of health.

GENERAL REQUIREMENTS.

Section 6.—Vessels, prior to stowing cargo or receiving passengers, should be mechanically clean in all parts, especially the hold, fore-castle, and steerage.

Section 7.—Any portions of the vessel liable to have been infected by any communicable disease should be disinfected before the issuance of the bill of health.

Section 8.—Street sweepings, city cleanings, or anything containing organic refuse should not be taken as ballast from any port.

Section 9.—Bedding, upholstered furniture, soiled wearing apparel, personal effects, and second-hand articles of a similar nature, coming from a district known to be infected with cholera, small-pox, typhus fever, or as to the origin of which no positive evidence can be obtained, and which the consular or medical officer has reason to believe are infected, should be disinfected prior to shipment. In the case of typhus fever, the destruction of vermin should be assured. Articles similar to the abovementioned, if from a district infected by plague should be inspected, and, if necessary, disinfected and treated to destroy vermin.

Section 10.—Articles from an uninfected district shipped through an infected port may be accepted without restriction if not exposed to infection in transit.

Section 11.—Any article shipped from or through an infected port or place, and which the consul or medical officer has reason to believe infected, should be disinfected.

Section 12.—Any article presumably infected, which cannot be disinfected, should not be shipped.

Section 13.—Passengers, for the purpose of these regulations, are divided into two classes, cabin and steerage. (a)

Section 14.—So far as possible passengers should avoid embarking at a port where quarantinable disease prevails, and communication between the vessel and the shore should be reduced to a minimum. In such a port the personnel of the vessel should remain on board during their stay.

Vessels carrying passengers from any port where quarantinable disease prevails in epidemic form should have a medical officer.

(a) The sanitary measures applicable to second cabin passengers will be those designated for first cabin passengers or for steerage passengers, according as the arrangements of their quarters and accommodation aboard, both sanitary and for association, class them in the opinion of the inspecting officer with the first cabin or steerage.

Section 15.—No person suffering from a quarantinable disease, or scarlet fever, measles, diphtheria, or other communicable disease, should be allowed to ship.

Section 16.—All baggage of steerage passengers destined for the Canal Zone, or the ports of Panama or Colon, Republic of Panama, should be labelled. If the baggage is in good sanitary condition, the label shall be a red label bearing the name of the port, the vessel on which the baggage is to be carried, the word "Passed" in large type, the date of inspection, and the seal or stamp of the consular or medical officer of the United States. All baggage that has been disinfected shall bear a yellow label, upon which shall be printed the name of the port, the vessel upon which the baggage is to be carried, the word "Disinfected" in large type, the date of disinfection, and the seal or stamp of the consular or medical officer of the United States. It is understood, and it will be so printed on the blank, that the label is not valid unless bearing the consular or medical officer's stamp or seal.

Section 17.—Each steerage passenger shall be furnished with an inspection card, as follows. This card, stamped by the consular or medical officer, is to be issued to every member of a family as well as to the head thereof, and shall be in the following form:—

INSPECTION CARD.

(Immigrants and Steerage Passengers.)

Port of departure———. Date of departure———.
Name of ship———. Last permanent residence———.
Name of immigrant———.

Inspected and passed at (Seal or stamp of consular or medical officer).	Passed at quarantine, port of Canal Zone (or) Republic of Panama (Date.)	Vaccinated. (Signature or stamp.)
--	---	--------------------------------------

(The following to be filled in by ship's surgeon or agent prior to or after embarkation.)

(Ship's list or manifest ———. No. on ship's list or manifest———.)

Berth No.	STEAMSHIP INSPECTION. Days.	To be punched by Ship's Surgeon at daily inspection.
	1st, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14	

Section 18.—Passengers and crews, merchandise and baggage, prior to shipment at a non-infected port, but coming from an infected locality, should be subject to the same restrictions as are imposed at an infected port.

LOCAL INSPECTION OF VESSELS.

Section 19.—Vessels arriving at any of the ports of the Canal Zone or the cities of Panama and Colon, Republic of Panama, under the following conditions, shall be inspected by the quarantine officer of the port prior to entry:

(a) Vessels from the United States; (b) vessels from foreign ports; (c) vessels with sickness aboard; (d) vessels from Panamanian ports where any quarantinable disease prevails; (e) vessels from Panamanian ports carrying passengers or articles suspected by the quarantine officer as being capable of conveying the infection of a transmissible disease.

Section 20.—The limits of anchorage of vessels awaiting inspection and of vessels undergoing quarantine, shall be fixed from time to time by the Chief Sanitary Officer of the Canal Zone.

Section 21.—Every vessel subject to quarantine inspection shall be considered in quarantine until granted free pratique, and such vessels shall fly a yellow flag from the foremast head from sunrise to sunset and shall observe all the other requirements of vessels actually quarantined.

Section 22.—The captain or master of a vessel in quarantine shall allow no communication with his vessel except as provided for in these regulations, nor shall any water craft approach within 200 meters of any such vessel.

Section 23.—No person or article shall be allowed to leave a vessel in quarantine without written authority from the quarantine officer.

Section 24.—Towboats, or any vessel or boat having had communication with a vessel in quarantine shall be submitted, with their personnel, to such measures of sanitation as the quarantine officer may judge to be necessary.

Section 25.—No person, except such officers of the port as are required to do so by the nature of their duties, and the agent of the vessel, if such agent has the consent of the quarantine officer, shall go aboard any vessel subject to quarantine until such vessel has been granted free pratique. Any person going aboard prior to the issuance of free pratique shall be subject to the same restrictions as the personnel of the vessel if, in the opinion of the quarantine officer, this is necessary for the protection of the public health.

Section 26.—The quarantine officer, after his inspection of the vessel and its documents, shall decide whether said vessel, or its personnel, or passengers, or any article aboard said vessel is liable to convey any of the following diseases: Plague, yellow fever, cholera, small-pox, typhus fever, or leprosy: and if so, such vessel shall be placed in quarantine and forbidden entry until the period of incubation of such diseases is past, and he shall take such measures in respect to the vessel, its passengers or personnel or cargo as, in his judgment, may be required to prevent the entry of such diseases into the Canal Zone or the cities of Panama or Colon, Republic of Panama.

Section 27.—Passengers boarding vessels from ports subject to quarantine will be required, in the discretion of the Chief Sanitary Officer of the Canal Zone, to present personal certificates from the officer authorized by these regulations to sign bills of health, certifying to their sanitary history and condition, provided due notice has been issued to the agents of the steamship companies on the Isthmus of Panama.

Section 28.—Every case of sickness aboard any vessel in the harbour shall be immediately reported by the master of the vessel to the quarantine officer, who shall see the case and take such sanitary measures as may be necessary.

Section 29.—The Chief Quarantine Officer shall have charge of the sanitation of the harbours and vessels lying therein and shall see that such measures are enforced as are necessary for the proper hygiene of vessels, their cargoes, and their personnel, whether in port or *en route*, and to prevent the vessels from being a source of danger to other vessels or to the port, and he is authorized to certify bills of health to vessels clearing from ports under his jurisdiction, setting forth in such bill of health the conditions of the port, vessel, cargo, passengers and crew; and is authorized at the request of the master of any vessel to disinfect and otherwise place such vessel in a sanitary condition so that it may leave the port in free pratique and be able to make entry at the port of destination without further disinfection or detention in quarantine.

Section 30.—The quarantine officer shall make such charges for the disinfection of vessels and their cargoes, and for the transportation and subsistence of passengers while in quarantine as may be fixed from time to time by the Governor of the Canal Zone.

Section 31.—A certificate from the quarantine officer that a vessel has complied with all the quarantine regulations shall be required of every vessel subject to inspection, as a pre-requisite for customs entry or passage through the Canal.

Section 32.—Quarantine stations shall be established and maintained at such places as may be decided upon by the Chief Sanitary Officer of the Canal Zone, with the approval of the Governor.

Persons detained in quarantine under these regulations shall not be permitted to go outside the limits of the quarantine station until discharged therefrom by the quarantine officer and if any such person shall leave the quarantine station without being duly discharged therefrom he may be taken into custody by the quarantine officers wherever found and returned to the quarantine station and, in addition, he may be punished as hereinafter described.

No person except the Chief Sanitary Officer of the Panama Canal or his representative, the quarantine officers and employes and personnel of the station shall be permitted to enter in or upon a quarantine station without permission from the Chief Sanitary Officer or the Chief Quarantine Officer of the Panama Canal.

Section 33.—The Governor of the Panama Canal may establish from time to time such rules and regulations as he may deem necessary to execute this order.

Section 34.—Any person violating any of the provisions of these regulations shall be punished by a fine not exceeding \$500, or by imprisonment in jail not exceeding 90 days, or both, at the discretion of the court.

Section 35.—The medical officers of the Canal Zone, duly clothed with authority to act as quarantine officers at any port or place within the Canal Zone and the ports of the cities of Panama and Colon, Republic of Panama, and when performing the said duties, are hereby authorized to administer oaths and take declarations thereunder in matters relating to the administration of the quarantine laws and regulations of the Canal Zone Government.

Section 36.—These regulations shall take effect from and after the date upon which the Panama Canal is officially and formally opened for use and operation, by proclamation of the President of the United States.

NOTIFICATION.

No. 333Medl.—*The 29th January 1914.*—In exercise of the powers conferred by section 16 of the Lepers Act, 1898 (India Act 24 Parganas. III of 1898), and in supersession of the rules sanctioned under Government Notification No. 485T.—M., dated the 31st May 1901, the Governor in Council is pleased to make the following revised rules for carrying out the purposes of the Act in the Albert Victor Asylum for lepers at Gobra :—

1. (1) The executive charge of the Asylum shall be vested in the Commissioner of Police, Calcutta, under the control and supervision of the Board, appointed under section 5 of the Act.

(2) The Superintendent of the Asylum shall be *ex-officio* Secretary to the Board.

2. (1) The Board shall meet at least once every three months for the transaction of business at such place as may be fixed by the President. The President may also call a special meeting at any time. Three members shall form a quorum. The proceedings of the Board shall be recorded in a book to be kept for that purpose.

(2) The Board at its ordinary meetings shall appoint two or more of its members, one of whom shall be the Medical Officer, to fulfil the requirements of section 13 of the Act until the date of its next meeting.

(3) The inspection book kept under section 13 of the Act shall be laid before the Board, and the Board may enter any remarks that it may deem proper in regard to the condition of the Asylum and its inmates, and any suggestions for the management of the Asylum.

3. The Secretary shall submit to the President of the Board for submission to the Local Government a copy of all remarks entered by the members of the Board in the book kept under section 13.

4. When a Magistrate sends a leper to the Asylum under section 9 of the Act, he shall cause to be attached to the warrant of detention (Form C) a descriptive roll containing the following particulars, namely :—

- | | |
|------------------------------------|------------------------------|
| 1. Name. | 5. Caste or religion. |
| 2. Father's name. | 6. Place of abode. |
| 3. Age. | 7. Occupation. |
| 4. Sex and condition. | 8. Family history, if known. |
| 9. List of property sent with him. | |

5. (1) The Superintendent of the Asylum shall be responsible for the carrying out of all rules and orders affecting the Asylum, for the maintenance of orders and discipline therein, and for the comfort and well-being of the inmates in respect of general and medical treatment.

(2) He shall report to the Commissioner of Police and President of the Board, as they occur, all escapes, breaches of discipline, sudden deaths and outbreaks of epidemic disease, and the measures taken to prevent the spread of such disease.

(3) In cases of escape he shall also forward a report to the nearest thana, with a description of the leper, to enable the police to take measures to effect a recapture.

(4) He shall satisfy himself that all articles supplied for use in the Asylum are of the quality contracted for.

(5) He shall keep the following registers and book, namely :—

- a General Register, in Form I,
- a register showing the punishment inflicted, in Form II,
- two Daily Registers of Rations, in Form III and Form IV, respectively, and
- a Cash-book, in Form VII,

and shall furnish to the Commissioner of Police and President of the Board the following annual returns, namely :—

- a return of Admissions and Discharges, in Form V, and
- a return of patients in Hospital, in Form VI,

and shall keep such other registers and accounts, and furnish such other returns, as may from time to time be prescribed by the Commissioner of Police and President.

(6) He may, in cases of misconduct on the part of any person serving under him, report the circumstances to the Commissioner of Police and President of the Board, who alone shall have power of suspending or dismissing any subordinate (except the Sub-Assistant Surgeon).

Appointment and duties of Sub-Assistant Surgeon 6. (1) A Sub-Assistant Surgeon shall be appointed by the Inspector-General of Civil Hospitals.

(2) The Sub-Assistant Surgeon shall reside on the Asylum premises, and shall not engage in private practice except with the sanction of the Board.

(3) He shall act in immediate subordination to the Superintendent.

(4) He shall visit every part of the Asylum and inspect all the inmates daily, and shall attend to the comfort and cleanliness of the inmates, and see that every inmate occupies at night the sleeping place or bed which has been set apart for him; and that every part of the building and all furniture or fittings, &c., are kept clean, and that all cooking and other vessels and all other articles, including food, belonging to the inmates are kept in the places which are set apart for them.

(5) He may order any additions or alterations of diet for the sick, and recommend a special diet for any inmates of the Asylum whose condition appears to require it.

(6) He shall satisfy himself that the food is of good quality and well cooked.

(7) He shall attend the officials and their families residing on the premises.

(8) In the event of any epidemic disease appearing, he shall at once make a report to the Superintendent.

(9) He shall keep a Case-book in Form VII for each leper in the Asylum.

Appointment of subordinates 7. All subordinates shall be appointed by the Board, but the Superintendent shall have power, in case of a vacancy occurring from any cause, to appoint a temporary substitute.

Procedure on admission 8. When a leper is admitted into the Asylum, the Superintendent, after satisfying himself that the medical certificate (Form B) and the Magistrate's warrant (Form C) are in order, shall make the necessary entries regarding the leper in the General Register in Form I, shall cause the leper to be thoroughly searched and to wash himself, and shall then provide him with such articles for his use in the Asylum as may be prescribed by the Board.

Clothes and property of lepers 9. (1) The Superintendent shall take charge of, and enter in a separate register, all clothes and property brought by any leper into the Asylum.

(2) No article shall be brought into the Asylum without the Superintendent's permission.

Diet and routine

10. The scale of diet, the hours of meals and the general routine of the Asylum shall be prescribed by the Board.

Conduct of lepers 11. The pauper lepers shall keep their own wards clean and tidy, fold up their bedding and obey all orders lawfully given by the Superintendent.

Employment of lepers

12. The pauper lepers shall be employed on such light occupations as may be determined by the Board.

13. All articles required for the Asylum shall be obtained by contract tenders for which shall be publicly invited and shall be opened and decided on at a meeting of the Board.

Supplies
Members to inspect supplies

14. The members appointed under Rule 2, clause 2, shall inspect the supplies and make a note of having done so.

15. (1) The Superintendent should report to the Board at each of its meetings the number of inmates of each class who are in the Asylum, and whether there is any overcrowding in any section, or the number of vacancies in any ward.

(2) No pauper leper confined in the Asylum shall be provided with less dormitory accommodation than 68 superficial feet and 910 cubic feet.

(3) No pauper leper should be admitted into the Asylum or into any section of it, should there be overcrowding, without the consent of the Board and only then as a temporary measure.

16. To such pauper lepers as are well conducted, a daily allowance of tobacco and betel shall be granted.

17. With the approval of the Superintendent, clothing, food, and sweetmeats or other luxuries may be supplied to pauper lepers by friends.

18. For escape or other serious misconduct a pauper leper may be confined to his dormitory or in a cell under the orders of the Commissioner of Police for any period not exceeding a week; and for other breaches of discipline, the privileges allowed by the rules or any portion of them may be forfeited under the orders of the Commissioner for a period which may extend to one month.

For minor breaches of discipline the Superintendent may order the forfeiture of the privileges for a week, and confinement in a cell for not more than 24 hours.

19. All orders passed under Rule 18 shall be entered in a register which will be kept for the purpose, and should be submitted regularly to the visitors and to the Board.

20. The Local Government may appoint, from time to time, as visitors gentlemen of position, who are likely to take an interest in the welfare of the inmates of the Asylum.

(1) Every visitor so appointed shall hold office for two years, but can be re-appointed on the expiration of any such term, at the discretion of Government.

(2) The Board shall make arrangements with regard to the turn of visiting, etc.

(3) A visit must be made by one or more of the visitors at least once a month. Except in exceptional circumstances, visitors should not visit the Asylum after nightfall or before sunrise.

(4) Visitors should visit every ward, yard, and cell, and see every inmate at the time of their visit, and in every case of complaint made to them should enquire what the rules in force are, and whether these are observed or not; and they should ascertain generally whether rules and orders are adhered to. They may examine all prescribed registers and should examine the Punishment Register, and see that punishments are properly recorded.

(5) A visitors' book (to be prescribed by the Board) shall be kept in the Asylum, and shall be presented to every visitor, when he has completed his inspection of the Asylum. Every visitor shall record the date and hour of his visit and any remarks he may care to make. (Such remarks should be limited to a statement and fair criticism of the actual facts which come to his knowledge, and any suggestions he may wish the Board to consider.) This book will be laid before the next meeting of the Board, and the Board may, if necessary, forward a copy of the remarks to Government, together with its own observation.

21. A copy of these rules in English and in the Vernacular shall be hung up in each ward.

H. L. STEPHENSON,
Secy. to the Govt. of Bengal.

IRRIGATION DEPARTMENT.

The 3rd February 1914.

No. 1 Notification.—The following draft of (1) rules and (2) schedule of rates of tolls, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix for the navigable channels of the Magra Hât Drainage scheme, as defined in Notification No. 4, dated the 22nd April 1913 (published at page 634, Part I, of the *Calcutta Gazette* of the 23rd *idem*), is published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 18th March 1914, and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

H. H. GREEN,
Secy. to the Govt. of Bengal.

DRAFT RULES FOR THE MAGRA HÂT CHANNELS.

1. Every vessel entering or making use of the Magra Hât channels shall be liable to measurement for the purpose of ascertaining the tolls payable. In case of any reasonable doubt, the persons appointed by the Governor in Council as Collectors of Tolls or Navigation Canal Officers shall have authority to again measure a vessel notwithstanding that it was measured before.

2. Vessels for the purpose of the determination of maundage shall be divided into three classes as follows :—

Class I.—To include all vessels of the usual native types of build known as *saltees*, but not *bonâ fide* tal (or palm-tree) dongas and not exceeding 50 maunds by canal measurement.

Class II.—To include all other vessels of usual native types of build or cutters.

Class III.—To include all steamers, flats, barges and other square-built boats.

The net maundage of every vessel, whether laden or empty, shall, for the purposes of the Canals Act, 1864, and of these rules be determined by the following measurements :—

CLASS I.

A.—The product of one-quarter the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel multiplied by three-quarters of the depth, measured from the top of the vessel amidships to the interior bottom of the vessel is to be taken as equal to the number of maunds upon which toll shall be levied.

B.—The measurement of the length to be made in feet, rejecting inches, and of the breadth and depth in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C.—Any vessel the maundage of which calculated as above exceeds 50 maunds shall be reckoned as a vessel under class II.

CLASS II.

A.—The product of one-quarter the length of the vessel from stem to stern measured outside and along the water line, multiplied by the greatest interior breadth of the vessel multiplied by the greatest interior depth from the water line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B.—The measurement of the length is to be made in feet, rejecting inches, the measurement of the breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder less than a quarter of a foot.

C.—The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of $12\frac{1}{2}$ maunds, rejecting any remainder of less than $12\frac{1}{2}$ maunds. In the case of boats exceeding 500 maunds by measurement the maundage shall be reckoned to the nearest integral multiple of 50 maunds rejecting any remainder of less than 50 maunds.

CLASS III.

A.—For vessels of class III, the number of maunds obtained by the system of measurement prescribed for vessels of class II shall be increased by one-half. For vessels of this class exceeding 1,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 100 maunds rejecting any remainder of less than 100 maunds. In the case of steamers, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

B.—In case of steamers that have been surveyed under the Inland Steam-vessels Act, 1884, the registered tonnage entered in the certificate may be accepted as the tonnage of the steamer in lieu of measurement.

3. All vessels under class I, known and defined as saltees, will be charged under a system of compounded tollage in accordance with rules contained in Appendix A.

4. Every vessel included in classes II and III entering or passing along the canal shall be furnished with a ticket on paying the prescribed toll. The ticket shall specify the station at which it has been issued, the name of the person in charge of the vessel, the date on which the voyage commenced, the point to which the vessel may proceed on the line of navigation, the maundage of the vessel, the amount of toll charged, the number of days allowed for the voyage, and the date of such last day. The number of days so allowed without additional payment shall be calculated as follows:—

Boats.—One day for every eight miles or portion of eight miles, to be traversed together with one day for every 100 maunds of measurement or part of 100 maunds.

Floats (timber).—One day for every five miles for any number of timbers not exceeding fifty, and one day for every additional fifty or part of fifty.

Rifts (bamboos).—One day for every five miles for any number not exceeding five hundred and one day for every additional five hundred or part of five hundred.

5. Every vessel which does not complete its voyage within the number of days allowed by rule 4 shall, for each day or part of a day in excess, be liable to an extra charge equal to one-half of the toll payable on the maundage of the vessel as per the Schedule of Rates in Appendix B, provided that in no case shall the demurrage charged exceed Rs. 5 per diem. The Superintending Engineer may, at his discretion, exempt any boats on any line of navigation, or any portion of line of navigation from the payment required by this rule.

Exemption from payment of demurrage may, at the discretion of the Collector of Tolls, be granted for vessels detained in the channels (steamers broken down and boats damaged) by stress of weather, should immediate notice of detention, for the information of the Collector of Tolls, Magra Hât channels, be given to the nearest toll-station.

6. All tolls are payable on demand and shall be paid at the toll-station before a vessel is permitted to proceed: Provided that the Collector of Tolls may, at his discretion, permit vessels belonging to individuals or firms of recognised standing to proceed without prepayment on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

7. The ticket must be kept on board the vessel and must be produced for inspection when demanded by any person authorised to do so. If, on demand, the ticket is not produced, such person shall assess the tollage as provided in rule 2, and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel will be liable to seizure and detention in accordance with the provisions of section 9 of the Canals Act, 1864.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the Collector of Tolls on payment of a sum of Re. 1. Provided that for tickets on which the

total tollage is less than Rs. 4. the fee to be charged for a duplicate shall be one-quarter of the total tollage with a minimum of As. 4.

9. A vessel, which has been detained under these rules or under section 9 of the said Act, may not be removed from the canal without the order of the Collector of Tolls until the toll due has been paid. During such detention the manjhi, owner or agent must make arrangements for the safety of the vessel and cargo.

10. All vessels, whether the property of Government or of private owners, are liable for toll, except those exempted by the provisions of Bengal Government Circular No. 11., dated the 11th July 1906.

11. Vessels may be hauled up for repairs on the banks of the canals with the previous written permission of the Supervisor or Navigation Canal Officer. A rent calculated at one-sixth the rate of ordinary demurrage will be charged for the time the vessel occupies the bank.

12. At places where mooring posts have been provided by the Supervisor or Navigation Canal Officer, vessels desiring to moor shall be made fast in single line along the banks to such posts in such manner as the Supervisor or Navigation Canal Officer may direct, and shall not be moored in any other manner.

13. The Supervisor or Navigation Canal Officer may, by written notice to be posted at the toll offices, prohibit the dropping of anchors or the putting up of bamboos or luggees in any specified part of the canals or on the banks.

14. Vessels shall be allowed to make fast in single line along the canal banks in such manner as may be directed by the Supervisor or Navigation Canal Officer from time to time, and no boat shall be made fast or be placed outside of boats so secured. No boat or raft shall be placed in such a position as to endanger the safety or obstruct the passage of other boats. Every vessel, when stationary, shall be securely fastened, and shall at all times have some person in attendance on board. Every vessel in motion shall have a sufficient crew.

15. Vessels passing through the canals shall keep in separate lines, empty boats keeping close to the bank, and those that are laden in the centre.

16. In portions of the canals where only one towing-path exists, vessels shall moor on the side opposite to the towing-path, and the towing-path side shall always be kept clear.

17. Iron-built cargo boats, with outside angle iron projecting beyond the wooden fenders, will not be allowed to enter the locks unless permanent fenders are fixed over the edges of the angle iron so as to prevent them from causing damage to the locks.

18. No fire, or open, unprotected light of any description shall be used on boats containing petroleum, jute, hay or straw in any place prohibited by the Navigation Canal Officer or Supervisor, and no fire, or open, or unprotected light (except in the case of steamers, the galley and engine-room fires and the electric light) shall be used on any vessel while in a lock basin.

19. No person shall wilfully or negligently allow a vessel to sink in the canals.

20. In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor or Navigation Canal Officer and his subordinates shall offer every assistance in removing the same.

If in three days after the occurrence of a wreck it is seen that prompt measures are not being taken by the owner to remove the sunken vessel from the line of navigation, the Supervisor or Navigation Canal Officer and his subordinates shall make their own arrangements for the removal of the same at the expense of the owner, provided that, in cases where navigation is seriously obstructed, arrangements may be made at once to remove the wreck.

21. When a sunken vessel has been recovered, the Supervisor or Navigation Canal Officer shall cause notices to be posted at the locks, toll offices or other prominent places calling on those concerned to pay to the Collector of Tolls all toll or demurrage which may be due, as well as the expenses incurred in the recovery of the vessel and cargo. Should the sum due be not paid within fifteen days of the date of notice, the vessel and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold under the procedure directed in section 9 of the Canals Act, 1864.

22. The purchaser of a vessel sold under the provisions of section 9 of the said Act shall have the right to take it out of the canal on the day of purchase, or within such time as may be allowed by the Collector of Tolls, without payment of tolls.

23. When any laden vessel which has sunk has been recovered, or when any laden vessel has been seized under the provisions of the said Act or of these rules, the Supervisor or Navigation Canal Officer shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the cargo until removed.

24. If the Supervisor or Navigation Canal Officer be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in rule 21 shall be effected by a notice exhibited in his office and by advertisement in at least one English and one vernacular Calcutta newspaper.

25. No steam-vessel, whose length exceeds thirty feet, shall ply in the Magra Hât channels except in the following:—Diamond Harbour creek, Usti Nainan outfall, Nazra khal, Sangrampur khal up to Sangrampur bridge, and the Sarjipur outer khal up to the Sarjipur bridge.

26. *Lights and Signals.*—All vessels, whether travelling or moored in the Magra Hât channels, must, between sunset and sunrise, carry a white light in a lantern on the forepart of the vessel where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored shall carry the light prescribed above.

27. *Speed of vessels.*—Every vessel plying in the Magra Hât channels must, between sunset and sunrise, limit her speed to three miles per hour. No steam-vessels shall ply between sunset and sunrise in channels detailed in rule 25.

28. No vessel shall remain in the outer entrance channels of the locks at Diamond Harbour and Uttarbhag nor in the inner lock channel and diversion channel of the Diamond Harbour lock and sluice, nor in the approach channels to any sluice. A board will be put up limiting the portion of the channels in which boats are not permitted to moor.

29. The places at which boats cannot be loaded or unloaded will be fixed by the Superintending Engineer, South-Western Circle, and will be demarcated with suitable posts and notice boards.

30. For any contravention of rules 10, 14, 15, 16, 17, 19, 20, 26, 27 and 28, the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 for any one infringement, or Rs. 5 a day for any continuing infringement.

31. The channels may be closed, whenever necessary, for effecting the necessary repairs to them on one month's notice of the intention so to close them being given; but, in the event of any sudden emergency, the channels may be closed at any time without prior notice, and no claim in such cases by owners of vessels or others for compensation on account of detention or otherwise shall be entertained.

32. The term "Navigation Canal Officer," as used in these rules, shall include all persons appointed to collect tolls under section 8 of the Canals Act, 1864, and all Public Works officers or subordinates in charge of the channel, not below the grade of Sub-Overseer.

33. No vessel whose beam exceeds 19 feet will be permitted to enter the channels through the Diamond Harbour lock. The same prohibition will apply in the case of the Uttarbhag lock to all vessels exceeding 14 feet beam.

34. Any vessel which enters the channels through the Diamond Harbour lock for the purpose of taking refuge during stormy weather will be charged a nominal toll of As. 8 per boat, provided the vessel leaves the channel again as soon as the weather conditions permit, and does not load or unload cargo inside the channel. All vessels seeking refuge under this rule must anchor in the creek close to the toll-collector's office and will not be permitted to proceed up the creek without paying the usual tolls.

35. Any vessel entering the channels through the Diamond Harbour lock and proceeding to load or unload at the Diamond Harbour station only will be charged tollage at the rate of As. 2 per 100 maunds to include the return journey. Should such boats proceed up the creek, they will be charged the ordinary tolls.

APPENDIX A.

Rules for licensing and registration of saltees or vessels under class I.

1. As provided for under rule 3, no vessel coming under class I, rule 2, shall ply, whether regularly or only occasionally in, or partly within and partly without the limits of, the Magra Hât channels unless licensed and registered by the Collector of Tolls of the Magra Hât channels.

2. Every owner of a vessel or his agent or manjhi shall apply to the Collector of Tolls, Magra Hât channels, for licensing and registration, giving the owner's name and residence or those of his agent duly authorised to act for him.

3. Every license granted under these rules shall continue in force for either six months or one year from the date of issue.

4. The license is not transferable, and if the ownership or manjhi or both of the vessel be changed, notice of the transfer must be given to the Collector of Tolls of Magra Hât channels, who will endorse the change of ownership on the certificate and register free of charge.

5. The license certificate granted for a vessel should contain the registered number of the vessel, owner's name and residence, name of manjhi, the maundage measurements, amount of compounded tollage and the dates of issue and expiry and shall be kept on board. It shall be produced, when required, by a Navigation Canal Officer and shall be delivered up on the expiration of the license.

6. The charge for the issue of a duplicate license to vessels in lieu of those defaced or lost is Re. 1.

7. The registered number of every licensed vessel shall be engraved, or branded, as well as painted in figures easily discernible on both sides of the vessel for which a charge of Re. 1 will be made. These figures shall be legibly maintained during the period of the license.

8. On the expiration of the license the manjhi shall deliver up his ticket to the toll collector at the station from which it was issued.

9. No person in charge of any licensed vessel plying within the limits of the Magra Hât channels shall use or have any ticket resembling those granted under the authority of these rules.

10. Every renewal of a license shall, unless the Navigation Canal Officer considers it unnecessary, involve the issue of a fresh license certificate without alteration in the registered number of the vessel.

11. Every vessel under class I, found plying in the channels without being licensed and registered shall be charged a demurrage rate of Rs. 3 for every such offence, provided that such vessel is not proceeding to the nearest toll station for the purpose of obtaining a license and being registered

DRAFT NOTIFICATION.

No. Marine, dated the 1914.—In exercise of the powers conferred by section 51 of the Inland Steam Vessels Act, 1884 (VI of 1884), read with section 3 of the Bengal, Bihar and Orissa and Assam Laws Act, 1912 (VII of 1912), and with the previous sanction of the Governor-General in Council, the Governor in Council of the Presidency of Fort William in Bengal is pleased to make the following rules to regulate the carriage of passengers in Inland Steam-vessels within that Presidency, in supersession of the rules issued by the Government of Bengal in Marine Department Notification No. 99 Marine, dated the 8th September 1908, and by the late Government of Eastern Bengal and Assam in their notification No. 5241J., dated the 3rd December 1908.

RULES TO REGULATE THE CARRIAGE OF PASSENGERS IN INLAND STEAM-VESSELS.

1. The master, or any employé authorised in this behalf by the owner or master, of any inland steam-vessel may refuse to admit any person to the vessel as a passenger—

Power to refuse admission of passengers to vessel

- (a) if he has not paid his fare, or
- (b) if he is insane, or
- (c) if he is suffering from an infectious or contagious disease, or
- (d) if he is drunk and incapable of taking care of himself, or
- (e) if he is disorderly, or if he is otherwise in such a state, or is conducting himself in such a manner, as to cause or to be likely to cause annoyance to other passengers, or
- (f) when the vessel, or the part thereof to which such person seeks admission, already contains the maximum number of passengers which may lawfully be carried therein.

Payment of fares, and use of tickets.

2. (1) No passenger shall—

- (a) travel or attempt to travel in an inland steam-vessel without having previously paid his fare, or
- (b) travel or attempt to travel in accommodation of a higher class than that for which his fare has been paid, or
- (c) travel beyond the place to which his fare has been paid without previously paying the additional fare in respect of the additional distance, or
- (d) use or attempt to use a ticket on any day for which such ticket is not available, or
- (e) transfer or attempt to transfer a ticket, or
- (f) take or attempt to take luggage with him without having previously paid the freight (if any) payable in respect thereof.

(2) Every passenger by an inland steam-vessel shall, when required by the master or any person authorised in this behalf by the master or owner,—

- (i) pay his fare, if not already paid,
- (ii) present his ticket for examination, and
- (iii) at or near the end of the journey for which his ticket was issued deliver up such ticket.

(3) No passenger shall alter or deface his ticket so as to render illegible, the date or number or any other material portion thereof.

3. (1) No passenger shall take or keep on board an inland steam-vessel any decayed meat, fish or vegetable, or any other offensive article.

Conduct of passengers

(2) No passenger shall—

- (a) obstruct or impede the master or any other officer of the vessel in the discharge of his duties, or
- (b) in any way obstruct or interfere with the loading or unloading of luggage or cargo, or
- (c) damage or attempt to damage the vessel or any article on board thereof, or
- (d) enter or leave or attempt to enter or leave, any inland steam-vessel when such vessel is in motion and until such vessel has been made fast to the landing-place, or
- (e) without lawful excuse, enter a compartment or place reserved for the use of another passenger or refuse to leave it when required to do so by the master or any other officer of the vessel, or
- (f) smoke, or be in possession of a fire or light, in any part of the vessel where smoking or the possession of a fire or light is not permitted by the master thereof, or
- (g) be drunk and disorderly, or drunk and incapable of taking care of himself, or
- (h) commit any nuisance or act of indecency, or use obscene or abusive language, or
- (i) without lawful excuse, molest or interfere with the comfort of any other passenger.

(3) No male passenger by an inland steam-vessel, knowing that a compartment or place has been reserved for the exclusive use of females, shall enter such compartment or place without lawful excuse, or, having entered it, shall remain therein after being required by the master or any other officer of the vessel to leave it.

4. The master, or any employé authorized in this behalf by the owner or master, of any inland steam-vessel may require the following passengers to leave the vessel, namely:—

Power to require passengers to leave vessel

- (a) insane passengers and their attendants (if any), when they have embarked without the special permission of the master or of some employé authorised as aforesaid,
- (b) passengers suffering from an infectious or contagious disease, when they have embarked without the special permission of the master or of some employé authorised as aforesaid, and are not subject to the rules made under sections 51 and 51A of the Inland Steam-vessels Act, 1884, and published under Notification No. 16Marine, dated the 5th March 1907, as amended by Notifications Nos. 78Marine, 136Marine and 103Marine, dated, respectively, the 13th July 1908, the 17th November 1908 and the 17th October 1911,
- (c) passengers who are drunk and incapable of taking care of themselves,
- (d) passengers who are disorderly, or are otherwise in such a state, or are conducting themselves in such a manner, as to cause or to be likely to cause annoyance to other passengers,
- (e) any passengers who have embarked in excess of the maximum number of passengers which may lawfully be carried in the vessel or in the part thereof in which they propose to travel, and
- (f) passengers who have not paid their fare.

5. A person who has, under rule 1, been refused admission to an inland steam-vessel shall not embark thereon; and a person who is required under rule 4 to leave an inland steam-vessel shall leave at such convenient time and place as the master may direct :

Obligation to obey direction under rule 1 of rule 1
Provided that any person who is refused admission under clause (f) of rule 1 or is required under clause (e) of rule 4 to leave shall be entitled to have his fare returned to him.

6. Any passenger who, with intent to defraud, commits any breach of rule 2, and any person who commits any breach of rule 3 or rule 5, shall be punished with fine which may extend to twenty rupees

NOTIFICATION.

No. 1301 Regn.—The 7th February 1914.—The following rules for Departmental Examinations in the Registration Department having been approved by the Governor in Council are published for general information :—

1. All Probationers and Sub-Registrars appointed direct to the higher grades shall be liable to pass a Departmental Examination in the following subjects :—

- (i) The Bengal Registration Manual, 1912, excluding Parts II and III in Chapter IV.
- (ii) The Stamp Act (II of 1899), Chapters I-IV and VII and Schedule I, the Notifications of the Government of India under section 9 of that Act (pages 185-189 of the Bengal Stamp Manual, 1911), Board's Circular Orders Nos. 1-3 at pages 177-181, and the High Court Ruling at pages 181-182 of the Stamp Manual.
- (iii) The General Clauses Act (X of 1897) so far as it bears on the work of the Registration Department.
- (iv) Order V, Rules 9-30 in the First Schedule to the Civil Procedure Code (Act V of 1908).
- (v) Rules 64 to 71 of the Rules framed under section 69 of the Registration Act and published under Eastern Bengal and Assam Notification No. 8627, dated the 2nd September 1911, prescribing the procedure in the case of documents presented for registration under the provisions of the Bengal Tenancy Act.

2. To direct and control these Departmental Examinations, which will be held half-yearly, there shall be an Examination Board consisting of the Inspector-General of Registration as President and the Inspectors of Registration Offices as members.

3. The examination of all candidates will be held at a single centre in Calcutta.

4. Each District Registrar will report to the Inspector-General of Registration, the names of intending examinees.

5. The first half-yearly examination will be held in May and the second in the month of November. Exact dates will be communicated to the District Registrars by the Inspector-General of Registration.

6. (a) It will be the duty of the Board to prepare, previous to each half-yearly examination, two papers containing at least five questions each. The question papers shall be placed in a sealed envelope which shall remain in the custody of the President.

(b) For the examination in Law and Rules there will be two papers—

- (i) One paper containing questions of a more difficult and practical character to be answered with books.

N.B.—Only unannotated edition of Acts or Codes will be allowed in answering this paper

- (ii) One paper containing questions of a simple, general character to be answered without books.

7. (a) The answers of the candidates will be examined by the Board and marks will be allotted. The minimum number of marks for a pass will be 50 per cent. of the total number of marks. Candidates obtaining 75 per cent. of the total will be held to have passed with credit.

(b) There will also be a practical examination in which each of the candidates will be expected to register a document correctly and their ability to read documents in the language commonly used will be tested. The minimum number of marks for a pass will be 50 per cent. of the total number of marks. Failure to qualify in this practical test will involve failure in the whole examination whatever be the percentage of marks obtained in the written paper.

8. The results of the examination will be published in the *Calcutta Gazette*, the names of successful candidates being arranged in order of merit.

9. No Probationer will ordinarily be eligible for promotion to the fifth grade of Sub-Registrars and no Sub-Registrar appointed direct to one of the higher grades will be eligible for promotion unless he has passed this examination. Ordinarily, he will be superseded by those who pass. But the penalty for delay in passing will cease to operate when he passes, *i.e.*, on passing he will be placed, as soon as practicable, in the same position with regard to future promotions as if he had passed in the ordinary course.

10. If a Probationer or Sub-Registrar, as the case may be, fails to pass within two years of his first appointment, he will be liable to removal from the service, subject to the approval of Government.

11. Probationers attending at the half-yearly Departmental Examinations will be allowed travelling allowance subject to the rules laid down in section IV, Chapter LIV, of the Civil Service Regulations.

12. The Governor in Council reserves to himself the right of exempting for special reasons, any Probationer or Sub-Registrar, from the obligation to pass the Departmental Examination.

IRRIGATION DEPARTMENT.

The 3rd February 1914.

No. 1 Notification.—The following draft of (1) rules and (2) schedule of rates of tolls, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix for the navigable channels of the Magra Hât Drainage scheme, as defined in Notification No. 4, dated the 22nd April 1913 (published at page 634, Part I, of the *Calcutta Gazette* of the 23rd *idem*), is published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 18th March 1914, and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

H. H. GREEN,

Secy. to the Govt. of Bengal.

DRAFT RULES FOR THE MAGRA HÂT CHANNELS.

1. Every vessel entering or making use of the Magra Hât channels shall be liable to measurement for the purpose of ascertaining the tolls payable. In case of any reasonable doubt, the persons appointed by the Governor in Council as Collectors of Tolls or Navigation Canal Officers shall have authority to again measure a vessel notwithstanding that it was measured before.

2. Vessels for the purpose of the determination of maundage shall be divided into three classes as follows :—

Class I.—To include all vessels of the usual native types of build known as saltees, but not *bonâ fide* tal (or palm-tree) dongas and not exceeding 50 maunds by canal measurement.

Class II.—To include all other vessels of usual native types of build or cutters.

Class III.—To include all steamers, flats, barges and other square-built boats.

The net maundage of every vessel, whether laden or empty, shall, for the purposes of the Canals Act, 1864, and of these rules be determined by the following measurements :—

CLASS I.

A.—The product of one-quarter the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel multiplied by three-quarters of the depth, measured from the top of the vessel amidships to the interior bottom of the vessel is to be taken as equal to the number of maunds upon which toll shall be levied.

B.—The measurement of the length to be made in feet, rejecting inches, and of the breadth and depth in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C.—Any vessel the maundage of which calculated as above exceeds 50 maunds shall be reckoned as a vessel under class II.

CLASS II.

A.—The product of one-quarter the length of the vessel from stem to stern measured outside and along the water line, multiplied by the greatest interior breadth of the vessel multiplied by the greatest interior depth from the water line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B.—The measurement of the length is to be made in feet, rejecting inches, the measurement of the breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder less than a quarter of a foot.

C.—The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of $12\frac{1}{2}$ maunds, rejecting any remainder of less than $12\frac{1}{2}$ maunds. In the case of boats exceeding 500 maunds by measurement the maundage shall be reckoned to the nearest integral multiple of 50 maunds rejecting any remainder of less than 50 maunds.

CLASS III.

A.—For vessels of class III, the number of maunds obtained by the system of measurement prescribed for vessels of class II shall be increased by one-half. For vessels of this class exceeding 1,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 100 maunds rejecting any remainder of less than 100 maunds. In the case of steamers, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

B.—In case of steamers that have been surveyed under the Inland Steam-vessels Act, 1884, the registered tonnage entered in the certificate may be accepted as the tonnage of the steamer in lieu of measurement.

3. All vessels under class I, known and defined as saltees, will be charged under a system of compounded tollage in accordance with rules contained in Appendix A.

4. Every vessel included in classes II and III entering or passing along the canal shall be furnished with a ticket on paying the prescribed toll. The ticket shall specify the station at which it has been issued, the name of the person in charge of the vessel, the date on which the voyage commenced, the point to which the vessel may proceed on the line of navigation, the maundage of the vessel, the amount of toll charged, the number of days allowed for the voyage, and the date of such last day. The number of days so allowed without additional payment shall be calculated as follows:—

Boats.—One day for every eight miles or portion of eight miles, to be traversed together with one day for every 100 maunds of measurement or part of 100 maunds.

Floats (timber).—One day for every five miles for any number of timbers not exceeding fifty, and one day for every additional fifty or part of fifty.

Rifts (bamboos).—One day for every five miles for any number not exceeding five hundred and one day for every additional five hundred or part of five hundred.

5. Every vessel which does not complete its voyage within the number of days allowed by rule 4 shall, for each day or part of a day in excess, be liable to an extra charge equal to one-half of the toll payable on the maundage of the vessel as per the Schedule of Rates in Appendix B, provided that in no case shall the demurrage charged exceed Rs. 5 per diem. The Superintending Engineer may, at his discretion, exempt any boats on any line of navigation, or any portion of line of navigation from the payment required by this rule.

Exemption from payment of demurrage may, at the discretion of the Collector of Tolls, be granted for vessels detained in the channels (steamers broken down and boats damaged) by stress of weather, should immediate notice of detention, for the information of the Collector of Tolls, Magra Hât channels, be given to the nearest toll-station.

6. All tolls are payable on demand and shall be paid at the toll-station before a vessel is permitted to proceed: Provided that the Collector of Tolls may, at his discretion, permit vessels belonging to individuals or firms of recognised standing to proceed without prepayment on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

7. The ticket must be kept on board the vessel and must be produced for inspection when demanded by any person authorised to do so. If, on demand, the ticket is not produced, such person shall assess the tollage as provided in rule 2, and shall require payment of toll and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel will be liable to seizure and detention in accordance with the provisions of section 9 of the Canals Act, 1864.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the Collector of Tolls on payment of a sum of Re. 1. Provided that for tickets on which the

total tollage is less than Rs. 4. the fee to be charged for a duplicate shall be one-quarter of the total tollage with a minimum of As. 4.

9. A vessel, which has been detained under these rules or under section 9 of the said Act, may not be removed from the canal without the order of the Collector of Tolls until the toll due has been paid. During such detention the manjhi, owner or agent must make arrangements for the safety of the vessel and cargo.

10. All vessels, whether the property of Government or of private owners, are liable for toll, except those exempted by the provisions of Bengal Government Circular No. 11., dated the 11th July 1906.

11. Vessels may be hauled up for repairs on the banks of the canals with the previous written permission of the Supervisor or Navigation Canal Officer. A rent calculated at one-sixth the rate of ordinary demurrage will be charged for the time the vessel occupies the bank.

12. At places where mooring posts have been provided by the Supervisor or Navigation Canal Officer, vessels desiring to moor shall be made fast in single line along the banks to such posts in such manner as the Supervisor or Navigation Canal Officer may direct and shall not be moored in any other manner.

13. The Supervisor or Navigation Canal Officer may, by written notice to be posted at the toll offices, prohibit the dropping of anchors or the putting up of bamboos or luggees in any specified part of the canals or on the banks.

14. Vessels shall be allowed to make fast in single line along the canal banks in such manner as may be directed by the Supervisor or Navigation Canal Officer from time to time, and no boat shall be made fast or be placed outside of boats so secured. No boat or raft shall be placed in such a position as to endanger the safety or obstruct the passage of other boats. Every vessel, when stationary, shall be securely fastened, and shall at all times have some person in attendance on board. Every vessel in motion shall have a sufficient crew.

15. Vessels passing through the canals shall keep in separate lines, empty boats keeping close to the bank, and those that are laden in the centre.

16. In portions of the canals where only one towing-path exists, vessels shall moor on the side opposite to the towing-path, and the towing-path side shall always be kept clear.

17. Iron-built cargo boats, with outside angle iron projecting beyond the wooden fenders, will not be allowed to enter the locks unless permanent fenders are fixed over the edges of the angle iron so as to prevent them from causing damage to the locks.

18. No fire, or open, unprotected light of any description shall be used on boats containing petroleum, jute, hay or straw in any place prohibited by the Navigation Canal Officer or Supervisor, and no fire, or open, or unprotected light (except in the case of steamers, the galley and engine-room fires and the electric light) shall be used on any vessel while in a lock basin.

19. No person shall wilfully or negligently allow a vessel to sink in the canals.

20. In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor or Navigation Canal Officer and his subordinates shall offer every assistance in removing the same.

If in three days after the occurrence of a wreck it is seen that prompt measures are not being taken by the owner to remove the sunken vessel from the line of navigation, the Supervisor or Navigation Canal Officer and his subordinates shall make their own arrangements for the removal of the same at the expense of the owner, provided that, in cases where navigation is seriously obstructed, arrangements may be made at once to remove the wreck.

21. When a sunken vessel has been recovered, the Supervisor or Navigation Canal Officer shall cause notices to be posted at the locks, toll offices or other prominent places calling on those concerned to pay to the Collector of Tolls all toll or demurrage which may be due, as well as the expenses incurred in the recovery of the vessel and cargo. Should the sum due be not paid within fifteen days of the date of notice, the vessel and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold under the procedure directed in section 9 of the Canals Act, 1864.

22. The purchaser of a vessel sold under the provisions of section 9 of the said Act shall have the right to take it out of the canal on the day of purchase, or within such time as may be allowed by the Collector of Tolls, without payment of tolls.

23. When any laden vessel which has sunk has been recovered, or when any laden vessel has been seized under the provisions of the said Act or of these rules, the Supervisor or Navigation Canal Officer shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the cargo until removed.

24. If the Supervisor or Navigation Canal Officer be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in rule 21 shall be effected by a notice exhibited in his office and by advertisement in at least one English and one vernacular Calcutta newspaper.

25. No steam-vessel, whose length exceeds thirty feet, shall ply in the Magra Hât channels except in the following:—Diamond Harbour creek, Usti Nainan outfall, Nazra khal, Sangrampur khal up to Sangrampur bridge, and the Sarjipur outer khal up to the Surjipur bridge.

26. *Lights and Signals.*—All vessels, whether travelling or moored in the Magra Hât channels, must, between sunset and sunrise, carry a white light in a lantern on the forepart of the vessel where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed above.

27. *Speed of vessels.*—Every vessel plying in the Magra Hât channels must, between sunset and sunrise, limit her speed to three miles per hour. No steam-vessels shall ply between sunset and sunrise in channels detailed in rule 25.

28. No vessel shall remain in the outer entrance channels of the locks at Diamond Harbour and Uttarbhag nor in the inner lock channel and diversion channel of the Diamond Harbour lock and sluice, nor in the approach channels to any sluice. A board will be put up limiting the portion of the channels in which boats are not permitted to moor.

29. The places at which boats cannot be loaded or unloaded will be fixed by the Superintending Engineer, South-Western Circle, and will be demarcated with suitable posts and notice boards.

30. For any contravention of rules 10, 14, 15, 16, 17, 19, 20, 26, 27 and 28, the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 for any one infringement, or Rs. 5 a day for any continuing infringement.

31. The channels may be closed, whenever necessary, for effecting the necessary repairs to them on one month's notice of the intention so to close them being given; but, in the event of any sudden emergency, the channels may be closed at any time without prior notice, and no claim in such cases by owners of vessels or others for compensation on account of detention or otherwise shall be entertained.

32. The term "Navigation Canal Officer," as used in these rules, shall include all persons appointed to collect tolls under section 8 of the Canals Act, 1864, and all Public Works officers or subordinates in charge of the channel, not below the grade of Sub-Overseer.

33. No vessel whose beam exceeds 19 feet will be permitted to enter the channels through the Diamond Harbour lock. The same prohibition will apply in the case of the Uttarbhag lock to all vessels exceeding 14 feet beam.

34. Any vessel which enters the channels through the Diamond Harbour lock for the purpose of taking refuge during stormy weather will be charged a nominal toll of As. 8 per boat, provided the vessel leaves the channel again as soon as the weather conditions permit, and does not load or unload cargo inside the channel. All vessels seeking refuge under this rule must anchor in the creek close to the toll-collector's office and will not be permitted to proceed up the creek without paying the usual tolls.

35. Any vessel entering the channels through the Diamond Harbour lock and proceeding to load or unload at the Diamond Harbour station only will be charged tollage at the rate of As. 2 per 100 maunds to include the return journey. Should such boats proceed up the creek, they will be charged the ordinary tolls.

APPENDIX A.

Rules for licensing and registration of saltees or vessels under class I.

1. As provided for under rule 3, no vessel coming under class I, rule 2, shall ply, whether regularly or only occasionally in, or partly within and partly without the limits of, the Magra Hât channels unless licensed and registered by the Collector of Tolls of the Magra Hât channels.

2. Every owner of a vessel or his agent or manjhi shall apply to the Collector of Tolls, Magra Hât channels, for licensing and registration, giving the owner's name and residence or those of his agent duly authorised to act for him.

3. Every license granted under these rules shall continue in force for either six months or one year from the date of issue.

4. The license is not transferable, and if the ownership or manjhi or both of the vessel be changed, notice of the transfer must be given to the Collector of Tolls of Magra Hât channels, who will endorse the change of ownership on the certificate and register free of charge.

5. The license certificate granted for a vessel should contain the registered number of the vessel, owner's name and residence, name of manjhi, the maundage measurements, amount of compounded tollage and the dates of issue and expiry and shall be kept on board. It shall be produced, when required, by a Navigation Canal Officer and shall be delivered up on the expiration of the license.

6. The charge for the issue of a duplicate license to vessels in lieu of those defaced or lost is Re. 1.

7. The registered number of every licensed vessel shall be engraved or branded, as well as painted in figures easily discernible on both sides of the vessel for which a charge of Re. 1 will be made. These figures shall be legibly maintained during the period of the license.

8. On the expiration of the license the manjhi shall deliver up his ticket to the toll collector at the station from which it was issued.

9. No person in charge of any licensed vessel plying within the limits of the Magra Hât channels shall use or have any ticket resembling those granted under the authority of these rules.

10. Every renewal of a license shall, unless the Navigation Canal Officer considers it unnecessary, involve the issue of a fresh license certificate without alteration in the registered number of the vessel.

11. Every vessel under class I, found plying in the channels without being licensed and registered shall be charged a demurrage rate of Rs. 3 for every such offence, provided that such vessel is not proceeding to the nearest toll station for the purpose of obtaining a license and being registered

MARINE DEPARTMENT.

The 7th February 1914.

No. 20 Marine.—Mr. L. F. G. Smyth, Licensed Branch Pilot, is granted, under article 676 (a) of the Civil Service Regulations, privilege leave for ten days in extension of that already granted him under Bengal Government Notification No. 158 Marine, dated the 20th December 1913.

H. H. GREEN,
Secy. to the Govt. of Bengal.

The 10th. February 1914.

No. 21 Marine.—In exercise of the powers conferred by section 10 of the Indian Merchant Shipping Act, 1859 (I of 1859), the Governor in Council, with the previous sanction of the Governor-General in Council, is pleased to make the following amendments in the rules for the conduct of examinations for Masters and Mates of Foreign-going and Home-trade Ships and as to the qualifications to be required, published under the Notification of this Department No. 113 Marine, dated the 14th November 1910, as amended by notification No. 109 Marine, dated the 7th October 1912.

H. H. GREEN,
Secy. to the Govt. of Bengal.

In the first line of rule 5, after the words “sea-service” *insert* the words “in the foreign or home trade.”

For rule 25 (1) *substitute* the following :—

“25. (1) Every candidate for a certificate of competency of any grade will be required to produce a certificate from the St. John Ambulance Association, the St. Andrew’s Ambulance Association, the St. Patrick’s Ambulance Association, the London County Council, or other approved body to the effect that he has passed an examination in First Aid to the Injured.”

After rule 25 (2) *add* the following :—

“Certificates issued by the St. John Ambulance Association more than three years before the examination for a certificate of competency will, however, be accepted, provided that, at the expiration of three years since its issue, the certificate has attached to it the ‘Voucher’ or ‘Label’ of the Association certifying that the holder has passed re-examination in First Aid.”

For rule 25 (3) *substitute* the following :—

25. (3) If a candidate does not possess such a certificate of proficiency in First Aid, he should apply some time before he wishes to sit for examination for a certificate as Master or Mate to the local Secretary of the St. John Ambulance Association in Calcutta, who will inform him of the available facilities for the instruction and examination of candidates in First Aid.

A list of the names and addresses of the local Secretaries of the approved Associations is given in Appendix C, page 53.

For rules 26 and 27 *substitute* the following :—

SIGHT TESTS.

26. Every candidate for a certificate of competency must pass the prescribed sight tests before a certificate can be issued to him. If circumstances render it necessary for him to proceed with the examination in navigation and seamanship before undergoing the sight tests, he should be informed that the examination in navigation and seamanship will be cancelled in the event of his failure to pass either of the sight tests.

(1) *Form vision test.*—Every candidate for a certificate must pass the form vision test. If he presents himself for examination before January 1st, 1914, he will only be required to possess half normal vision using both eyes together. A candidate who has obtained a certificate before that date will be allowed to obtain his higher certificates on the same standard of vision.

Any candidate may, and every candidate presenting himself for examination for his first certificate on or after January 1st, 1914, must pass a higher standard, viz., normal vision using both eyes or either eye separately.

Any candidate who has obtained his first certificate under these conditions may obtain his higher certificates, provided that he has normal vision using both eyes or either eye separately.

Detailed information with regard to the conduct of the examination and the standards required is contained in Appendix O.

(2) *Colour vision tests.*—These tests comprise a wool test and a lantern test, and full particulars with regard to the methods adopted are given in Appendix O.

Every candidate must undergo the colour vision tests on the first occasion on which he presents himself for examination for a certificate of competency; but, if he then passes, he will not be required to undergo the colour vision tests on any subsequent occasion. No person who holds a certificate of competency should be examined in colour vision.

(3) A candidate who fails to pass the prescribed form vision test may present himself for re-examination at intervals of three months. A candidate who fails to pass the colour vision test is not allowed to be re-examined. In the case of a candidate who is referred for further examination the Port Officer will make arrangements for a special examination, and it is also open to any candidate, who is adjudged to have failed in the colour vision test, to appeal to Government, who may, if they think fit, remit the case to a special body of examiners for decision.

(4) The Government will repay, at a rate which will be notified to the candidate, the travelling expenses of any candidate, who is referred for further examination, as well as the travelling expenses of any candidate who, having appealed against failure, is reported by the special examiners to have passed. No payment whatever will be made towards the expenses of candidates who, upon their own application, are examined by the special examiners, and are reported by them to have failed, unless Government consider that the particular circumstances of the case justify such payment.

(5) When a candidate fails to pass the colour vision test, the examiner will point out to him the conditions under which he can appeal. Appeals are to be made through the Port Officer and forwarded to Government with the examiner's remarks.

(6) Only examiners who have themselves passed the colour vision tests are to undertake the examinations.

(7) The fee paid for examination for a certificate of competency includes the fee of one rupee for examination in form and colour vision, and if the candidate fails to pass those tests, this fee will, with the exception of one rupee, be returned to him.

(8) No additional fee will be charged to any candidate referred by the examiner for special examination or for the special examination allowed to a candidate who appeals against failure. If, however, a candidate, who has been reported by the special examiners as having failed, is still dissatisfied, it will be open to him, if he so desires, to present himself for a second special examination on payment of a fee of Rs. 75, provided that he brings with him a friend to witness the examination. This second examination will, however, be entirely voluntary, and will form no part of the examination for a certificate of competency. Consideration will, however, be given to the result of such examination in determining whether a certificate shall be granted.

Insert the following as rule 27 :—

27. The sight tests are open to all persons serving or intending to serve in the Mercantile Marine, and all such persons are recommended to take the earliest opportunity of ascertaining whether their vision is such as to qualify them for service in that profession. Any such person, if desirous of undergoing the tests, must make application to the Port Officer on the Form Exn. 2a, and must pay a fee of one rupee.

This fee will be payable on each occasion on which a candidate is examined.

In clause (b), rule 31, *delete* the word "rough" in the second line.

For clause (l), rule 31, *substitute* the following :—

(l) To find on a chart or plan the course or courses to steer and the distance or distances from one given position to another; to find the ship's position together with the set and drift (if any) on the chart or plan from cross-bearings of two objects; to find the ship's position from two bearings of the same object, the course and distance run between taking the bearings being given, making due allowance for a given tide or current; also, the distance of the ship from the object or any given position at the time of taking the second bearing; and to state what the small numbers and Roman numerals found on a chart indicate, and give a method of finding approximately the time of high water at any given place without the aid of the Admiralty or other Tide Tables. *See Appendix H.*

After clause (p), rule 31, *insert* the following :—

(q) The markings, signs and abbreviations on Admiralty charts or plans.

(r) The General Notices published in the Board of Trade Summary of Notices to Mariners.

In clause (4), rule 40, before the word “paragraphs” in the first line *insert* the word “sub.”

For the figure “16” in the sixth line *substitute* “15”

For the word “six” in the last line *substitute* the word “five.”

Insert the following as rule 103A :—

103A. For all certificates of competency as Master or Mate in the Mercantile Marine, the qualifying service usually required is service performed in ordinary trading vessels. While the Regulations provide for the acceptance in part of certain kinds of non-trading service (*e.g.*, that performed in fishing-boats, yachts, pilot vessels. &c.), non-trading service not specially provided for in the Regulations cannot be accepted as qualifying service unless it has been submitted to Government and their sanction obtained.

For rule 112, *substitute* the following :—

112. When service in charge of a watch in either the foreign or home trade is specified in the Regulations, candidates for certificates of competency as First Mate must be able to prove that during eight months at least of their service they have kept full regular watch *during the whole voyage*, i.e., *from port to port*, which, if in the foreign trade, must amount to not less than eight hours of each 24 hours' service. Where a candidate can prove eight months of such full service, service performed in cases where watches were doubled at any time during the voyage will be accepted as equivalent to half the same period of full watch-keeping service. No amount of occasional service will, by itself, be accepted as qualifying service. Candidates for certificates of competency as Master will be required to have served during the whole of the time specified by the Regulations, in full charge of a watch, and no service performed under the system of double watches except as the senior officer will be accepted as qualifying service for a certificate of this grade. Great care must be exercised by the Port Officer in regard to such service, and unless the candidate produces a clear and satisfactory testimonial specially setting forth the above facts from the Master or Owner of the vessel in which the service was performed, it must not be accepted.

Insert the following before the last paragraph of Appendix C :—

APPENDIX H.

EXAMINATION IN CHART.

For all Grades where the Chart is used, including Home Trade Passenger Ship Certificates.

1. Using deviation [caud] [curve]† No. find the courses* to steer by compass from to ; also the distance on each course.

Note.—Alter course when and again when
 Answer.—1st Course . 1st Distance .
 . 2nd „ . 2nd „ .
 . 3rd „ . 3rd „ .
 1st Deviation .
 2nd „ .
 3rd „ .

2. With the ship's head on the abovenamed compass course bore by compass and bore by the same compass, find the ship's position, also the set and drift experienced since the course was set, ship steaming knots per hour and taking hours to reach this position.

Answer.—Latitude . Longitude .
 Set . Drift .

3. With the ship's head on abovenamed compass course bore by compass , and after continuing on the same course (hours) (minutes), it bore , find the ship's position, and her distance from , making due allowance for a (current) (tide) which set at the rate of knots per hour, ship steaming knots per hour.

Answer.—Latitude . Longitude .
 Distance .

4. What do you understand the small numbers to indicate that you see placed about the chart, and at what time of tide?

5. What do the Roman numerals indicate that are occasionally seen on the chart near the coasts and in harbours?

6. How would you find, approximately, the time of high water at any place, the Admiralty tables not being at hand, nor any other special tables available?

All the foregoing questions must be answered, but this does not preclude the examiner from putting any other questions of a practical character or which the local circumstances of the port may require.

Additional questions for Only and First Mates and Masters. including Masters of Home Trade Passenger Ships.

7. Find the course to steer by compass from to to counteract the effect of a current which set at the rate of miles per hour, the ship making by log miles per hour; also the distance the ship would then make good in hours towards .

Answer.—Compass course .
 Distance .

8. On being off took a cast of the lead; required the correction to be applied to the depth obtained by the lead line before comparing it with the depth marked on the chart.

† * These problems will be varied in the setting so as to include one, two, three or more courses and the remaining problems will also be varied so as to include all practical conditions.

† A candidate for an Ordinary Master's certificate is expected to use either a caud of deviations, or a curve of deviations on a Napier's diagram, whichever the examiner may put before him

9. The following horizontal sextant angles were taken to determine the ship's position :—

_____° ' _____° ' _____

Find the latitude and longitude, using a station pointer.

Answer.—Latitude .

Longitude .

All the foregoing questions, and those on Form Exn. 9c, must be answered, but this does not preclude the examiner from putting any other questions of a practical character or which the local circumstances of the port may require.

For Appendices O and Oa *substitute* the following :—

APPENDIX O.

THE SIGHT TESTS.

These tests must be conducted under the strict personal supervision of the examiner. A careful record must be kept of all mistakes made by the candidate in the form vision test, and on *no account whatever* must a candidate be allowed to make his selections in the colour vision test during any temporary absence of the examiner.

Each examiner must keep a record of all candidates passed by him for reference when required.

1.—FORM VISION TEST.

1. *Form vision test to be passed first.*—The first test which the candidate is required to undergo is the test for form vision, and until he has passed this test he must not be allowed to proceed further with the examination.

2. *Apparatus used.*—The form vision test to be used for all candidates is that conducted on Snellen's principle by means of sheets of letters. Sets of eight of these sheets are supplied to examiners.

3. *Object of the test.*—The object of the form vision test is to determine whether the candidate can reach a sufficient standard of visual acuteness, or, in other words, to find out whether his eyesight is good or bad.

4. *Standard of vision required.*—With the exceptions indicated below (see paragraph 8), every candidate for a first certificate of competency will be required to possess normal vision. Every candidate for a second or higher certificate will be required to possess normal vision.

"Normal vision" is defined, for the purpose of these Regulations, as ability to read correctly nine of the twelve letters in the sixth line and eight of the fifteen letters in the seventh line of a test sheet placed in a good light at a distance of 16 feet from the eye.

5. *Spectacles not allowed.*—During the examination for form vision candidates must not be allowed to use spectacles or glasses of any kind, or any other artificial aid to vision.

6. *Method of testing.*—The test sheets should be hung on the wall, *in a good light but not in a direct sunlight*, at a height of five or six feet from the ground. The candidate should be placed at a distance of exactly 16 feet from the sheets, and exactly opposite them. This distance should be carefully measured, and should never in any circumstances be varied.

One of the sheets should then be exposed, and the candidate should be asked to read the letters on each sheet, beginning at the top and going downwards. Any mistakes which he makes should be carefully noted. If then it is found that he has read correctly at least nine letters in the sixth line and eight letters in the seventh line of a sheet, the candidate may be considered to have normal vision and the entry "5/5" should be made in the appropriate column of the form of application (Exn. 2 or Exn. 2A, as the case may be).

7. *Passing or failure.*—If at the conclusion of the test the candidate is found to reach the required standard, he may be considered to have passed, and the examiner should proceed to test him for colour vision. If the candidate fails to reach the standard required for the certificate entered for, he should be tested with at least four sheets, and the examiner should fill in a Form Exn. 17b, and should forward it, with any remarks he may wish to make, to the Principal Examiner for his instructions as to whether the candidate is to be regarded as passing or as failing in form vision.

8. *Lower standard required in certain cases.*—Candidates examined before January 1st, 1914, and also candidates examined on or after that date who are already in possession of certificates obtained before that date, may be regarded as passing in form vision if they can read correctly with both eyes at least five of the eight letters in the fifth line of a test sheet.

9. *Tests to be varied.*—The examiner should take care, by varying the order of the test sheets and by every other means in his power, to guard against the possibility of any deception on the part of the candidate.

10. *Result of examination to be reported.*—The result of every examination in form vision should be reported, in the case of a candidate for a certificate of competency, to Government on Form Exn. 2, and to the Port Officer on Form Exn. 14; and, in the case of a candidate for the sight tests only, to Government on Form Exn. 2A.

2. COLOUR VISION TESTS.

I.—THE WOOL TEST.

1. The wools provided are divided into five groups, one to each test skein. The test skeins are labelled respectively I. (Light Green), II. (Pink), III. (Brown), IV. (Purple), and V. (Yellow), and must always be used in the order named. Care should be taken that the labels do not become detached nor the skeins belonging to the different groups get mixed. To avoid this only one group of skeins should be exposed on the table at one time.

A special bag with five pockets is provided in which the wools, when not in use, must be kept in order that they may not become faded or dirty.

2. The examination in the wool test should be conducted as follows:—

The first group of wools is placed in a heap upon a table covered with a white cloth and the first test skein a little to one side of it, care being taken that no strong sunlight falls directly upon the skeins. The person examined should be requested to note carefully the colour of the test skein and then to divide the group into two parts, one part consisting of those skeins which have the same colour as the test skein in them and the other part the skeins which have none of the test skein colour in them. The examiner should explain that there is no exact match for the test skein, as the skeins which contain this colour are all either lighter or darker, and that the only question is the division of those skeins which contain the test colour more or less from those which do not. No difficulty should be experienced in explaining to the candidate what he is required to do, but if the examiner thinks he has not grasped what is required he may himself divide the heap into two parts as a demonstration, mixing the skeins up again thoroughly before allowing the candidate to do the test.

3. When the candidate has dealt with the first test skein each of the four remaining tests should be gone through in a similar manner and in the order named.

4. As the examination proceeds the Examiner should place on one side the skeins which the candidate has wrongly selected as either resembling or not resembling the test skeins, and when the examination is finished, a small piece (say one inch) should be cut off *every one of the actual skeins incorrectly selected* by the candidate and *stitched* to Form Exn. 17c under the proper heading in the spaces provided for each test.

5. The greatest care must be taken that the pieces forwarded are cut off the actual skeins selected by the candidate, in order that there may be a reliable record of the actual selections made by the candidate if any question should subsequently arise.

6. During this test the Examiner should avoid naming the colours of any of the wools and should explain to the candidate that he does not require them to be named by him.

7. The wool test should only be held in daylight. *If a good natural light is not obtainable the test must be postponed.* If dark or foggy weather renders it necessary to postpone the examination until after the examination in navigation or seamanship has been begun, the examiner should not fail to inform the candidate that the latter examination will be cancelled in the event of failure to pass the Sight Tests.

II.—THE LANTERN TEST.

8. A special lantern and a mirror have been provided for this test. The lantern should be placed directly in front of the mirror, so that the front part of the lantern is exactly ten feet from the mirror. Care should be taken that the lantern is properly placed, that is to say, the lights reflected in the mirror must show clearly when viewed through the rectangular aperture on the left of the lantern. The examiner should always satisfy himself that these conditions are fulfilled before commencing the examination.

9. *It is essential that a Candidate should be kept in a room which is either completely or partially darkened for at least a quarter of an hour before he is required to undergo this test.*

10. Before the examination commences the examiner must satisfy himself that the room in which it is conducted is so darkened as to exclude all daylight.

11. The lantern supplied for the examination is so constructed as to allow one large or two small lights to be visible, and is fitted with 12 glasses of three colours—red, white and green. At the commencement of the examination the examiner should show to the candidate a series of lights through the large aperture, and should require him to name the colours as they appear to him. Care should be taken in showing the white light to emphasize the fact that the light is not a pure white. If a candidate makes a mistake of calling this light “red,” a proper red light should be shown immediately after and the candidate’s attention directed to the difference between the two.

After a series of lights through the large aperture has been shown, the Examiner should make a complete circuit with the two small apertures, requiring the candidate to name the colours of each set of two lights from left to right. To prevent any possibility of the order in which the lights are arranged from being learnt, the examiner should at least twice in each circuit go back a varying number of colours.

A record of any mistakes made with either the large aperture or the two smaller apertures should be kept on Form Exn. 17C in accordance with the instructions thereon.

12. As the lantern itself forms a test for Colour Ignorance, the old Colour Ignorance test becomes unnecessary and should be discontinued.

III.—SUCCESS OR FAILURE.

13. If a candidate with either the large aperture or the two smaller apertures of the lantern mistakes red for green or green for red, he should be considered to have “failed” in Colour Vision.

14. If a candidate makes no mistakes in the wool test and if the only mistakes made by him with the lantern is to call the white light “red,” and if after his attention has been specially directed to the difference between the two he makes no further mistake of this nature, he should be considered to have passed in Colour Vision.

15. If a candidate makes any other mistakes with the lantern, *i.e.*, if he calls white “red” repeatedly or red “white” at all or confuses green and white or if he makes any mistake whatever in the wool test, his case should be reported to the Port Officer and he should be told that the decision as to whether he is passed or failed or a further examination is necessary will be communicated to him in due course. Pending the receipt of the Port Officer’s instructions such a candidate should only be allowed to proceed with the remainder of the examination for a Certificate of Competency on the express understanding that the latter examination will be cancelled in the event of failure in the Sight Tests.

IV.—FURTHER EXAMINATION AND APPEALS.

16. If in the cases covered by the preceding paragraph the Port Officer decides that a further examination is necessary, arrangements will be made for a special examination to be held and the travelling expenses necessarily incurred by a candidate in attending such an examination will be paid by Government together with a subsistence allowance at a rate which will be notified to the candidate, but which will not in any circumstances exceed Rs. 5 for each day necessarily occupied in attending the examination. In these cases the above expenses will be paid whatever may be the result of the final examination.

17. If, however, on the report of the examiner the Port Officer decides that the nature of the mistakes made shows conclusively that a candidate is so colour blind as to be unfit to hold a certificate, the candidate shall be considered to have failed.

In cases where, upon the report of the examiner, a candidate is failed by the Port Officer as well as in the cases covered by paragraph 13, Government will be prepared to allow a candidate who is dissatisfied with this decision to appeal for a special examination, but Government will not pay the travelling expenses of any such candidate unless he is reported by the special examiners conducting the appeal examination to have passed.

3.—REPORTS.

18. The result of every test in form or colour vision should be reported to Government on the Form Exn. 2, and to the Port Officer on the Form Exn. 14, when the candidate is up for examination for a certificate of competency: and to Government on the Form Exn. 2A, when the candidate is up for examination in vision only.

All cases of failure should also be reported to the Port Officer on Form Exn. 17B, to which should be attached Form Exn. 17C, containing the pieces of the wools incorrectly selected by the candidate, and the record of any mistakes made with the lantern.

Every report relating to such an examination must be signed by the examiner who conducted the examination.

MEDICAL DEPARTMENT.

NOTIFICATION.

No. 527 Medl.—The 12th February 1914.—It is hereby notified for general information that the Governor in Council is pleased to make the following rules for the management, admission and training of students in the medical schools in Bengal in supersession of all previous rules on the subject:—

SECTION I.—GENERAL.

The management of the Government medical schools in Bengal in all matters is vested in the Superintendents of the schools under the general control of the Inspector-General of Civil Hospitals, Bengal.

2. There are at present two Government medical schools in the Presidency, viz.—

Names of Government schools (1) The Campbell Medical School at Calcutta,
and (2) The Dacca Medical School at Dacca.

3. Both men and women are trained in these schools and granted licenses to practise Medicine and Surgery. The passed students are authorized to style themselves—

L. M. P. (Camp), *i.e.*, Licensed Medical Practitioner of the
Campbell Medical School; or
L. M. P. (Dacca), *i.e.*, Licensed Medical Practitioner of the
Dacca Medical School.

Length of course 4. The course of study in the schools extends
over four years.

5. The session commences on the 16th of June each year. Students must join on the opening day of the session. In special cases a student may be permitted to join within a fortnight of the commencement of the session, provided he is able to satisfy the Superintendent that the delay was unavoidable.

6. The number of students in each school is limited as follows:—

In the Campbell Medical School	300
„ Dacca Medical School	200

But to guard against excessive depletion by casualties of all kinds, the Superintendents may begin the session with 15 per cent. over the standard number.

Number of students admitted

SECTION II.—ADMISSION.

7. Candidates for admission to the schools must produce the following certificates:—

(1) *Certificate of general education.*—Certificate of having passed the Matriculation examination or an examination equivalent thereto or the B Final examination or any higher examination in Arts or Science of an Indian University.

NOTE—(a) School Final examination for Indian schools and High School and Scholarship examination for European schools are accepted as equivalent to Matriculation examination

(b) Ordinarily certificates from the Calcutta University only are accepted; but if a candidate can show that he is a resident of Bengal or is acquainted with the Bengali language, a certificate from any other University may be accepted.

[*Exceptions.*—(a) In special cases, and with the sanction of the Inspector-General of Civil Hospitals, a candidate may be accepted for admission on his producing satisfactory evidence of his having passed the Matriculation or any examination recognized as equivalent thereto, in two subjects, of which English must be one.

(b) A woman candidate who is unable to produce any of the above certificates may be admitted on producing one of the following certificates, if the Superintendent is satisfied after examining her that she is sufficiently intelligent and educated to study Medicine efficiently:—

(i) certificate of having passed the Middle English Scholarship examination, or

(ii) certificate of satisfactory completion of the full course in a Middle English School, or

(iii) certificate of having passed the Primary examination held at the end of standard VI under the vernacular scheme of education, and of being qualified in English up to that stage, or

(iv) certificate from an Inspector of Schools of having passed the Annual Class examination held at the end of standard VI in a recognized High English or Middle English school, in all the subjects of the prescribed curriculum, including English.]

(2) *Certificate of character*.—From a Deputy Magistrate or a gentleman of equal position, or from the Principal or Head Master of the college or school in which the candidate last studied.

(3) *Certificate of age*.—Male candidates shall not be under 16 or over 23 years of age, and women candidates must be over 17 years of age, before commencing their studies.

8. Every woman candidate must produce a certificate of residence and respectability, signed by a Government officer, not below the rank of a Deputy Magistrate, serving in the district in which the candidate ordinarily resides, or by some other authority satisfactory to the Superintendent. The certificate should invariably be countersigned by the Magistrate of the district.

9. If there are more candidates than vacancies, preference is ordinarily given to those who are natives of the Presidency and who possess better educational qualifications.

10. An application for admission into the medical schools should be submitted in Form A appended to these rules.

11. The application with the certificates referred to in rules 7 and 8 must reach the Superintendent's office on or before the 1st of June each year, or within 10 days of the publication of the result of the Matriculation examination.

12. Candidates selected for admission must appear before the Superintendent on the 15th of June or on any date notified by the Superintendent for examination as to their fitness for the study of Medicine.

13. All women students of the Campbell Medical School are required to reside in the Lady Elliot Hostel. If, therefore, any woman student is requested by the Ladies Committee to leave the hostel, she will automatically cease to be a student in the Campbell Medical School.

SECTION III.—FEES.

14. Every student, on admission to the first-year class, must pay a license fee of Rs. 10, a sports fee of Rs. 2, an entrance fee of Rs. 2 and a school fee of Rs. 4 for the month of June.

15. Muhammadan students are required to pay only such portion of the school fees as cannot be contributed by the Mohsin Fund.

16. Government scholars and free-studentship-holders are exempted from the payment of school fees.

NOTE.—The midwifery fee is included in the school fee of Rs. 4.

17. No fees are charged from women students either on admission or tuition.

18. School fees must be paid in advance on or before the 15th of each month, failing which the student will be liable to pay a fine to be fixed by the Superintendent for each day's delay. Should the 15th of a month fall on a Sunday or on a recognized holiday of the schools, the school fees will be received without fine on the re-opening day, except in the case of the Summer and the Durga Puja vacations.

19. A student, whose name has been removed from the school registers for non-payment of fees, may be re-admitted at the beginning of the next session into the class to which he belonged, on paying a re-admission fee of Rs. 4 (or Rs. 2 in case of a Muhammadan student) if his conduct and attendance while in the school have been good.

20. A first-year student, who is removed from the school for failure at the school test examination, or who leaves during the session without the permission of the Superintendent, may be re-admitted at the beginning of the next session; but he must pay all the fees required of a new candidate. He will not be eligible to compete for the scholarships and free-studentships that are open to first-year students. He will, however, be eligible for the privileges common to all in subsequent years.

21. Students rusticated may be re-admitted after their period of punishment is over.

22. Second, third or fourth-year students, who have failed once in the annual examination, may be retained in the same class for another year on paying the usual monthly school fees. If they, however, leave the school without the Superintendent's permission and ask for re-admission, they must pay a special fee of Rs. 10, and will also be required to pass the necessary test examination before the 15th June prior to their readmission.

23. The Superintendent can refuse re-admission to or dismiss any student on account of incompetence or misconduct.

24. No fees paid and credited in the school books can be refunded under any circumstances, except in the case of a student who has been awarded a scholarship or a free-studentship.

SECTION IV.—SCHOLARSHIPS AND FREE-STUDENTSHIPS.

25. The following scholarships and free-studentships are tenable by the men students at the schools. Only natives of the province are entitled to these:—

NAME OF SCHOOL.		First-year class	Second-year class	Third-year class.	Fourth-year class.
Campbell Medical School.	Scholarships ...	9 of Rs. 5 each	9 of Rs. 5 each	9 of Rs. 5 each	9 of Rs. 5 each.
	Free-studentships	9	9	9	9
Dacca Medical School.	Scholarships ...	6 of Rs. 5 each	6 of Rs. 5 each	6 of Rs. 5 each	6 of Rs. 5 each.
	Free-studentships	6	6	6	6

26. Thirty Government scholarships are available for women students at the Campbell Medical School, and 26 at the Dacca Medical School. The value of a Government scholarship is Rs. 10 a month.

Besides those given by Government, scholarships given by District Boards, Municipalities, Countess of Dufferin Fund and other approved associations or individuals are tenable at these schools.

A list of these scholarships is given in Appendix B.

NOTE.—As a condition of the grant of a Government scholarship, the student will be required to give a written undertaking signed by her father or guardian to the effect that she will serve Government or a local authority for a period not exceeding four years, if required to do so by the Inspector-General of Civil Hospitals.

27. Scholarships are awarded to first-year students in order of merit on the basis of the certificates of general education, as stated in the admission rules. Ordinarily no scholarship will be awarded to any first-year student who has not passed the Matriculation or any higher examination in Arts or Science of an Indian University. Scholarships are distributed to the second and fourth-year students on the results of the annual examination, and to the third-year students on the result of the first qualifying examination, irrespective of their certificates of general education.

28. One special scholarship of Rs. 15 shall be awarded annually to a poor student of first-year class by the Inspector-General of Civil Hospitals, Bengal. Preference will be given to a member of depressed class. Subject to the scholarship-holder's good conduct and satisfactory progress and poverty, these scholarships are tenable for four years.

29. Free-studentships are awarded at the discretion of the Superintendent to the really deserving students requiring financial assistance.

30. Scholarships and free-studentships are tenable in the first-year class from the beginning of the session to the 31st March following, and in other classes from 1st April to the 31st March.

31. Scholarships and free-studentships are liable to forfeiture at the discretion of the Superintendent for misconduct, want of progress, irregular attendance or failure to show satisfactory results at subsequent examinations.

32. A list of the prizes and medals available at the Campbell and the Dacca Medical Schools and the conditions on which they can be obtained are given in Appendix C.

SECTION V.—TRANSFER OF STUDENT TO OTHER MEDICAL SCHOOLS.

33. Transfers are allowed only at the beginning of a session and under special circumstances.

34. A student applying for transfer should submit his application to the Superintendent of the school to which he is attached, who on receiving the application will satisfy himself—

- (1) that the applicant's conduct in the school has been good;
- (2) that he has successfully passed the examination that he should have passed in the previous session; and
- (3) that he possesses such a certificate of general education as is accepted by the school to which he wishes to be transferred.

35. The Superintendent will, if these conditions are satisfied, forward the application to the Superintendent of the school the student is desirous of joining, with his recommendation, and, on receiving sanction from the latter will grant the certificate of transfer to the applicant.

SECTION VI.—DISCIPLINE AND PUNISHMENTS.

36. For the maintenance of discipline, the punishments set forth in the rules immediately below shall be enforced at the discretion of the Superintendents of the schools according to the nature of the offence.

37. The punishments are verbal reprimand, written reprimand in the order-book, extra duty, fine, stoppage of leave, deprivation of scholarship or free-studentship, rustication and expulsion from the school.

38. Expulsion from the school shall be enforced for offences of a heinous nature involving disgraceful and dishonourable conduct, or persistent and wilful infringement of the school rules, or for gross insubordination and disrespect to the constituted authorities of the school.

39. When a student is expelled, a full report of his case, with as much information as may be available for his identification, should be submitted to the Inspector-General of Civil Hospitals, who will take measures to prevent the student's admission into any other medical school.

SECTION VII.—ATTENDANCE AND LEAVE OF ABSENCE.

40. The Superintendent shall publish for general information a programme of the lectures of each teacher at the commencement of each session.
- Programme of lectures
41. Second, third and fourth-year students are required to be present in the wards of the hospital at 6-30 A.M. in summer and at 7-30 A.M. in winter for clinical duties and instruction. They must not absent themselves from the ward without the permission of the medical officer in charge.
- Attendance at hospital
42. Each dresser or clinical clerk will have charge of a certain number (not less than six in the surgical wards and six in the medical wards) of cases and must write out a full history of such cases, with their daily symptoms, treatment, etc., in the form prescribed and read it to the teacher. He should enter such cases with the corrections made by the teacher in his case-book, and will have to read them and be examined on them before leaving the ward at the end of his term of duty. The teacher, when granting a certificate of attendance at hospital to a student, should specially mention, for the information of the Superintendent, the number of cases in his ward satisfactorily recorded by the student.
- Duty at hospital
43. The dressers have, in addition, to dress the cases allotted to them under the supervision of the medical officer in charge.
44. All the students attending the hospital will have to take their turn of day and night duty, as may be arranged by the medical officer attached to the ward. During such time they will be responsible for the proper working of the ward, and they must not leave it until relieved by their successors or until permitted to do so by the officer in charge. Any infringement of the hospital rules by a student will be reported by the medical officer to the Superintendent.
45. The total amount of leave admissible to a student, including regular vacation, casual leave, leave on private affairs or on account of sickness, is limited to 72 days in a year.
46. Not more than 30 days' leave shall be granted to a student at a time except on medical certificate.
47. The regular vacation leave shall always be notified in school orders. These are—
- The long summer vacation from the 15th April to the 15th June, both days inclusive ... 62 days.
 - The Durga Puja vacation—a period of ... 21 „
 - The Christmas vacation—a period of ... 11 „
48. For regular vacation leave students will be divided into two batches—A and B. Batch A will go on leave for the first half of each regular vacation, batch B meanwhile remaining on duty in the wards. On the return of batch A, batch B will go on leave for the second half of the vacation, batch A taking up duty in the wards.
49. No leave except leave on medical certificate shall be granted to a student—
- when he is placed on special duty in the wards,
 - when he is undergoing any punishment,
 - when there is any matter pending in connection with which he has been directed to appear before his teacher or before the Superintendent,
 - when he is on duty during the regular vacations, or
 - to extend regular vacation leave.
50. No student is allowed to absent himself from the hospital without obtaining, in the first instance, the recommendation of the teacher under whom he may be working, and then the sanction of the Superintendent.
51. Any student who absents himself from school without leave for a period of more than one month will be liable to dismissal under order of the Superintendent.
- Dismissal for absence without leave.
52. A student overstaying the authorised vacation leave or absenting himself immediately before the commencement of the leave, without a medical certificate (*vide* rule 5b) or other good cause approved of by the

Superintendent, will be liable to one of the following punishments at the discretion of the Superintendent—

- (i) fine up to one rupee for each day's absence ;
- (ii) forfeiture of all claim to future vacation leave ;
- (iii) deprivation of scholarship or free-studentship, if any ;
- (iv) a withholding of the usual certificate for hospital or dispensary attendance.

53. Scholarship-holders absent without leave will forfeit their scholarships for the days they are absent.

54. A student who absents himself from classes or hospital duty shall, except in case of sickness or sanctioned leave, be liable to pay a fine at the discretion of the Superintendent for each absence.

55. Should it be apparent to the Superintendent that any students have combined to stay away in order either to defy or to defeat discipline, such offenders will be liable to the severest punishment under rules 36 to 38.

56. On no account will any student be certified as having attended hospital or receive the benefit of promotion or be admitted to the Diploma examination who is absent from hospital on leave for more than 72 days in the year as counted from the 1st April.

57. No student shall on any account be certified as having completed his course of instruction, and receive the benefit of promotion or be admitted to a Diploma examination who has not attended at least 75 per cent. of all lectures and demonstrations on all subjects embraced in such examination.

58. Except in the circumstances referred to in the concluding portion of this rule, all medical certificates in support of absence from classes or hospital duty must be from a medical officer in Government employ, and they must be forwarded to the Superintendent through the teacher within three days of the date the student states that he was ill; when delayed beyond that time, the student will be considered as having been absent without leave. If a student happens to be in the interior of a district where no Government medical officer is available within a reasonable distance, a certificate from a qualified private medical practitioner may be accepted.

SECTION VIII.—COURSE OF STUDY.

Curriculum of study

59. The course of study shall be as follows :—

First year.	Second year.	Third year.	Fourth year.
Anatomy, including Dissections.	Anatomy, including Dissections.	Medicine and Therapeutics.	Medicine and Therapeutics.
Physiology ...	Physiology ...	Surgery ...	Surgery.
Chemistry and Physics ...	Chemistry and Physics*	Medical Jurisprudence	Medical Jurisprudence.
Materia Medica and Practical Pharmacy.	Materia Medica and Practical Pharmacy.	Pathology.	Pathology.
.....	Minor Surgery ...	Midwifery and Gynaecology.	Midwifery and Gynaecology.
.....	In and out-patient practice.	Hygiene ...	Hygiene.
		In and out-patient practice.	Vaccination.
			In and out-patient practice.

* For those students only who failed to pass in those subjects at the examination held at the end of their first-year class.

60. The curriculum of study may be modified according to the resources of the school on the recommendation of the Superintendent and with the sanction of the Inspector-General of Civil Hospitals.

61. Each student will be required to dissect the whole human body at least once during his first two years of study. During the third and fourth years of study each student shall be required to assist with his own hands at not less than six *post-mortem* examinations. All students shall, as far as possible, be made to attend all *post-mortem* examinations.

62. Each student shall have practical instruction in vaccination.

SECTION IX.—EXAMINATIONS.

63. (a) The class examinations of first and third-year students for promotion are held by the teachers at the close of the session. Students who fail to gain one-third of the marks in each subject will not be promoted to the second and fourth-year classes, respectively.

(b) Monthly examinations of the second-year students are held by the teachers in all subjects of that year's course; and no student shall be admitted to the first qualifying examination, unless he has gained in the aggregate 33 per cent. of the marks in each subject in the whole series of these examinations.

(c) A test examination of fourth-year students is held by the teachers towards the end of the year in all the subjects of that year's course. No student shall be admitted to the second qualifying examination unless he has gained in the aggregate 33 per cent. of the marks in each of those subjects.

This and the preceding clause may be relaxed by the Superintendent of the school in the case of a student who through illness or other cause has been prevented from gaining the prescribed percentage of marks, especially if his class examinations have been satisfactory.

(d) Qualifying examinations, viz., the examinations for the Licensed Medical Practitioner's certificate are two in number, a first or junior and a second or final. They are held at the end of the second and fourth year of study, respectively. These examinations are written, oral and practical. The following are the subjects of examination and the marks allotted to each subject (the detailed syllabus of instruction and examination is given in Appendix D) :—

SUBJECTS.	MARKS ALLOTTED TO EACH SUBJECT.		
	Oral and Practical.	Written.	Total.
<i>First or Junior Examination.</i>			
Anatomy	250	150	400
Physiology	100	200	300
Materia Medica and Pharmacy ...	300	200	500
Chemistry and Physics*	150	150	300
<i>Second or Final Examination.</i>			
Medicine and Therapeutics ...	300	200	500
Surgery (including Operative Surgery).	300	200	500
Medical Jurisprudence	200	200	400
Midwifery and Gynæcology ...	150	150	300
Pathology	150	150	300
Hygiene and Vaccination ...	100	100	200

* The students who successfully pass in Chemistry and Physics in the examination held at the end of their first-year class are not required to appear in these subjects.

64. Students who obtain not less than 50 per cent. of the total marks in each subject shall be judged to have passed, provided they have obtained not less than 50 per cent. in the oral and practical portions. Students obtaining 75 per cent. of marks or upwards in the Second or Final Examination are to be considered to have passed with honours, those obtaining 66 per cent. to be placed in the first and the rest in the second division.

65. The qualifying examinations for the Campbell and the Dacca Medical Schools shall be held at Calcutta and Dacca respectively. The questions for the written portion of the examinations shall be set by the Superintendent of one of the schools, in rotation, and the answer-papers examined and marked by the teachers of each school, also in rotation. The oral and practical parts of the examinations shall be conducted by the Professors of the Medical College, Calcutta, in respect of the students of the Campbell Medical School, and by a Special Examining Board, constituted for the purpose, in respect of the students of the Dacca Medical School.

66. The teachers of medical schools who examine and mark the written answer-papers of the students shall be allowed a fee of rupee one per paper.

67. A first-year student who fails to get promotion is removed from the school. He may, however, be re-admitted under exceptional circumstances at the discretion of the Superintendent.

Penalty for failure at the examination.

68. Students who fail for the first time at either of the qualifying examinations for the Licensed Medical Practitioner's certificate, or at the class examinations, shall be remanded for another year to their respective classes. Students who fail twice in any of the abovementioned examinations shall be removed from the school.

69. A student who fails at the first qualifying examination in one subject only may be provisionally promoted to the third-year class and allowed to present himself for a special examination in that subject at the end of three months.

Re-examination

A student who fails in the second qualifying examination in not more than half the subjects, and who obtains at least 33 per cent. aggregate in the examination, or in that part of the examination in which he had to appear, will be considered as having passed in those subjects in which he obtained the requisite number of marks, and may, at the discretion of the Superintendent, be allowed to present himself for re-examination in the remaining subjects at the end of three months. In qualifying examinations grace marks can only be given by the examiners and not by the Superintendent.

70. After the result of the second qualifying examination has been decided, the names of successful students, arranged in order of merit, shall be reported to the Inspector-General of Civil Hospitals for publication in the Government Gazette.

Publication of the result of the Final examination

Pass certificate.

71. Successful students will receive a certificate or license in the form given in Appendix E.

72. An applicant for a duplicate copy of his pass certificate must pay a fee of Rs. 2 and produce before the Superintendent of the School from which he passed an affidavit sworn in a magisterial court, showing—

Duplicate copy of pass certificate.

- (1) His name and residence.
- (2) Father's name and residence.
- (3) Date on which he passed the second qualifying examination and obtained the certificate.
- (4) Name of the school from which he passed.
- (5) Circumstances in which he lost the certificate.

The affidavit should also show that due search has been made for the certificate, that there is no hope of its recovery, and that the affidavit has been made by the applicant with a view to induce the Superintendent to issue a duplicate in his favour.

APPENDIX B.

List of Scholarships available for women students.

CAMPBELL MEDICAL SCHOOL.

1. Two Muir Scholarships of the value of Rs. 7 per mensem shall be annually awarded to the two most deserving second-year women students on their passing into the third-year class, merit and poverty being alike considered.

2. Two Pran Kissen Mullick Scholarships of the value of Rs. 4-2-8 per mensem shall be annually awarded to two women students for high proficiency at the Campbell Medical School.

3. One Surala Scholarship of the value of Rs 3-12 per mensem shall be annually awarded to the most deserving second-year woman student on her passing into the third-year class. This scholarship is reserved only for Hindus or members of the Brahmo Somaj, or any other deserving student if no such student is available.

4. One Walter Thompson Female Scholarship, tenable for two years, shall be awarded in the month of April to a woman student who shall pass the annual examinations; or if there be no such student eligible therefor, then in the month of June to a newly admitted woman student holding a qualification certificate. The Superintendent for the time being of the said school shall elect the recipient of such scholarship, and in determining the eligibility of any student shall consider, in addition to her other qualifications, the student's conduct and, as far as possible, her parent's or guardian's pecuniary position. No student shall be elected who shall not bear a good moral character. The Trustee shall be the Superintendent for the time being of the said Campbell Medical School. The surplus income and surplus cash balance shall be applied, at the discretion of the Trustee, in defraying any necessary expenses connected with the trust, or in increasing the value of the said scholarship or in any other way consistent with the declared object of the fund, and shall be paid to the said Trustee by the said Treasurer as and when the same may be available and may be required by the Trustee for any of those purposes.

5. Thirty Government scholarships of the value of Rs. 10 per mensem shall be annually awarded to women students of this school.

6. The Assam Government have also sanctioned three scholarships of Rs. 18, Rs. 14-8 and Rs. 10, respectively, to students resident in Assam.

DACCA MEDICAL SCHOOL.

Twenty-six Government scholarships of the value of Rs. 10 per mensem shall be annually awarded to women students of the Dacca Medical School.

APPENDIX C.

List of Medals and Prizes available at the Medical Schools.

CAMPBELL MEDICAL SCHOOL.

MEDALS

1. A gold medal of the value of Rs. 79-12 shall be annually awarded for general proficiency to the fourth-year student of the Campbell Medical School who obtains the highest aggregate marks in all subjects at the Second or Final Qualifying examination, provided that his conduct has been uniformly good.

2. A silver medal of the value of Rs. 13-4 shall be awarded annually to the third-year student who obtains the highest aggregate marks in all subjects at the Progress and Sessional examinations, provided that his conduct has been uniformly good.

3. A silver medal of the value of Rs. 13-4 shall be annually awarded to the second-year student who obtains the highest aggregate marks at the First or Junior Qualifying examination, excluding Chemistry, provided that his conduct has been uniformly good.

4. A bronze medal, named the "Rivers Thompson medal," shall be annually awarded to the first-year student who obtains the highest aggregate marks at the Progress and Sessional examinations and the Junior Qualifying examination in Chemistry, provided that his conduct has been uniformly good.

5. Six silver medals of the value of Rs. 13-4 each shall be annually awarded to the fourth-year student who obtains the highest marks in each of the following subjects, viz.—Surgery, Medicine, Midwifery, Medical Jurisprudence, Pathology and Hygiene, at the Final Qualifying examination.

6. Three silver medals of the value of Rs. 13-4 each shall be annually awarded to the second-year student who obtains the highest marks in each of the following subjects, viz.—Anatomy, Physiology and Materia Medica, at the Junior Qualifying examination.

7. One silver medal of the value of Rs. 13-4 shall be annually awarded to the first-year student who obtains the highest marks in Chemistry at the Junior Qualifying examination.

PRIZES.

8. The Maharajah Scindia of Gwalior Prize of Rs. 6 shall be awarded annually for general proficiency to the fourth-year student who obtains the highest aggregate marks at the Second or Final Qualifying examination.

9. Two pocket-instrument cases of the value of Rs. 20 each shall be annually awarded to the two second-year students who have acted as prosecutors during the year.

10. Two copies of the late Dr. Zahiruddin's book on "Surgery" in Bengali are presented annually to the two second-year students (one man and one woman) who obtain the highest marks in Anatomy in the First or Junior Qualifying examination in memory of the author by his son.

11. Three certificates of honour shall be annually awarded in each subject of examination to the next three most meritorious students of the fourth, second and first-year classes after the medalists defined in paragraphs, 5, 6 and 7 above, and to the three most meritorious students of the third and first-year classes on the combined results of the Progress and Sessional examinations. Should a smaller number than three students in each year be really deserving, then that number of certificates only will be awarded.

MEDALS AND PRIZES OPEN TO WOMEN STUDENTS OF THE CAMPBELL MEDICAL SCHOOL.

12. The Viceroy's Prize Medal (silver) of the value of Rs. 90 shall be annually awarded to the female student who obtains the highest marks in

the following subjects and passes the Final Examination and obtains license to practise—

- (1) Anatomy (including rudiments of Physiology);
- (2) Surgery (including Operative Surgery and Medicine);
- (3) Midwifery;
- (4) Medicine; and
- (5) Medical Jurisprudence:

Provided that to render a candidate eligible she must have obtained—

- (1) a minimum of 60 per cent. marks in each of the above subjects in which she was examined, and
- (2) a minimum average of all subjects combined of 70 per cent. of the total number of marks obtainable.

13. Kadambini Prize Medal (silver) of the value of Rs. 17-8 shall be annually awarded to the fourth-year woman student who passes the Final examination of the Campbell Medical School and secures the highest aggregate marks among the women candidates, without any distinction of caste or religion, provided she is a native of India. No one with any trace of foreign or mixed descent (whether European, Eurasian, African, American or other Asiatic than Indian) will be eligible for it.

NOTE.—Medals, prizes and certificates of Honour will only be awarded to students who pass in all the subjects of the examination at the same time.

DACCA MEDICAL SCHOOL.

MEDALS.

1. A gold medal of the value of Rs. 35 shall be annually awarded for general proficiency to the fourth-year student of the Dacca Medical School who obtains the highest aggregate marks in all subjects at the Second or Final Qualifying examination, provided that his conduct has been uniformly good.

2. A silver medal of the value of Rs. 13 shall be awarded annually to the third-year student who obtains the highest aggregate marks in all subjects at the Sessional examination, provided that his conduct has been uniformly good.

3. A silver medal of the value of Rs. 13 shall be annually awarded to the second-year student who obtains the highest aggregate marks at the First or Junior Qualifying examination, excluding Chemistry, provided that his conduct has been uniformly good.

4. A silver medal of the value of Rs. 13 shall be annually awarded to the first-year student who obtains the highest aggregate marks in all subjects at the Sessional examination and the Junior Qualifying examination in Chemistry, provided that his conduct has been uniformly good.

5. Six silver medals of the value of Rs. 13 each shall be annually awarded to the fourth-year students who obtain the highest marks in each of the following subjects, viz., (1) Surgery, (2) Medicine, (3) Midwifery, (4) Medical Jurisprudence, (5) Pathology, (6) Hygiene at the Final Qualifying examination.

6. Three silver medals of the value of Rs. 13 each shall be annually awarded to the second-year students who obtain the highest marks in each of the following subjects, viz., (1) Anatomy, (2) Physiology, (3) Materia Medica at the Junior Qualifying examination.

7. One silver medal of the value of Rs. 13 shall be annually awarded to the first-year student who obtains the highest marks in Chemistry at the Junior Qualifying examination.

PRIZES.

Two pocket instrument cases of the value of Rs. 20 each shall be annually awarded to the two second-year students who have acted as prosecutors during the year.

Three certificates of honour shall be annually awarded in each subject of examination to the next three most meritorious students of the fourth, second and first-year classes after the medalists defined in paragraphs 5, 6 and 7 above, and to the three most meritorious students of the third and first-year classes on the results of the Sessional examinations. Should a smaller number than three students in each year be really deserving, then that number of certificates only will be awarded.

MEDALS AND PRIZES OPEN TO WOMEN STUDENTS OF THE DACCA MEDICAL SCHOOL.

Licentiate Class.

MEDALS.

1. One silver medal of the value of Rs. 13 shall be annually awarded to the woman student who obtains the highest aggregate marks in Junior Qualifying examinations among the women students, provided she obtains not less than 66 per cent. aggregate marks.

2. One silver medal of the value of Rs. 13 shall be awarded to the woman student who obtains highest aggregate marks in the Final Qualifying examination among the women students, provided she obtains not less than 66 per cent. aggregate marks.

3. One silver medal of the value of Rs. 13 shall be awarded to the woman student who obtains the highest aggregate marks in Midwifery and Gynæcology in Final Qualifying examination among the women students, provided she obtains not less than 75 per cent. aggregate marks.

4. One silver medal shall be annually awarded to the first-year woman student who obtains the highest aggregate marks in Sessional examination among the women students, provided she obtains 66 per cent. aggregate marks.

5. One silver medal shall be annually awarded to the third-year woman student who obtains the highest aggregate marks in Sessional examination among the women students, provided she obtains 66 per cent. aggregate marks.

PRIZES.

Two special prizes of Rs. 10 each shall be awarded annually to women students for good conduct, progress and regularity of attendance in the class. Preference will be given to students living in the Government Boarding House for women students attached to Dacca Medical School.

NOTE.—Medals, prizes, and certificates of honour will only be awarded to students who pass in all subjects of the examination at the same time

APPENDIX D.

Detailed Syllabus of Instruction and Examination for the Medical Schools of Bengal.

N.B.—Instruction and examination in all subjects shall be conducted from a simple and practical standpoint, avoiding theories, and abstruse questions, and being limited to well ascertained facts of practical every-day importance, with special reference to tropical conditions

The number of systematic lectures to be given is noted against each subject. The number of tutorial classes should be one per week in each subject and two per week in the practical classes in Pathology and Physiology.

ANATOMY.

(Number of Lectures—70.)

I.—OSTEOLOGY.

General description of the skeleton. Brief description of development. Attachment of muscles and ligaments.

II.—JOINTS

The articular surfaces. Ligaments and accessory structures. Brief description of their movements.

III.—MUSCLES AND FASCLE.

Origin, relations, insertion and tendons. Nervous and vascular supply. Actions.

IV.—CIRCULATORY SYSTEM.

Heart.—Surface-marking, position, size, shape, pericardium, cavities, valves and openings. Arteries and veins leading from and to it. Nerve supply.

Arteries.—Origin, course, branches, and anastomosis and areas they supply. Relation of main arteries.

Veins.—Origin, course, branches and anastomosis. Relations of main veins.

Lymph Vessels (main).—The area they drain, course and termination. Lymph glands in their course.

V.—RESPIRATORY SYSTEM.

Larynx.—Brief description of the cartilages, glottis and vocal cords. Nerve supply.

Thyroid Gland.—Lobes, vascular supply.

Trachea and Bronchi.—Relation and subdivisions, surface-marking.

Lungs.—Surface-markings, pleuræ. Lobes of lungs. Borders. Nervous and vascular supply.

VI.—DIGESTIVE SYSTEM.

Mouth.—Dentition. Temporary and permanent. Eruption of teeth. Tongue, muscles, nervous and vascular supply. Salivary glands. Pharynx. Tonsils, soft palate. Nervous and vascular supply. Oesophagus. Length and relations.

Stomach.—Surface marking, walls, shape, size and relations. Cardiac and pyloric openings. Nervous and blood supply.

Small Intestine.—Duodenum. Jejunum and Ileum. Peritoneal and other relations. Nervous and blood supply.

Large Intestine.—Caecum. Appendix. Colon. Sigmoid flexure rectum and anus. Length. Blood supply. Peritoneal and other relations and nervous supply.

Abdominal Viscera.

Liver.—Surface-marking, borders, surfaces, relations, nervous and blood supply. Gall bladder.

Spleen.—Surface-marking, surfaces, borders, relations, nervous and blood supply.

Pancreas.—Surfaces, position, borders, relations, nervous and blood supply.

VII.—URINARY ORGANS.

Kidney.—Position, surface-markings, size, shape, relations, capsule, hilum, borders. Suprarenal capsules. Ureters. Course and relations.

Bladder (urinary).—Position, size, shape, peritoneal reflections. Interior.

Urethra.—Structures seen on its walls. Composition of the walls. Nervous supply of urinary organs.

VIII.—REPRODUCTIVE SYSTEM.

Penis.—Prepuce, glans, corpora cavernosa and spongiosum, nervous and vascular supply.

Prostate.—Capsule and relations. Male perinæum. Fasciæ. Relations. Nervous and blood supply.

Scrotum.—Layers.

Spermatic Cord.—Structures contained in relations, nervous and blood supply.

Testis and Epididymis.—Position and coverings (tunica vaginalis).

Female Uterus.—Body and cervix, position, peritoneal reflections, surfaces, ligaments and vascular supply.

Fallopian Tubes.—Course, ligaments and blood supply and nervous supply.

Ovaries.—Relations and blood supply. Their surfaces and borders. Nervous supply.

Vagina.—Wall, fornices and relations. Nervous supply.

Vulva.—Female urethra and other structures.

IX.—BRAIN AND CENTRAL NERVOUS SYSTEM.

Meninges, blood supply. Venous sinuses. Fissures and lobes of the cerebrum. Blood supply. Short description of the cerebellum. Pons and medulla. Brief description of the grey matter. The ventricles. Brief description of the different regions of the spinal cord.

X.—PERIPHERAL NERVOUS SYSTEM.

Origin of cranial nerves, course, branches and distribution. Origin, course, branches and distribution of the peripheral nervous system. Brief description of brachial and cervical and sacral and lumbar plexuses. Relation of main nerve trunks and their distribution.

XI.—SYMPATHETIC SYSTEM.

Brief description.

XII.—ORGANS OF SPECIAL SENSE.

Orbit and Eye.—Walls, contents, the muscles acting on the eyeball, their nerve supply, the vessels and nerves found in the orbit. Lachrymal apparatus.

Nose.—Formation of the walls and the septum. Structures found on the outer walls, the turbinated bones, the meatuses and the openings into them.

Ear.—External ear direction, lining, membrana tympani. Middle ear—ossicles. Openings on its walls. Eustachian tube. Internal ear—short description. Auditory N. Distribution.

PRACTICAL ANATOMY.

BOOKS RECOMMENDED.

Gray's Anatomy, Cunningham's and Mustafi's.

MATERIA MEDICA AND THERAPEUTICS.

(Number of Lectures—70.)

1. Definition of—

- (1) the various technical terms used in describing the action and preparations of medicinal agents and drugs, with examples on each;
- (2) the uses and methods of preparations of the more commonly used official and non-official pharmacopœial preparations, *e.g.*, tincturæ, pilulæ, gauzes, gargarismata, pigmenta, etc.
- (3) apothecaries' scales of weights and measures and signs;

2. The source, preparation, composition, dosage, pharmacological action, therapeutic use and incompatibility (physical, chemical and pharmaceutical) of the more commonly used drugs and their preparations in the British Pharmacopœia, and the indigenous drugs in the Indian and Colonial addendum.

PRACTICAL.

3. Recognition of crude drugs and their commoner pharmaceutical preparations, by their sensible qualities.
4. Reading and writing of prescriptions, labelling and marking doses and writing directions.
5. Practical pharmacy and dispensing, including labelling.

PHYSICS AND CHEMISTRY.

(Number of Lectures—40.)

A.—PHYSICS

I.—HEAT.

- Sources of heat.
- Effects of heat on bodies.
- Mercurial thermometer; maximum and minimum thermometer; clinical thermometer.
- Simple facts relating to conduction and absorption and reflection of heat.
- Combustion; Davy lamp.

II.—LIGHT.

- Sources of light.
- Simple facts relating to reflection, refraction and dispersion of light.
- Plane and concave mirrors.
- Double convex and concave lenses.
- Prisms.
- Simple and compound microscopes.
- Eye as an organ of vision; long and short sights, their causes and rectification.

III.—ELECTRICITY.

- Production of electricity by friction.
- Two kinds of electricity.
- Electric induction; electrophorus; Voss's machine.
- Gold leaf electroscope.
- Leyden jar.
- Effects of frictional electricity.
- Electric conductors.
- Production of electricity by chemical action.
- Voltaic cell.
- Electrolysis.
- Electro-magnet.
- Galvanometer.
- Induction of currents; magneto-electric machine.

B.—CHEMISTRY.

- Chemical and physical changes.
- Indestructibility of matter.
- Elements and compounds.
- Chemical symbols, formulæ and equations.
- Simple laws of chemical combination.
- Difference between mechanical mixtures and chemical compounds.

Simple methods of preparation, and principal properties and simple tests of the following:—

Oxygen; hydrogen; nitrogen; carbon; chlorine; bromine; iodine; sulphur; phosphorus; ammonia; nitric acid; carbon monoxide; carbon dioxide; marsh gas; hydrochloric acid; hydrobromic acid; hydrotic acid; sulphur dioxide; sulphuric acid; sulphuretted hydrogen; oxides and sulphides of arsenic; boric acid; hydrocyanic acid.

General study of water, air, oxides, bases and acids.

General properties of the following metals, and the preparation, properties and simple tests of their undermentioned compounds:—

Potassium, its hydroxide, nitrate, chlorate, iodide, bromide, permanganate and cyanide.

Sodium, its hydroxide, carbonate, bicarbonate, chloride, sulphate and phosphate.

Calcium, its oxide and hydroxide, carbonate and chloride.

Magnesium, its oxide, carbonate and sulphate.

Zinc, its oxide, chloride and sulphate.

Copper, its oxides and sulphate.

Mercury, its oxides and chlorides.

Lead, its oxides, nitrate and acetate.

Preparation, properties and tests of the following organic compounds used in the Pharmacopœia:—

Alcohol, ether, chloroform; chloral hydrate; acetic acid, oxalic acid, carbolic acid; and such alkaloids as morphine, brucine, strychnine and quinine.

Simple qualitative examination of urine and calculus.

BOOKS RECOMMENDED.

For Physics.—Ganot's "Popular Natural Philosophy."

For Chemistry.—"Manual of Chemistry," by Luff and Candy.

For both Physics and Chemistry (in Bengali).—"Rasayana-Sutra," Parts I and II, by Chuni Lal Bose, M.B., F.C.S.

PHYSIOLOGY.

(Number of Lectures—70.)

I.—HISTOLOGY.

The animal cell, Epithelium, Areolar, fibrous retiform, elastic, adipose and lymphoid tissues. Cartilage and bone. Dentine. Muscle (striped and unstriped). Nerves.

II.—HÆMATOLOGY.

Histology of blood corpuscles. Varieties of leucocytes. Definition of plasma and serum. Chemistry of blood. Phenomena of coagulation.

III.—PHYSIOLOGY OF MUSCLE.

Chemistry of muscle. Physical properties of muscular tissue. Phenomena of muscular contraction. Effects of muscular exercise.

IV.—PHYSIOLOGY OF NERVE.

Classification. Degeneration and regeneration of nerve fibres. Nerve impulse, its velocity and direction. Electrical phenomena of nerves.

V.—FOODS.

Classification. Nitrogenous. Hydrocarbons or fats. Carbohydrates or starches. Inorganic or mineral, with examples. Principles of dietetics. Effects of insufficient or improper diet; excess and starvation.

VI.—CIRCULATORY SYSTEM.

Heart.—Structure of cardiac muscle. The heart as a mechanical apparatus. The cardiac cycle. Action of the valves. Heart sounds. Intracardiac pressure. Innervation of the heart. Frequency of action.

Circulation.—Of the blood. Histology of the arteries, veins and capillaries. Velocity of the blood-flow. The time of a complete circulation. The pulse. Arterial pressure. Innervation of blood-vessels.

VII.—RESPIRATORY SYSTEM.

Lungs.—Structure and vascular supply. Respiratory muscles. Mechanism of respiration. Nervous mechanism.

Changes in the air and blood in respiration. Effects of respiration on the circulation. Tissue-respiration. Modified respiratory acts. Vital capacity. Apnoea. Dyspnoea and asphyxia.

VIII.—ALIMENTARY SYSTEM.

Mouth.—Teeth. Mastication. Tongue. Function. Salivary glands. Structure. Action and composition of saliva. Innervation of salivary glands.

Pharynx and Aesophagus.—Structure. Mechanism of deglutition.

Stomach.—Small intestine, large intestine, pancreas. Histology. Composition of digestive juices, and bile. Selective action on varying classes of foods. Process of digestion, in stomach, duodenum, small intestine and large intestine. Chyme. Absorption. Composition of fæces. Structure of rectum. Function of sigmoid and rectum. Mechanism of defæcation.

Liver.—Histology. Portal circulation. Hepatic functions.

IX.—LYMPHATIC SYSTEM.

Structure of lymphatic glands and vessels. Composition of lymph. Lymph flow. Chyle. Thoracic Duct.

X.—URINARY SYSTEM.

Kidneys.—Structure and capillary blood supply. Action of glomerular and renal epithelium. Urine. Physical properties and chemical composition. Commoner abnormal constituents.

Bladder.—Structure. Micturition. Nervous mechanism.

XI.—CUTANEOUS SYSTEM.

Skin and its appendages. Structure of. Vascular and nerve supply. Sweat and other glands. Composition of sweat. Functions of skin.

XII.—GENERAL METABOLISM.

Body-heat.—Thermo-taxic mechanism in warm blooded animals.

XIII.—DUCTLESS GLANDS.

Structure and functions of spleen. Thymus. Thyroid. Parathyroids. Adrenals. Pituitary body.

XIV.—NERVOUS SYSTEM.

Brain.—Structure and function of the cerebral convolutions. Localization of cerebral centres.

Structure and functions of basal or central ganglia. Corpora quadrigemina. Mesencephalon. Crura cerebri. Pons Varoli.

Cerebellum.—Structure and functions.

Medulla Oblongata.—Structure and functions. Decussation of fibres. Localization of spinal centres.

Special Cord.—Structure. Columns. Function. Localization of spinal centres.

Physiology of Nervous System.—Efferent and afferent course of the motor fibres. Course of the impulses. Sensory fibres. Functions of the cranial nerves. Functions of the spinal nervous system.

Sympathetic System.—Structure and functions.

XV.—ORGANS OF SPECIAL SENSE.

Eye.—Anatomy and histology. Cornea. Sclerotic. Aqueous humor. Iris and ciliary body. Ciliary muscle. Vitreous humor. Choroid. Retina. Macula lutea. Optic disc. Ophthalmoscopic appearances. Sight. The eye as an optical instrument. Mechanism of accommodation. Commoner errors of refraction.

Ear.—Anatomy of middle and internal ear. Hearing. Semicircular canals. Equilibration.

Larynx.—Anatomy and function. The mechanism of phonation and speech.

Special Senses.—Taste and smell. Tactile sensation. Heat and cold. Muscular sense.

XVI.—REPRODUCTIVE ORGANS.

Male.

Testis. Epididymis and vas deferens. Vesiculæ seminales. Structure and functions. Semen and spermatozoa.

Female,

Ovaries. Fallopian tubes. Uterus. Structures and functions. Menstruation. Ovulation. Corpus luteum.

Development.—Impregnation. Conception. Implantation and development of ovum. Formation of placenta and foetal coverings. Brief development of foetus and foetal circulation.

Mammary Gland.—Histology and function. Milk. Chemical composition.

XVII.—PRACTICAL PHYSIOLOGY.

Recognition of histological specimens. Staining and mounting of sections.

Use of microscope. Sphygmograph and Manometer. Blood Coagulometer. Blood Alkalimeter. Hæmoglobinometer. Hæmacytometer.

SURGERY.

(Number of Lectures—70.)

I.—GENERAL SURGICAL PATHOLOGY AND BACTERIOLOGY (ÆTIOLOGY AND SYMPTOMATOLOGY).

1. *Local*.—Inflammation, suppuration, abscess, cellulitis, sinus and fistula. Ulceration, phagedena and gangrene.

2. *General and Special Infections*.—Sapraemia. Pyogenic infections—boil, carbuncle and pyæmia. Cellulitis erysipelas and septicæmia. Coli infections. Anthrax Tetanus. Venereal infections, gonorrhœa, soft chancre and syphilis. Tuberculosis. Mycetoma. Parasitic, 9 filariasis and guinea worm.

3. *New Growth*.—Innocent. Malignant—carcinoma and sarcoma.

II.—GENERAL SURGERY AND SURGICAL PHYSIOLOGY.

1. Contusions, wounds and burns. Repair. Sutures.
2. Prevention of wound infection. Natural protection. Asep-is. Antisepsis and treatment of local and general sepsis. Vaccines. Anti-sera. Snake-bites anti-venene. Insect stings.
3. Shock. Asphyxia. Treatment.
4. Anæsthetics. Local, general.

III.—SYSTEMATIC SURGICAL INJURIES AND DISEASES (SYMPTOMATOLOGY AND TREATMENT).

1. *Skin and its appendages*.—Corns, warts, fibroma, sebaceous and dermoid cysts, onychia, ingrowing toe-nail.
2. *Vascular System*.—Aneurysm and embolism. Varix, phlebitis and thrombosis. Hæmorrhage and hæmophilia.
3. *Lymphatic System*.—Lymphangitis and lymphadenitis.
4. *Muscular and Peripheral Nervous Systems*.—Rupture of muscles and tendons, tenosynovitis, ganglion, bursitis and bunion. Wounds of nerves and pressure neuritis.

Osseous System.

5. *Bones*.—Contusions, fractures—varieties. Repair. Special fractures (long bones). Diseases. Periosteitis, osteitis, abscess, necrosis, caries, osteomyelitis, epiphysitis and rickets. Tumours of bone, innocent and malignant.

Joints.—Contusions, sprains and dislocation. Dislocation of special joints. Diseases. Synovitis, acute and chronic, traumatic, pyæmic, rheumatic and gonorrheal. Anchylosis. Loose bodies. Tubercular, hip-joint disease as a type. Arthritis.

IV.—REGIONAL SURGICAL INJURIES AND DISEASES (SYMPTOMATOLOGY AND TREATMENT).

1. *Head*.—Hæmatoma and scalp wounds. Fractures on skull, vertical and basal. Cerebral concussion, compression and irritation. Intra-cranial hæmorrhage. Cerebral laceration. Osteomyelitis. Meningitis. Cerebral tumours.

2. *Spine*.—Fracture-dislocation. Caries and curvature.

3. *Face and Neck*.—Common injuries and diseases, rodent ulcer.

4. *Larynx and Chest*.—Laryngeal obstruction. Tracheotomy. Foreign bodies in air passages. Contusions and wounds of parietes and thoracic viscera. Empyema.

5. *Breast*.—Galactocœle, mastitis and abscess. Tumours.

6. *Mouth, Pharynx and Oesophagus*.—Stomatitis and cancerumoris. Dental caries and abscess, pyorrhea alveolaris. Glossitis and epithelioma of tongue, Ranula, Peritonsillar abscess. Follicular pharyngitis. Stricture of and foreign bodies in oesophagus.

7. *Abdomen*.—Parietal contusions and visceral rupture. Penetrating wounds. Peritonitis.

Liver.—Abscess, carcinoma, gallstones.

Stomach and Duodenum.—Ulcer and carcinoma. Subphrenic abscess.

Intestines.—Acute obstruction, varieties. Appendicitis and abscess.

Ulcer: Rectum and Anus.—Polypi. Carcinoma. Stricture. Prolapse. Hæmorrhoids. Ischio-rectal abscess and fistula in ano. Fissure.

Hernia.—Inguinal, femoral and umbilical.

Kidneys and Bladder.—Renal calculus and colic. Surgical kidney hydro and pyonephrosis. Floating kidney. Suppression of urine and uræmia. Cystitis, hæmaturia and stone in bladder. Tumours. Enlargement of prostate. Retention of urine.

8. *Penis and Scrotum*.—Balanitis. Phimosis and paraphimosis. Condylomata. Urethritis. Stricture and sequelæ. Retention and extravasation of urine. Varicocele, hydrocele and hæmatocele, and abscess of tunica vaginalis. Orchitis and epididymitis. Tumours of testis. Elephantiasis scroti.

9. *Ear*.—Foreign bodies. Otitis externa and media. Mastoiditis. Otorrhea.

10. *Orbit and Eye, and its appendages*.—Orbital tumours. Stye. Conjunctivitis. Corneal ulcer and foreign bodies. Iritis. Panophthalmitis. Inflammation of uveal tract. Cataract. Glaucoma. Optic neuritis and atrophy. Dachryocystitis.

11. *Commoner Deformities*.—Spina bifida. Hare lip and cleft palate. Spadias (Epi and Hypo), Knock-knee. Club-foot and flat-foot.

V.—PRACTICAL AND OPERATIVE SURGERY.

1. Clinical cases and case-taking.
2. Minor operations, including simple amputations and intravenous transfusion.
3. Recognition and use of instruments.
4. Bandaging and application of splints.
5. Practical asepsis for operations.
6. Administration of chloroform and artificial respiration.
7. Surgical Anatomy and surface-markings.
8. Clinical microscopy. Preparation, staining and examination of smears for pyogono and streptococci.

MEDICINE.

(*Number of Lectures—70.*)

ETIOLOGY, SYMPTOMATOLOGY, DIAGNOSIS AND TREATMENT OF THE FOLLOWING DISEASES —

I.—FEVERS, INFECTIVE AND OTHERWISE.

Plague. Small-pox. Chicken-pox. Measles. Mumps. Diphtheria. Malaria (varieties). Black-water Fever. Enteric. Malta or Undulant Fever. Kala-azar. Trypanosomiasis. Relapsing Fever. Epidemic Cerebro-spinal Meningitis. Dengue, Seven-day or Urban Fever. Rheumatic Fever. Heat-stroke. Influenza. Febricula.

II.—INFECTIVE AND OTHER BOWEL COMPLAINTS.

Dysentery. Cholera. Ptomaine-poisoning. Sprue. Hill Diarrhoea.

III.—INFECTIVE GRANULOMATA.

Syphilis. Yaws. Leprosy. Tubercle.

IV.—DISEASES OF THE CIRCULATORY SYSTEM.

Pericarditis. Endocarditis (varieties). Valvular diseases—(a) Aortic Regurgitation; (b) Aortic Stenosis; (c) Mitral Regurgitation; (d) Mitral Stenosis. Cardiac dilatation. Cardiac hypertrophy. Angina Pectoris. Arteriosclerosis. Thoracic Aneurysm.

V.—DISEASES OF THE RESPIRATORY SYSTEM.

Coryza. Tonsillitis (varieties). Laryngitis. Laryngismus—Stridulus. Pleurisy. Pleural effusions. Bronchitis (acute and chronic). Whooping Cough. Bronchiectasis. Bronchial Asthma. Emphysema. Lobar Pneumonia. Broncho-Pneumonia. Pulmonary Tuberculosis.

VI.—DISEASES OF THE DIGESTIVE SYSTEM.

Gastritis (acute and chronic). Dyspepsia. Dilatation of stomach. Gastric Ulcer. Cancer of stomach. Duodenal Ulcer. Enteritis. Appendicitis, Colitis.

VII.—INTESTINAL PARASITES.

Tape worm. Round and thread worms. Ankylostomiasis.

VIII.—DISEASES OF THE LIVER.

Jaundice (varieties). Hepatitis. Acute Biliary. Cirrhosis. Cirrhosis of liver. (Atrophic and hypertrophic.) Abscess of liver. Cancer of liver. Cholelithiasis.

IX.—DISEASES OF THE PERITONEUM.

Ascitis. Peritonitis (general). Tubercular peritonitis.

X.—DISEASES OF THE KIDNEY.

Hæmaturia. Hæmoglobinuria. Albuminuria. Chyluria. Uræmia. Acute Bright's Disease. Chronic Bright's disease. Chronic interstitial nephritis. Hydronephrosis. Renal Calculi and Colic.

XI.—DISEASES OF THE NERVOUS SYSTEM.

Cerebral affections—Hemiplegia. Cerebral Apoplexy, Embolism and Thrombosis. Tumours and Abscess. Optic Lesions. Epilepsy. Migraine. Bulbar-Paralysis. Hysteria.

Affections of the Spinal Cord.—Myelitis. Paraplegia (Spastic and Ataxic). Anterior Poliomyelitis. Progressive muscular atrophy. Locomotor Ataxy. Disseminated Sclerosis.

Affections of Cranial Peripheral Nerves.—Ocular Palsis. Bell's Paralysis. Peripheral Neuritis. Sciatica. Neuralgia. Tic Douloureux.

XII.—DISEASES OF THE BLOOD AND DUCTLESS GLANDS.

Chlorosis. Pernicious anaemia. Leukæmia. Hodgkin's Disease. Purpura. Henoch's Purpura. Goitre. Exophthalmic Goitre. Splenic Enlargements.

XIII.—INTOXICATIONS.

Alcoholism. Delirium Tremens. Lathyrism. Beri-beri. Epidemic Dropsy (?)

XIV.—CONSTITUTIONAL DISEASES.

Chronic Rheumatism. Gout. Diabetes. Rickets and Scurvy.

XV.—DISEASES OF THE SKIN.

Pityriasis Versicolor. Pityriasis Rubra. Urticaria. Pemphigus. Psoriasis. Eczema. Prurigo. Acne. Herpes-Zoster. Scabies. Dhobie's Itch. Ringworm.

XVI.—PRACTICAL MEDICINE.

1. *Clinical cases*.—Case-taking.
2. *Surface-markings*.—Thoracic and abdominal viscera.
3. *Urine Analysis*.—Qualitative for Phosphates. Urates. Albumen. Sugar. Quantitative for albumen. Sugar (Carwardine's Saccharometer). Microscopic for urinary deposits.
4. *Use of Instruments*.—Microscope. Stethoscope. Sphygmograph. Manometer. Stomach tube. Nasal tube. Long rectal tube. Southey's tubes.
5. *Aseptic Technique*.—Precautions for hypodermic injections and paracentesis.
6. *Clinical Hæmatology*.—Use of hæmoglobinometer. Hæmocytometer. (R. and W.) Coagulation test. Collection of blood in Wright's capsules.
7. *Clinical Microscopy*.—Preparation, staining and examination of blood films. Sputum and other smears. For malarial parasite. Elastic tissue. Tubercle bacillus. Loeffler's bacillus. Fæcal ova and amæbæ.

TEXT-BOOK RECOMMENDED.

Taylor's "Medicine."

A

MIDWIFERY.

(Number of Lectures—70.)

1. *Anatomy of the Pelvis* and female generative organs obstetrically considered. Planes and diameters. Inclination of the pelvic axis. Contracted pēlvis.

2. *Menstruation and ovulation*.—Mode of implantation of the ovum. Development of placenta and membranes. Fœtal circulation.

3. *Pregnancy*.—Clinical course, differential diagnosis and management. Duration and calculation of the probable date of labour.

4. *Disorders of Pregnancy*.—Pregnancy. Morning sickness. Albuminuria. Displacements of gravid uterus. Moles (carneous and vesicular). Hydramnios. Antepartum hæmorrhage and abortion. Extra-uterine gestation. Intercurrent diseases. Syphilis. Tuberculosis. Heart disease. Renal disease. Eclampsia. Tumours.

5. *Normal Labour*.—Phenomena and clinical course. Mechanism. Management and aseptic precautions. Twin labour.

6. *Obstructed Labour*.—Delay in first stage due to (1) maternal abnormalities and (2) fœtal abnormalities. Delay in second stage due to (1) maternal abnormalities and (2) fœtal abnormalities or mispresentations. Diagnosis and management.

7. *Complicated Labour*.—Anti-partum hæmorrhage. Placenta prævia. Prolapse of cord. Post-partum hæmorrhage (retained or adherent placenta). Eclampsia. Maternal injuries, Rupture of uterus and perinæum. Hæmatoma. Inversion of uterus.

8. *Normal Puerperium*.—Phenomena, clinical course and management.

9. *Abnormal Puerperium*.—Puerperal infections, sapræmia, and septicæmia, general peritonitis, local pelvic inflammation, perimetritis, and parametritis phlegmasia albadolens. Puerperal hæmorrhage. Insanity of lactation.

Diagnosis, prognosis and treatment. Sudden death.

10. *New-born Child*.—General management. Ophthalmia. Icterus syphilis. Infant feeding and weaning. Asphyxia.

11. *Obstetric Operations*.—Induction of premature labour (Kranse's method). Rapid methods of cervical dilatation (manual). Version. Application of forceps. Craniotomy and embryotomy. Primary repair of perinæum.

MINOR GYNÆCOLOGY (SYMPTOMATOLOGY AND TREATMENT).

1. *Menstrual Disorders*.—Amenorrhœa. Dysmenorrhœa. Menorrhagia.

2. *Uterine Displacements*.—Leucorrhæa. Metrorrhagia. Endometritis. Fibroids. Cancer of uterus. Ovarian tumours.

3. *Practical*.—Recognition and use of instruments. Application of forceps in dummy. Case-taking.

TEXT-BOOK RECOMMENDED.

Eden's "Manual of Midwifery."

MEDICAL JURISPRUDENCE.

(Number of Lectures—40.)

I.—CONSTITUTION AND PROCEDURE OF CRIMINAL COURTS IN INDIA.

Inquests into cases of unnatural or sudden death. The Coroner's Court. Giving of medical evidence, medico-legal reports and certificates.

II.—DEATH.

Chief forms of unnatural death, accident, suicide, homicide, poisoning. Signs of death. *Post-mortem* staining. Rigor mortis. Putrefaction. Adipocere. Mummification. Time elapsing since death. *Post-mortem* examination in medico-legal cases.

III.—IDENTITY OF THE LIVING AND THE DEAD.

Age in its medico-legal aspect. The teeth, ossification and union of epiphyses. Sexual characteristics of the skeleton.

IV.—WOUNDS AND MECHANICAL INJURIES.

Definition and varieties. Distinction between *ante-mortem* and *post-mortem*, suicidal and homicidal wounds. Results following wounds. Causes of death from wounds. Injuries of special regions. Detection of blood and other stains.

Examination of weapons and identification of fibres found adherent to weapons.

V.—DEATHS FROM ASPHYXIA.

Hanging, strangulation, suffocation, drowning.

VI.—DEATH FROM—

Burns and scalds, heat, cold, electric discharge and starvation.

VII.—SIGNS OF VIRGINITY. RAPE AND SODOMY.

VIII.—PREGNANCY.

Signs of, Quickening. Natural period of human gestation. Prolonged gestation. Superfoetation. Viable age. Age of foetus. Signs of delivery—recent and remote.

IX.—CRIMINAL ABORTION AND INFANTICIDE.

Signs of live and still-birth. Signs of death from violence and criminal neglect or omission.

X.—FORMS OF INSANITY.

Illusions. Delusions. Hallucinations. Lucid intervals. Examination of alleged insanes. Feigned insanity. Criminal responsibility. Testimentary capacity. Capacity to manage affairs. The law with regard to disposal of lunatics.

XI.—POISONS.

Action. Diagnosis and treatment of case of poisoning. *Post-mortem* appearances in case of poisoning. Preservation and transmission of viscera, etc., for analysis. Detection of poisons.

XII.—TOXICOLOGY OF—

Mineral acids, alkaline corrosives, other corrosives, zinc chloride, hydarg. Perchlor., carbolic, oxalic acid and oxalates, phosphorus, arsenic and its compounds, principal salts of antimony, mercury, copper and lead. Marking nuts. Cyanogen compounds. Alcohol, chloroform, chloral hydrate, carbon dioxide and monoxide. kerosine oil, opium, cannabis indica, dhatura, belladonna, cocaine, strychnia, acconite, white and yellow oleander, croton oil, jequirity and snake venom. Decomposing animal food (Ptomaines).

PATHOLOGY.

(*Number of Lectures—50.*)

I.—DISEASE.

Definition and general etiology. Classification according to causes. Factors in.

II.—CIRCULATORY SYSTEM.

Blood.—Abnormalities in serum, alkalinity and coagulability. Changes in erythrocytes, number, size and form. Changes in leucocytes, relative numbers and form. Leucocytosis, definition and clinical varieties. Anæmia, definition, varieties and changes in. Varieties in quantity Ischæmia. Hyperæmia. Thrombosis and embolism. Hæmorrhage. Hæmophilia.

Lymph.—Changes in coagulability. Œdema or dropsy.

III.—TISSUES.

Changes in. Definition of hypertrophy, atrophy, necrosis and gangrene. Degeneration, fatty, amyloid and colloid. Fibroid, pigmentary and calcareous infiltration.

IV.—INFLAMMATION.

Definition. Phenomena. Course and termination.

V.—REGENERATION.

Repair of wounds, varieties. Formation of scars and epitheliation. Repair of special tissues, nerves and bones.

VI.—NEOPLASMA.

Definition and varieties. Classification. Embryological. Histological. Benign or typical. Atypical or malignant. Sarcoma and carcinoma. Structure, varieties and metastasis. Cysts.

VII.—ANIMAL PARASITIC DISEASES.

(a) Ectozoal (Pediculi).

(b) Entozoal. Tape worms. Round worms. Filariasis. Guinea worm, life history.

(c) Protozoal. Amæbæ of dysentery and malaria life history. Leishman-Donovan bodies. Trypanosoma.

VIII.—VEGETABLE PARASITIC DISEASES.

Mycetoma. Mycosis. Microbic infections. Varieties of bacteria. Saprophytes. Mode of infection. Conditions of growth. Bacterial products. Pyogenic infections. Coli bacillus. Tetanus. Diphtheria. Koch's bacillus. Tubercle. Syphilis.

IX.—IMMUNITY.

Mechanism, natural and acquired. Definition and use of anti-sera and vaccines.

X.—PYRÆIA.

Definition, varieties and causes. Types. Metabolism in—.

PRACTICAL.

- (a) Identification of pathological specimens, and sections of commoner pathological tissues.
- (b) Preparation of blood films, stained and unstained.
- (c) Recognition of malarial parasites.
- (d) Preparation and staining of sputum films for tubercle bacillus.

HYGIENE AND VACCINATION.

(*Number of Lectures—20.*)

1. *Air*.—Composition. Vitiating and impurities, suspended and gaseous. Examination of air. Ventilation, natural and artificial. Methods. Diseases due to overcrowding.

2. *Water*.—Sources, collection and storage. Uses. Impurities and origin. Purification, wholesale and domestic. Waterborne diseases.

3. *Climate and soils*.—Varieties. Rainfall. Subsoil water. Building sites. Drainage.

4. *Food and Diets*.—Classification and varieties. Subsistence diet. Diseases due to over and underfeeding. Preserved and tinned foods. Fermented beverages. Milk and its relation to infective diseases.

5. *Personal Hygiene*.—Cleanliness, clothing, exercise, rest, sleep.

6. *Conservancy*.—Methods in villages, jails, towns, and cities. Septic tanks, dry earth latrines and water closets. Disposal of sewage farms. Disposal of the dead.

7. *Commoner communicable Diseases and their prophylaxis*.—Endemic and epidemic. Plague. Cholera. Enteric. Tuberculosis. Malaria. Kala-azar. Sleeping sickness. Rabies and anti-rabies inoculation. Role of flies and biting insects in spreading diseases. Parasites. Disinfection.

8. *Small-pox and Vaccination*.—Prevalence. Inoculation, dangers of Vaccination, practical details of. Sources of vaccine lymph. Preparation of skin. Aseptic precautions. Phenomena of successful vaccination.

9. Practical details of hospital and house construction.

10. *Meteorology*.—Practical. Measurement of rainfall.

Offg. Chief Secy. to the Govt. of Bengal.

[Third publication.]

IRRIGATION DEPARTMENT.

The 3rd February 1914.

No. 1 Notification.—The following draft of (1) rules and (2) schedule of rates of tolls, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix for the navigable channels of the Magra Hât Drainage scheme, as defined in Notification No. 4, dated the 22nd April 1913 (published at page 634, Part I, of the *Calcutta Gazette* of the 23rd *idem*), is published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 18th March 1914, and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

H. H. GREEN,
Secy. to the Govt. of Bengal.

DRAFT RULES FOR THE MAGRA HÂT CHANNELS.

1. Every vessel entering or making use of the Magra Hât channels shall be liable to measurement for the purpose of ascertaining the tolls payable. In case of any reasonable doubt, the persons appointed by the Governor in Council as Collectors of Tolls or Navigation Canal Officers shall have authority to again measure a vessel notwithstanding that it was measured before.

2. Vessels for the purpose of the determination of maundage shall be divided into three classes as follows :—

Class I.—To include all vessels of the usual native types of build known as saltees, but not *bonâ fide* tal (or palm-tree) dongas and not exceeding 50 maunds by canal measurement.

Class II.—To include all other vessels of usual native types of build or cutters.

Class III.—To include all steamers, flats, barges and other square-built boats.

The net maundage of every vessel, whether laden or empty, shall, for the purposes of the Canals Act, 1864, and of these rules be determined by the following measurements :—

CLASS I.

A.—The product of one-quarter the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel multiplied by three-quarters of the depth, measured from the top of the vessel amidships to the interior bottom of the vessel is to be taken as equal to the number of maunds upon which toll shall be levied.

B.—The measurement of the length to be made in feet, rejecting inches, and of the breadth and depth in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C.—Any vessel the maundage of which calculated as above exceeds 50 maunds shall be reckoned as a vessel under class II.

CLASS II.

A.—The product of one-quarter the length of the vessel from stem to stern measured outside and along the water line, multiplied by the greatest interior breadth of the vessel multiplied by the greatest interior depth from the water line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B.—The measurement of the length is to be made in feet, rejecting inches, the measurement of the breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder less than a quarter of a foot.

C.—The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of $12\frac{1}{2}$ maunds, rejecting any remainder of less than $12\frac{1}{2}$ maunds. In the case of boats exceeding 500 maunds by measurement the maundage shall be reckoned to the nearest integral multiple of 50 maunds rejecting any remainder of less than 50 maunds.

CLASS III.

A.—For vessels of class III, the number of maunds obtained by the system of measurement prescribed for vessels of class II shall be increased by one-half. For vessels of this class exceeding 1,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 100 maunds rejecting any remainder of less than 100 maunds. In the case of steamers, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

B.—In case of steamers that have been surveyed under the Inland Steam-vessels Act, 1884, the registered tonnage entered in the certificate may be accepted as the tonnage of the steamer in lieu of measurement.

3. All vessels under class I, known and defined as saltees, will be charged under a system of compounded tollage in accordance with rules contained in Appendix A.

4. Every vessel included in classes II and III entering or passing along the canal shall be furnished with a ticket on paying the prescribed toll. The ticket shall specify the station at which it has been issued, the name of the person in charge of the vessel, the date on which the voyage commenced, the point to which the vessel may proceed on the line of navigation, the maundage of the vessel, the amount of toll charged, the number of days allowed for the voyage, and the date of such last day. The number of days so allowed without additional payment shall be calculated as follows :—

Boats.—One day for every eight miles or portion of eight miles, to be traversed together with one day for every 100 maunds of measurement or part of 100 maunds.

Floats (timber).—One day for every five miles for any number of timbers not exceeding fifty, and one day for every additional fifty or part of fifty.

Rifts (bamboos).—One day for every five miles for any number not exceeding five hundred and one day for every additional five hundred or part of five hundred.

5. Every vessel which does not complete its voyage within the number of days allowed by rule 4 shall, for each day or part of a day in excess, be liable to an extra charge equal to one-half of the toll payable on the maundage of the vessel as per the Schedule of Rates in Appendix B, provided that in no case shall the demurrage charged exceed Rs. 5 per diem. The Superintending Engineer may, at his discretion, exempt any boats on any line of navigation, or any portion of line of navigation from the payment required by this rule.

Exemption from payment of demurrage may, at the discretion of the Collector of Tolls, be granted for vessels detained in the channels (steamers broken down and boats damaged) by stress of weather, should immediate notice of detention, for the information of the Collector of Tolls, Magra Hât channels, be given to the nearest toll-station.

6. All tolls are payable on demand and shall be paid at the toll-station before a vessel is permitted to proceed: Provided that the Collector of Tolls may, at his discretion, permit vessels belonging to individuals or firms of recognised standing to proceed without prepayment on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

7. The ticket must be kept on board the vessel and must be produced for inspection when demanded by any person authorised to do so. If, on demand, the ticket is not produced, such person shall assess the tollage as provided in rule 2, and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel will be liable to seizure and detention in accordance with the provisions of section 9 of the Canals Act, 1864.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the Collector of Tolls on payment of a sum of Re. 1. Provided that for tickets on which the

total tollage is less than Rs. 4. the fee to be charged for a duplicate shall be one-quarter of the total tollage with a minimum of As. 4.

9. A vessel, which has been detained under these rules or under section 9 of the said Act, may not be removed from the canal without the order of the Collector of Tolls until the toll due has been paid. During such detention the manjhi, owner or agent must make arrangements for the safety of the vessel and cargo.

10. All vessels, whether the property of Government or of private owners, are liable for toll, except those exempted by the provisions of Bengal Government Circular No. 11., dated the 11th July 1906.

11. Vessels may be hauled up for repairs on the banks of the canals with the previous written permission of the Supervisor or Navigation Canal Officer. A rent calculated at one-sixth the rate of ordinary demurrage will be charged for the time the vessel occupies the bank.

12. At places where mooring posts have been provided by the Supervisor or Navigation Canal Officer, vessels desiring to moor shall be made fast in single line along the banks to such posts in such manner as the Supervisor or Navigation Canal Officer may direct, and shall not be moored in any other manner.

13. The Supervisor or Navigation Canal Officer may, by written notice to be posted at the toll offices, prohibit the dropping of anchors or the putting up of bamboos or luggies in any specified part of the canals or on the banks.

14. Vessels shall be allowed to make fast in single line along the canal banks in such manner as may be directed by the Supervisor or Navigation Canal Officer from time to time, and no boat shall be made fast or be placed outside of boats so secured. No boat or raft shall be placed in such a position as to endanger the safety or obstruct the passage of other boats. Every vessel, when stationary, shall be securely fastened, and shall at all times have some person in attendance on board. Every vessel in motion shall have a sufficient crew.

15. Vessels passing through the canals shall keep in separate lines, empty boats keeping close to the bank, and those that are laden in the centre.

16. In portions of the canals where only one towing-path exists, vessels shall moor on the side opposite to the towing-path, and the towing-path side shall always be kept clear.

17. Iron-built cargo boats, with outside angle iron projecting beyond the wooden fenders, will not be allowed to enter the locks unless permanent fenders are fixed over the edges of the angle iron so as to prevent them from causing damage to the locks.

18. No fire, or open, unprotected light of any description shall be used on boats containing petroleum, jute, hay or straw in any place prohibited by the Navigation Canal Officer or Supervisor, and no fire, or open, or unprotected light (except in the case of steamers, the galley and engine-room fires and the electric light) shall be used on any vessel while in a lock basin.

19. No person shall wilfully or negligently allow a vessel to sink in the canals.

20. In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor or Navigation Canal Officer and his subordinates shall offer every assistance in removing the same.

If in three days after the occurrence of a wreck it is seen that prompt measures are not being taken by the owner to remove the sunken vessel from the line of navigation, the Supervisor or Navigation Canal Officer and his subordinates shall make their own arrangements for the removal of the same at the expense of the owner, provided that, in cases where navigation is seriously obstructed, arrangements may be made at once to remove the wreck.

21. When a sunken vessel has been recovered, the Supervisor or Navigation Canal Officer shall cause notices to be posted at the locks, toll offices or other prominent places calling on those concerned to pay to the Collector of Tolls all toll or demurrage which may be due, as well as the expenses incurred in the recovery of the vessel and cargo. Should the sum due be not paid within fifteen days of the date of notice, the vessel and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold under the procedure directed in section 9 of the Canals Act, 1864.

22. The purchaser of a vessel sold under the provisions of section 9 of the said Act shall have the right to take it out of the canal on the day of purchase, or within such time as may be allowed by the Collector of Tolls, without payment of tolls.

23. When any laden vessel which has sunk has been recovered, or when any laden vessel has been seized under the provisions of the said Act or of these rules, the Supervisor or Navigation Canal Officer shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the cargo until removed.

24. If the Supervisor or Navigation Canal Officer be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in rule 21 shall be effected by a notice exhibited in his office and by advertisement in at least one English and one vernacular Calcutta newspaper.

25. No steam-vessel, whose length exceeds thirty feet, shall ply in the Magra Hât channels except in the following :—Diamond Harbour creek, Usti Nainan outfall. Nazra khal, Sangrampur khal up to Sangrampur bridge, and the Sarjipur outer khal up to the Surjipur bridge.

26. *Lights and Signals.*—All vessels, whether travelling or moored in the Magra Hât channels, must, between sunset and sunrise, carry a white light in a lantern on the forepart of the vessel where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed above.

27. *Speed of vessels.*—Every vessel plying in the Magra Hât channels must, between sunset and sunrise, limit her speed to three miles per hour. No steam-vessels shall ply between sunset and sunrise in channels detailed in rule 25.

28. No vessel shall remain in the outer entrance channels of the locks at Diamond Harbour and Uttarbhadg nor in the inner lock channel and diversion channel of the Diamond Harbour lock and sluice, nor in the approach channels to any sluice. A board will be put up limiting the portion of the channels in which boats are not permitted to moor.

29. The places at which boats cannot be loaded or unloaded will be fixed by the Superintending Engineer, South-Western Circle, and will be demarcated with suitable posts and notice boards.

30. For any contravention of rules 10, 14, 15, 16, 17, 19, 20, 26, 27 and 28, the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 for any one infringement, or Rs. 5 a day for any continuing infringement.

31. The channels may be closed, whenever necessary, for effecting the necessary repairs to them on one month's notice of the intention so to close them being given; but, in the event of any sudden emergency, the channels may be closed at any time without prior notice, and no claim in such cases by owners of vessels or others for compensation on account of detention or otherwise shall be entertained.

32. The term "Navigation Canal Officer," as used in these rules, shall include all persons appointed to collect tolls under section 8 of the Canals Act, 1864, and all Public Works officers or subordinates in charge of the channel, not below the grade of Sub-Overseer.

33. No vessel whose beam exceeds 19 feet will be permitted to enter the channels through the Diamond Harbour lock. The same prohibition will apply in the case of the Uttarbhadg lock to all vessels exceeding 14 feet beam.

34. Any vessel which enters the channels through the Diamond Harbour lock for the purpose of taking refuge during stormy weather will be charged a nominal toll of As. 8 per boat, provided the vessel leaves the channel again as soon as the weather conditions permit, and does not load or unload cargo inside the channel. All vessels seeking refuge under this rule must anchor in the creek close to the toll-collector's office and will not be permitted to proceed up the creek without paying the usual tolls.

35. Any vessel entering the channels through the Diamond Harbour lock and proceeding to load or unload at the Diamond Harbour station only will be charged tollage at the rate of As. 2 per 100 maunds to include the return journey. Should such boats proceed up the creek, they will be charged the ordinary tolls.

APPENDIX A.

Rules for licensing and registration of saltees or vessels under class I.

1. As provided for under rule 3, no vessel coming under class I, rule 2, shall ply, whether regularly or only occasionally in, or partly within and partly without the limits of, the Magra Hât channels unless licensed and registered by the Collector of Tolls of the Magra Hât channels.
2. Every owner of a vessel or his agent or manjhi shall apply to the Collector of Tolls, Magra Hât channels, for licensing and registration, giving the owner's name and residence or those of his agent duly authorised to act for him.
3. Every license granted under these rules shall continue in force for either six months or one year from the date of issue.
4. The license is not transferable, and if the ownership or manjhi or both of the vessel be changed, notice of the transfer must be given to the Collector of Tolls of Magra Hât channels, who will endorse the change of ownership on the certificate and register free of charge.
5. The license certificate granted for a vessel should contain the registered number of the vessel, owner's name and residence, name of manjhi, the maundage measurements, amount of compounded tollage and the dates of issue and expiry and shall be kept on board. It shall be produced, when required, by a Navigation Canal Officer and shall be delivered up on the expiration of the license.
6. The charge for the issue of a duplicate license to vessels in lieu of those defaced or lost is Re. 1.
7. The registered number of every licensed vessel shall be engraved or branded, as well as painted in figures easily discernible on both sides of the vessel for which a charge of Re. 1 will be made. Teehs figures shall be legibly maintained during the period of the license.
8. On the expiration of the license the manjhi shall deliver up his ticket to the toll collector at the station from which it was issued.
9. No person in charge of any licensed vessel plying within the limits of the Magra Hât channels shall use or have any ticket resembling those granted under the authority of these rules.
10. Every renewal of a license shall, unless the Navigation Canal Officer considers it unnecessary, involve the issue of a fresh license certificate without alteration in the registered number of the vessel.
11. Every vessel under class I, found plying in the channels without being licensed and registered shall be charged a demurrage rate of Rs. 3 for every such offence, provided that such vessel is not proceeding to the nearest toll station for the purpose of obtaining a license and being registered

IRRIGATION DEPARTMENT.

The 3rd February 1914.

No. 1 Notification.—The following draft of (1) rules and (2) schedule of rates of tolls, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix for the navigable channels of the Magra Hât Drainage scheme, as defined in Notification No. 1, dated the 22nd April 1913 (published at page 634, Part I, of the *Calcutta Gazette* of the 23rd *idem*), is published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 18th March 1914, and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

H. H. GREEN,
Secy. to the Govt. of Bengal.

DRAFT RULES FOR THE MAGRA HÂT CHANNELS.

1. Every vessel entering or making use of the Magra Hât channels shall be liable to measurement for the purpose of ascertaining the tolls payable. In case of any reasonable doubt, the persons appointed by the Governor in Council as Collectors of Tolls or Navigation Canal Officers shall have authority to again measure a vessel notwithstanding that it was measured before.

2. Vessels for the purpose of the determination of maundage shall be divided into three classes as follows:—

Class I.—To include all vessels of the usual native types of build known as *saltees*, but not *bond fide* tal (or palm-tree) dongas and not exceeding 50 maunds by canal measurement.

Class II.—To include all other vessels of usual native types of build or cutters.

Class III.—To include all steamers, flats, barges and other square-built boats.

The net maundage of every vessel, whether laden or empty, shall, for the purposes of the Canals Act, 1864, and of these rules be determined by the following measurements:—

CLASS I.

A.—The product of one-quarter the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel multiplied by three-quarters of the depth, measured from the top of the vessel amidships to the interior bottom of the vessel is to be taken as equal to the number of maunds upon which toll shall be levied.

B.—The measurement of the length to be made in feet, rejecting inches, and of the breadth and depth in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C.—Any vessel the maundage of which calculated as above exceeds 50 maunds shall be reckoned as a vessel under class II.

CLASS II.

A.—The product of one-quarter the length of the vessel from stem to stern measured outside and along the water line, multiplied by the greatest interior breadth of the vessel multiplied by the greatest interior depth from the water line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B.—The measurement of the length is to be made in feet, rejecting inches, the measurement of the breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder less than a quarter of a foot.

C.—The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of $12\frac{1}{2}$ maunds, rejecting any remainder of less than $12\frac{1}{2}$ maunds. In the case of boats exceeding 500 maunds by measurement the maundage shall be reckoned to

the nearest integral multiple of 50 maunds rejecting any remainder of less than 50 maunds.

D.—In the case of boats carrying passengers only, one foot shall be deducted from the full interior depth of the vessel, the other measurements and the calculations for maundage being made in the methods prescribed for vessels under Class II.

CLASS III.

A.—For vessels of class III, the number of maunds obtained by the system of measurement prescribed for vessels of class II shall be increased by one-half. For vessels of this class exceeding 1,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 100 maunds rejecting any remainder of less than 100 maunds. In the case of steamers, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

B.—In case of steamers that have been surveyed under the Inland Steam-vessels Act, 1884, the registered tonnage entered in the certificate may be accepted as the tonnage of the steamer in lieu of measurement.

3. All vessels under class I, known and defined as saltees, will be charged under a system of compounded tollage in accordance with rules contained in Appendix A.

4. Every vessel included in classes II and III entering or passing along the canal shall be furnished with a ticket on paying the prescribed toll. The ticket shall specify the station at which it has been issued, the name of the person in charge of the vessel, the date on which the voyage commenced, the point to which the vessel may proceed on the line of navigation, the maundage of the vessel, the amount of toll charged, the number of days allowed for the voyage, and the date of such last day. The number of days so allowed without additional payment shall be calculated as follows :—

Boats.—One day for every eight miles or portion of eight miles, to be traversed together with one day for every 100 maunds of measurement or part of 100 maunds.

Floats (timber).—One day for every five miles for any number of timbers not exceeding fifty, and one day for every additional fifty or part of fifty.

Rifts (bamboos).—One day for every five miles for any number not exceeding five hundred and one day for every additional five hundred or part of five hundred.

5. Every vessel which does not complete its voyage within the number of days allowed by rule 4 shall, for each day or part of a day in excess, be liable to an extra charge equal to one-half of the toll payable on the maundage of the vessel as per the Schedule of Rates in Appendix B, provided that in no case shall the demurrage charged exceed Rs. 5 per diem. The Superintending Engineer may, at his discretion, exempt any boats on any line of navigation, or any portion of line of navigation from the payment required by this rule.

Exemption from payment of demurrage may, at the discretion of the Collector of Tolls, be granted for vessels detained in the channels (steamers broken down and boats damaged) by stress of weather, should immediate notice of detention, for the information of the Collector of Tolls, Magra Hat channels, be given to the nearest toll-station.

6. All tolls are payable on demand and shall be paid at the toll-station before a vessel is permitted to proceed: Provided that the Collector of Tolls may, at his discretion, permit vessels belonging to individuals or firms of recognised standing to proceed without prepayment on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

7. The ticket must be kept on board the vessel and must be produced for inspection when demanded by any person authorised to do so. If, on demand, the ticket is not produced, such person shall assess the tollage as provided in rule 2, and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel will be liable to seizure and detention in accordance with the provisions of section 9 of the Canals Act, 1864.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the Collector of Tolls on payment of a sum of Re. 1. Provided that for tickets on which the

total tollage is less than Rs. 4. the fee to be charged for a duplicate shall be one-quarter of the total tollage with a minimum of As. 4.

9. A vessel, which has been detained under these rules or under section 9 of the said Act, may not be removed from the canal without the order of the Collector of Tolls until the toll due has been paid. During such detention the manjhi, owner or agent must make arrangements for the safety of the vessel and cargo.

10. All vessels, whether the property of Government or of private owners, are liable for toll, except those exempted by the provisions of Bengal Government Circular No. 11., dated the 11th July 1906.

11. Vessels may be hauled up for repairs on the banks of the canals with the previous written permission of the Supervisor or Navigation Canal Officer. A rent calculated at one-sixth the rate of ordinary demurrage will be charged for the time the vessel occupies the bank.

12. At places where mooring posts have been provided by the Supervisor or Navigation Canal Officer, vessels desiring to moor shall be made fast in single line along the banks to such posts in such manner as the Supervisor or Navigation Canal Officer may direct, and shall not be moored in any other manner.

13. The Supervisor or Navigation Canal Officer may, by written notice to be posted at the toll offices, prohibit the dropping of anchors or the putting up of bamboos or luggies in any specified part of the canals or on the banks.

14. Vessels shall be allowed to make fast in single line along the canal banks in such manner as may be directed by the Supervisor or Navigation Canal Officer from time to time, and no boat shall be made fast or be placed outside of boats so secured. No boat or raft shall be placed in such a position as to endanger the safety or obstruct the passage of other boats. Every vessel, when stationary, shall be securely fastened, and shall at all times have some person in attendance on board. Every vessel in motion shall have a sufficient crew.

15. Vessels passing through the canals shall keep in separate lines, empty boats keeping close to the bank, and those that are laden in the centre.

16. In portions of the canals where only one towing-path exists, vessels shall moor on the side opposite to the towing-path, and the towing-path side shall always be kept clear.

17. Iron-built cargo boats, with outside angle iron projecting beyond the wooden fenders, will not be allowed to enter the locks unless permanent fenders are fixed over the edges of the angle iron so as to prevent them from causing damage to the locks.

18. No fire, or open, unprotected light of any description shall be used on boats containing petroleum, jute, hay or straw in any place prohibited by the Navigation Canal Officer or Supervisor, and no fire, or open, or unprotected light (except in the case of steamers, the galley and engine-room fires and the electric light) shall be used on any vessel while in a lock basin.

19. No person shall wilfully or negligently allow a vessel to sink in the canals.

20. In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor or Navigation Canal Officer and his subordinates shall offer every assistance in removing the same.

If in three days after the occurrence of a wreck it is seen that prompt measures are not being taken by the owner to remove the sunken vessel from the line of navigation, the Supervisor or Navigation Canal Officer and his subordinates shall make their own arrangements for the removal of the same at the expense of the owner, provided that, in cases where navigation is seriously obstructed, arrangements may be made at once to remove the wreck.

21. When a sunken vessel has been recovered, the Supervisor or Navigation Canal Officer shall cause notices to be posted at the locks, toll offices or other prominent places calling on those concerned to pay to the Collector of Tolls all toll or demurrage which may be due, as well as the expenses incurred in the recovery of the vessel and cargo. Should the sum due be not paid within fifteen days of the date of notice, the vessel and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold under the procedure directed in section 9 of the Canals Act, 1864.

22. The purchaser of a vessel sold under the provisions of section 9 of the said Act shall have the right to take it out of the canal on the day of purchase, or within such time as may be allowed by the Collector of Tolls, without payment of tolls.

23. When any laden vessel which has sunk has been recovered, or when any laden vessel has been seized under the provisions of the said Act or of these rules, the Supervisor or Navigation Canal Officer shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the cargo until removed.

24. If the Supervisor or Navigation Canal Officer be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in rule 21 shall be effected by a notice exhibited in his office and by advertisement in at least one English and one vernacular Calcutta newspaper.

25. No steam-vessel, whose length exceeds thirty feet, shall ply in the Magra Hât channels except in the following:—Diamond Harbour creek, Usti Nainan outfall, Nazra khal, Sangrampur khal up to Sangrampur bridge, and the Sarjipur outer khal up to the Surjipur bridge.

26. *Lights and Signals.*—All vessels, whether travelling or moored in the Magra Hât channels, must, between sunset and sunrise, carry a white light in a lantern on the forepart of the vessel where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed above.

27. *Speed of vessels.*—Every vessel plying in the Magra Hât channels must, between sunset and sunrise, limit her speed to three miles per hour. No steam-vessels shall ply between sunset and sunrise in channels detailed in rule 25.

28. No vessel shall remain in the outer entrance channels of the locks at Diamond Harbour and Uttarbhag nor in the inner lock channel and diversion channel of the Diamond Harbour lock and sluice, nor in the approach channels to any sluice. A board will be put up limiting the portion of the channels in which boats are not permitted to moor.

29. The places at which boats cannot be loaded or unloaded will be fixed by the Superintending Engineer, South-Western Circle, and will be demarcated with suitable posts and notice boards.

30. For any contravention of rules 10, 14, 15, 16, 17, 19, 20, 26, 27 and 28, the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 for any one infringement, or Rs. 5 a day for any continuing infringement.

31. The channels may be closed, whenever necessary, for effecting the necessary repairs to them on one month's notice of the intention so to close them being given; but, in the event of any sudden emergency, the channels may be closed at any time without prior notice, and no claim in such cases by owners of vessels or others for compensation on account of detention or otherwise shall be entertained.

32. The term "Navigation Canal Officer," as used in these rules, shall include all persons appointed to collect tolls under section 8 of the Canals Act, 1864, and all Public Works officers or subordinates in charge of the channel, not below the grade of Sub-Overseer.

33. No vessel whose beam exceeds 19 feet will be permitted to enter the channels through the Diamond Harbour lock. The same prohibition will apply in the case of the Uttarbhag lock to all vessels exceeding 14 feet beam.

34. Any vessel which enters the channels through the Diamond Harbour lock for the purpose of taking refuge during stormy weather will be charged a nominal toll of As. 8 per boat, provided the vessel leaves the channel again as soon as the weather conditions permit, and does not load or unload cargo inside the channel. All vessels seeking refuge under this rule must anchor in the creek close to the toll-collector's office and will not be permitted to proceed up the creek without paying the usual tolls.

35. Any vessel entering the channels through the Diamond Harbour lock and proceeding to load or unload at the Diamond Harbour station only will be charged tollage at the rate of As. 2 per 100 maunds to include the return journey. Should such boats proceed up the creek, they will be charged the ordinary tolls.

APPENDIX A.

Rules for licensing and registration of salters or vessels under class I.

1. As provided for under rule 3, no vessel coming under class I, rule 2, shall ply, whether regularly or only occasionally in, or partly within and partly without the limits of, the Magra Hât channels unless licensed and registered by the Collector of Tolls of the Magra Hât channels.
2. Every owner of a vessel or his agent or manjhi shall apply to the Collector of Tolls, Magra Hât channels, for licensing and registration, giving the owner's name and residence or those of his agent duly authorised to act for him.
3. Every license granted under these rules shall continue in force for either six months or one year from the date of issue.
4. The license is not transferable, and if the ownership or manjhi or both of the vessel be changed, notice of the transfer must be given to the Collector of Tolls of Magra Hât channels, who will endorse the change of ownership on the certificate and register free of charge.
5. The license certificate granted for a vessel should contain the registered number of the vessel, owner's name and residence, name of manjhi, the maundage measurements, amount of compounded tollage and the dates of issue and expiry and shall be kept on board. It shall be produced, when required, by a Navigation Canal Officer and shall be delivered up on the expiration of the license.
6. The charge for the issue of a duplicate license to vessels in lieu of those defaced or lost is Re. 1.
7. The registered number of every licensed vessel shall be engraved, or branded, as well as painted in figures easily discernible on both sides of the vessel for which a charge of Re. 1 will be made. These figures shall be legibly maintained during the period of the license.
8. On the expiration of the license the manjhi shall deliver up his ticket to the toll collector at the station from which it was issued.
9. No person in charge of any licensed vessel plying within the limits of the Magra Hât channels shall use or have any ticket resembling those granted under the authority of these rules.
10. Every renewal of a license shall, unless the Navigation Canal Officer considers it unnecessary, involve the issue of a fresh license certificate without alteration in the registered number of the vessel.
11. Every vessel under class I, found plying in the channels without being licensed and registered shall be charged a demurrage rate of Rs. 3 for every such offence, provided that such vessel is not proceeding to the nearest toll station for the purpose of obtaining a license and being registered

No. 28 Marine.—The following draft of rules which, in exercise of the power conferred by section 50A of the Inland Steam-vessels Act, 1884 (VI of 1884), the Governor in Council intends to make to regulate the navigation of inland steam-vessels in certain portions of the river Hooghly, in supersession of the rules published under this Department's Notification No. 5 Marine, dated the 10th January 1902, as amended by Notification No. 140 Marine, dated the 22nd December 1906, and also in supersession of this Department's preliminary Notification No. 93 Marine, dated the 1st July 1913, is published for the information of persons likely to be affected thereby.

II. The draft rules will be taken into consideration on or after the 25th March 1914, and any objections or suggestions with regard thereto which are received by the undersigned before that date will be duly considered.

H. H. GREEN,
Secy. to the Govt. of Bengal.

DRAFT.

Steering rules to regulate the navigation of inland steam-vessels in certain portions of the river Hooghly.

1. All inland steam-vessels navigating the river Hooghly shall be navigated as follows:—

- (a) Between Kidderpore Docks and Luff Point, they shall be navigated on the shallow side of the channel when meeting or being overtaken by sea-going vessels.
- (b) In College Reach, they shall navigate on the edge of College Sand, and shall keep to the northward of the sea-going traffic between Shalimar Point and Camberbachies Point.

[*Note.*—College Reach is bounded to the west by a line drawn due north of Camberbachies Point and to the east by a line drawn from Shalimar Point flagstaff and Kidderpore Clock Tower.]

- (c) In Panchpara and Sangral Reach, they shall navigate on the edge of Sangral Sand.
- (d) In Jarmakers Reach, they shall navigate on the edge of Munikolli Sand.
- (e) In Koffri Reach, they shall navigate on the edge of Koffri Sand.
- (f) In the upper part of Budge-Budge Reach, they shall navigate on the right bank of the river; in the lower part, on the edge of Budge-Budge Sand.
- (g) At Pujali Crossing and in the Ulubaria and Achipur Reaches, they shall navigate on the edge of the sand on the left bank of the river.
- (h) At Moyapur Bar, they shall navigate the shallow tracks.
- (i) In Royapur Reach, they shall navigate on the edge of the Royapur Sand.
- (j) In Royapur Crossing, they shall navigate the shallow tracks.
- (k) In Hog River Reach, they shall navigate on the edge of Hog River Sand.
- (l) At Fisherman's Point and in Fulta Reach, they shall navigate on the edge of Fulta Sand.
- (m) At Ninan, they shall navigate on the edge of Shibgunge Sand.
- (n) At the James and Mary, they shall navigate the Western Gut when there is sufficient depth of water. When obliged to use the Eastern Gut, they shall navigate on the edge of Nurpur Sand and the Muckraputti Lumps.

2. When crossing from one reach to the other or from one side of the channel to the other, in the portions of the river Hooghly specified in rule 1, inland steam-vessels shall not obstruct the passage or cause risk of collision with any sea-going vessels crossing or passing at the same time, and if necessary, they shall slacken their speed, or shall stop and reverse engines until the sea-going vessel has passed them.

3. When inland steam-vessels meet other inland steam-vessels, they shall pass port to port.

The 24th February 1914.

No. 29 Marine.—Notification.—In accordance with the provisions of section 50, sub-section (2) of the Indian Ports Act, 1908, the following account of the receipts and expenditure of the Hospital Port Dues Fund of the Port of Calcutta for the year 1912-13 is published for general information. MEDICAL DEPARTMENT.

NOTIFICATION.

No. 703Medl.—The 26th February 1914.—The following draft of a notification which it is proposed to issue in exercise of the powers conferred by section 69B, clause (ii) of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), and section 138, clause (k) of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), is published for the information of persons likely to be affected thereby, and notice is hereby given that the draft will be taken into consideration by the Governor in Council on or after the 1st May 1914.

Any objection or suggestion which may be received from any person with respect to the draft before the date fixed as aforesaid will be considered by the Governor in Council.

H. L. STEPHENSON,
Secy. to the Govt. of Bengal.

DRAFT NOTIFICATION.

IN exercise of the powers conferred upon him by section 69B, clause (ii) of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), and section 138, clause (k) of the Bengal Local Self-Government Act, III of 1885 (Bengal Act III of 1885), and in supersession of the Notification No. 2497Medl., dated the 31st December 1908, and of the rules published therewith, as subsequently amended, the Governor in Council is pleased to make the following rules for the establishment and management of hospitals and dispensaries under the supervision of the Government of Bengal:—

RULES FOR THE MANAGEMENT OF HOSPITALS AND DISPENSARIES UNDER THE SUPERVISION OF THE GOVERNMENT OF BENGAL.

PRELIMINARY.

In these rules—

- (a) “Local authority” means any body of persons for the time being invested by law with the control and administration of any matters within a specified local area. It includes a Joint Committee under section 30 and a Local Board under section 101 of Bengal Act III of 1885.
- (b) “Local fund” means any fund under the control or management of a local authority.

CLASSIFICATION.

RULE 1.—Hospitals and dispensaries under Government supervision are divided into the following classes:—

Classification of hospitals and dispensaries.

Class I. *State—Public hospitals and dispensaries.*

Class II. *State—Special hospitals and dispensaries.*

- | | |
|--------------|-----|
| (i) Police | ... |
| (ii) Forest | ... |
| Surveys | ... |
| (iii) Canals | ... |
| (iv) Others | ... |

These include all institutions maintained by Provincial funds and under Government management. (The fact that an institution possesses endowments or receives contributions from local funds or private subscriptions should not be regarded as a reason for not classing it as “State,” so long as Provincial and Imperial funds are ultimately responsible for all the charges connected with it.)

Class I.—“Public” are State dispensaries which are open to the poorer classes of the public.

Class II.—“Special” are State dispensaries which serve only a special section of the public, as indicated in the sub-classification attached.

Class III.—*Local Fund Hospitals and Dispensaries*—includes all institutions which are vested in local authorities, or guaranteed or maintained by local funds. The fact that such an institution is aided by private subscriptions or receives assistance from Government in the shape of part of the salary of the medical officer, grants of medicine or otherwise, should not be regarded as a reason for not classing it as a Local Fund Dispensary so long as its existence is ultimately dependent upon local funds.

Class IV.—*Private aided Hospitals and Dispensaries*—comprises institutions supported by private subscriptions or guarantee, but receiving aid from Government or local funds.

Class V.—*Private non-aided Hospitals and Dispensaries*—comprises institutions maintained entirely at the cost of private individuals or associations. The fact that Government supplies superior inspection or registers and forms should not be regarded as a reason for not treating it as a private non-aided dispensary.

Class VI.—*Railway Hospitals and Dispensaries*—comprises all Railway institutions whether maintained by State Railways or others.

OPENING AND CLOSING OF DISPENSARIES AND CONDITIONS UNDER WHICH GOVERNMENT AID AND SUPERVISION WILL BE GIVEN.

RULE 2.—A dispensary may be opened by a local authority with the sanction, general or special, of the Commissioner, and on provision of the necessary funds in the annual budget, and it may be closed by the same authority, with the same sanction. When thus opened or closed by a local authority, the fact shall be reported by the Civil Surgeon to the Inspector-General of Civil Hospitals, in order that the dispensary may be added to or struck off from the list in class III. No dispensary in class III in which a Government medical subordinate is employed shall, however, be closed without the sanction of Government, and, in the case of a dispensary in class IV or V, three months' notice shall be given to the District Magistrate and the Civil Surgeon before the dispensary is closed. All dispensaries maintained by local authorities with public funds entrusted to them by Government are subject to all the rules hereby laid down for the management of such institutions. Whenever a dispensary under class IV or class V is opened or closed by a private individual, the fact shall be reported by the Civil Surgeon to the Inspector-General of Civil Hospitals.

(i) Institutions in class IV, which are in receipt of aid from Government or Local funds, shall be subject to these rules. Private non-aided dispensaries shall not be brought under the supervision of Government except at the request of those who are responsible for their maintenance. When the Inspector-General of Civil Hospitals approves of their being brought under Government supervision, they shall be placed in class V and be subject to such of these rules as are applicable to them.

(ii) Whenever a new dispensary is opened, whether it is a State or Local Fund dispensary, or when a private dispensary is proposed to be placed under Government supervision, the Civil Surgeon of the district should furnish the Inspector-General of Civil Hospitals with information on the following points:—

- (a) Allotment made under the different heads of expenditure for the maintenance of the dispensary.
- (b) A copy of the Divisional Commissioner's order sanctioning the establishment of the dispensary, unless it is a private one.
- (c) A plan of the building in which the dispensary is or will be located.
- (d) The authority mainly responsible for its maintenance and the class in which it is proposed to place it.
- (e) The diploma and other certificates of the Medical Officer whom it is proposed to appoint as laid down in rule 10.

(iii) No dispensary should be removed from one place to another until the matter has been fully discussed and the Inspector-General of Civil Hospitals informed in sufficient time to enable him to express an opinion and to sanction or reject the proposal.

RULE 3.—Applications for grants from Government in respect of any dispensary shall be submitted to Government through the Magistrate and the Commissioner.

Grants-in-aid by Government and Local authorities.

(i) The Governor in Council reserves the right to withdraw Government supervision or aid in any case, or at any time, when it may seem desirable to do so.

(ii) No grant may be made by a local authority in aid of any hospital or dispensary which has not received the recognition of Government and been classified under these rules. Grants-in-aid shall be made only in accordance with these rules.

RULE 4.—A guarantee bond for the maintenance of a dispensary for a given period may, if thought necessary, be required from the intending supporters of an institution in class IV or V as a condition precedent to their obtaining assistance from Government in money or in any other way.

Guarantee bond

RULE 5.—The Managing Committee or Manager or person or persons vested with the management of every hospital or dispensary under these rules, whether in class I, class II, class III, class IV, class V or class VI, shall submit to the Medical Department, through the Civil Surgeon of the district, such reports, returns, and accounts as may be prescribed by the Inspector-General of Civil Hospitals from time to time. Such reports, returns, and accounts shall be in such forms, and be submitted on such dates, as may be prescribed. All books, registers, and forms which may be necessary for the preparation and submission of such reports, returns, and accounts will be supplied by Government free of cost.

Submission of reports, returns and accounts

RULE 6.—Every institution which is recognized by Government and brought under these rules is subject to inspection and supervision by the Commissioner of the Division, by the Civil authorities of the district, by the Civil Surgeon, by the administrative officers of the Medical Department, and by any other person who may be generally or specially appointed by the Commissioner of the Division in that behalf. No charge will be made for such inspection or supervision.

Inspection and supervision

RULE 7.—Government aid to a hospital or dispensary will be conditional on the observance of due economy in the management of the dispensary funds. The Inspector-General of Civil Hospitals will bring to the notice of Government any instance in which he considers that such economy is not observed, and that the Government aid should be continued or withdrawn.

Conditions for grant-in-aid

RULE 8.—Every dispensary under Government supervision which has accommodation for in-patients shall admit all cases brought by the Police for examination and treatment.

Admission of Police cases, and post mortems

APPOINTMENT, PAY, LEAVE, AND PENSION OF MEDICAL OFFICERS.

RULE 9.—The medical officer of every institution in class I or II of these rules shall be a member of the Government service, and shall be appointed by the Inspector-General of Civil Hospitals.

Appointment of medical officer in State institutions

RULE 10.—The local authority or Managing Committee vested with the control and administration of an institution in class III, and the Managing Committee, Manager or person or persons vested with the management of an institution in class IV, V or VI (private) shall be entitled to appoint their own medical officer subject to the following conditions, viz.—

Appointment of medical officer in other cases.

(a) that he be a duly qualified medical man, licensed or certified by a recognised medical college or school, his license or diploma being subject to examination and approval by the Inspector-General of Civil Hospitals;

(b) that he be not a dismissed servant of Government, or disqualified for his duties by age, infirmity or character; and .

(c) that in the event of misconduct, insolvency, or professional incompetence by reason of age or otherwise, being proved against him to the satisfaction of the Medical Department he be removed from his charge on the requisition of the Inspector-General of Civil Hospitals:

(i) Provided that, on the application of the local authority or Managing Committee of any such institution, the services of a Government medical officer may be lent to such institution, subject to these rules. In such cases the pay *plus* contribution towards pension and allowance for leave including privilege leave of an Assistant Surgeon will be assumed to be Rs. 290 per mensem, and the pay including contribution for privilege leave allowance of a Sub-Assistant Surgeon Rs. 57, and local authorities be required to pay these sums into the treasury half-yearly in June and December, irrespective of the actual pay of the officer appointed.

(ii) Provided, also, that in the case of dispensaries situated at the headquarters of districts or of subdivisions, the medical officer shall be a member of the Government service, and shall, in all cases, possess such qualifications as may be declared to be necessary for such an appointment. The salary of a medical officer in charge of a dispensary at the head-quarters of a subdivision shall be as laid down in Rule 11.

NOTE.—This rule does not preclude the local authority or the Managing Committee or Manager which appoints a medical officer to the charge of a dispensary vested in it from removing that officer on its own initiative. It only vests the Inspector-General of Civil Hospitals with power to secure the dismissal of a medical officer found to be incompetent.

RULE 11.—In the case of a hospital or dispensary situated at the headquarters of a subdivision, the Government medical officer in charge of the subdivision will usually be in charge of the hospital or dispensary in addition to his other duties, and will receive from the managers of the dispensary an additional allowance of Rs. 10 a month if he is a Sub-Assistant Surgeon, or Rs. 20 a month if he is an Assistant Surgeon.

(i) If the officer sanctioned by Government for the medical charge of the subdivision is of the Sub-Assistant Surgeon class, it will be open to the managers to obtain the services of a Civil Assistant Surgeon on payment of the difference between the assumed pay of an Assistant Surgeon (Rs. 290) and the assumed pay of a Sub-Assistant Surgeon (Rs. 57) in addition to the dispensary allowance.

RULE 11 (a).—In some subdivisions and sadar stations there are two medical officers—one an Assistant Surgeon and the other a Sub-Assistant Surgeon. In the absence, other than merely temporary, of one of such officers if the absentee's work is carried out by the remaining officer in addition to his own duties the latter will be granted an allowance at the rate of Rs. 10 a month in the case of a Sub-Assistant Surgeon, and Rs. 20 a month if a Civil Assistant Surgeon; such allowance being paid by the authority (Government or local body) responsible for the pay of the absentee.

RULE 12.—The Inspector-General of Civil Hospitals may, at any time, for departmental or other reasons, remove or transfer any Government medical subordinate whose services have been lent to an institution in class III, IV, V or VI (private) and may appoint another medical subordinate to succeed him. In every such case, except as hereinafter provided, the transit pay and travelling allowances both of the officer transferred and of his successor shall be entirely paid by Government:

Provided that if any officer is removed or transferred at the request of the local authority or Managing Committee or Manager, the transit pay and travelling allowances both of the officer transferred and of his successor shall be entirely paid by the local authority or Managing Committee or Manager concerned. In such cases the local authority or Managing Committee or Manager of institutions in classes III, IV, V and VI (private) shall be required to give three months' previous notice of their intention.

NOTE.—The transit pay and travelling allowance of a Government medical officer whose services are withdrawn from a Local Fund dispensary at the request of the local authorities or the Managing Committee or Manager will, in the first instance, be drawn from the local Government treasury and will subsequently be recovered by the Accountant-General, Bengal, through the Collector of the district.

RULE 13.—The pay to which a Government medical subordinate in medical charge of any dispensary is entitled is only the pay of his grade, and no allowance in addition to his authorized pay can be granted by a local authority without the consent of Government.

Pay of Government medical subordinate lent to be grade pay.

NOTE.—Any application under this rule must be made through the District Magistrate, the Commissioner of the division and the Inspector-General of Civil Hospitals, Bengal.

RULE 14.—A Government medical subordinate appointed to the charge of a hospital or dispensary under these rules will retain his right to pension and leave allowances under the rules of the Civil Service Regulations.

Pension and leave allowances of Government medical subordinates.

RULE 15.—All applications for leave from Government medical subordinates must be submitted through the Managing Committee or Manager and the Civil Surgeon to the Inspector-General of Civil Hospitals, Bengal, who alone is authorized to grant the leave and to appoint a substitute, whose transit pay and travelling allowance will be paid by Government. The leave pay of Government medical officers in charge of hospitals or dispensaries in classes III, IV, V and VI (private) proceeding on leave including privilege leave will be borne by Government.

Applications for leave and payment of allowances

RULE 16.—Medical officers in charge of hospitals and dispensaries in class III, IV or V, who are not in Government service, shall be entitled to such leave as the local authority or Managing Committee or Manager may grant: provided that the leave or allowances during leave shall not exceed what would be admissible under the rules which apply to an officer paid from general revenues, and that in the case of an institution in class III, if rules for the grant of leave have been framed by the local authority concerned, leave shall only be granted in accordance with such rules. The local authority or Managing Committee or Manager shall appoint a *locum tenens* duly qualified under Rule 10, and shall provide for any expenditure that may be incurred on account of the pay of the medical officer while on leave, and the pay and travelling allowances, if any, of his *locum tenens*. In no case shall leave be granted to a medical officer (who is not in Government service) in charge of a dispensary without the cognizance of the Civil Surgeon of the district.

Leave of officers not in Government service

MEDICAL STORES.

RULE 17.—The indents for medical stores for hospitals and dispensaries in class III, IV, V or VI (private) must be drawn up by the medical officer of the institution and be checked and passed by the Civil Surgeon before the stores are purchased. Such institutions shall make their own arrangements for the supply of medicines and medical stores.

Indents for medical Stores

N.B.—It is advantageous to obtain medical stores excluding opium and quinine from Messrs. Burgholmes & Co., of London, tinctures and other alcoholic preparations from Messrs. Smith, Stanistree, & Co., of Calcutta, mineral acids from Messrs. D. Waldie & Co., of Calcutta, cinchona febrifuge and quinine from the Government Quinologist, castor-oil from the Rampur Boalia Central Jail, and opium from the local treasury.

RULE 18.—Medical stores will be supplied to State hospitals and dispensaries from the Government Medical Store Department; but the indent must be checked and countersigned by the Civil Surgeon. It will, however, be in the discretion of the Inspector-General of Civil Hospitals to sanction or disallow any demand.

Supply of stores.

RULE 19.—Medical stores to be supplied from the Medical Store Department must be indented for annually, and the annual indent must be submitted on the date fixed by the Civil Surgeon, to enable him to submit the combined indent for his district punctually on the date fixed by the Inspector-General of Civil Hospitals, Bengal.

Indent to be annual.

MANAGEMENT AND SUPERVISION

RULE 20.—The management of hospitals and dispensaries under these rules shall be vested as follows:—

If the institution is in—

- (a) Classes I and II—in such officer, person or persons as Government may direct.
- (b) Class III—in the local authority with which the ultimate responsibility for its maintenance rests, or in a Managing Committee appointed by that authority, subject to the veto of the Commissioner of the Division. Such Managing Committee may include persons who are not members of the local authority. The District Magistrate and the Civil Surgeon at head-quarters and the Subdivisional Magistrate and the medical officer of the subdivision shall be *ex-officio* members. The members shall be notified by the Commissioner in the *Calcutta Gazette*.
- (c) Classes IV and V—in a Manager or Managing Committee to be nominated by the supporters and approved by the Commissioner of the Division: provided that no Committee shall be appointed for any institution which receives no aid from Government or local funds, unless the proprietors or chief supporters apply for such appointment.
- (d) The members of the Managing Committee of a dispensary are vested with powers to appoint their own Chairman and Vice-Chairman.

No employé of the dispensary shall be eligible for appointment as a member of the Dispensary Committee. This prohibition does not, however, refer to Civil Surgeons or Subdivisional Medical Officers who are not employés of the dispensary.

NOTE.—The management of a local fund hospital or dispensary may be vested by the local authority in a Manager instead of a Managing Committee in places where the services of an efficient Committee cannot be secured. Such Manager shall exercise in respect of the hospital or dispensary for which he is appointed the powers exercised by a Managing Committee under these rules, or such powers additional or otherwise as may be delegated to him by the local authority.

RULE 21.—Every member of a Managing Committee appointed under rule 20, clauses (a) and (c), shall vacate his office at the end of three years from the date of his appointment as such member; and

Term of office of members of Managing Committee.

every member of a Managing Committee appointed under rule 20, clause (b), shall vacate his office when the term of office of the members of the local body by which the Committee is appointed expires:

Provided that the term of office of the members of the Committee shall be held to include any period which may elapse between its expiration and the date of the first meeting of a new committee appointed to take its place.

Members of Managing Committees appointed under Rule 20 shall be eligible for reappointment after their term of three years expires.

RULE 22.—(1) A member of a committee appointed under Rule 20, clause (a), may at any time be removed from office by the Commissioner of the Division.

Removal of members.

(2) A member of a committee appointed under Rule 20, clause (b), may at any time be removed (i) by resolution of the local body by which the committee was appointed, passed by a majority of votes of the members of such body present at a meeting specially convened for the purpose, or (ii) for any of the reasons for which a member of the local body might be removed from office by the authority empowered by law to remove such member.

(3) A Manager or a member of a committee appointed under Rule 20, clause (c), may at any time be removed from office by the Commissioner of the Division, at the request of the supporters or any of them, or by the Commissioner of his own motion for any of the reasons for which he might remove from office a Municipal Commissioner.

RULE 23.—If any member of the committee shall be unable to complete his full term of office, or shall avail himself of leave granted by the committee, the vacancy caused by his resignation or removal, or death or absence on leave, may be filled up by the appointment of another person, and the person so appointed shall fill such vacancy for the unexpired remainder of the term for which such member would otherwise have continued in office, or during his absence on leave, as the case may be.

RULE 24.—In cases falling under (b) and (c) of rule 20, the local authority or the Managing Committee shall elect two of their number to be Chairman and Vice-Chairman, respectively, and may also elect another of their number as Secretary.

RULE 25.—The Managing Committee shall hold meetings at such intervals as may be necessary, not being less than once a quarter, to enable them to exercise an efficient scrutiny over the accounts and to enquire into all matters affecting the welfare of the institution. They shall examine and pass the monthly accounts and shall keep a minute book in which their proceedings shall be recorded. The dispensary accounts shall, however, be passed regularly each month by the Chairman of the Managing Committee or, in his absence, by the Vice-Chairman or Secretary.

RULE 26.—The Managing Committee or Manager or the person or persons vested with the management of a dispensary in class IV or V shall be responsible for the management of the funds of the institution. It shall be their duty to see that the guaranteed and promised subscriptions are regularly collected. After defraying the current expenses of the institution, the balance at the end of the month, if any, of the donations, subscriptions, and interest realized by the Committee shall be deposited by them in the Post Office Savings Bank. When the amount at credit of the dispensary exceeds Rs. 200 the Comptroller-General shall ordinarily be asked to invest the whole or a part of it in Government securities. No other mode of investment will be allowed without the previous sanction of Government. The proprietors of dispensaries in class V may, however, adopt any form of investment so far as the funds of their institution are concerned.

RULE 27.—In the case of institutions in class III, the endowments and subsequent investments, which must be made in Government securities, shall be held in the custody of the Accountant-General apart from the assets of the local fund. Small sums available for investment should be placed in the Government Savings Bank. The securities must not be sold, and the invested funds must not be appropriated or used in any way without the sanction of Government.

RULE 28.—Dispensaries in class III are subdivided for purposes of account into two classes: Class IIIA—Dispensaries for which separate banking accounts are allowed to be opened in the treasury with the sanction of Government; and class IIIB—Dispensaries for which separate accounts are not allowed at the treasury, but the funds of which are kept under the direct control of the local authority.

(a) CLASS IIIA—DISPENSARIES.

(1) (a) The Managing Committee shall annually prepare a budget estimate of the probable income and expenditure of the dispensary for the ensuing financial year arranged according to the headings given in Statement H of the Annual Return (B. C. M. D. Form No. 22), and submit it to the Commissioner of the Division through the local authority on a date fixed by that authority. The local authority will check the figures against the heads "Local Fund contribution" or Municipal Fund contributions, as the case may be, and "Interest on Investments" and, if the figures are correct, forward the estimate to the Commissioner. On receipt of the Commissioner's orders

approving the estimates, the local authority will incorporate the figures in its own budget estimate under appropriate headings. In the case of Municipalities the fixed annual contribution should be shown against the head "Charges to be met from the general fund and endowments," and the total estimated expenditure less that amount under the head "Charges to be met from special receipts."

(b) No expenditure under any head in excess of the amount sanctioned by the Commissioner of the Division in the budget estimates shall be incurred by the Dispensary Committee. If it is found necessary to meet excess expenditure under any one head either from anticipated savings under another, or from increased receipts from subscriptions or other special sources or the accumulated balance, an application for reappropriation or an additional budget grant, as the case may be, with a clear explanation of the necessity for additional expenditure shall be submitted to the Commissioner direct: but the expenditure proposed should not be incurred before receipt of the Commissioner's orders.

(2) All subscriptions and donations shall be collected by the Managing Committee and shall be paid into the treasury for credit to the Dispensary Fund. The income from endowments and investments shall, however, be realised by the local authority, and shall be remitted by it to the treasury for credit to the Dispensary Fund, an advice being sent at the same time to the Managing Committee. If any cheques for remittance orders are received, they should be sent intact to the treasury for *per contra* credit to the Dispensary Fund.

(3) All claims should be discharged either by payments from the imprest placed by the Committee in the hands of the medical officers in charge, or by cheques drawn by the Secretary or the Chairman upon the treasury in favour of the actual payees. The imprest in the hands of the medical officer shall not ordinarily exceed Rs. 50 in the case of sadar dispensaries, and Rs. 25 in the case of other dispensaries.

If it is necessary for the local authority to make a contribution to supplement the dispensary funds, such contribution should be paid in quarterly instalments on the first day of each quarter by cheques which should be made payable by transfer to the credit of the dispensary account in the treasury, failure to do which should be brought to the notice of the District Magistrate by the Managing Committee. These amounts will be credited in the cash-book of the Managing Committee as contribution from the local authority by *per contra* debit as remitted to the treasury.

(4) The Managing Committee shall keep a cash-book in B. C. M. D. Form No. 7 in which shall be entered all receipts and payments with necessary details as soon as the transactions occur. The cheque on which the imprest in the hands of the Medical Officer is drawn should be charged off as an advance, and the imprest should be recouped from time to time by presentations of bills supported by the payees receipts to the Secretary. The amount of each recoupment should always exceed Rs. 10. The cash-book should be closed every month, and a memorandum recorded reconciling the balance with that shown in the pass-book. A copy of the monthly account signed by the Chairman of the Committee shall be forwarded to the office of the local authority before the 5th of the succeeding month for incorporation in their accounts. Care should be taken not to mix up final payments with advances which should be clearly shown as such. The payment vouchers should be carefully preserved for production at the time of audit.

The transactions of the Dispensary Fund with the treasury will be shown in a pass-book, which will be supplied gratis by the treasury. The pass-book shall be closed and balanced at the end of every month. It should be examined by the Secretary of the Committee every time that it is received back from the treasury, to see that all the transactions have been duly entered therein. At the close of every month the treasury officer will prepare a memorandum showing the opening balances, monthly receipts and payments and the closing balances of the several dispensary funds banking with the treasury, and enter this memorandum in the pass-books of the local authority to which the dispensaries belong to enable it to verify the balances.

(5) Dispensary establishments paid from funds vested in the local authority should be sanctioned in the same way as other establishments under that authority, but temporary appointments or other special charges

if paid out of subscriptions and donations may be created by the Managing Committee without such sanction, provided there is provision in the budget.

(6) The dispensary accounts will be annually audited by the Examiner of Local Accounts.

(b) CLASS IIIB.—DISPENSARIES.

(1) The Managing Committee shall annually prepare a budget estimate of the probable income and expenditure of the dispensary for the ensuing financial year arranged according to the headings given in B. C. M. D. Form No. 22. and submit it to the local authority on a date fixed by that authority for the sanction of the Commissioner of the Division. No expenditure shall be incurred in excess of the amounts sanctioned by the Commissioner, unless his previous sanction has been obtained to either a reappropriation of grants or an additional grant obtained through the local authority.

(2) As regards these dispensaries, the interest on the investments will be accounted for by the local authority direct. But all donations and subscriptions will be collected by the Managing Committee and paid into the Savings Bank at the post office. The account should be in the name of the Chairman or Secretary of the Committee. The whole amount collected should be sent intact to the Savings Bank. Amounts required for expenditure may be withdrawn according to requirements, but there should be in support of each payment a duly vouched bill passed by either the Chairman or Secretary, and the total expenditure under any head in the budget should not be exceeded without the sanction of the Commissioner of the Division. The Managing Committee should maintain an account of the withdrawals from the Savings Bank and the disbursements therefrom in B. C. M. D. Form No. 8 and a subscription register in B. C. M. D. Form No. 6.

(3) All claims in respect of these institutions shall be either paid from the imprest in the hands of the medical officer in charge or from the money withdrawn according to requirements from the Savings Bank or discharged by the local authority concerned on bills duly passed by the Managing Committee by issue of cheques upon the treasury. The Medical Officer shall from time to time present bills in recoupment of his imprest supported by payees' receipts.

(4) The Managing Committee shall keep a monthly account in B. C. M. D. Form No. 60, showing all transactions of the dispensary, including the contributions payable by the local authority, and forward a copy of this account to the local authority at the end of every month for comparison with the accounts kept at the office of the local authority concerned. All bills paid out of withdrawals from Savings Bank should be forwarded with the necessary sub-vouchers to the office of the local authority with the monthly account. Interest allowed by the post office should be shown against "Miscellaneous" in B. C. M. D. Form No. 60.

RULE 29.—The Civil Surgeon shall be the Superintendent of every hospital and dispensary in his district which is classified under these rules, and shall exercise complete professional control over the medical officer in immediate charge.

RULE 30.—The Superintendent shall scrutinize the expenditure and accounts of every hospital and dispensary in his district, and shall call the attention of the managing body to any irregularity or other circumstance which, in his opinion, deserves notice. The managing body shall be bound to consider any communication from the Superintendent, to afford him full information as to the conduct of the medical officer in charge, and all other matters affecting the welfare of the sick and the management of the institution. In all professional matters the decision of the Superintendent will be final; but if any difference of opinion arises between him and the managing body regarding any non-professional matter affecting the management of the institution, a reference must be made to the Inspector-General of Civil Hospitals or to Government for a decision.

RULE 31.—The Superintendent shall visit each dispensary in his district not less than four times annually, except by special dispensation from the Inspector-General of Civil Hospitals, and shall prepare and submit promptly to the Inspector-General of Civil Hospitals inspection reports in B. C. M. D. Form No. 29.

The sadar hospital should be visited by the Civil Surgeon daily at a fixed hour which should be notified throughout the district so that patients who wish to consult him may know exactly when they can do so.

RULE 32.—The Superintendent shall furnish an annual report of working of the hospitals and dispensaries in his district to the Inspector-General of Civil Hospitals, in B. C. M. D. Form No. 50 and annual returns in accordance with B. C. M. D. Forms Nos. 18, 19, 20, 21 and 22.

Annual report by Superintendent
Record of work and of accounts to be kept by Managing Committee

RULE 33.—The Managing Committee or Manager of every hospital or dispensary shall cause to be kept at the institution—

(a) a record of the work done, showing day by day the number of patients treated, the affections for which they were treated, and, in important cases, some account of the symptoms, the treatment, progress, and the result,

(b) a record of the accounts of the institution.

These shall be written up daily by the medical officer in charge, and shall be open at all times to the inspection of inspecting officers.

The medical officer shall write up all other books and records prescribed under these rules, and, in any case in which this is not done, the reasons should be stated in the inspection report of the Superintendent.

RULE 34.—An extract from the proceedings of each meeting of the Managing Committee and of the local authority, so far as they relate to hospitals and dispensaries, shall be promptly forwarded to the Superintendent, who may, if he thinks fit, and shall, if the Managing Committee so desire, submit it with his remarks to the Inspector-General of Civil Hospitals.

RULE 35.—A visitors' book shall be kept in every hospital and dispensary in which will be recorded the remarks of visitors. A copy of these remarks shall be forwarded, within twenty-four hours to the Superintendent, who will, if necessary, transmit it with his remarks to the Inspector-General of Civil Hospitals within three days of its receipt in his office.

Visitors' Book.

GENERAL.

RULE 36.—The medical officer in charge of a hospital or dispensary is responsible for the proper treatment of the sick, and this duty shall not on any account be delegated to a subordinate; he is also responsible for all matters connected with the comfort and well-being of the patients and for the proper working of the dispensary establishment.

Responsibilities of medical officer.

RULE 37.—The Managing Committee or Manager shall prescribe the hours of attendance (which shall not be less than four hours in the morning and two hours in the afternoon) within which the medical officer must be present at the dispensary. He must also give attention to urgent cases at other hours.

Hours of attendance

The hours of attendance shall be clearly stated in a notice posted in some conspicuous part of the dispensary.

RULE 38.—Any person attending at a charitable dispensary is entitled to receive advice and medicines free of charge; but the medical officer should impress upon any person who is not poor the duty of subscribing to the dispensary or paying for the medicines supplied to him, and should bring to the notice of the Committee or Manager any cases in which the privilege is abused.

Advice and medicines to be free

(i) The diet charges in medico-legal cases sent by the police should be recovered from the Magistrate and met from his contingent grants.

Diet charges in medico-legal cases.

RULE 39.—No medicines shall be issued from the dispensary stock to any one who does not receive treatment at the dispensary either as an in-door or out-door patient.

Issue of medicines.

Exception (i).—At dispensaries which receive a contribution from Government for the supply of medicines and medical stores to Government servants, these stores shall be supplied from the dispensary stock free of charge to such Government servants as are entitled to receive them.

Issue of medicines to Government servants.

Exception (ii).—At dispensaries which receive a contribution from Government for the supply of medicines and medical stores for the treatment of sick prisoners in subsidiary jails, these stores should be supplied from the dispensary stock free of charge. Medical appliances from such dispensaries shall also be given on loan when required temporarily for the use of sick prisoners.

Supply of medicines and medical appliances to Subsidiary Jails
RULE 40.—Where special accommodation has been provided for paying patients, fees may be levied according to a scale previously sanctioned in that behalf by the Managing Committee or Manager.

Scale of fees for accommodation of paying patients
RULE 41.—The medical officer in charge of a dispensary has the privilege of engaging in private practice, provided it does not interfere with his attendance at the dispensary during the hours prescribed in rule 37, or in any other way with his dispensary work.

Private practice
RULE 42.—No medical officer in charge of a hospital or dispensary or any compounder, dresser, or other servant of such institution, shall have any interest in a private dispensary or druggist's shop. In places where there is no approved druggist's shop or private dispensary, a medical officer may, with the consent of the Civil Surgeon and the Managing Committee or Manager, keep a private supply of medicine for the use of his private patients.

Prohibition of interest in private dispensary or druggist's shop
RULE 43.—Sub-Assistant Surgeons employed in sanctioned appointments, whether under Government or local bodies, will be granted by the authorities paying their salaries free quarters or house-rent in lieu thereof, provided that such quarters are approved and are at a convenient distance from the scene of the officers' duties. In respect of Sub-Assistant Surgeons, who do not hold any sanctioned appointments, free quarters or house-rent allowance in lieu thereof may be granted with the sanction of the Local Government, subject to the condition that the amount of the allowance shall in no case exceed the rent actually paid by the Sub-Assistant Surgeon concerned.

Provision of quarters for Sub-Assistant Surgeons
RULE 44.—In dispensaries in which there are house-patients, a bed-head ticket in the prescribed form (*vide* B. C. M. D. Form No. 9) shall be hung over the bed of each in-patient.

Bed-head tickets
RULE 45.—Medicines and instruments shall be kept under lock and key, except small quantities of the articles in daily use during the attendance of patients.

Storage of medicines and instruments
RULE 46.—Poisons should be stocked in special bottles and kept under separate lock and key which should remain in the custody of the medical officer in charge of the dispensary: the doses in which these drugs are usually administered internally should be legibly written on a conspicuous label. A list of poisons should be hung up in the almirah specially reserved for the custody of such drugs.

Poisons
RULE 47.—(i) No building for the accommodation of a dispensary or hospital in classes I, II, III, IV and V shall be constructed, and no extension of such building involving an alteration of the structural design shall be made, until the plan of such building or extension has been approved by the Inspector-General of Civil Hospitals, Bengal. An extension or alteration involving no change of design shall be approved by the Civil Surgeon.

Sanctions necessary for construction, extension or alteration of a hospital or dispensary.
(ii) In the construction of new dispensaries the standard plan should ordinarily be followed. If it is desired in exceptional cases to deviate therefrom, the alternative proposals which are submitted should be fully justified. If in-patients are to be accommodated, provision should be made

Instructions for the construction of dispensaries.

for at least 90 superficial and 1,200 cubic feet of space for each patient, and the beds should be so placed that the patients will not be obliged to sleep in a draught of air. In isolation wards for infectious cases, 120 feet of superficial space should be allowed to each patient. The beds of all in-door hospitals should be placed so as to have a window or door on each side.

(iii) Every project for the construction of a new hospital or dispensary shall be accompanied by a site plan, showing the situation of the proposed building with reference to adjacent buildings, the various features of the surroundings of the proposed site, the prevailing direction of the wind, and all other matters capable of graphic delineation which may have influenced the selection. If the site is on land liable to be flooded, the highest flood level should be shown with reference to the general level of the site.

All proposals, either for the construction of new hospital buildings or for the alteration of existing buildings, shall further be accompanied by line plans, drawn to scale, showing the dimensions of each room, the purpose for which it is designed and (if an in-door hospital) the position of each bed. The points of the compass should be clearly indicated upon such plans.

(iv) When it is desired to initiate any project for the construction of a new, or the alteration of an existing, hospital or dispensary, the selection of a site and the details of the plans shall first be considered by a Committee to be constituted in the following manner. Any subsequent proposals to modify the original plans and specifications shall be referred to the same Committee:—

available, and should move him to convene the Committee. The Engineer concerned should frame the necessary plans and estimates in accordance with the decision of the Committee, and the proceedings of the Committee, after consideration by the private person or association concerned, should be forwarded to the Civil Surgeon for transmission to the Inspector-General.

Every plan should, before submission to the Inspector-General of Civil Hospitals, be countersigned by the Civil Surgeon or the Superintendent in token of his approval.

RULE 48.—In the case of institutions in class III, IV or V, repairs to the dispensary buildings shall be executed by, and be chargeable to, the local authority or Managing Committee or Manager, as the case may be.

Execution of repairs to local fund of private institutions

RULE 49.—Menial servants will be appointed and discharged by the Medical Officer in charge subject to the approval of the Managing Committee or Manager of the institution. Compounders and dressers will be appointed and be liable to removal by the Managing Committee or Manager subject to the approval of the Superintendent.

Appointment and discharge of compounders, dressers, and menial servants

RULE 50.—All compounders appointed to dispensaries in classes I, II and III after the 1st April 1897 must hold certificates under the rules for the grant of certificates to compounders under section 252 of the Bengal Municipal Act, III of 1881, and section 498 of the Calcutta Municipal Consolidation Act, III of 1899, and will draw pay at the rate of Rs. 15 rising by biennial increments of Re. 1 to Rs. 20. Compounders already employed in such dispensaries will be entitled to draw pay at the above rate on obtaining such certificates.

Conditions of appointment and remuneration of compounders

(i) In selected cases the pay may, with the approval of the Inspector-General of Civil Hospitals, Bengal, be fixed at any other rate subject to a maximum of Rs 25: provided that if it be incremental it shall ordinarily rise by biennial increments of Re. 1 and attain the maximum in ten years.

(ii) The Inspector-General of Civil Hospitals is empowered to cancel the certificate of any compounder proved to have made a serious mistake in the dispensing of a medicine either through ignorance or carelessness.

(iii) Compounders should not, except in very exceptional cases, be placed in charge of dispensaries, and even then only for a very short period. Whenever a compounder is placed in charge of a dispensary, the fact should immediately be reported to the Inspector-General of Civil Hospitals.

(iv) Compounders attached to in-door dispensaries will be entitled to free quarters which must be provided for them by the dispensary authorities.

RULE 51.—The employment of apprentices is prohibited, except in hospitals and dispensaries the Superintendents of which are authorized by the Inspector-General of Civil Hospitals, Bengal, to receive and train candidates for the compounder class. The number of such apprentices in an institution should be limited to two.

Prohibition of employment of apprentices in certain cases

Prohibition of private employment of dispensary servants.

RULE 52.—Dispensary servants must not be employed in the private service of the medical officer, or of the members of the Managing Committee or Manager.

RULE 53.—Articles of clothing which are not infected, and other moveable property belonging to deceased house-patients, should, unless, in the case of Indian patients, to whom section 64 of Act II of 1874 does not apply, there are heirs to whom the property may be made over, be sent through the Police to the local Munsif or District Judge for disposal under the provisions of Regulation V of 1799. In the case of European or other patients to whom section 64 of Act II of 1874 applies, there is no obligation on the hospital authorities to report the death to the Judge or to send to him the property of the deceased. It may be taken away by the relations or friends of the deceased, if there are any present. If not, the hospital authorities may keep any moveable property left by the deceased until the friends or relations of the deceased can take them away. If no application is made within six months the articles may be sent to the District Judge with a report of the death of the deceased. In making over such property or allowing such property to be taken away, the hospital authorities will exercise due care and caution, and will advise the parties that they are not legally entitled to possession of these until they have complied with the provisions of law on the subject

Disposal of non-infected clothing and property of deceased patients

of the effects of deceased persons, and that they are permitted to remove the property at their own risk.

A receipt for the goods should be taken in a register to be kept for the purpose or on a separate paper which should be filed

BOOKS AND FORMS.

RULE 54.—The following books and forms are required to be kept up by the medical officer at hospitals and dispensaries brought under these rules :—

Books and forms to be kept up by the Medical Officer

- (1) Diary and register of in-door patients (B. C. M. D. Form 1).
- (2) Register of operations (B. C. M. D. Form 3).
- (3) Bed-head ticket (B. C. M. D. Form 9). This should be written up daily and be filed, so as to preserve a concise history of the case and treatment.
- (4) A case-book for recording all special or important cases (blank book).
- (5) A clinical chart of temperature, pulse, and respiration in B. C. M. D. Form 51. This should be posted into the case-book against the patient's case.
- (6) Register of out-patients (B. C. M. D. Form 2).
- (7) Ticket for out-door patients (B. C. M. D. Form 10).
- (8) A book of copies of certificates given in police and medico-legal cases.
- (9) A book for record of *post-mortem* examinations, medico-legal or otherwise and for keeping detailed records of wounds or other police cases. Instead of the book being kept up, a copy of B. C. M. D. Form 35, which is to be used when despatching viscera to the Chemical Examiner, may be filed as a record of medico-legal *post-mortem* examinations.
- (10) Monthly returns of in- and out-patients (B. C. M. D. Forms 26, 27 and 28). These should be kept up to date for the more easy and accurate preparation of the annual return. A copy should be submitted to the Civil Surgeon soon after the close of the month.
- (11) Monthly bill in detail of establishment, diet, and contingencies. These are to be prepared by the medical officer in charge, and sent for examination, countersignature, and payment to the Secretary or Manager. In all cases in which there is expenditure for establishment, diet or any other charge to be paid by Government, the bills of such expenditure are to be kept separate from the private accounts of the charity.
- (12) A bill-book for copies of all the dispensary bills (blank book).
- (13) A daily account or cash-book showing actual receipts and expenditure in detail (blank book). This is to be kept by the medical officer, and the account totalled up at the end of each month.
- (14) A diet-book in B. C. M. D. Form 5. This is required only in dispensaries in which there are in-patients.
- (15) A stock ledger of surgical instruments and appliances (B. C. M. D. Form No. 48).
- (16) A stock ledger of medicines (B. C. M. D. Form 47).
- (17) Annual indent for European medicines and instruments (B. C. M. D. Form 13). This is to be submitted to the Civil Surgeon in printed form and in quadruplicate.
- (18) Emergent indent for European medicines and instruments (B. C. M. D. Form 14). This is to be submitted to the Civil Surgeon in printed form and in quadruplicate.
- (19) Annual indent for forms (B. C. M. D. Form 16).
- (20) Annual returns (B. C. M. D. Forms 18, 19, 20, 21, 22, 23, 24 and 25). These should be sent in the printed form and in duplicate, in the first week of January, to the Civil Surgeon for check, and for the transmission of one of the copies to the Inspector-General of Civil Hospitals not later than the 10th January.

- (21) A season monthly register of vaccination for use in dispensaries to which vaccinators are attached. This form can be obtained from the Superintendent, to whom a copy duly filled up should be submitted every month for incorporation in his monthly return to be submitted to the Sanitary Commissioner.
- (22) A visitors' book. For this a simple blank book will suffice.
- (23) A blank book for copies of all letters and circulars received, of which the originals cannot be retained.
- (24) A blank book for copying all letters despatched.
- (25) A book-cover for filing all circulars and other letters.

Books and forms to be kept up by the Secretary or Manager

RULE 55.—The following books and forms are required to be kept up by the Secretary or Manager of a Dispensary:—

- (1) Account of the receipts and payment of Municipal dispensary prescribed in rule 104 of the Municipal Account Rules (Form No.).
- (2) A statement of accounts (in B. C. M. D. Form 22), to be submitted by the Secretary or Manager monthly to the Superintendent. A copy of the same should also be laid before the managing body at their meetings and another copy should be sent to the Magistrate.
- (3) A monthly *pro forma* account of class III dispensary prescribed in the Accountant-General, Bengal's Circular No. 263L.A., dated 18th August 1900. B. C. M. D. Form No. 60.
- (4) An annual return of accounts in the same form and an annual account of invested capital in Form 22 (statement F) should be submitted to the Superintendent for his information in the first week of January.
- (5) A cash book of class IIIA Dispensary Fund (B. C. M. D. Form 7) to be kept by the Managing Committee or Manager in accordance with the instructions contained in rule 28.
- (6) A subscription and donation book (B. C. M. D. Form 6).
- (7) A dispensary property book (blank book).
- (8) A committee book for recording the proceedings of each meeting of the managing body (blank book).

RULE 56.—The following reports and returns are required to be submitted by the Superintendent:—

Reports and returns

- (1) Annual return of Government Assistant Surgeons and Civil Sub-Assistant Surgeons (B. C. M. D. Form 30).
- (2) Annual confidential report of Government Assistant Surgeons and Civil Sub-Assistant Surgeons (B. C. M. D. Form 31).
- (3) Inspection report of a dispensary (B. C. M. D. Form 29).
- (4) Annual report on the working of a dispensary (B. C. M. D. Form 50).

IRRIGATION DEPARTMENT.

The 3rd February 1914.

No. 1 Notification.—The following draft of (1) rules and (2) schedule of rates of tolls, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix for the navigable channels of the Magra Hât Drainage scheme, as defined in Notification No. 4, dated the 22nd April 1913 (published at page 634, Part I. of the *Calcutta Gazette* of the 23rd *idem*), is published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 18th March 1914, and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

H. H. GREEN,
Secy. to the Govt. of Bengal.

DRAFT RULES FOR THE MAGRA HÂT CHANNELS.

1. Every vessel entering or making use of the Magra Hât channels shall be liable to measurement for the purpose of ascertaining the tolls payable. In case of any reasonable doubt, the persons appointed by the Governor in Council as Collectors of Tolls or Navigation Canal Officers shall have authority to again measure a vessel notwithstanding that it was measured before.

2. Vessels for the purpose of the determination of maundage shall be divided into three classes as follows:—

Class I.—To include all vessels of the usual native types of build known as saltees, but not *bonâ fide* tal (or palm-tree) dongas and not exceeding 50 maunds by canal measurement.

Class II.—To include all other vessels of usual native types of build or cutters.

Class III.—To include all steamers, flats, barges and other square-built boats.

The net maundage of every vessel, whether laden or empty, shall, for the purposes of the Canals Act, 1864, and of these rules be determined by the following measurements:—

CLASS I.

A.—The product of one-quarter the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel multiplied by three-quarters of the depth, measured from the top of the vessel amidships to the interior bottom of the vessel is to be taken as equal to the number of maunds upon which toll shall be levied.

B.—The measurement of the length to be made in feet, rejecting inches, and of the breadth and depth in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C.—Any vessel the maundage of which calculated as above exceeds 50 maunds shall be reckoned as a vessel under class II.

CLASS II.

A.—The product of one-quarter the length of the vessel from stem to stern measured outside and along the water line, multiplied by the greatest interior breadth of the vessel multiplied by the greatest interior depth from the water line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B.—The measurement of the length is to be made in feet, rejecting inches, the measurement of the breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder less than a quarter of a foot.

C.—The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of $12\frac{1}{2}$ maunds, rejecting any remainder of less than $12\frac{1}{2}$ maunds. In the case of boats exceeding 500 maunds by measurement the maundage shall be reckoned to

the nearest integral multiple of 50 maunds rejecting any remainder of less than 50 maunds.

D.—In the case of boats carrying passengers only, one foot shall be deducted from the full interior depth of the vessel, the other measurements and the calculations for maundage being made in the methods prescribed for vessels under Class II.

CLASS III.

A.—For vessels of class III, the number of maunds obtained by the system of measurement prescribed for vessels of class II shall be increased by one-half. For vessels of this class exceeding 1,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 100 maunds rejecting any remainder of less than 100 maunds. In the case of steamers, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

B.—In case of steamers that have been surveyed under the Inland Steam-vessels Act, 1884, the registered tonnage entered in the certificate may be accepted as the tonnage of the steamer in lieu of measurement.

3. All vessels under class I, known and defined as saltees, will be charged under a system of compounded tollage in accordance with rules contained in Appendix A.

4. Every vessel included in classes II and III entering or passing along the canal shall be furnished with a ticket on paying the prescribed toll. The ticket shall specify the station at which it has been issued, the name of the person in charge of the vessel, the date on which the voyage commenced, the point to which the vessel may proceed on the line of navigation, the maundage of the vessel, the amount of toll charged, the number of days allowed for the voyage, and the date of such last day. The number of days so allowed without additional payment shall be calculated as follows:—

Boats.—One day for every eight miles or portion of eight miles, to be traversed together with one day for every 100 maunds of measurement or part of 100 maunds.

Floats (timber).—One day for every five miles for any number of timbers not exceeding fifty, and one day for every additional fifty or part of fifty.

Rifts (bamboos).—One day for every five miles for any number not exceeding five hundred and one day for every additional five hundred or part of five hundred.

5. Every vessel which does not complete its voyage within the number of days allowed by rule 4 shall, for each day or part of a day in excess, be liable to an extra charge equal to one-half of the toll payable on the maundage of the vessel as per the Schedule of Rates in Appendix B, provided that in no case shall the demurrage charged exceed Rs. 5 per diem. The Superintending Engineer may, at his discretion, exempt any boats on any line of navigation, or any portion of line of navigation from the payment required by this rule.

Exemption from payment of demurrage may, at the discretion of the Collector of Tolls, be granted for vessels detained in the channels (steamers broken down and boats damaged) by stress of weather, should immediate notice of detention, for the information of the Collector of Tolls, Magra Hât channels, be given to the nearest toll-station.

6. All tolls are payable on demand and shall be paid at the toll-station before a vessel is permitted to proceed: Provided that the Collector of Tolls may, at his discretion, permit vessels belonging to individuals or firms of recognised standing to proceed without prepayment on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

7. The ticket must be kept on board the vessel and must be produced for inspection when demanded by any person authorised to do so. If, on demand, the ticket is not produced, such person shall assess the tollage as provided in rule 2, and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel will be liable to seizure and detention in accordance with the provisions of section 9 of the Canals Act, 1864.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the Collector of Tolls on payment of a sum of Re. 1. Provided that for tickets on which the

total tollage is less than Rs. 4. the fee to be charged for a duplicate shall be one-quarter of the total tollage with a minimum of As. 4.

9. A vessel, which has been detained under these rules or under section 9 of the said Act, may not be removed from the canal without the order of the Collector of Tolls until the toll due has been paid. During such detention the manjhi, owner or agent must make arrangements for the safety of the vessel and cargo.

10. All vessels, whether the property of Government or of private owners, are liable for toll, except those exempted by the provisions of Bengal Government Circular No. 11., dated the 11th July 1906.

11. Vessels may be hauled up for repairs on the banks of the canals with the previous written permission of the Supervisor or Navigation Canal Officer. A rent calculated at one-sixth the rate of ordinary demurrage will be charged for the time the vessel occupies the bank.

12. At places where mooring posts have been provided by the Supervisor or Navigation Canal Officer, vessels desiring to moor shall be made fast in single line along the banks to such posts in such manner as the Supervisor or Navigation Canal Officer may direct, and shall not be moored in any other manner.

13. The Supervisor or Navigation Canal Officer may, by written notice to be posted at the toll offices, prohibit the dropping of anchors or the putting up of bamboos or luggies in any specified part of the canals or on the banks.

14. Vessels shall be allowed to make fast in single line along the canal banks in such manner as may be directed by the Supervisor or Navigation Canal Officer from time to time, and no boat shall be made fast or be placed outside of boats so secured. No boat or raft shall be placed in such a position as to endanger the safety or obstruct the passage of other boats. Every vessel, when stationary, shall be securely fastened, and shall at all times have some person in attendance on board. Every vessel in motion shall have a sufficient crew.

15. Vessels passing through the canals shall keep in separate lines, empty boats keeping close to the bank, and those that are laden in the centre.

16. In portions of the canals where only one towing-path exists, vessels shall moor on the side opposite to the towing-path, and the towing-path side shall always be kept clear.

17. Iron-built cargo boats, with outside angle iron projecting beyond the wooden fenders, will not be allowed to enter the locks unless permanent fenders are fixed over the edges of the angle iron so as to prevent them from causing damage to the locks.

18. No fire, or open, unprotected light of any description shall be used on boats containing petroleum, jute, hay or straw in any place prohibited by the Navigation Canal Officer or Supervisor, and no fire, or open, or unprotected light (except in the case of steamers, the galley and engine-room fires and the electric light) shall be used on any vessel while in a lock basin.

19. No person shall wilfully or negligently allow a vessel to sink in the canals.

20. In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor or Navigation Canal Officer and his subordinates shall offer every assistance in removing the same.

If in three days after the occurrence of a wreck it is seen that prompt measures are not being taken by the owner to remove the sunken vessel from the line of navigation, the Supervisor or Navigation Canal Officer and his subordinates shall make their own arrangements for the removal of the same at the expense of the owner, provided that, in cases where navigation is seriously obstructed, arrangements may be made at once to remove the wreck.

21. When a sunken vessel has been recovered, the Supervisor or Navigation Canal Officer shall cause notices to be posted at the locks, toll offices or other prominent places calling on those concerned to pay to the Collector of Tolls all toll or demurrage which may be due, as well as the expenses incurred in the recovery of the vessel and cargo. Should the sum due be not paid within fifteen days of the date of notice, the vessel and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold under the procedure directed in section 9 of the Canals Act, 1864.

22. The purchaser of a vessel sold under the provisions of section 9 of the said Act shall have the right to take it out of the canal on the day of purchase, or within such time as may be allowed by the Collector of Tolls, without payment of tolls.

23. When any laden vessel which has sunk has been recovered, or when any laden vessel has been seized under the provisions of the said Act or of these rules, the Supervisor or Navigation Canal Officer shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the cargo until removed.

24. If the Supervisor or Navigation Canal Officer be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in rule 21 shall be effected by a notice exhibited in his office and by advertisement in at least one English and one vernacular Calcutta newspaper.

25. No steam-vessel, whose length exceeds thirty feet, shall ply in the Magra Hât channels except in the following:—Diamond Harbour creek, Usti Nainan outfall, Nazra khal, Sangrampur khal up to Sangrampur bridge, and the Sarjipur outer khal up to the Surjipur bridge.

26. *Lights and Signals.*—All vessels, whether travelling or moored in the Magra Hât channels, must, between sunset and sunrise, carry a white light in a lantern on the forepart of the vessel where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed above.

27. *Speed of vessels.*—Every vessel plying in the Magra Hât channels must, between sunset and sunrise, limit her speed to three miles per hour. No steam-vessels shall ply between sunset and sunrise in channels detailed in rule 25.

28. No vessel shall remain in the outer entrance channels of the locks at Diamond Harbour and Uttarbhag nor in the inner lock channel and diversion channel of the Diamond Harbour lock and sluice, nor in the approach channels to any sluice. A board will be put up limiting the portion of the channels in which boats are not permitted to moor.

29. The places at which boats cannot be loaded or unloaded will be fixed by the Superintending Engineer, South-Western Circle, and will be demarcated with suitable posts and notice boards.

30. For any contravention of rules 10, 14, 15, 16, 17, 19, 20, 26, 27 and 28, the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 for any one infringement, or Rs. 5 a day for any continuing infringement.

31. The channels may be closed, whenever necessary, for effecting the necessary repairs to them on one month's notice of the intention so to close them being given; but, in the event of any sudden emergency, the channels may be closed at any time without prior notice, and no claim in such cases by owners of vessels or others for compensation on account of detention or otherwise shall be entertained.

32. The term "Navigation Canal Officer," as used in these rules, shall include all persons appointed to collect tolls under section 8 of the Canals Act, 1864, and all Public Works officers or subordinates in charge of the channel, not below the grade of Sub-Overseer.

33. No vessel whose beam exceeds 19 feet will be permitted to enter the channels through the Diamond Harbour lock. The same prohibition will apply in the case of the Uttarbhag lock to all vessels exceeding 14 feet beam.

34. Any vessel which enters the channels through the Diamond Harbour lock for the purpose of taking refuge during stormy weather will be charged a nominal toll of As. 8 per boat, provided the vessel leaves the channel again as soon as the weather conditions permit, and does not load or unload cargo inside the channel. All vessels seeking refuge under this rule must anchor in the creek close to the toll-collector's office and will not be permitted to proceed up the creek without paying the usual tolls.

35. Any vessel entering the channels through the Diamond Harbour lock and proceeding to load or unload at the Diamond Harbour station only will be charged tollage at the rate of As. 2 per 100 maunds to include the return journey. Should such boats proceed up the creek, they will be charged the ordinary tolls.

APPENDIX A.

Rules for licensing and registration of saltees or vessels under class I.

1. As provided for under rule 3, no vessel coming under class I, rule 2, shall ply, whether regularly or only occasionally in, or partly within and partly without the limits of, the Magra Hât channels unless licensed and registered by the Collector of Tolls of the Magra Hât channels.

2. Every owner of a vessel or his agent or manjhi shall apply to the Collector of Tolls, Magra Hât channels, for licensing and registration, giving the owner's name and residence or those of his agent duly authorised to act for him.

3. Every license granted under these rules shall continue in force for either six months or one year from the date of issue.

4. The license is not transferable, and if the ownership or manjhi or both of the vessel be changed, notice of the transfer must be given to the Collector of Tolls of Magra Hât channels, who will endorse the change of ownership on the certificate and register free of charge.

5. The license certificate granted for a vessel should contain the registered number of the vessel, owner's name and residence, name of manjhi, the maundage measurements, amount of compounded tollage and the dates of issue and expiry and shall be kept on board. It shall be produced, when required, by a Navigation Canal Officer and shall be delivered up on the expiration of the license.

6. The charge for the issue of a duplicate license to vessels in lieu of those defaced or lost is Re. 1.

7. The registered number of every licensed vessel shall be engraved, or branded, as well as painted in figures easily discernible on both sides of the vessel for which a charge of Re. 1 will be made. These figures shall be legibly maintained during the period of the license.

8. On the expiration of the license the manjhi shall deliver up his ticket to the toll collector at the station from which it was issued.

9. No person in charge of any licensed vessel plying within the limits of the Magra Hât channels shall use or have any ticket resembling those granted under the authority of these rules.

10. Every renewal of a license shall, unless the Navigation Canal Officer considers it unnecessary, involve the issue of a fresh license certificate without alteration in the registered number of the vessel.

11. Every vessel under class I, found plying in the channels without being licensed and registered shall be charged a demurrage rate of Rs. 3 for every such offence, provided that such vessel is not proceeding to the nearest toll station for the purpose of obtaining a license and being registered

IRRIGATION DEPARTMENT.

The 3rd February 1914.

No. 1 Notification.—The following draft of (1) rules and (2) schedule of rates of tolls, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix for the navigable channels of the Magra Hât Drainage scheme, as defined in Notification No. 4, dated the 22nd April 1913 (published at page 634, Part I, of the *Calcutta Gazette* of the 23rd *idem*), is published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 18th March 1914, and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

H. H. GREEN,
Secy. to the Govt. of Bengal.

DRAFT RULES FOR THE MAGRA HÂT CHANNELS.

1. Every vessel entering or making use of the Magra Hât channels shall be liable to measurement for the purpose of ascertaining the tolls payable. In case of any reasonable doubt, the persons appointed by the Governor in Council as Collectors of Tolls or Navigation Canal Officers shall have authority to again measure a vessel notwithstanding that it was measured before.

2. Vessels for the purpose of the determination of maundage shall be divided into three classes as follows :—

Class I.—To include all vessels of the usual native types of build known as saltees, but not *bond fide* tal (or palm-tree) dongas and not exceeding 50 maunds by canal measurement.

Class II.—To include all other vessels of usual native types of build or cutters.

Class III.—To include all steamers, flats, barges and other square-built boats.

The net maundage of every vessel, whether laden or empty, shall, for the purposes of the Canals Act, 1864, and of these rules be determined by the following measurements :—

CLASS I.

A.—The product of one-quarter the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel multiplied by three-quarters of the depth, measured from the top of the vessel amidships to the interior bottom of the vessel is to be taken as equal to the number of maunds upon which toll shall be levied.

B.—The measurement of the length to be made in feet, rejecting inches, and of the breadth and depth in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C.—Any vessel the maundage of which calculated as above exceeds 50 maunds shall be reckoned as a vessel under class II.

CLASS II.

A.—The product of one-quarter the length of the vessel from stem to stern measured outside and along the water line, multiplied by the greatest interior breadth of the vessel multiplied by the greatest interior depth from the water line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B.—The measurement of the length is to be made in feet, rejecting inches, the measurement of the breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder less than a quarter of a foot.

C.—The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of $12\frac{1}{2}$ maunds, rejecting any remainder of less than $12\frac{1}{2}$ maunds. In the case of boats exceeding 500 maunds by measurement the maundage shall be reckoned to

the nearest integral multiple of 50 maunds rejecting any remainder of less than 50 maunds.

D.—In the case of boats carrying passengers only, one foot shall be deducted from the full interior depth of the vessel, the other measurements and the calculations for maundage being made in the methods prescribed for vessels under Class II.

CLASS III.

1.—For vessels of class III, the number of maunds obtained by the system of measurement prescribed for vessels of class II shall be increased by one-half. For vessels of this class exceeding 1,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 100 maunds rejecting any remainder of less than 100 maunds. In the case of steamers, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

B.—In case of steamers that have been surveyed under the Inland Steam-vessels Act, 1884, the registered tonnage entered in the certificate may be accepted as the tonnage of the steamer in lieu of measurement.

3. All vessels under class I, known and defined as saltees, will be charged under a system of compounded tollage in accordance with rules contained in Appendix A.

4. Every vessel included in classes II and III entering or passing along the canal shall be furnished with a ticket on paying the prescribed toll. The ticket shall specify the station at which it has been issued, the name of the person in charge of the vessel, the date on which the voyage commenced, the point to which the vessel may proceed on the line of navigation, the maundage of the vessel, the amount of toll charged, the number of days allowed for the voyage, and the date of such last day. The number of days so allowed without additional payment shall be calculated as follows:—

Boats.—One day for every eight miles or portion of eight miles, to be traversed together with one day for every 100 maunds of measurement or part of 100 maunds.

Floats (timber).—One day for every five miles for any number of timbers not exceeding fifty, and one day for every additional fifty or part of fifty.

Rifts (bamboos).—One day for every five miles for any number not exceeding five hundred and one day for every additional five hundred or part of five hundred.

5. Every vessel which does not complete its voyage within the number of days allowed by rule 4 shall, for each day or part of a day in excess, be liable to an extra charge equal to one-half of the toll payable on the maundage of the vessel as per the Schedule of Rates in Appendix B, provided that in no case shall the demurrage charged exceed Rs. 5 per diem. The Superintending Engineer may, at his discretion, exempt any boats on any line of navigation, or any portion of line of navigation from the payment required by this rule.

Exemption from payment of demurrage may, at the discretion of the Collector of Tolls, be granted for vessels detained in the channels (steamers broken down and boats damaged) by stress of weather, should immediate notice of detention, for the information of the Collector of Tolls, Magra Hât channels, be given to the nearest toll-station.

6. All tolls are payable on demand and shall be paid at the toll-station before a vessel is permitted to proceed: Provided that the Collector of Tolls may, at his discretion, permit vessels belonging to individuals or firms of recognised standing to proceed without prepayment on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

7. The ticket must be kept on board the vessel and must be produced for inspection when demanded by any person authorised to do so. If, on demand, the ticket is not produced, such person shall assess the tollage as provided in rule 2, and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel will be liable to seizure and detention in accordance with the provisions of section 9 of the Canals Act, 1864.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the Collector of Tolls on payment of a sum of Re. 1. Provided that for tickets on which the

total tollage is less than Rs. 4. the fee to be charged for a duplicate shall be one-quarter of the total tollage with a minimum of As. 4.

9. A vessel, which has been detained under these rules or under section 9 of the said Act, may not be removed from the canal without the order of the Collector of Tolls until the toll due has been paid. During such detention the manjhi, owner or agent must make arrangements for the safety of the vessel and cargo.

10. All vessels, whether the property of Government or of private owners, are liable for toll, except those exempted by the provisions of Bengal Government Circular No. 11., dated the 11th July 1906.

11. Vessels may be hauled up for repairs on the banks of the canals with the previous written permission of the Supervisor or Navigation Canal Officer. A rent calculated at one-sixth the rate of ordinary demurrage will be charged for the time the vessel occupies the bank.

12. At places where mooring posts have been provided by the Supervisor or Navigation Canal Officer, vessels desiring to moor shall be made fast in single line along the banks to such posts in such manner as the Supervisor or Navigation Canal Officer may direct, and shall not be moored in any other manner.

13. The Supervisor or Navigation Canal Officer may, by written notice to be posted at the toll offices, prohibit the dropping of anchors or the putting up of bamboos or luggees in any specified part of the canals or on the banks.

14. Vessels shall be allowed to make fast in single line along the canal banks in such manner as may be directed by the Supervisor or Navigation Canal Officer from time to time, and no boat shall be made fast or be placed outside of boats so secured. No boat or raft shall be placed in such a position as to endanger the safety or obstruct the passage of other boats. Every vessel, when stationary, shall be securely fastened, and shall at all times have some person in attendance on board. Every vessel in motion shall have a sufficient crew.

15. Vessels passing through the canals shall keep in separate lines, empty boats keeping close to the bank, and those that are laden in the centre.

16. In portions of the canals where only one towing-path exists, vessels shall moor on the side opposite to the towing path, and the towing-path side shall always be kept clear.

17. Iron-built cargo boats, with outside angle iron projecting beyond the wooden fenders, will not be allowed to enter the locks unless permanent fenders are fixed over the edges of the angle iron so as to prevent them from causing damage to the locks.

18. No fire, or open, unprotected light of any description shall be used on boats containing petroleum, jute, hay or straw in any place prohibited by the Navigation Canal Officer or Supervisor, and no fire, or open, or unprotected light (except in the case of steamers, the galley and engine-room fires and the electric light) shall be used on any vessel while in a lock basin.

19. No person shall wilfully or negligently allow a vessel to sink in the canals.

20. In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor or Navigation Canal Officer and his subordinates shall offer every assistance in removing the same.

If in three days after the occurrence of a wreck it is seen that prompt measures are not being taken by the owner to remove the sunken vessel from the line of navigation, the Supervisor or Navigation Canal Officer and his subordinates shall make their own arrangements for the removal of the same at the expense of the owner, provided that, in cases where navigation is seriously obstructed, arrangements may be made at once to remove the wreck.

21. When a sunken vessel has been recovered, the Supervisor or Navigation Canal Officer shall cause notices to be posted at the locks, toll offices or other prominent places calling on those concerned to pay to the Collector of Tolls all toll or demurrage which may be due, as well as the expenses incurred in the recovery of the vessel and cargo. Should the sum due be not paid within fifteen days of the date of notice, the vessel and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold under the procedure directed in section 9 of the Canals Act, 1864.

22. The purchaser of a vessel sold under the provisions of section 9 of the said Act shall have the right to take it out of the canal on the day of purchase, or within such time as may be allowed by the Collector of Tolls, without payment of tolls.

23. When any laden vessel which has sunk has been recovered, or when any laden vessel has been seized under the provisions of the said Act or of these rules, the Supervisor or Navigation Canal Officer shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the cargo until removed.

24. If the Supervisor or Navigation Canal Officer be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in rule 21 shall be effected by a notice exhibited in his office and by advertisement in at least one English and one vernacular Calcutta newspaper.

25. No steam-vessel, whose length exceeds thirty feet, shall ply in the Magra Hât channels except in the following:—Diamond Harbour creek, Usti Nainan outfall, Nazra khal, Sangrampur khal up to Sangrampur bridge, and the Surjipur outer khal up to the Surjipur bridge.

26. *Lights and Signals.*—All vessels, whether travelling or moored in the Magra Hât channels, must, between sunset and sunrise, carry a white light in a lantern on the forepart of the vessel where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored shall carry the light prescribed above.

27. *Speed of vessels.*—Every vessel plying in the Magra Hât channels must, between sunset and sunrise, limit her speed to three miles per hour. No steam-vessels shall ply between sunset and sunrise in channels detailed in rule 25.

28. No vessel shall remain in the outer entrance channels of the locks at Diamond Harbour and Uttarbhag nor in the inner lock channel and diversion channel of the Diamond Harbour lock and sluice, nor in the approach channels to any sluice. A board will be put up limiting the portion of the channels in which boats are not permitted to moor.

29. The places at which boats cannot be loaded or unloaded will be fixed by the Superintending Engineer, South-Western Circle, and will be demarcated with suitable posts and notice boards.

30. For any contravention of rules 10, 14, 15, 16, 17, 19, 20, 26, 27 and 28, the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 for any one infringement, or Rs. 5 a day for any continuing infringement.

31. The channels may be closed, whenever necessary, for effecting the necessary repairs to them on one month's notice of the intention so to close them being given; but, in the event of any sudden emergency, the channels may be closed at any time without prior notice, and no claim in such cases by owners of vessels or others for compensation on account of detention or otherwise shall be entertained.

32. The term "Navigation Canal Officer," as used in these rules, shall include all persons appointed to collect tolls under section 8 of the Canals Act, 1864, and all Public Works officers or subordinates in charge of the channel, not below the grade of Sub-Overseer.

33. No vessel whose beam exceeds 19 feet will be permitted to enter the channels through the Diamond Harbour lock. The same prohibition will apply in the case of the Uttarbhag lock to all vessels exceeding 14 feet beam.

34. Any vessel which enters the channels through the Diamond Harbour lock for the purpose of taking refuge during stormy weather will be charged a nominal toll of As. 8 per boat, provided the vessel leaves the channel again as soon as the weather conditions permit, and does not load or unload cargo inside the channel. All vessels seeking refuge under this rule must anchor in the creek close to the toll-collector's office and will not be permitted to proceed up the creek without paying the usual tolls.

35. Any vessel entering the channels through the Diamond Harbour lock and proceeding to load or unload at the Diamond Harbour station only will be charged tollage at the rate of As. 2 per 100 maunds to include the return journey. Should such boats proceed up the creek, they will be charged the ordinary tolls.

APPENDIX A.

Rules for licensing and registration of saltees or vessels under class I.

1. As provided for under rule 3, no vessel coming under class I, rule 2, shall ply, whether regularly or only occasionally in, or partly within and partly without the limits of, the Magra Hât channels unless licensed and registered by the Collector of Tolls of the Magra Hât channels.
2. Every owner of a vessel or his agent or manjhi shall apply to the Collector of Tolls, Magra Hât channels, for licensing and registration, giving the owner's name and residence or those of his agent duly authorised to act for him.
3. Every license granted under these rules shall continue in force for either six months or one year from the date of issue.
4. The license is not transferable, and if the ownership or manjhi or both of the vessel be changed, notice of the transfer must be given to the Collector of Tolls of Magra Hât channels, who will endorse the change of ownership on the certificate and register free of charge.
5. The license certificate granted for a vessel should contain the registered number of the vessel, owner's name and residence, name of manjhi, the maundage measurements, amount of compounded tollage and the dates of issue and expiry and shall be kept on board. It shall be produced, when required, by a Navigation Canal Officer and shall be delivered up on the expiration of the license.
6. The charge for the issue of a duplicate license to vessels in lieu of those defaced or lost is Re. 1.
7. The registered number of every licensed vessel shall be engraved or branded, as well as painted in figures easily discernible on both sides of the vessel for which a charge of Re. 1 will be made. These figures shall be legibly maintained during the period of the license.
8. On the expiration of the license the manjhi shall deliver up his ticket to the toll collector at the station from which it was issued.
9. No person in charge of any licensed vessel plying within the limits of the Magra Hât channels shall use or have any ticket resembling those granted under the authority of these rules.
10. Every renewal of a license shall, unless the Navigation Canal Officer considers it unnecessary, involve the issue of a fresh license certificate without alteration in the registered number of the vessel.
11. Every vessel under class I, found plying in the channels without being licensed and registered shall be charged a demurrage rate of Rs. 3 for every such offence, provided that such vessel is not proceeding to the nearest toll station for the purpose of obtaining a license and being registered.

No. 833—860-5, dated Delhi, the 14th February 1914.

RESOLUTION—By the Government of India, Department of Commerce and Industry.

THE following information relative to the Shipping, Engineering and Machinery Exhibition which will be held in London in September and October 1914 is published for general information.

SHIPPING, ENGINEERING AND MACHINERY EXHIBITION.

OLYMPIA, LONDON,

September 25th to October 17th, 1914.

Organized by the Trade on Co-operative Principles.

PROSPECTUS.

THERE has been no fully representative Shipping, Engineering and Machinery Exhibition in London for many years, and in view of the great importance of the Naval, Shipping, and General Engineering Industries of this country, it has been decided to hold such an Exhibition in the Autumn of 1914.

The Need of the Exhibition

For this purpose Olympia, the second largest Exhibition Hall in the world, has been taken for an Exhibition to be held from September 25th to October 17th, 1914, inclusive.

It is proposed, in connection with this Exhibition, to devote the main body of the Hall to Naval and Shipping Exhibits, and also important Exhibits of Marine and General Engineering Appliances, working or otherwise.

The only two Exhibitions of importance of this character which have been held in this country for the last thirty years are the Naval Architecture and Marine Engineering and Fisheries Exhibition at Tynemouth, September, 1881, and the Naval and Mercantile Marine Exhibition at Olympia in 1910, and it is therefore considered that the time is ripe to hold a really representative and comprehensive Exhibition of Specialities connected with these great Industries, particularly in view of the remarkable advances during recent years in all directions.

As far as possible the Exhibits will be sectionized under the following headings.—

NAVAL ENGINEERING, embracing:

War Vessels	Equipment of War Vessels.
Armour Plate.	Castings.
Steering Gears.	Guns.
Torpedoes.	Gun Carriages.
Range Finders.	Submarine Signalling Apparatus.
Repair Ship Equipment.	Floating Docks, &c.

NAVAL ARCHITECTURE, embracing:

Shipbuilding.	Shipyards Tools.
Steam and other Launches.	Ocean Shipping, Steam and other
Steam and Electric Navigation	Vessels.
on Rivers and Canals.	&c.

MARINE ENGINEERING, embracing:

Coal Handling Plant.	Pumps.
Condensers.	Marine Boilers.
Patent Marine Stokers.	Marine Boiler Fittings.
Electric Light Sets.	Turbines.
Reciprocating Engines.	Marine Oil Engines.
Marine Motor Engines.	Hydraulic Machinery.
Ventilating Machinery.	Heating Apparatus.
Gas Engines.	&c.

SHIPPING EXHIBITS, embracing:

Towage.	Life Belts, Life Rafts, &c.
Dredgers.	Boat Lowering and Detaching
Lights.	Apparatus.
Patent Davits.	Rockets, Mortars, and other Signal-
Lifebuoys, Jackets, Belts, &c.	ling Apparatus.
Inland Navigation.	&c.
Wireless Telegraphy.	

FISHERY EXHIBITS, embracing:

Trawlers, Steam and Sailing.	Models of Fishing Markets.
Fishing Boats.	Lamps. &c.
Boat Equipment.	
Fog Horns, &c.	

GENERAL MARINE EXHIBITS, embracing:

Lanterns for Lighthouses and Cranes.

Lightships.	Mooring Buoys.
Illuminated Buoys, &c.	Screw Moorings.

Models of Lighthouses. Lightships. Locks.
&c.

Diving Apparatus of all description. Port Works,

Apparatus for Raising Wrecks. Life-saving Apparatus.

Victualling and Equipment of Ships. Patent Logs.

Harbours, Bridges. Docks. Cold storage.

Nautical Instruments, Chronometers,
Compasses, &c.

GENERAL ENGINEERING. embracing—

Forgings.	Acetylene Welding and cutting.
-----------	--------------------------------

Water Softening Machinery.	Wood Working Machinery.
----------------------------	-------------------------

Machine Tools.	Accessories, &c.
----------------	------------------

Foundry Requisites.

Lifts and Lifting Tackle.

This Exhibition will be run on the Co-operative Principle, every Exhibitor having a direct interest in the undertaking. An Exhibitors' Committee will be formed to control the general organization. The profits will be allocated partly to Exhibitors by way of rebate on space and partly to the Managers as a fee for their services.

It is proposed that a bonus of not less than 20% on the value of space taken by each individual Exhibitor shall be declared before the Managers receive any share of the profits.

The fact that the Managers have been associated during the last twelve years with numerous successful Technical Exhibitions is sufficient evidence of the organizing capacity at the back of this enterprise. The last of the series of which they were Organizing Managers, namely, the Engineering and Machinery Exhibition, Olympia, 1912, was stated on every hand to be the most successful Exhibition of its kind ever held.

It is proposed to devote the whole of the Wall Space on the Blythe Road side to exhibits of Gas Engines and Suction Gas engines and acetylene plant. (Gas Plants, and the Wall Space on the Hammer-smith side to demonstrations of Acetylene Welding and Cutting, this particular process having come very much to the front in connection with Marine Engineering during the past two years; and the aim generally will be to sectionize the exhibits as far as possible.

Exhibits of Accessories, Journals, and Office Appliances will not be allowed in the main Hall. This will be reserved entirely for firms manufacturing Heavy Machinery, Naval and Shipping Appliances, &c.

The price will be as usual at Olympia, Rs. 1 to Rs. 2-6 per square foot, according to position, and will include the provision of Platforms, on hire, free of charge to Exhibitors, throughout the Hall.

Price of space

Special consideration will be given to the question of the quick and economical handling of goods, and the Management hope to make arrangements with various contractors whereby Exhibitors will be able to have their goods, of all classes, received and lifted at fixed rates.

Handling of Goods

Electric current for power purposes and lighting and water-supply service will be provided to the fullest extent of the facilities at Olympia, and at the rates charged by Olympia (1912), Ltd., so as to enable Exhibitors to show their specialities in motion. Provision will also be made for the supply of steam.

Power

A special publicity department will be formed so as to attract buyers from Colonial and Foreign Countries as well as from the manufacturing centres of Great Britain, and at least 5,000 Special Invitation Tickets will be sent to Government and other engineers throughout the world. Advertisements will be placed with the leading technical papers, and a Press Bureau formed under the management of an expert. Advance particulars will be sent to the technical and daily papers from time to time, and all facilities afforded them of dealing adequately with the Exhibition. Every endeavour will be made through foreign correspondents to arrange for special excursions to the Exhibition, from France and other countries, of engineers and others interested in the exhibits. It has been found that excursions of this kind increase the commercial value of Trade Exhibitions, resulting, as they do, in the opening up of many new and valuable connections.

Publicity.

Addison Road Station, adjoining Olympia, is in direct railway communication with all the great lines of Great Britain.

DACCA, *the 7th March 1914.*

NOTICE.

Examination of Compounders at the Dacca Medical School.

IT is hereby notified for general information that the next half-yearly examination for compounders will be held on the 20th April 1914 and subsequent days.

The examination will be conducted in accordance with Bengal Government Notification Nos. 1410 and 1411 Medical, dated the 7th July 1913—

(a) The Examining Committee will consist of:—

PRESIDENT:

Lieut.-Col. A. R. S. Anderson, B.A., M.B., C.M.Z.S., I.M.S.,
Superintendent, Dacca Medical School.

MEMBERS:

Assistant Surgeon Jogendra Nath Mitta.
Assistant Surgeon Harendra Chandra Das.

(b) No person will be admitted to this examination unless he produces certificates as required by rules 9, 10, 11 and 12 of Government Notification No. 1410 Medical, dated the 7th July 1913.

(c) All male candidates must forward to the undersigned an examination fee of Rs. 5 at least one week before the commencement of examination; a fresh fee must be paid on each occasion that the candidate enters for the examination; but a candidate who, after payment of the fee, is unable, through illness, to attend the examination will be allowed, on producing a satisfactory medical certificate to that effect, to attend the next examination without payment of a fresh fee.

Note—Women candidates are examined free of charge.

(d) The students of compounder class of the Medical School will be allowed to appear at an optional examination. The examination will be conducted by the Committee of Examiners notified above—in minor bandaging, preparation of lotions, dressings, sterilization of dressings and instruments and in all minor duties of Hospital work. No additional fee shall be charged. Every candidate who passes the optional examination shall be granted an additional certificate in the prescribed form that he is qualified for the duties of a Hospital dresser and for Hospital ward work generally.

R. P. WILSON, F.R.C.S., MAJOR, I.M.S.,
Superintendent, Campbell Medical School.

CAMPBELL MEDICAL SCHOOL, CALCUTTA, the 20th February 1914.

HIGH COURT NOTICE.

CIRCULAR ORDER.

Issued by authority of the High Court of Judicature at Fort William in Bengal.

CIVIL.

No. 1 of 1914.

ORDER 5, Rule 27 of the Code of Civil Procedure, 1908, provides that “where the defendant is a public officer . . . or is the servant of a railway company . . . , the Court may, if it appears to it that the summons may be most conveniently so served, send it for service on the defendant to the head of the office in which he is employed, together with a copy to be retained by the defendant.”

It has been represented that the advantages afforded by this procedure are often overlooked, and the attention of the Subordinate Courts is therefore drawn to the rule.

No. 1571-52, dated Delhi, the 14th March 1914.

NOTIFICATION—By the Government of India, Department of Commerce and Industry.

Merchant Shipping.

In exercise of the power conferred by section 68A of the Inland Steam-Vessels Act, 1884 (VI of 1884), the Governor-General in Council is pleased to declare that the provisions of the said Act shall apply to vessels which ordinarily ply on inland waters in the Presidency of Bengal, and are propelled by electricity or other mechanical power, except steam, with the following modifications:—

1. *For* clause (2) of section 5 of the said Act, the following shall be substituted, namely:—
“(2) ‘motor-vessel’ means every description of vessel propelled wholly or in part by the agency of electricity or other mechanical power, except steam.”
2. The words “motor-vessel” shall be substituted for the words “steam-vessel,” wherever these words occur throughout the said Act after clause (2) of section 5.
3. *For* sub-section (2) of section 23 of the said Act, the following shall be substituted, namely:—
“(2) Every certificate granted under this section in respect of an inland motor-vessel, shall be in the form prescribed in the case of an inland steam-vessel, *mutatis mutandis*.”

4. *After* section 25A of the said Act, the following shall be inserted, namely :—

“25B. The Local Government may, by rule, delegate to the Port Officer of Calcutta or Chittagong, all or any of its powers under sections 23, 24, 25 and 27, subject to such restrictions or conditions as it may consider desirable.”

“25C. The certificate granted under the provisions of this Chapter to a holder of a similar certificate in respect of an inland steam-vessel shall take the form of an endorsement on such certificate.”

5. In section 28 of the said Act—

- (1) *for* the words “eighty nominal horse-power,” in the two places where they occur, the words “one thousand brake horse-power” shall be substituted;
- (2) *for* the words “thirty nominal horse-power,” in the two places where they occur, the words “two hundred and fifty brake horse-power” shall be substituted; and
- (3) *after* the words “first-class engine-driver’s certificate,” and *after* the words “second-class engine-driver’s certificate,” in the two places where these words respectively occur, the words “for motor-vessels” shall be inserted.

H. L. STEPHENSON,
Secy. to the Govt. of Bengal.

RULES.

1. (1) The Local Government shall, upon receipt of an application in this behalf from—

(a) any member of—

- (i) the Central Association of Accountants, Limited,
- (ii) the London Association of Accountants, Limited,
- (iii) the Institution of Certified Public Accountants, or
- (iv) the Corporation of Accountants, Limited,

who has had at least five years' practical experience in auditing accounts, or

(b) any other person who has had at least five years' practical experience in auditing accounts and who can satisfy the Local Government as to his competency,

grant to any such member or person a certificate, entitling the holder thereof to act as an auditor of Companies.

(2) Every such certificate shall remain in force for a period of two years from the date thereof, unless it is previously cancelled under these rules:

Provided that, subject to cancellation under these rules, the Local Government may, in exceptional cases, issue such a certificate without limiting the period for which it is to remain in force.

2. (1) Every application for such a certificate shall be made through the Registrar of Companies, and must be accompanied by proof of practical experience in auditing for five years.

(2) An applicant under clause (b) of rule 1 must also furnish in addition satisfactory references of character.

3. An application on behalf of a firm of accountants consisting of more than one member must be made in the name of the firm, and must state the name and qualifications of each member of the firm.

4. The Local Government may refuse to grant a certificate to, or, after a certificate has been granted, may cancel the certificate of, any person—

- (1) who has been convicted of a non-bailable offence by a competent Court,
- (2) whom the Local Government after due inquiry considers to have been guilty of unprofessional conduct, or
- (3) who has been adjudged bankrupt, or has made an assignment for the benefit of his creditors.

5. (1) The Local Government shall maintain a register in which shall be entered the name and address of each person or firm to whom a certificate has been granted under these rules.

(2) When a certificate is cancelled, the name of the person or firm to whom it was granted shall be removed from the said register.

No. 3425—*The 24th March 1914.*—The following is published for general information.

J. H. KLRR,
Secy. to the Govt. of Bengal.

INDIAN FOREST SERVICE.

REGULATIONS AS TO THE APPOINTMENT OF
PROBATIONERS, 1914.

1. *Appointments.*—The Secretary of State for India in Council will, in the summer of 1914, make **not less than nine appointments** of Probationers for the Indian Forest Service, provided that so many candidates are considered to be in all respects qualified.

In making these appointments, he will act with the advice of a Selection Committee.

2. *Applications for Appointment.*—Applications for appointment must be made on a printed form to be obtained from the Secretary, Revenue Department, India Office, Whitehall, London, S.W., and to be returned to him not later than **Wednesday, the 1st July 1914**. Candidates must be prepared, if called upon, to attend at the India Office, at their own expense, for a personal interview with the Selection Committee within three weeks from that date.

3. *Age Limit.*—Candidates must be not less than 19 but under 22 years of age on the 1st January 1914.

Note.—For the year 1914 only, candidates who have taken an honours course (or other course specified in paragraph 5) which under the Regulations of the University, occupies four years, will be subject to the age limits which have hitherto been in force, viz., 19 and 23 on the 1st July of the year in which selection is made.

4. *Nationality, &c.*—Every candidate must be a natural-born subject of His Majesty. He must be prepared to give an undertaking, if selected, that he will not marry before he reaches India. If he does so, he will forfeit his appointment. He must be of good physique, and must produce evidence of character to satisfy the Secretary of State for India in Council that he is suited for the Indian Forest Service.

5. *Qualifications.*—Candidates must have obtained a degree *with Honours* in some branch of Natural Science* in a University of England, Wales, or Ireland, or have passed the Final Bachelor of Science Examination in Pure Science in one of the Universities of Scotland†. A degree in Applied Science will not be considered as fulfilling these conditions. Candidates will be required to produce evidence that they have a fair knowledge of either German or French.

NOTE.—Applications for appointment will be accepted from candidates who on the 1st July 1914 have already sat at an examination for a degree as mentioned above, but have not learned the result of the examination.

6. Should there be more candidates considered to be qualified in every respect than vacancies to be filled, the Secretary of State reserves the right to require them to pass a competitive examination conducted by the Civil Service Commissioners, on the results of which their final selection would depend. Particulars of this examination, which would be held in August, will be found in Appendix f.

* A Moderators'hip in Natural Science or in Experimental Science at the University of Dublin will be considered as fulfilling these conditions.

† Graduates in Forestry at the University of Edinburgh are regarded as satisfying the requirements of this paragraph if they pass the Final Examination of that University in some one branch of Natural Science embraced in the degree in Pure Science.

7. *Medical Examination.*—Selected candidates will be required to undergo a strict examination by a Medical Board at the India Office, at which particular stress will be laid on good vision and hearing, and to satisfy the Secretary of State for India that they are physically fit for service in the Indian Forest Department (*see* Appendix VI).

Candidates who do not satisfy the Secretary of State for India that they are physically fit for appointment to the Indian Forest Service will not be admitted to the competitive examination mentioned in Regulation 6.

8. *Period of Probation.*—Before appointment to the Indian Forest Department, a probationer will be required—

- (i) to have obtained, either before selection as probationer, or within the period of two years' probation, the degree or diploma in Forestry at one of the Universities named in the margin ;
 - Cambridge, Oxford or Edinburgh
- (ii) to have undergone a special course of instruction in Forestry, under the direction and supervision of the Director of Indian Forest Studies appointed by the Secretary of State for India in Council, in such British and Continental localities as may be selected for the purpose ;
- (iii) to have passed an examination in certain special subjects, namely, Systematic Botany of Indian trees, Indian Geology, Forest Law, Indian Working Plans, and, if required, an Indian vernacular language ;
- (iv) to have undergone a final competitive examination in Forestry (*see* Appendix II) ;
- (v) to have satisfied the Secretary of State, in such manner as may be determined, of his ability to ride.

The period of probation will in ordinary cases be two years. The Director of Indian Forest Studies will instruct probationers in each case as to the order and manner in which they should fulfil these various requirements.

9. *Charges.*—The probationers will be required to defray all expenses of lodging, board, tuition, and excursions, while at the University and on practical instruction in Great Britain and on the Continent, with the exception of fees payable to local forest officers in Great Britain and on the Continent.

10. *Allowances.*—The Secretary of State for India in Council will make payments to each probationer at the rate of 120*l.* annually, not exceeding a total of 240*l.* (besides the fees to local officers mentioned above). These payments will ordinarily be made on the following dates in each year :—

	£
On the 1st December	30
On the 1st March	30
On the 1st June	60

The cases of probationers whose probation does not extend over the full two years will be specially considered.

The grant of the allowances is subject to the following conditions :—

- (a) that the progress of the probationer in his studies is satisfactory ;
- (b) that the probationer gives security to refund the payments in respect of this advance, as well as such payments, not exceeding 60*l.* in all, as may have been incurred by the Secretary of State on the probationer's behalf in respect of fees to local forest officers, in the event of his failing to qualify for an appointment in the Indian Forest Service, or not signing the articles of agreement as specified in paragraph 13, or failing to join the Indian Forest Service at the end of the period of probation.

11. *Conduct*.—Every probationer will be required to conduct himself during the period of probation in a manner satisfactory to the Secretary of State, and to give evidence of satisfactory progress in his studies in such a manner as may be required, failing which, or in the event of serious misconduct, he will be liable to have his name removed from the list of Probationers.

12. *Appointment and Seniority*.—Probationers who comply with the requirements of Regulation 8 within the sanctioned period of time, and also satisfy such other tests as may be prescribed, will be appointed Assistant Conservators in the Indian Forest Department, provided they are of sound constitution and free from physical defects which would render them unsuitable for employment in the Indian Forest Service. Their position in the Provincial Forest Lists will be determined by the Secretary of State for India in Council on the report of the Director of Indian Forest Studies; but in making selections for the post of Conservator, officers joining the service in the same year are reckoned as equal in seniority unless the Secretary of State for India in Council shall for special reasons have directed otherwise in any particular case or cases.

Probationers will be allowed at the end of the period of probation to state their preference in respect to the Provinces to which they desire to be allotted; but the distribution will be made to the several Provinces according to the needs of the public service, at the discretion of the Secretary of State for India in Council. Officers are, however, at all times liable to be transferred from one Province to another at the pleasure of the Government of India.

13. *Articles of Agreement*.—A probationer is required, on qualifying for appointment as Assistant Conservator, to sign articles of agreement setting forth the terms and conditions of his appointment; he must embark for India when required to do so by the Secretary of State, and must engage his own passage. Failure to embark at the stated time will, in the absence of satisfactory explanation, lead to forfeiture of appointment.

14. *Passage Allowance*.—An allowance on account of passage to India will be paid to each probationer on appointment to the Indian Forest Service, to the amount of 37*l.* 10*s.* for passage to Calcutta, Madras or Bombay, and 43*l.* for passage to Rangoon.

Note—The above is the normal rate of passage allowance. In consequence of the surtax of 10 per cent. at present charged by shipping companies in respect of passages to India the above rates of passage allowance have been raised to 41*l.* 7*s.* and 46*l.* 5*s.* respectively. Should this surtax be removed, these rates will be reduced to those given in paragraph 14.

15. *Salary*.—An Assistant Conservator of Forests will draw pay at the rate of Rs. 380 a month (equivalent to 304*l.* a year, when the rupee is at 1*s.* 4*d.*) from the date of his reporting his arrival in India.

16. *Promotion, Leave, Pension, and Provident Fund*.—Promotion, leave and pension will be governed by the Regulations laid down by the Government of India, and applicable to Forest Officers, such regulations being subject to any modifications or alterations which may be made in them from time to time by the Government of India, and their interpretation in case of any doubt arising being left to that Government. A copy of the existing regulations can be seen on application at the India Office.

Certain information regarding appointments in the upper controlling staff of the Indian Forest Service, the pay of which has been recently improved, will be found in Appendix III; a summary of information regarding Leave is contained in Appendix IV; and regarding Pensions and the Provident Fund in Appendix V.

APPENDICES.

APPENDIX I.—COMPETITIVE EXAMINATION.

In the event of the Civil Service Commissioners being requested by the Secretary of State for India in Council to hold an examination in any year of candidates nominated by him to compete for appointment as Probationers for the above Service, the following will be the subjects in which such candidates will be examined :—

	Maximum marks		Maximum marks.
1. English Composition ...	100	5. Physics ...	100
2. German <i>or</i> French ...	100	6. Geology ...	100
3. Elementary Chemistry ...	50	7. Botany ...	100
4. Higher Chemistry ...	100	8. Zoology ...	100

Not more than three of the subjects numbered 4 to 8 may be offered.

Candidates must pass to the satisfaction of the Civil Service Commissioners in the first three subjects.

In the subjects numbered 4 to 8, only marks showing real attainment will be counted towards the order of merit, so that a candidate who has a thorough knowledge of one or two of the optional subjects may obtain on that knowledge alone as many marks as a candidate who offers the maximum number of the optional subjects on a lower standard.

SYLLABUS.

Languages.—The examination in German and French will include translation, composition, and conversation.

Sciences.—The standard of the examination in Higher Chemistry, Physics, Geology, Botany and Zoology will be that of the Honours Schools of the Universities.

The examination in Elementary Chemistry will consist of a written paper on the more elementary parts of Inorganic Chemistry, together with the outlines of Organic Chemistry.

APPENDIX II.—FINAL EXAMINATION.

1. With a view to the allocation of the annual Currie Scholarship for Indian Forest Students (value about 35%), and to facilitate the allotment of probationers to the several provinces in accordance with paragraph 12 of the Regulations as to appointments in the Indian Forest Service, probationers who have completed their prescribed course of training will be required to undergo a competitive final examination in Forestry.

2. A list of the probationers in order of merit will be prepared by adding together (a) the marks obtained at the final examination, and (b) the marks obtained during the course of practical training in forestry under the control of the Director of Indian Forest Studies. The maximum of marks obtainable under (a) will be the same as under (b).

3. The final examination will consist of an oral examination and three or more papers, as follows :—

- (i) One or more papers in Silviculture, Forest Protection (including Forest Botany and Forest Entomology), and Forest Utilization (including Forest Engineering).
- (ii) One or more papers in Forest Management, Forest Mensuration, Forest Valuation, and Forest Administration.
- (iii) A paper in General Forestry (Practical) dealing with the work done and with the forests visited during the course of practical training.

4. The final examination will be held at the beginning of October. Arrangements as to the date and place of examination will be made by the Director of Indian Forest Studies. Probationers will not be required to pay any fee for the examination.

APPENDIX IV.

[*NOTE.*—Appendices IV and V are intended merely to show the principal leave and pension rules in the Civil Service Regulations at present applicable to officers appointed to the Indian Forest Service by the Secretary of State from the United Kingdom, without going into minute details, and do not profess to deal with every case that may arise. The rules are subject to alteration, and any disputed question must be decided with reference to the authorised text of the Civil Service Regulations for the time being.]

LEAVE.

Long Leave.

1. Furlough and special leave with allowances (*see* paragraph 5) are admissible to an aggregate maximum amount of six years during an officer's service. The amount of furlough "earned" is one-fourth of an officer's active service, and the amount "due" is that amount less any enjoyed.

2. Furlough without medical certificate can, if due, be generally taken after eight years' active service, and again after intervals of not less than three years' continuous service. It is limited to two years at a time.

3. Furlough on medical certificate may be granted (a) to an officer who has rendered three years' continuous service, for not more than two years, but capable of extension up to three years; and (b) to an officer who has not rendered three years' continuous service up to one year in any case, and up to such longer period, if any (but not exceeding two years in all), as the officer may have furlough "due" to him.

* The officer holding this appointment draws in addition to the pay of his grade a minimum local allowance of Rs. 200 a month.

† These appointments are allotted to the various provinces as follows:—Burma, 66; Madras, 31; Bombay, 27; Central Provinces, 24; United Provinces, 19; Punjab, 12; Bengal, 12; Assam, 13; and Bihar and Orissa 5; and 4 Imperial Instructors at Dehra Dun.

‡ Until he has passed the prescribed Departmental examinations, an Assistant Conservator is liable to stoppage of increments of pay. On passing the examinations he will resume drawing pay under the time scale at the rate to which his length of service entitles him.

§ These draw a local allowance of Rs. 150 a month in addition to their grade pay, with the exception of the President, Forest Research Institute and College, in whose case the allowance is at the rate of Rs. 200 a month. Of these 10 appointments, the four posts of Imperial Instructors have been sanctioned for five years from 1912, for the present.

NOTE.—Under the improved scale of salary shown above, no Exchange Compensation Allowance is granted.

4. The allowances admissible during furlough are :—

- (1) During the first two years of furlough without medical certificate and during so much of furlough with medical certificate as may be "due"—half average salary, subject to certain maximum and minimum limits.
- (2) After the expiration of the period for which the foregoing allowances are admissible—one quarter of average salary, subject to certain maximum and minimum limits.

5. Special Leave may be granted at any time for not more than six months, with intervals of six years' service; allowances, calculated as during furlough, are given during the first six months only, whether taken in one or more instalments.

Short Leave.

6. Privilege Leave is a holiday which may be granted to the extent of one-eleventh part of the time that an officer has been on duty without interruption; and it may be accumulated up to three months, earned by 33 months' duty. During privilege leave, the officer retains a lien on his appointment, and receives the salary which he would have received if on duty. An interval of not less than six months must elapse between two periods of absence on privilege leave.

Privilege leave may be prefixed to furlough, special leave, or extraordinary leave without allowances. The whole period of leave thus taken in combination is known as combined leave. Combined leave may not be granted for a period of less duration than six months, nor, except on medical certificate, may it be extended beyond two years.

7. Subsidiary Leave in India for a minimum of 10 days, usually with half average salary, is granted to an officer proceeding on or returning from leave out of India, or on retirement, to enable him to reach the port of embarkation or to rejoin his appointment. It is admissible only at the end and not at the beginning of combined leave.

8. Short Leave is also granted to enable officers to appear at examinations, &c.

9. Extraordinary Leave without allowances may be granted in case of necessity, and, except in certain specified cases, only when no other kind of leave is by rule admissible. It may be granted in continuation of other leave.

General Rules.

10. Leave of absence can never be claimed as of right, and is given or refused at the discretion of Government.

11. When leave allowances other than privilege leave pay are paid at the Home Treasury, or in a Colony where the standard of currency is gold, rupees are converted into sterling at the rate of exchange fixed for the time being for the adjustment of financial transactions between the Imperial and Indian Treasuries, unless any other rate has been exceptionally authorised. But for the present the rate of conversion is subject to a minimum of 1s. 6d. to the rupee. Privilege Leave pay when issued from the Home Treasury (this is only admissible when privilege leave is combined with other leave) is converted at 1s. 4d. to the rupee.

APPENDIX V.

(See Note under Appendix IV.)

PENSIONS AND PROVIDENT FUND.

1. An officer of the Indian Forest Service is eligible for a pension on voluntary retirement after completing 20 years' qualifying service or attaining the age of 55 years. If at an earlier date he is compelled to retire from the service through ill-health, not occasioned by irregular or intemperate habits, he becomes eligible for an invalid pension or a gratuity according to the length of his service.

The amount of pension or gratuity is regulated as follows:—

After a service of less than 10 years, an invalid gratuity not exceeding one month's emoluments for each completed year of service.

After a service of not less than 10 years an invalid pension not exceeding the following amounts:—

Years of Completed Service	Maximum Limit of Pension.
10	Rs. 1,000 a year.
11	.. 1,400 ..
12	.. 1,800 ..
13	.. 2,200 ..
14	.. 2,600 ..
15 } 16 } 17 } 18 } 19 }	.. 3,000 ..

After a service of not less than 20 years, a retiring pension not exceeding the following amounts:—

Years of Completed Service.	Scale of Pension. Sixtieths of average Emoluments.	Maximum Limit of Pension.
20 to 24 } 25 and above }	30	{ Rs. 4,000 a year. .. 5,000 ..

Officers who have shown special energy and efficiency during an effective service of three years as Inspector-General of Forests or Conservator may, at the discretion of the Government of India, be allowed an additional pension of Rs. 1,000 a year, subject to the condition that the officer must not retire voluntarily before the completion of a total qualifying service of 28 years.

Subject to certain prescribed conditions, rupee pensions are now issued to pensioners residing in countries where the Indian rupee is not legal tender at the rate of exchange of 1s. 9d. the rupee.

2. A General Provident Fund has also been established on the following basis:—

- (a) The contribution is compulsory up to 6½ per cent. on salaries, with voluntary contributions of not more than a further 6½ per cent. Subscriptions on leave of any kind are optional.
- (b) Compound interest on such payments is annually credited by Government to each officer subscribing, the rate being at present 4 per cent. per annum.
- (c) The sum which thus accumulates to the credit of an officer is his absolute property, subject to the rules of the Fund, and is handed over to him, unconditionally, on quitting the service; or, in the event of his death before retirement, to his legal representatives or such other person or persons as, under and subject to the rules of the Fund for the time being in force, may be entitled thereto.
- (d) Other forms of life insurance will, however, if they fulfil certain conditions, be accepted in lieu of the contributions in (a)

APPENDIX VI.

GENERAL PHYSICAL REQUIREMENTS.

[*Note.*—These Regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Secretary of State reserves to himself an absolute discretion to reject as unfit any candidate whom he may consider, after hearing the opinion of his medical advisers, to be physically disqualified for the public service, and that his discretion is in no respect limited by these Regulations.]

1. A candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with efficient performance of duty.

2. In the examination of candidates the Medical Board will apply the following table of correlation of age, height, and chest girth:—

Age.	Height without shoes	Chest	
		Girth when expanded.	Range of Expansion.
	Inches.	Inches.	Inches.
19 to 20	62½ and under 65	35	2
	65 " 68	35	2
	68 " 70	35½	2
	70 " 72	36	2
	72 and upwards	36½	2½
21 and upwards	62½ and under 65	35	2
	65 " 68	35½	2
	68 " 70	36	2
	70 " 72	36½	2½
	72 and upwards	37	2½

3. *Measurement of Height.*—The candidate will be placed against the standard with his feet together, and the weight thrown on the heels, and not on the toes or outside of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks, and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be noted in parts of an inch to eighths. No fixed limit of height is imposed.

4. *Measurement of chest.*—The candidate will be made to stand erect, with his feet together, and to raise his hands above his head. The tape will be carefully adjusted round the chest, the posterior upper edge touching the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape is carefully gathered in during the process, and when the minimum measurement is reached it is recorded. The candidate will then be directed to inflate his chest to its utmost capacity. This maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and the maximum will then be recorded.

5. The hearing must be good.

6. The speech without impediment.

7. The teeth in good order, i.e., decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth where necessary for effective mastication.

8. The chest must be well formed, the lungs and heart sound.

9. Rupture, hydrocele, varicocele, varicose veins in a severe degree, or other condition likely to cause inefficiency will disqualify a candidate, unless such condition is cured by operation.

10. The limbs, feet, and toes must be well formed and developed, with free and perfect motion of all the joints.

11. A candidate must have no congenital malformation or defect likely to interfere with efficiency.

12. A candidate must not be the subject of chronic skin disease.

13. Evidence of previous acute or chronic disease pointing to an impaired constitution will disqualify.

14. Candidates may, if they wish it, undergo a preliminary examination by the Medical Board, which meets at the India Office every Tuesday under the following conditions:—

(a) Applications must be addressed to the Under-Secretary of State, India Office, Whitehall, London, accompanied by a fee of two guineas.

(b) Candidates must pay their travelling expenses.

(c) It must be understood that the opinion of the Medical Board, which will be communicated by the Board to the candidate at the end of the examination, is solely for the candidate's own information and is not an official finding. The Board, if they consider a candidate unfit, will exercise their discretion as to informing him of the particular grounds on which their opinion is based. No further information can in any case be given.

(d) Candidates considered to be unfit by the Medical Board at this preliminary examination are not bound to accept its opinion, but may, *at their own risk*, continue their studies, with the knowledge that they will have to submit themselves for a final medical examination by the Medical Board prior to their appointment.

(e) As the preliminary examination by the Medical Board is held solely for the candidate's information, a candidate who is informed after such an examination that he is physically fit will have on that account no claim to be accepted as physically fit when he presents himself for the final medical examination, upon which alone his acceptance or rejection will depend. Candidates may be considered fit for the Service at the preliminary examination, but may be found at the final examination to be unfit, either on account of some physical defect which did not exist or passed undetected at the preliminary examination, or for other reasons.

REGULATIONS AS TO THE STANDARD OF VISION FOR THE INDIAN FOREST SERVICE.

1. If myopia in one or both eyes exists, a candidate may be passed, provided the ametropia does not exceed 2.5 D, and if with correcting glasses not exceeding 2.5 D, the acuteness of vision in one eye equals $\frac{1}{2}$ and in the other $\frac{1}{3}$, there being normal range of accommodation with the glasses.

2. Myopic astigmatism does not disqualify a candidate for service, provided the lens or the combined spherical and cylindrical lenses required to correct the error of refraction do not exceed — 2.5D; the acuteness of vision in one eye, when corrected, being equal to $\frac{1}{2}$, and in the other eye $\frac{1}{3}$, together with normal range of accommodation with the correcting glasses, there being no evidence of progressive disease in the choroid or retina.

3. A candidate having total hypermetropia not exceeding 4 D is not disqualified, provided the sight in one eye (when under the influence of atropine) equals $\frac{1}{2}$, and in the other eye equals $\frac{1}{3}$ with + 4 D or any lower power.

4. Hypermetropic astigmatism does not disqualify a candidate for the service, provided the lens or combined lenses required to cover the error of refraction do not exceed 4 D, and that the sight of one eye equals $\frac{1}{2}$ and of the other $\frac{1}{3}$, with or without such lens or lenses.

5. A candidate having a defect of vision arising from nebula of the cornea is disqualified if the sight of one eye be less than $\frac{1}{2}$. In such a case the better eye must be emmetropic. Defects of vision arising from pathological or other changes in the deeper structures of either eye, which are not referred to in the above rules, may exclude a candidate for admission into the service.

6. Squint or any morbid condition, subject to the risk of aggravation or recurrence, in either eye, may cause the rejection of a candidate. The existence of imperfection of colour sense will be noted on the candidate's papers.

NOTIFICATION.

No. 1096 Com.—The 30th March, 1914.—The following draft of rules which the Governor in Council intends to make under section 24 of the Provident Insurance Societies Act, 1912 (V of 1912), in supersession of the rules published in draft under Notification No. 3163, dated the 28th June, 1913, is published, as required by sub-section (3) of that section, for the information of persons likely to be affected thereby.

11. The draft will be taken into consideration on or after the 1st May 1914, and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

H. L. STEPHENSON,

Secretary to the Government of Bengal.

DRAFT RULES UNDER SECTION 24 OF THE PROVIDENT
INSURANCE SOCIETIES ACT, 1912.

Short title	1. These rules may be called the Bengal Provident Insurance Societies Rules, 1914.
Definition	2. In these rules, unless there is anything repugnant in the subject or context,—

- (a) "the Act" means the "Provident Insurance Societies Act, 1912";
- (b) "society" means a Provident Insurance Society to which the Act applies;
- (c) "provident insurance business" means any class of business to which the Act applies;
- (d) "dividing society business" means provident insurance business under which the amount payable on the policy money becoming due is not fixed but depends either partly or wholly on the results of the division of any portion of the premium income or funds amongst the policies which have become due for payment in proportion to the premiums received under each class in any specified period;
- (e) "bond investment business" means the issue of bonds or policies by which the society, in return for premiums or subscriptions payable at periodical intervals of one year or less, contract to pay the legal holder of the bond or policy a sum at a future date either with or without the other specified benefits such as the right to share in the profits of the society or to an advance for certain specified objects, and not being life assurance business;
- (f) "ordinary life assurance business" means life assurance business transacted on similar lines to those adopted by ordinary life assurance companies, namely, by granting annuities on human life, or by assuring a fixed sum payable at death, on survivance or on the happening of any contingency dependent on human life in return for a premium which is fixed at the outset for each age at entry. This shall not exclude the case of sums assured and premiums which vary as the result of bonus ascertained by an actuarial valuation conducted in the manner provided for in the Fourth Schedule to the Indian Life Assurance Companies Act, 1912.

3. The provisions of the Act shall, in addition to the contingencies of birth, marriage and death prescribed in clause (8) of section 2 of the Act, extend to the receipt of premiums, or contributions for insuring money to be paid on the happening of any of the following contingencies, or of any

Contingencies prescribed under the Act.

other uncertain event coupled therewith, and shall apply to any society receiving such premium or contributions, namely :—

- (a) the payment of sums on a person or persons surviving a given term, age or contingency, and the contingencies arising under any other life assurance business which is not subject to the provisions of the Indian Life Assurance Companies Act, 1912 ;
- (b) bond investment business ;
- (c) failure of issue ;
- (d) provision for the expenses of any ceremonial occasion, such as betrothal, circumcision, thread ceremonies, shaving of the head, etc., which is generally observed among the different communities in India ;
- (e) unemployment or retirement from business ;
- (f) sickness ; and
- (g) accident ;

Provided always that the Act shall not apply to any society which is subject to, and complies with, the provisions of the Indian Life Assurance Companies Act, 1912.

1. On the registration of a society, the Registrar shall grant a certificate to the society in Form No. 1 in Part II of the Schedule annexed hereto ; and on the registration of any other documents authorized or required to be recorded or filed he shall grant a certificate in Form No. 2 in the said Part II.

5. (1) No society subject to the Act, other than a society registered under the Indian Companies Act, 1913, before the date of these rules, may register hereafter with a name in which the words " life assurance " or " life insurance " occur, or having a name either the same as that of any existing society or other company or so nearly resembling it as to be likely to lead to confusion.

(2) The name of every society, which is required by section 12 of the Act to be displayed in a conspicuous position in legible letters on the outside of the office of the society, shall be displayed in English and in the vernacular of the district in which the office is situated :

Provided that, in the case of offices of societies in the town of Calcutta, it will be sufficient if the name of the society is displayed in English alone.

6. (1) In accordance with the provisions of section 5 of the Act, every society—

- (a) if already existing at the date when these rules come into force, shall provide, within six months from that date, for such of the matters mentioned in Part I of the Schedule annexed hereto as are not already provided for in the rules of the society, subject to the condition that the terms of the then existing contracts shall not be altered to the detriment of the policy-holders :

Provided that if, in any case, it is made to appear to the Registrar that the circumstances are such that a longer period than six months should be allowed, he may extend that period by such time as he may think fit ; and

- (b) if not existing at the said date, shall provide in its rules, before registration under the Act, for the matters mentioned in the said Part I.

(2) A copy in English of the rules of the society and of the said Part I of the Schedule duly completed as aforesaid, shall, within fifteen days from the date of the adoption of the rules, be sent to the Registrar. Blank forms of the said Part I may be obtained from the Registrar and should be used on each occasion when particulars are being submitted in compliance with this rule.

(3) The copy of the rules or amended rules of a society required to be forwarded in compliance with this rule and sections 6 and 8 of the Act

shall not be accepted for registration unless it is certified to be a correct copy and is signed by the Chairman or Managing Director, as well as by the Manager or one of the other responsible officers of the society.

• Qualifications of auditor—

7. No person shall be appointed or act as an auditor of any society unless he is either—

- (a) a member of an Institute or Society notified by the Governor General in Council under the proviso to sub-section (1) of section 144 of the Indian Companies Act, 1913 (VII of 1913), or
- (b) the holder of a certificate granted by the Government of Bengal in accordance with the rules issued under sub-section (2) of section 144 of the said Act (VII of 1913), or
- (c) the holder of a certificate for the whole of British India granted by any other Local Government in exercise of the power vested in them by rules issued under the said sub-section (2) of section 144 of the same Act.

8. The accounts of every society not subject to audit in accordance with the provisions of the Indian Companies Act, 1913, or of any other law for the time being in force in British India relating to the registration of companies shall be audited in accordance with that Act or such other law

Audit of societies not subject to the law of British India relating to the registration of Companies—

Additional particulars in case of societies to which the Act applies—

9. Every auditor auditing under the Act the accounts of a society shall state the following additional particulars in his report—

- (a) whether or not he has personally verified the whole of the investments with the securities and other vouchers and is satisfied as to their correctness;
- (b) any other matters that he considers should be brought to the notice of the members or policy-holders of the society.

10. (1) Any person who, as an actuary, investigates the financial condition of a society or signs valuation returns of a society shall be either—

Qualifications of actuaries under the Act—

- (a) a Fellow of the Institute of Actuaries, London, or a Fellow of the Faculty of Actuaries in Scotland; or
- (b) where application is made by a society or by the Registrar and where, in the opinion of the Governor in Council, special circumstances exist,—

- (i) an Associate of such Institute of Actuaries or of such Faculty of Actuaries; or
- (ii) such other person having actuarial knowledge as the Governor in Council may authorize to be employed to perform the duties of an actuary.

(2) Every application by a society for permission to employ as an actuary any person other than a Fellow of the Institute or Faculty of Actuaries shall state the work for the performance of which such person is required, and the Governor in Council, if he grants the application, shall cause a certificate to be issued to the society permitting, subject to such conditions and restrictions as he thinks fit, the employment of the person mentioned in the application.

11. An actuary, when investigating the financial condition of a society shall either satisfy himself as to the accuracy of the particulars extracted from the books or require a certificate of their accuracy from the Manager and one other responsible officer of the society.

Accuracy of particulars—

12. An actuary, when investigating the financial condition of a society, shall comply with the requirements of the forms set forth in the Fourth and Fifth Schedules of the Indian Life Assurance Companies Act, 1912, or as near thereto as circumstances will permit, and in addition he shall report—

- (a) whether the calculations are correct and made on the principles which are contained in the statement required by the Fourth Schedule to the Indian Life Assurance Companies Act, 1912;
- (b) whether these principles have his approval;
- (c) whether he has obtained all the information and explanations that he has required;
- (d) what adjustment was used in the valuation to allow for unequal incidence of the premium income, and for premiums payable more often than once a year;
- (e) the method by which both the ages at entry and the ages at valuation were arrived at;
- (f) the rate at each age of the mortality assumed and of the annuity values used in the valuation where the tables employed are not published;
- (g) whether all negative values were eliminated from the valuation; and
- (h) the reserve values held against policies effected at ages 20, 30, 40 and 50 and which have been in force for 1, 2, 3, 4, 5, 10, 15 and 20 years, respectively, in respect of—
 - (i) whole life assurances with premiums payable throughout life;
 - (ii) whole life assurances with premiums payable for 20 years;
 - (iii) endowment assurances payable at age 60 or previous death.

13. In the event of the actuary finding that the financial condition of the society is such, in his opinion, that no payment should be made either of bonus to policyholders or of dividend to members, he shall state whether or not he finds the society to be solvent. If he finds it to be insolvent—

Further particulars in case of insolvent society.

- (a) he shall state whether he considers that the society could be made solvent as regards existing contracts by the transfer of its subscribed capital (whether paid or unpaid) to make good the deficiency in the funds. If so, he shall state what, in his opinion, is the amount so required, and whether or not any alteration would require to be made in the rates of premium for future entrants;
- (b) if he considers that the society cannot be made solvent as regards existing contracts by the transfer of the whole of the subscribed capital to the credit of the funds in deficit, he shall state what proportion of the sum assured the society would, in his opinion, be able to meet under such contracts, if all the premiums thereunder were reduced proportionately with the sum assured, and all subscribed capital were fully paid up and transferred to such funds.

14. (1) When an inquiry has been held under section 17 of the Act, the Registrar may, if he thinks fit, instead of cancelling the registry of the society under section 18 and appointing a liquidator to wind up the society under section 19 of the Act, consent to the society reducing the

Power of Registrar to postpone order under section 18

amount of its contracts upon such terms and subject to such conditions as he thinks just.

(2) When policy contracts have been reduced under sub-rule (1), no money whatever shall be paid to shareholders either as repayment of capital, payment of dividend or in any other way until the society is able to meet policyholders' claims in full according to the original contract.

15. The Registrar shall not appoint a liquidator under section 19 in the case of a society subject to the law for the time being in force in British India relating to the registration of Companies.

Liquidation of societies registered under the Indian Companies Act 1913.

16. When a liquidator has been appointed in terms of section 19, he may, if he thinks fit, reduce the amount of each of the contracts of the society upon such terms and subject to such conditions as he may think just, as a means towards winding up. If the contracts are not to be reduced in amount as here provided, the liquidator shall ascertain the value of the liability of the society to each person appearing by the books of the society to be entitled to or interested in policies granted by such society. He shall give written notice to such person of the value so ascertained.

Liquidator may reduce contracts

17. (1) The accounts of a society shall consist of the Revenue Account, Profit and Loss Account and Balance Sheet as prescribed in Forms Nos. 3, 5 and 6, respectively, in Part II of the Schedule hereto annexed; but a society may, if it so desires, submit a separate Revenue Account (precisely similar to Form No. 3) for any class of business carried on by it, but the transactions in respect of a class of business so prescribed under the Act shall not be shown in a Revenue Account showing the transactions in respect of any business which is so prescribed. The accounts shall be signed by all the directors of the society and by the Manager and one of the other responsible officers. If any of these omit to sign, the reason shall be stated. Other statements shall be prepared each year in the following forms and signed by the Chairman or Managing Director (if any) as well as by the Manager or one of the other responsible officers of the society:—

Form of accounts

Form No. 4—giving particulars of expenditure which has not been charged as such.

Form No. 7—giving particulars of the relationship existing between the lives assured and those effecting policies.

Form No. 8—giving particulars of the numbers of policies effected at different ages.

Form No. 9—showing the magnitude of the society's policy contracts.

Form No. 10—giving particulars of the new business each year.

Form No. 11—showing for each year the additions to and deductions from the number of policies and the sums assured thereunder.

Form No. 12—giving particulars for each year since the formation of the society of the number of policies that have gone off the books for various reasons.

Form No. 13—showing the claims under dividing society business arranged according to the duration of the policies.

Form No. 14—giving examples of the sums paid in past years under dividing society business.

(2) The registrar may, on the application and with the consent of a society, alter any of the said forms as regards that society for the purpose of adapting it to the circumstances of that society.

18. The Chairman or Managing Director (if any), as well as the Manager and one of the other responsible officers of the Society, shall sign all the accounts and the balance sheet and the abstracts or statements sent to the Registrar.

19. The receipt of an annual return by the Registrar implies no approval of anything it contains. An acknowledgment of the fact that documents purporting to be the annual returns of a particular society have been received will be given, but the acknowledgment does not imply that a valid return has been made or indicate approval of anything that it contains.

20. The following fees shall be payable to the Registrar in cash or by postal money-order for matters transacted under the Act :—

(1) Registration of a society (section 6) Rs. 100 :

Provided that a society which has been already registered under the Indian Companies Act, 1913, shall be exempt from payment of any fee for registration under the Act.

(2) Registration of amendment of a rule (section 8). Rs. 5 :

Provided that no more than a single fee of Rs. 5 shall be leviable for the amendment of two or more rules when such amendments are intimated to the Registrar in the same communication.

21. Documents required under the Act to be submitted to the Registrar shall be open to inspection on payment of a fee of one rupee; and any person may procure a copy of any such document or a part thereof on payment of a fee of six annas for every hundred words or fractional part thereof required to be copied.

22. If the general meeting before which the accounts are laid does not adopt them, a statement of the fact and of the reasons therefor shall be annexed to the balance sheet and to the copies thereof required to be filed with the Registrar.

23. A notice or other document shall be deemed to have been duly published under the Act if copies have been printed in English and sent to the Registrar and to all members and policyholders.

24. The register of Members required by section 10 of the Act to be kept by every Provident Insurance Society which is not registered under the Indian Companies Act, 1913, shall be kept in Form No. 15.

25. A register of all ordinary life assurance policies issued by a society at any time whether or not they are now in force, shall be maintained by the society in Form No. 16 or as near thereto as circumstances will permit.

26. A register or registers of all policies, other than those of ordinary life assurance now in force, and of those issued hereafter, shall be maintained by the society in Form No. 16 or as near thereto as circumstances will permit.

27. No nomination by an assured person executed before the date when these rules come into force shall be deemed to be void by reason only of its having been so executed.

	Unpaid dividends * ...		Cash on deposit with the ... Bank	
	Deposits ...		Cash in hand or on current account with the.....Bank.	
	Cheques issued but not presented for payment.		Other assets (to be specified) ...	
	Other sums owing by the society* (such as sums borrowed by the society, commission due but unpaid, surrender values outstanding, to be stated separately under each class of business).			

* These sums are or have been included in the corresponding items in Form No. 3.

NOTE 1.—The balance sheet must state how the values of the stock exchange securities are arrived at and a certificate must be appended, signed by the same persons as signed the balance sheet to the effect that, in their belief, the assets set forth in the balance sheet are in the aggregate fully of the value stated therein, less any investment reserve fund taken into account.

NOTE 2.—A certificate must be appended hereto, signed by the same persons as signed the balance sheet and by the auditor, to the effect that no part of any fund has been applied directly or indirectly for any purpose other than the class of business to which it is applicable.

NOTE 3.—Societies having investments with any uncalled liability shall state separately the full amount thereof.

NOTE 4.—Particulars must be given of all loans, including temporary advances, except loans on policies within their surrender-values, made at any time during the year to any director or officer of a society or to any other society in which any of the said directors or officers may hold the position either of director or of officer.

NOTE 5.—Particulars must be given of all commission or other allowance due or paid to any director or manager or other responsible officer of the society in respect of new business procured.

NOTE 6.—Particulars must be given of the balance of the above mentioned branch and agency balances and outstanding premiums, interest, dividends and rents remaining unpaid at the date of the auditor's report.

NOTE 7.—In the Revenue Account should be entered all the financial transactions of the society by way of income and expenditure during the year, whether such transactions have been completed by the actual receipt or payment of cash, or are outstanding at the end of the year.

On the Income side of this account should appear the premiums for each different class of insurance, all entrance fees, fines and other sums due to the society during the year (whether received or not) under the several items provided in the forms—

(a) Investments made or realised should not be entered in this account, but only the gain or loss made on their realisation, which should appear as income, if gain, and as expenditure, if loss.

(b) No deposits in, or withdrawals from, bank are to be brought into this account.

On the Expenditure side should appear all expenses incurred during the year (whether paid or outstanding), under the several items provided in the form. Bad debts and losses on agents' balances should be shown as expenditure. No item can be included in the funds at the end of the year which was not included in the funds at the beginning of the year unless it is shown as an item of income of the year. Similarly, no diminution can be made in any of the funds in any year without appearing as an item of expenditure in the Revenue Account for that year.

The amount of each different fund at the beginning of the year should be the same amount which was stated in the Revenue Account of the society's last return as the amount of those funds at the end of the year.

If the balance of any account shown in the previous return be found incorrect, the corrected balance should be brought forward in the next return, and an explanation of the difference given on the form itself.

On the Liabilities (or left-hand) side of the Balance Sheet there should be brought from the Revenue Account the amounts of the funds at the end of the year, as indicated on the form; and the particulars stated of any debts incurred on behalf of the society, cash (if any) due by the society, and any other liabilities incurred by it which may be outstanding at the end of the year.

On the Assets (or right hand) side should be shown the society's investments, together with the cash in hand and any other assets of the society. Among such other assets will be, for instance—

branch and agency balances;
outstanding premiums;
outstanding interest;
interest accrued but not payable;
cheques paid into bank and in course of realisation.

The amounts of these items shown in the balance sheet will, in the main, be received during the next financial year, but they must not again be included amongst the premiums, interest or cash in the Revenue Account, as they have already been included in the amount shown in that year's Revenue Account as "Amount of funds at the beginning of the year."

Some of these outstanding items which have been taken credit for as an asset may never be paid at all. The amount of those not realised will have to be written off through the Revenue Account and the funds will be decreased accordingly.

NOTE 1.—If the amount of the sum payable in event of death in the first few months be ascertained by a different rule than for deaths occurring later, the first column should be altered accordingly, so that the deaths may be ascertained during each period for which a different method of calculation applies. For instance, in the case of a society paying nothing in event of death before six months' premiums have been paid and returning the premiums paid in the case of claims when six but less than eleven months' premiums have been paid, the first column would be shown as follows :—

For less than six months
„ six months but less than eleven months
„ eleven months but less than twelve months
„ one year but less than two years
and so on.

NOTE 2.—A similar statement must be given of claims by marriage, by birth and under each other class of dividing society business undertaken by the society, and a reconciliation shown between the figures in such statements and the amounts shown in the Revenue Account.

This notification cancels Notification No. 581J., dated the 30th January 1894, published at page 117, Part I, of the *Calcutta Gazette* of 31st January 1894.

No. 3588P.—The 31st March 1914.—In exercise of the power conferred by section 58 of the Village Chaugkidari Act, 1870 (Bengal Act VI of 1870), the Governor in Council is pleased to appoint Babu Upendra Nath Benerji, Assistant Settlement Officer, to be a Commissioner in the district of Midnapore, to ascertain and determine the chaugkidari chakran lands and other lands in that district before the passing of the above Act assigned for the maintenance of officers to keep watch and to report crime to the police, *vice* Babu Romesh Chandra Ghose.

No. 3591P.—The 31st March 1914.—Babu Gurudas Sarkar, Sub-Deputy Collector, Jangipur, Murshidabad, is appointed to be a Circle Officer in connection with the experiment now being conducted for the introduction of the chaugkidari circle system in the Bengal Presidency, and is posted to the Ranaghat subdivision of the Nadia district, *vice* Babu Prakash Chandra Dutt, reverted to general duty.

No. 3440P.—The 30th March 1914.—It is hereby notified that the Proclamation No. 9712P., dated the 31st December 1913, published at page 28, Part I, of the *Calcutta Gazette* of the 7th January 1914, regarding the quartering of an additional police force in certain villages in the district of Rangpur, is to be regarded as taking effect from the 30th January 1914, the date on which the additional police force was entertained.

J. G. CUMMING,

Chief Secy. to the Govt. of Bengal.

IRRIGATION DEPARTMENT.

The 31st March 1914.

No. 2.—Notification.—In exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council is pleased to make and fix, with effect from the 1st May 1914, the following rules and schedule of rates of tolls for the navigable channels of the Magra Hât Drainage scheme, as defined in Notification No. 4, dated the 22nd April 1913 (published at page 631, Part I, of the *Calcutta Gazette* of the 23rd idem).

A. C. DEL. JOLY DELOTBINIERE, LT.-COL., R.E.,
Offg. Secy. to the Govt. of Bengal.

RULES FOR THE MAGRA HÂT CHANNELS.

1. Every vessel entering or making use of the Magra Hât channels shall be liable to measurement for the purpose of ascertaining the tolls payable. In case of any reasonable doubt, the persons appointed by the Governor in Council as Collectors of Tolls or Navigation Canal Officers shall have authority to again measure a vessel notwithstanding that it was measured before.

2. Vessels for the purpose of the determination of maundage shall be divided into three classes as follows :—

Class I.—To include all vessels of the usual native types of build known as saltees, but not *bonâ fide* tal (or palm-tree) dongas and not exceeding 50 maunds by canal measurement.

Class II.—To include all other vessels of usual native types of build or cutters.

Class III.—To include all steamers, flats, barges and other square-built boats.

The net maundage of every vessel, whether laden or empty, shall, for the purposes of the Canals Act, 1864, and of these rules be determined by the following measurements :—

CLASS I.

A.—The product of one-quarter the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel multiplied by three-quarters of the depth, measured from the top of the vessel amidships to the interior bottom of the vessel is to be taken as equal to the number of maunds upon which toll shall be levied.

B.—The measurement of the length to be made in feet, rejecting inches, and of the breadth and depth in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C.—Any vessel the maundage of which calculated as above exceeds 50 maunds shall be reckoned as a vessel under class II.

CLASS II.

A.—The product of one-quarter the length of the vessel from stem to stern measured outside and along the water line, multiplied by the greatest interior breadth of the vessel multiplied by the greatest interior depth from the water line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B.—The measurement of the length is to be made in feet, rejecting inches, the measurement of the breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder less than a quarter of a foot.

C.—The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of $12\frac{1}{2}$ maunds, rejecting any remainder of less than $12\frac{1}{2}$ maunds. In the case of boats exceeding 500 maunds by measurement the maundage shall be reckoned to

the nearest integral multiple of 50 maunds rejecting any remainder of less than 50 maunds.

D.—In the case of boats carrying passengers only, one foot shall be deducted from the full interior depth of the vessel, the other measurements and the calculations for maundage being made in the methods prescribed for vessels under Class II.

CLASS III.

A.—For vessels of class III, the number of maunds obtained by the system of measurement prescribed for vessels of class II shall be increased by one-half. For vessels of this class exceeding 1,000 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 100 maunds rejecting any remainder of less than 100 maunds. In the case of steamers, the maundage determined as above shall be reduced by one-third as an allowance for engine space.

B.—In case of steamers that have been surveyed under the Inland Steam-vessels Act, 1884, the registered tonnage entered in the certificate may be accepted as the tonnage of the steamer in lieu of measurement.

3. All vessels under class I, known and defined as saltees, will be charged under a system of compounded tollage in accordance with rules contained in Appendix A.

4. Every vessel included in classes II and III entering or passing along the canal shall be furnished with a ticket on paying the prescribed toll. The ticket shall specify the station at which it has been issued, the name of the person in charge of the vessel, the date on which the voyage commenced, the point to which the vessel may proceed on the line of navigation, the maundage of the vessel, the amount of toll charged, the number of days allowed for the voyage, and the date of such last day. The number of days so allowed without additional payment shall be calculated as follows:—

Bouts.—One day for every eight miles or portion of eight miles, to be traversed together with one day for every 100 maunds of measurement or part of 100 maunds.

Floats (timber).—One day for every five miles for any number of timbers not exceeding fifty, and one day for every additional fifty or part of fifty.

Rafts (bamboos).—One day for every five miles for any number not exceeding five hundred and one day for every additional five hundred or part of five hundred.

5. Every vessel which does not complete its voyage within the number of days allowed by rule 4 shall, for each day or part of a day in excess, be liable to an extra charge equal to one-half of the toll payable on the maundage of the vessel as per the Schedule of Rates in Appendix B, provided that in no case shall the demurrage charged exceed Rs. 5 per diem. The Superintending Engineer may, at his discretion, exempt any boats on any line of navigation, or any portion of line of navigation from the payment required by this rule.

Exemption from payment of demurrage may, at the discretion of the Collector of Tolls, be granted for vessels detained in the channels (steamers broken down and boats damaged) by stress of weather, should immediate notice of detention, for the information of the Collector of Tolls, Magra Hât channels, be given to the nearest toll-station.

6. All tolls are payable on demand and shall be paid at the toll-station before a vessel is permitted to proceed: Provided that the Collector of Tolls may, at his discretion, permit vessels belonging to individuals or firms of recognised standing to proceed without prepayment on an undertaking that the bills for tollage due shall be liquidated monthly on presentation.

7. The ticket must be kept on board the vessel and must be produced for inspection when demanded by any person authorised to do so. If, on demand, the ticket is not produced, such person shall assess the tollage as provided in rule 2, and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel will be liable to seizure and detention in accordance with the provisions of section 9 of the Canals Act, 1864.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the Collector of Tolls on payment of a sum of Re. 1. Provided that for tickets on which the

total tollage is less than Rs. 4, the fee to be charged for a duplicate shall be one-quarter of the total tollage with a minimum of Rs. 4.

9. A vessel, which has been detained under these rules or under section 9 of the said Act, may not be removed from the canal without the order of the Collector of Tolls until the toll due has been paid. During such detention the manjhi, owner or agent must make arrangements for the safety of the vessel and cargo.

10. All vessels, whether the property of Government or of private owners, are liable for toll, except those exempted by the provisions of Bengal Government Circular No. 11., dated the 11th July 1906.

11. Vessels may be hauled up for repairs on the banks of the canals with the previous written permission of the Supervisor or Navigation Canal Officer. A rent calculated at one-sixth the rate of ordinary demurrage will be charged for the time the vessel occupies the bank.

12. At places where mooring posts have been provided by the Supervisor or Navigation Canal Officer, vessels desiring to moor shall be made fast in single line along the banks to such posts in such manner as the Supervisor or Navigation Canal Officer may direct, and shall not be moored in any other manner.

13. The Supervisor or Navigation Canal Officer may, by written notice to be posted at the toll offices, prohibit the dropping of anchors or the putting up of bamboos or luggees in any specified part of the canals or on the banks.

14. Vessels shall be allowed to make fast in single line along the canal banks in such manner as may be directed by the Supervisor or Navigation Canal Officer from time to time, and no boat shall be made fast or be placed outside of boats so secured. No boat or raft shall be placed in such a position as to endanger the safety or obstruct the passage of other boats. Every vessel, when stationary, shall be securely fastened, and shall at all times have some person in attendance on board. Every vessel in motion shall have a sufficient crew.

15. Vessels passing through the canals shall keep in separate lines, empty boats keeping close to the bank, and those that are laden in the centre.

16. In portions of the canals where only one towing-path exists, vessels shall moor on the side opposite to the towing path, and the towing-path side shall always be kept clear.

17. Iron-built cargo-boats, with outside angle iron projecting beyond the wooden fenders, will not be allowed to enter the locks unless permanent fenders are fixed over the edges of the angle iron so as to prevent them from causing damage to the locks.

18. No fire, or open, unprotected light of any description shall be used on boats containing petroleum, jute, hay or straw in any place prohibited by the Navigation Canal Officer or Supervisor, and no fire, or open, or unprotected light (except in the case of steamers, the galley and engine-room fires and the electric light) shall be used on any vessel while in a lock basin.

19. No person shall wilfully or negligently allow a vessel to sink in the canals.

20. In every case of a sunken vessel, whether due to negligence or otherwise, the Supervisor or Navigation Canal Officer and his subordinates shall offer every assistance in removing the same.

If in three days after the occurrence of a wreck it is seen that prompt measures are not being taken by the owner to remove the sunken vessel from the line of navigation, the Supervisor or Navigation Canal Officer and his subordinates shall make their own arrangements for the removal of the same at the expense of the owner, provided that, in cases where navigation is seriously obstructed, arrangements may be made at once to remove the wreck.

21. When a sunken vessel has been recovered, the Supervisor or Navigation Canal Officer shall cause notices to be posted at the locks, toll offices or other prominent places calling on those concerned to pay to the Collector of Tolls all toll or demurrage which may be due, as well as the expenses incurred in the recovery of the vessel and cargo. Should the sum due be not paid within fifteen days of the date of notice, the vessel and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold under the procedure directed in section 9 of the Canals Act, 1864.

22. The purchaser of a vessel sold under the provisions of section 9 of the said Act shall have the right to take it out of the canal on the day of purchase, or within such time as may be allowed by the Collector of Tolls, without payment of tolls.

23. When any laden vessel which has sunk has been recovered, or when any laden vessel has been seized under the provisions of the said Act or of these rules, the Supervisor or Navigation Canal Officer shall give immediate notice of the recovery or seizure to the owner of the cargo or his agent, requiring the removal of the cargo without delay and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the cargo until removed.

24. If the Supervisor or Navigation Canal Officer be unable to ascertain the name and place of business or the abode of the owner of the cargo of such vessel, the notice prescribed in rule 21 shall be effected by a notice exhibited in his office and by advertisement in at least one English and one vernacular Calcutta newspaper.

25. No steam-vessel, whose length exceeds thirty feet, shall ply in the Magra Hât channels except in the following:—Diamond Harbour creek, Usti Nainan outfall, Nazra khal, Sangrampur khal up to Sangrampur bridge, and the Sarjipur outer khal up to the Surjipur bridge.

26. *Lights and Signals.*—All vessels, whether travelling or moored in the Magra Hât channels, must, between sunset and sunrise, carry a white light in a lantern on the forepart of the vessel where it can be distinctly seen from all sides. All steam-vessels in motion shall carry the lights prescribed by the Board of Trade Regulations. Barges or boats attached to a steam-vessel, whether in motion or moored, shall carry the light prescribed above.

27. *Speed of vessels.*—Every vessel plying in the Magra Hât channels must, between sunset and sunrise, limit her speed to three miles per hour. No steam-vessels shall ply between sunset and sunrise in channels detailed in rule 25.

28. No vessel shall remain in the outer entrance channels of the locks at Diamond Harbour and Uttarbhag nor in the inner lock channel and diversion channel of the Diamond Harbour lock and sluice, nor in the approach channels to any sluice. A board will be put up limiting the portion of the channels in which boats are not permitted to moor.

29. The places at which boats cannot be loaded or unloaded will be fixed by the Superintending Engineer, South-Western Circle, and will be demarcated with suitable posts and notice boards.

30. For any contravention of rules 10, 14, 15, 16, 17, 19, 20, 26, 27 and 28, the person in charge of the vessel or other person in fault shall, on conviction before a Magistrate, be liable to a fine not exceeding Rs. 50 for any one infringement or Rs. 5 a day for any continuing infringement.

31. The channels may be closed, whenever necessary, for effecting the necessary repairs to them on one month's notice of the intention so to close them being given; but, in the event of any sudden emergency, the channels may be closed at any time without prior notice, and no claim in such cases by owners of vessels or others for compensation on account of detention or otherwise shall be entertained.

32. The term "Navigation Canal Officer," as used in these rules, shall include all persons appointed to collect tolls under section 8 of the Canals Act, 1864, and all Public Works officers or subordinates in charge of the channel, not below the grade of Sub-Overseer.

33. No vessel whose beam exceeds 19 feet will be permitted to enter the channels through the Diamond Harbour lock. The same prohibition will apply in the case of the Uttarbhag lock to all vessels exceeding 14 feet beam.

34. Any vessel which enters the channels through the Diamond Harbour lock for the purpose of taking refuge during stormy weather will be charged a nominal toll of As. 8 per boat, provided the vessel leaves the channel again as soon as the weather conditions permit, and does not load or unload cargo inside the channel. All vessels seeking refuge under this rule must anchor in the creek close to the toll-collector's office and will not be permitted to proceed up the creek without paying the usual tolls.

35. Any vessel entering the channels through the Diamond Harbour lock and proceeding to load or unload at the Diamond Harbour station only will be charged tollage at the rate of As. 2 per 100 maunds to include the return journey. Should such boats proceed up the creek, they will be charged the ordinary tolls.

APPENDIX A.

Rules for licensing and registration of saltees or vessels under class I.

1. As provided for under rule 3, no vessel coming under class I, rule 2, shall ply, whether regularly or only occasionally in, or partly within and partly without the limits of, the Magra Hât channels unless licensed and registered by the Collector of Tolls of the Magra Hât channels.

2. Every owner of a vessel or his agent or manjhi shall apply to the Collector of Tolls, Magra Hât channels, for licensing and registration, giving the owner's name and residence or those of his agent duly authorised to act for him.

3. Every license granted under these rules shall continue in force for either six months or one year from the date of issue.

4. The license is not transferable, and if the ownership or manjhi or both of the vessel be changed, notice of the transfer must be given to the Collector of Tolls of Magra Hât channels, who will endorse the change of ownership on the certificate and register free of charge.

5. The license certificate granted for a vessel should contain the registered number of the vessel, owner's name and residence, name of manjhi, the maundage measurements, amount of compounded tollage and the dates of issue and expiry and shall be kept on board. It shall be produced, when required, by a Navigation Canal Officer and shall be delivered up on the expiration of the license.

6. The charge for the issue of a duplicate license to vessels in lieu of those defaced or lost is Re. 1.

7. The registered number of every licensed vessel shall be engraved, or branded, as well as painted in figures easily discernible on both sides of the vessel for which a charge of Re. 1 will be made. These figures shall be legibly maintained during the period of the license.

8. On the expiration of the license the manjhi shall deliver up his ticket to the toll collector at the station from which it was issued.

9. No person in charge of any licensed vessel plying within the limits of the Magra Hât channels shall use or have any ticket resembling those granted under the authority of these rules.

10. Every renewal of a license shall, unless the Navigation Canal Officer considers it unnecessary, involve the issue of a fresh license certificate without alteration in the registered number of the vessel.

11. Every vessel under class I, found plying in the channels without being licensed and registered shall be charged a demurrage rate of Rs. 3 for every such offence, provided that such vessel is not proceeding to the nearest toll station for the purpose of obtaining a license and being registered.

REVENUE DEPARTMENT.

NOTIFICATIONS.

No. 3748.—*The 30th March 1914.*—Whereas Maharaja Babadur Sir Prodyot Kumar Tagore, K.T., has applied to the Governor in Council, under section 3 of the Bengal Settled Estates Act, 1904 (Bengal Act III of 1904), for permission to make a settlement of an estate under that Act:

In pursuance of section 7 of the said Act, and with the previous sanction of the Governor-General in Council, the said application is hereby published for general information [with the exception of the particulars as to income, revenue, rates and taxes which have been inserted in pursuance of clause (b) of section 4 of the Act].

2. All creditors, whether secured or unsecured, who hold or are entitled to incumbrances enforceable against the said applicant or estate, and all other persons who are interested or who claim to be interested in the said estate, are hereby required to send to the Local Government written notice of their incumbrances and interests, respectively, within six months from the date of this notification.

3. Any objection to the proposed settlement, whether urged by creditors or by other persons interested in the estate, which may be communicated to the Local Government in writing within six months from the date of this notification will be duly considered.

In the matter of the Bengal Settled Estates Act, 1904 [Act III (B.C.) of 1904], and in the matter of a proposed Instrument of Settlement to be executed by Maharaja Bahadur Sir Prodyot Kumar Tagore.

TO HIS EXCELLENCY THE GOVERNOR OF BENGAL IN COUNCIL.

The application of Maharaja Bahadur
Sir Prodyot Kumar Tagore under
section 3 of the Bengal Settled Estates
Act, 1904.

SHEWETH—

1. That the applicant was born in the year 1872 and is the adopted son of the late Maharaja Bahadur Sir Jatindra Mohun Tagore, K.C.S.I., and succeeded on the death of his adoptive father to the hereditary title of Maharaja.

2. The applicant is in possession in his own right of and is solely entitled to the immovable properties particularly described in the first schedule hereto which are held by him in permanent heritable and transferable right.

3. The income yielded by the said immovable properties and the revenue and cesses payable to the Government annually in respect thereof are specified in the said first schedule hereto. That the rates and taxes payable to the local authority in respect of the said immovable properties amount at present in the aggregate to Rs. 1,002 per annum.

4. The said immovable properties except the premises No. 20-1, Prosonno Kumar Tagore's Street, Calcutta, were (with other properties since sold or now to be sold by him) conveyed to the applicant by an indenture of conveyance, dated the 21st May 1908, made between the Tagore Estate, Limited, of the one part and the applicant of the other part for the consideration of Rs. 48,00,000 and were so conveyed subject to the payment of three monthly annuities of Rs. 200 each to one Nogendra Bhusan Mukerji, one Sheshendra Bhusan Chatterji, and one Sreemati Promoda Sundari Debi, respectively, during their respective lives, which said annuities are still subsisting and payable.

5. The said consideration of Rs. 48,00,000 was part of a sum of Rs. 50,00,000 advanced to the applicant by the Government of India, the repayment whereof is secured by an indenture of mortgage, dated the 21st day of May 1908, made between the applicant of the one part and the said Secretary of State of the other part, whereby the said immovable properties except as aforesaid (with other properties since sold) were transferred by the applicant to the said Secretary of State, subject to the said three annuities and subject to the proviso for redemption that, when the said sum of Rs. 50,00,000 and all interest thereon in the meantime at the rate of 4 per cent. per annum should, under the scheme or provision for redemption and in manner therein mentioned contained and provided, have been fully paid to the Government of India, the said Secretary of State would reconvey the said immovable properties to the applicant.

6. By an indenture of mortgage, dated the 31st day of May 1910, and made between the applicant of the one part and one Sreemati Charusila Dassi of the other part, the said immovable properties (with certain exceptions, but including the premises No. 20-1, Prosonno Kumar Tagore's Street,

Calcutta, were charged by the applicant by way of second mortgage with the repayment to the said Charusila Dassi of the sum of Rs. 4,50,000 advanced by her to the applicant with interest thereon in the meantime at the rate of 6 per cent. per annum.

7. On the 19th December 1910 the applicant borrowed a further sum of Rs. 50,000 from the said Charusila Dassi, the repayment whereof with interest at the rate of 6 per cent. per annum is secured by an agreement, dated the 19th December 1910, and made between the applicant of the one part and the said Charusila Dassi of the other part, whereby the applicant covenanted to repay the said principal sum with interest on demand and to execute in favour of the said Charusila Dassi as further security for such repayment a mortgage of certain of the said immovable properties, which he has not yet done.

8. The several incumbrances aforesaid are enumerated and described in the second schedule hereto, and in such schedule are also contained particulars of the name and address of each incumbrancer and a statement of the amount now due to each incumbrancer other than the said annuitants.

9. In addition to the incumbrances aforesaid the applicant is indebted to the several persons whose names and addresses are set forth in the third schedule in the sums set opposite their respective names in the said schedule, in which schedule is also specified the nature of the said debts none of which are secured debts.

10. Save as specified in the second and third schedules hereto there are no incumbrances held by secured or unsecured creditors enforceable against the applicant or the said immovable properties.

11. The applicant is desirous of effecting a settlement of the said immovable properties and is willing that there shall be embodied in such settlement such provisions as are contained in the draft of the proposed instrument of settlement submitted with this application or such further or other provisions as may be assented to by the creditors and approved by the Local Government for the discharge of the said incumbrances and for the payment of interest thereon.

The applicant therefore applies for permission to make a settlement of the immovable properties mentioned and described in the foregoing application and the First Schedule thereto pursuant to the Bengal Settled Estates Act, 1904.

I, MAHARAJA BAHADUR SIR PRODYOT KUMAR TAGORE, the applicant abovenamed, do declare that the statements in paragraphs 1, 2, 4 to 11 of the foregoing application are true to my knowledge, and that the statements in paragraph 3 of the foregoing application are made upon information received by me and believed by me to be true.

Signed at "The Prasad," Prosonno Kumar Tagore's Street, Calcutta, this 1st day of November 1912. } PRODYOT KUMAR TAGORE.

Amendments.

(1) *For rule XLVII substitute the following:—*

“XLVII. No cargo-boat or flat of any description shall ply, whether regularly or only occasionally, in or partly within and partly without, the limits of the port unless licensed and registered by the Port Commissioners. No licensed and registered cargo-boat or flat shall be allowed to ply except under the direction of a manjhee, serang or other officer licensed and registered by the Commissioners.”

Cargo-boats and flats not to ply within the limits of the port unless duly licensed and registered

(2) *After rule XLVII insert the following:—*

XLVII A. (1) Cargo-boats are not permitted to carry, without a separate passenger boat license, passengers, i.e., persons other than the crew, except a maximum of two guards or charandars in charge of the cargo.

(2) Cargo-boats may, however, take out a combined license which will entitle them to carry cargo or passengers or both, every two maunds of cargo being taken as equivalent to one passenger.

(3) *In rule XLVIII:—*

- (a) *for the word “each” substitute the word “every”;*
- (b) *after the words “cargo boat” insert the words “or flat of any description”;*
- (c) *at the end of the said rule, add the words “or flat”;* and
- (d) *in the marginal note to the said rule after the words “cargo boats” insert the words “or flats.”*

(4) *For rule XLIX substitute the following:—*

“XLIX. No license shall be granted to any cargo-boat or flat, until such boat or flat has been surveyed and the Commissioners are satisfied that it is safe:

Commissioners on receiving applications shall cause the cargo-boats or flats to be surveyed

Provided that when it is proved to the satisfaction of the Commissioners that a flat has been surveyed and licensed in accordance with the rules in force in any other port in British India, they may dispense with a fresh survey.

(5) *For rule L substitute the following:—*

L. (1) Every license granted under these rules shall continue in force for one year from the date on which such license is issued, unless it is revoked or suspended before the expiry of that period under the provisions of these rules. The license is not transferable, and if the ownership of the boat or flat is changed, notice of the transfer must be given to the Commissioners before such boat or flat again plies in the port.

Fees for licenses

(2) The following fees shall be payable in respect of the licenses granted under these rules, namely:—

- (i) For surveying, registering, branding and issuing a license to a cargo-boat or flat ... 4 annas per ton.
- (ii) For renewing any such license on expiry thereof ... 1 „ „ „
- (iii) For the license of the manjhee or the officer in charge of the cargo-boat or flat ... 4 annas.
- (iv) For endorsement of change of ownership on the register and license ... 8 „
- (v) For the issue of a duplicate license to a vessel in lieu of a license that has been defaced or lost ... Re. 1.
- (vi) For the issue of a duplicate license to the manjhee or the officer in charge of a cargo-boat or flat in lieu of a license that has been defaced or lost ... 4 annas.
- (vii) For a temporary license to a registered brig plying as a cargo-boat within port limits ... 1 anna per ton for 30 days

(6) In rule LI—

- (a) *after* the words “bows of the boat” *insert* the words “or flat”;
- (b) *after* the words “cut into boat’s” *insert* the words “or flats”;
- (c) to the said rule *add* the following paragraph:—
“This rule does not apply to the cases indicated in the proviso to rule XLIX”; and
- (d) at the end of the marginal note to the said rule *add* the words “and flats.”

(7) In rule LII—

- (a) *after* the word “boat” *insert* the words “or the serang or any other licensed officer of the flat”; and
- (b) in the marginal note to the said rule *after* the words “cargo boats” *insert* the words “and flats.”

(8) In rule LIII—

- (a) *after* the words “cargo boats” *insert* the words “or flats”;
- (b) at the end of the heading “Class I—Square built open or decked” *add* the words “cargo boats”;
- (c) at the end of the said rule *add* the following:—

Class III—Flats while in tow.

For a flat not above 20 tons burthen, 2 men including manjhee

For a flat above 20 tons and not above 50 tons, 4 men including manjhee.

For a flat above 50 tons and not above 100 tons, 5 men including manjhee.

For a flat over 100 tons, 6 men including manjhee.

- (d) *after* the words “cargo boats” in the marginal note to the said rule *insert* the words “and flats.” ;

(9) (a) For rule LIV substitute the following :—

“LIV. The license of a cargo-boat or flat found plying with less crew than is prescribed in the license or otherwise contrary to these rules shall be liable to cancelment.”

(b) In the marginal note to rule LIV *after* the words “cargo boat” insert the words “or flat.”

(10) In rule LV, and in the marginal note thereto, *after* the words “cargo boat” insert the words “or flat.”

(11) (a) In rule LX *after* the words “cargo boats” insert the word “flats.”

(b) In the marginal note to the same rule *after* the word “boats” insert the words “and flats.”

HIGH COURT NOTICE.

General Letter No. 2.

To

THE DISTRICT JUDGE OF

Dated Calcutta, the 9th March 1914.

SIR,

Rule 18, Chapter III, page 93, Volume I, of the General Rules and Circular Orders, Civil, prescribes *inter alia* that orders fixing dates or adjourned dates for the hearing of cases shall be signed then and there by the parties or their pleaders. It has been brought to the notice of the Judges that the working of this rule is unsatisfactory and attended with practical difficulties in obtaining the signatures of the pleaders on the spot.

2. It has accordingly been decided to discontinue the practice of requiring pleaders or parties to sign orders fixing dates on the order-sheet, and in its place to require every Court to post up in the Court-house at the close of each day a list showing all cases for the hearing or adjourned hearing of which dates have been fixed during the day, and the dates so fixed. The list should be posted in a conspicuous place, and parties and pleaders should be directed to refer to it for information.

3. It will be observed that Rule 18, Chapter III, Court's General Rules and Circular Orders, Civil, Volume I, still holds good as regards orders requiring any specific action to be taken by the parties or their pleaders.

4. The enclosed Circular Order No. 4 of 1914 has been framed accordingly and must in future be observed in all Civil Courts. The form of the list is left to the discretion of District Judges.

I have the honour to be,

SIR,

NOTIFICATION.

No. 4341P.—The 28th April 1914.—The following is published for general information.

J. G. CUMMING,
Chief Secy. to the Govt. of Bengal.

No. 2831—42.

Extract (paragraphs 1 and 2) from the Proceedings of the Government of India in the Home Department (Public), under date Calcutta, the 8th December 1899.

RESOLUTION.

THE Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject, and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians who desire to return to their country and by students who, owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with

an authoritative certificate of identity, in the form appended to this Resolution, signed by the head of the district (in a Presidency town, the Commissioner of Police) in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer (in a Presidency town, the Commissioner of Police) or Political Officer, as the case may be.

RULES TO REGULATE THE CARRIAGE OF PASSENGERS IN
 INLAND STEAM-VESSELS.

1. The master, or any employé authorized in this behalf by the owner or master, of any inland steam-vessel may refuse to admit any person to the vessel as a passenger—
Power to refuse admission of passengers to vessel

- (a) if he has not paid his fare, or
- (b) if he is insane, or
- (c) if he is suffering from an infectious or contagious disease, or
- (d) if he is drunk and incapable of taking care of himself, or
- (e) if he is disorderly, or if he is otherwise in such a state, or is conducting himself in such a manner, as to cause or to be likely to cause annoyance to other passengers, or
- (f) when the vessel, or the part thereof to which such person seeks admission, already contains the maximum number of passengers which may lawfully be carried therein.

Payment of fares, and use of tickets

2. (1) No passenger shall—

- (a) travel or attempt to travel in an inland steam-vessel without having previously paid his fare, or
- (b) travel or attempt to travel in accommodation of a higher class than that for which his fare has been paid, or
- (c) travel beyond the place to which his fare has been paid, without previously paying the additional fare in respect of the additional distance, or
- (d) use or attempt to use a ticket on any day for which such ticket is not available, or
- (e) transfer or attempt to transfer a ticket, or
- (f) take or attempt to take luggage with him, without having previously paid the freight (if any) payable in respect thereof.

(2) Every passenger by an inland steam-vessel shall, when required by the master or any person authorized in this behalf by the master or owner,—

- (i) pay his fare, if not already paid,
- (ii) present his ticket for examination, and
- (iii) at or near the end of the journey for which his ticket was issued, deliver up such ticket.

(3) No passenger shall alter or deface his ticket so as to render illegible the date or number or any other material portion thereof.

3. (1) No passenger shall take or keep on board an inland steam-vessel
Conduct of passengers any decayed meat, fish or vegetable, or any other
 offensive article.

(2) No passenger shall—

- (a) obstruct or impede the master or any other officer of the vessel in the discharge of his duties, or
- (b) in any way obstruct or interfere with the loading or unloading of luggage or cargo, or
- (c) damage or attempt to damage the vessel or any article on board thereof, or
- (d) enter or leave, or attempt to enter or leave, any inland steam-vessel when such vessel is in motion and until such vessel has been made fast to the landing-place, or
- (e) without lawful excuse, enter a compartment or place reserved for the use of another passenger or refuse to leave it when required to do so by the master or any other officer of the vessel, or
- (f) smoke, or be in possession of a fire or light, in any part of the vessel where smoking or the possession of a fire or light is not permitted by the master thereof, or
- (g) be drunk and disorderly, or drunk and incapable of taking care of himself, or
- (h) commit any nuisance or act of indecency, or use obscene or abusive language, or
- (i) without lawful excuse, molest or interfere with the comfort of any other passenger.

(3) No male passenger by an inland steam-vessel, knowing that a compartment or place has been reserved for the exclusive use of females, shall enter such compartment or place without lawful excuse, or, having entered it, shall remain therein after being required by the master or any other officer of the vessel to leave it.

4. The master, or any employé authorized in this behalf by the owner
Power to require passengers to leave vessel or master, of any inland steam-vessel may require the following passengers to leave the vessel, namely :—

- (a) insane passengers and their attendants (if any), when they have embarked without the special permission of the master or of some employé authorized as aforesaid,
- (b) passengers suffering from an infectious or contagious disease, when they have embarked without the special permission of the master or of some employé authorized as aforesaid, and are not subject to the rules made under sections 51 and 51A of the Inland Steam Vessels Act, 1884, and published under Notification No. 16 Marine, dated the 5th March 1907, as amended by Notifications Nos. 78 Marine, 136 Marine and 103 Marine, dated, respectively, the 13th July 1908, the 17th November 1908 and the 17th October 1911.
- (c) passengers who are drunk and incapable of taking care of themselves,
- (d) passengers who are disorderly, or are otherwise in such a state, or are conducting themselves in such a manner, as to cause or to be likely to cause annoyance to other passengers,
- (e) any passengers who have embarked in excess of the maximum number of passengers which may lawfully be carried in the vessel or in the part thereof in which they propose to travel, and
- (f) passengers who have not paid their fare.

5. A person who has, under rule 1, been refused admission to an inland
Obligation to obey direction under rule 1 or rule 4 steam-vessel shall not embark thereon; and a person who is required under rule 4 to leave an inland steam-vessel shall leave at such convenient time and place as the master may direct :

Provided that any person who is refused admission under clause (f) of rule 1 or is required under clause (e) of rule 4 to leave shall be entitled to have his fare returned to him.

6. Any passenger who, with intent to defraud, commits any breach of rule 2, and any person who commits any breach of rule 3 or rule 5, shall be punished with fine which may extend to twenty rupees.

The 28th April 1914.

- (b) "certificated petroleum" means petroleum certified to be non-dangerous petroleum by a certificate of such description as the Government of Bengal may, from time to time, by written order, prescribe, granted at the port of shipment;
- (c) "petroleum in bulk" means petroleum in quantities exceeding five hundred gallons, contained in any one receptacle;
- (d) "installation" means a place specially prepared for the storage of petroleum in bulk, or for bulk combined with non-bulk storage, and may be either a major or a minor installation;
- (e) "major installation" means an installation—
 - (1) capable of containing an amount of oil, whether in bulk only or in combined bulk and non-bulk storage, exceeding fifty thousand gallons, or
 - (2) in which tin-making operations are carried on;
- (f) "minor installation" means an installation—
 - (1) capable of containing an amount of oil, whether in bulk only or in combined bulk and non-bulk storage, not exceeding fifty thousand gallons, and
 - (2) in which no tin-making operations are carried on;
- (g) "storage shed" means a building used for the storage of petroleum otherwise than in bulk, and may or may not form part of an installation;
- (h) "protected work" includes buildings in which persons dwell or assemble, docks, wharves, timber yards, other petroleum stores, and any other place not forming part of an installation, which the Government of Bengal may by notification declare as such;

- (i) "testing officer" means the testing officer appointed by the Government of Bengal under section 10 of the Act for any port at which petroleum may be imported under these rules;
- (j) "motor-vehicle" means any vehicle or vessel propelled by a motor in which petroleum is used as fuel;
- (k) "owner," as applied to a motor-vehicle, includes a person who hires, or is otherwise entitled for the time being to use or work a motor vehicle;
- (l) "the town of Calcutta" means all places within the local limits of the Original Civil Jurisdiction of the High Court of Judicature at Fort William in Bengal;
- (m) "the Municipality of Calcutta" means the municipal limits of Calcutta as defined in the Calcutta Municipal Act, 1899;
- (n) "Suburbs of Calcutta" means the local area for the time being excluded from the general police district of Bengal by notification under section 1 of the Calcutta Suburban Police Act, 1866.

PART II.

POSSESSION AND TRANSPORT OF PETROLEUM.

CHAPTER I.—POSSESSION OF PETROLEUM.

- Smoking prohibited 1. No smoking shall be permitted inside any installation or storage shed.
2. All operations within any installation or storage shed shall be conducted under the supervision of a responsible agent or supervisor.
- Supervision of operations within installation or storage shed
3. The ground in the interior of an installation shall be kept clean and free from goods of a combustible nature, vegetation and rubbish.
- Cleanliness of installation
4. A supply of sand or dry earth shall always be kept in an installation for the purpose of extinguishing fire.
- Supply of sand or dry earth in installation
5. The capacity in gallons of every tank in an installation shall be conspicuously marked on it, and shall be calculated at the rate of 6·25 gallons per cubic foot.
- Marking of capacity of tanks
6. Every tank or other receptacle for the storage of petroleum in bulk, except a tank or receptacle which is not of sufficient capacity to contain ten thousand gallons of petroleum and which is so situated as not to be liable to cause danger in the event of the petroleum being ignited, shall be protected by an efficient lightning-conductor.
- Protection from lightning
- Explanation.*—A tank or receptacle shall be deemed to be so situated as not to be liable to cause danger in the event of the petroleum being ignited, if it is not in close proximity to any other tank or receptacle, or to any building not forming part of the installation, and if it is surrounded by a wall, or embankment, or sunk in an excavation, the enclosure thus formed being sufficient to contain the whole contents of the tank or receptacle.
7. Not less than once in every year the licensee of an installation shall test or cause to be tested the efficiency of the conductor in such manner as the Chief Inspector of Explosives may, by general or special order, declare to be sufficient, and a certificate showing the date of the last test shall be posted in a conspicuous place within the installation.
- Testing of lightning-conductor by licensee
8. Any officer appointed by the Government of Bengal in this behalf may enter any installation for the purpose of testing the efficiency of the conductor at any time after sunrise and before sunset.
- Official testing of lightning-conductor
9. No installation or storage shed shall be open, and no work in any installation or storage shed shall be permitted, between sunset and sunrise; provided that in cases where electric lighting is exclusively used, night working may be permitted by the Government of Bengal on the recommendation of the Chief Inspector of Explosives.
- Time for work in installations or storage sheds

10. Where there are any pipes or openings for draining out water in any enclosure wall, arrangements shall be made whereby they can be closed, and they shall only be kept open when actually necessary for drainage purposes. The nature of such arrangements shall be shown in the specifications which are required under rule 10 of Chapter IV of this Part, to be submitted with the application for a license.

Closure of pipe- and opening-

Material for storage sheds

11. All storage sheds in an installation shall be built of un inflammable material.

12. There shall be hung up in a conspicuous place in every installation and storage shed for which a license has been granted, copies in English and the vernacular, of the rules contained in this Chapter, and of the conditions endorsed on the license.

Postings up of rules and conditions

CHAPTER II.—TRANSPORT OF PETROLEUM.

1. Petroleum in bulk shall not be carried by water except on a ship certified as suitable for the carriage of petroleum in bulk by an officer appointed by the Government of Bengal in this behalf, and the petroleum shall be stowed in such part of the ship and in such manner as may be approved by general or special order, by the authority so appointed.

Conditions of carriage of petroleum in bulk by water

2. Petroleum in bulk shall not, except with the sanction of the Government of Bengal, be transported on any barge or flat which is not towed by a steamer or motor-tug.

Petroleum in bulk on barges or flats

3. No ship shall carry petroleum in bulk which carries at the same time passengers, or any inflammable cargo other than petroleum and its products.

Inflammable cargo, or passengers

4. No steamer carrying inflammable cargo other than petroleum and its products shall tow a barge or flat carrying petroleum in bulk.

Towage of barge or flat carrying petroleum

5. No steamer towing a barge or flat carrying petroleum in bulk shall at the same time tow any other barge or flat carrying inflammable cargo other than petroleum and its products.

Towage of additional barge or flat carrying inflammable cargo.

6. Rules 3, 4 and 5 of this Chapter shall not apply when the petroleum carried in bulk has a flashing point above 150° Fahrenheit.

Exemption of petroleum having a flashing point above 150° F

7. When any ship has discharged petroleum in bulk, the oil compartments shall be thoroughly cleaned and freed from petroleum and petroleum vapour, before any other cargo or passengers are taken on board.

Cleaning of compartments

8. The hatches of oil tanks in all ships certified under rule 1 of this Chapter as suitable for the carriage of petroleum in bulk and the man-holes in those hatches shall be kept locked so long as there is petroleum in the tanks and until the tanks have been thoroughly cleaned and freed from petroleum and petroleum vapour. They may be opened for taking on board or discharging petroleum for cleaning the tanks, or for other sufficient reasons; but no one shall be allowed to enter them unless he wears a safety helmet of such kind as may be approved by the Local Government, save when the tank or or tanks, having been duly examined by the Port Surveyor or other responsible official with the aid of a vapour-testing instrument, shall have been certified by him to be free from dangerous vapour.

Hatches to be kept locked

9. No petroleum in bulk shall be taken on board or discharged from any ship certified as suitable for the carriage of petroleum in bulk, except through a suitable pipe prepared for the purpose.

Loading and discharge

Naked lights, fire or smoking prohibited

10. No fire, naked lights or smoking shall be allowed on board any flat or barge carrying petroleum in bulk.

11. The person in charge of any flat or barge carrying petroleum in bulk shall, from sunrise to sunset, show at its stern a conspicuous red flag having the words "Petroleum Boat" marked on it in black letters.

Flag to be carried

12. No petroleum in bulk shall be loaded on or unloaded from any ship between sunset and sunrise, except when electric light is exclusively used.
Loading and unloading by night
13. Petroleum may be transported into and within the *Presidency* of Bengal under cover of a license granted by the prescribed authority in any other province of British India or in any area outside British India to which the Indian Petroleum Act, 1899, may be applied, provided that the conditions of such license are observed throughout the period during which the petroleum is in transit.
Validity of licence granted in another province
14. Petroleum which has been imported into *either of the ports specified in rule 1 in Part III* and which has not been tested at the port of import in accordance with the rules contained in Part III, shall not be transported to any other port in British India save one specified in rule 1 of that Part, and the provisions of all the rules of that Part, except rule 22, shall be deemed to apply to such petroleum when it arrives at such other port.
Transport by sea of petroleum which has not been tested
15. Petroleum which has been tested at any port in British India may be transported to any other port in British India, and the provisions of rules 2, 3, 4, 14 (except the proviso), 16, 19 and 20 of Part III shall apply to such petroleum when it arrives at such other port.
Transport by sea of petroleum which has been tested

CHAPTER III.—GENERAL PROVISIONS RELATING TO LICENSES.

1. All applications for licenses except those referred to in rules 13 and 14 of Chapter IV of this Part, for the possession or transport of petroleum shall be made to the District Magistrate.
Applications for licenses

The functions of the District Magistrate under this rule and the rule next following and under rule 5 (2) of Chapter IV of this Part shall be exercised in the Town of Calcutta and its Suburbs by the Commissioner or Deputy Commissioner of Police.

Licensing authority

2. Licenses—

- (a) for the possession of non-dangerous petroleum, not being petroleum in bulk,
- (b) for the possession of non-dangerous petroleum in a minor installation,
- (c) for the possession or transport of dangerous petroleum in quantities not exceeding forty gallons, and
- (d) for the transport of petroleum, not being dangerous petroleum, otherwise than by a pipe line.

may be granted by a District Magistrate, or by such other authority as the Government of Bengal may, from time to time by order in writing, appoint in this behalf. In all other cases, except as provided in rule 14 of Chapter IV of this Part, the licensing authority shall be the Government of Bengal:

Provided that in the case of renewals of existing licenses the Government of Bengal may delegate its powers under this rule to the District Magistrate or to such other authority as the Government of Bengal may, from time to time by an order in writing, appoint in this behalf.

3. The licensing authority may, for reasons to be communicated to the applicant, refuse a license in any case:
Refusal of license.

Provided that the licensing authority shall not refuse a license for the possession of petroleum in a minor installation, unless such authority has first made a reference to the Chief Inspector of Explosives and obtained his concurrence.

4. Every license granted under these rules shall be liable to be forfeited for any contravention of the Act, or of any rule thereunder, or of any condition contained in such license, or for any other reason deemed by the licensing authority to be good and sufficient and recorded by him in writing.
Forfeiture of license.

5. Every license and pass granted under these rules shall be held subject to the conditions endorsed on it, and shall contain all the particulars which are contained in the form prescribed for it by these rules:
Particulars of license.

Provided that in the case of installations and storage sheds in existence before these rules were made, the license may contain in lieu of the particulars contained in the form prescribed for it by these rules, either such particulars as may have been entered in the license granted for such installation or storage shed under the rules heretofore in force, or such particulars as may in each case be approved by the Chief Inspector of Explosives.

“Provided also that in the case of installations or storage sheds intended for the storage of petroleum which has a flashing point above 150°F., the license may contain, in lieu of the conditions endorsed on the form prescribed for it by these rules, such conditions as may in each case be approved by the licensing authority on the recommendation of the Chief Inspector of Explosives.”

Condition for the storage of petroleum having a flashing point above 150°F.

6. (1) Every application for the renewal of a license shall be made in the same manner as an application for an original license.

Renewal of licenses

(2) Every such application shall be made at a date not less than thirty days before the date on which the original license expires, and, if the application is so made, the premises shall be held to be duly licensed until such date as the licensing authority issues the renewed license or until an intimation that the renewal of the license is refused has been communicated to the applicant.

(3) The same fee shall be charged for the renewal of a license as for a new license.

7. When any license is granted for the possession or transport of petroleum, a copy of the rules contained in Chapter I of this Part in the case of a license for possession, and in Chapter II of this Part in the case of a license for transport, printed in English and the vernacular, shall be given, together with the license, to the licensee.

Supply of rules to licensee

8. Where a licensee dies or becomes insolvent or becomes mentally incapable or otherwise disabled, the person carrying on the business of such licensee shall not be liable to any penalty or forfeiture under the Act or these rules for acting under the license during such time as may reasonably be necessary to allow him to make an application for a new license in his own name for the unexpired portion of the original license.

Procedure on death or disability of licensee

9. Where a license granted under these rules is lost or accidentally destroyed, a duplicate may be granted.

Loss of license.

CHAPTER IV.—LICENSES FOR THE POSSESSION OF PETROLEUM.

1. Save as provided in rules 13 and 14 of this Chapter, every license for the possession of petroleum shall remain in force until the 31st of December next following the date of issue of the license.

Continuance of license.

2. Licenses for the possession of petroleum, not being dangerous petroleum, otherwise than in bulk, may be granted in Form A.

Petroleum not in bulk, other than dangerous petroleum

3. Licenses for the possession of dangerous petroleum, not in bulk, in quantity exceeding forty gallons may be granted in Form B.

Dangerous petroleum not in bulk.

4. Licenses for the possession of dangerous petroleum in quantity not exceeding forty gallons may be granted in Form C.

Dangerous petroleum not exceeding forty gallons.

5. (1) The holder of a license in Forms A, B or C may, at any time before the expiry of the license, apply for permission to transfer his license to another person.

Transfer of certain licenses.

(2) Such application shall be made to the District Magistrate who shall, if he approves of the transfer, enter upon the license, under his signature, an endorsement to the effect that the license has been transferred to the person named.

(3) A fee of Re. 1 shall be charged on each such application.

(4) The person to whom the license is so transferred shall enjoy the same powers and be subject to the same obligations under the license as the original holder.

6. Special licenses for the possession of dangerous petroleum in receptacles containing more than forty gallons, but not more than 500 gallons each, may be granted on such terms as the Government of Bengal may prescribe on the recommendation of the Chief Inspector of Explosives.

7. Licenses for the possession of any stated quantity of petroleum, not being dangerous petroleum, in major installations, in accordance with such specifications and plans as the Government of Bengal, on the recommendation of the Chief Inspector of Explosives, may, from time to time by general or special order, approve, may be granted in Form D.

8. Licenses for the possession of any stated quantity of petroleum, not being dangerous petroleum, in minor installations, in accordance with such specifications and plans as the Chief Inspector of Explosives may, from time to time by general or special order, approve, may be granted in Form E.

"8A. Licenses for the possession of any stated quantity of dangerous petroleum in installations in accordance with such specifications and plans as the Local Government, on the recommendation of the Chief Inspector of Explosives, may, from time to time, by general or special order, approve, may be granted in Form P."

9. (1) Licenses in Form F may be granted free of charge for the possession of dangerous petroleum for use on motor-vehicles and for its transport thereon, for the purpose of use therein.

(2) The provisions of the ordinary rules relating to the possession of dangerous petroleum shall regulate the possession of dangerous petroleum for use on motor-vehicles, save in so far as these provisions are varied by the conditions of the license.

10. Every application for a license for the possession of petroleum, other than licenses under rules 4 and 9 of this Chapter, shall specify:—

- (a) the description and quantity of petroleum which the applicant desires to keep,
- (b) the name and position of the premises intended to be used for the storage of such petroleum, and whether the said premises fulfil the conditions prescribed by Form A, Form B, Form D, Form E or Form P, as the case may be,
- (c) the amount of petroleum, if any, already licensed to be kept on the same premises.

If the application be made for the first time in respect of any major or minor installation or if the quantity of petroleum to be stored in such an installation is to be increased, the application shall be accompanied by specifications and plans drawn to scale.

11. Before petroleum is stored in any major or minor installation for which a license has been granted for the first time, a certificate shall be furnished to the licensing authority to the effect that all enclosure walls and embankments required to be constructed under the conditions of the license are sufficient to ensure safety. The certificate shall be signed by an engineer accepted as qualified for the purpose by the licensing authority. When the license is not granted for the first time but is granted for an increased quantity of petroleum, a certificate shall similarly be furnished to the licensing authority before any quantity of petroleum exceeding the amount which was admissible under the former license is stored in the installation.

12. Every application for a license under rules 4 and 9 of this Chapter shall specify:—

- (a) whether the applicant is the owner of a motor-vehicle,
- (b) the amount of dangerous petroleum the applicant desires to store,
- (c) the exact position and nature of the premises intended to be used for the storage of such dangerous petroleum, and whether the said premises fulfil the conditions prescribed by Form C or Form F, as the case may be.

13. Licenses for the possession of petroleum in an installation or storage shed may be granted by the Government of Bengal free of charge to the Commissioners of the Port of Calcutta *or of Chittagong* subject to such conditions, and for such period, as the Government of Bengal may direct.

14. Licenses for the possession of petroleum in an installation or storage shed erected on land *at Budge Budge or at Moyapore* belonging to the Commissioners of the Port of Calcutta *or on land belonging to the Commissioners of the Port of Chittagong* may, with the previous sanction of the Government of Bengal, be granted free of charge by the said Commissioners, subject to such conditions and for such period as the Government of Bengal may direct.

15. Subject to such conditions as may be prescribed by the Government of Bengal in each case, licenses in Form N may be granted for the possession of any quantity of petroleum in bulk, at or near wells, pumping stations or refineries, whether the petroleum be dangerous petroleum, or partly dangerous and partly non-dangerous petroleum.

CHAPTER V.—LICENSES FOR THE TRANSPORT OF PETROLEUM.

1. General licenses for the transport of petroleum, other than dangerous petroleum, may be granted for a period of twelve months in Form G.

2. General licenses for the transport of dangerous petroleum, otherwise than in bulk, may be granted for a period of twelve months in Form H.

3. Licenses granted under rules 1, 2 and 9 of this Chapter may authorise the holders* to transport petroleum without restriction as to destination or total quantity.

4. The holder of the general license granted under rules 1, 2 or 9 of this Chapter shall, with each consignment of petroleum conveyed under cover of his license, issue to the person who takes charge of the petroleum for the purpose of transporting it, a numbered pass in Form I.

5. Special licenses may be granted for the transport of petroleum, other than dangerous petroleum, in quantities exceeding five hundred gallons in Form J.

6. Special licenses may be granted for the transport of dangerous petroleum other than in bulk in Form K.

7. A special license granted under rules 5 and 6 shall only cover the transport of the particular consignment entered in the license and shall be valid for such period as may be entered in it.

8. Applications for special licenses for the transport of petroleum by rail, by road, by steamer or by barge, or by two or more of these modes of conveyance, shall specify the description and quantity of petroleum to be transported, and the places from and to which, respectively, the petroleum is to be conveyed, and shall describe the receptacles in which it is to be contained, or, in the case of petroleum to be transported in bulk by water, shall state that the ship in which it is to be carried has been certified as required by rule 1 of Chapter II of this Part.

9. General licenses in Form L to transport dangerous petroleum up to a maximum of sixty gallons at a time otherwise than on a motor-vehicle, may be granted for a period of twelve months to owners of motor-vehicles holding licenses under rule 9, sub-rule (1), of Chapter IV of this Part, to possess petroleum and use or transport it on a motor-vehicle.

CHAPTER VI.—FEES.

1. (1) When the proceeds of fees leviable for licenses under these rules have been assigned by the Government of Bengal to any local authority, the fees shall be levied in such manner as the local authority may from time to time direct.

(2) In all other cases the fees shall be paid in cash on receipt of a notice from the licensing authority that a license will be granted.

(3) The Court-fee stamp of the value of eight annas representing the fee chargeable under Schedule II, Article 1 (b) of the Court-Fees Act (1870) on an application for a license presented to a Magistrate should be attached to the application.

Fees for licenses for possession of petroleum

2. The following fees shall be charged for licenses for the possession of petroleum. namely:—

Non-dangerous petroleum.

Rs.

(iii) When the quantity to be transported exceeds four hundred and eighty gallons.	8 for the first four hundred and eighty gallons, <i>plus</i> Rs. 2 for every additional four hundred and eighty gallons or part thereof.

General license for the transport of dangerous petroleum by the owner of a motor-vehicle by road, rail or water. up to a maximum of sixty gallons at a time. 5

General license for the transport of dangerous petroleum by dealers by rail, road or water. 50

4. A fee of one rupee shall be charged for a new license for the unexpired portion of an original license granted to any person applying for the same in accordance with the provisions of rule 8 of Chapter III of this Part.

5. A fee of eight annas shall be charged for a duplicate of a license granted in accordance with the provisions of rule 9 of Chapter III of this Part.

Fee for license granted for unexpired portion of an original license

Fee for duplicate license.

PART III.

OF IMPORTATION OF PETROLEUM.

1. The *ports of Calcutta and Chittagong* are hereby declared to be the only ports at which petroleum may be imported.

Ports of importation

*2. The master of every ship carrying petroleum shall deliver to the pilot before entering *either* of the ports mentioned in rule 1, a written declaration under his signature stating—

Declaration by master of ship carrying petroleum or by the ship's agent

- (a) what quantity of petroleum the ship is carrying;
- (b) whether any and, if so, what part of it is dangerous petroleum;
- (c) whether any and, if so, what part of it is certificated petroleum;
- (d) whether any and, if so, what part of it is petroleum having a flashing-point above 150° of Fahrenheit's thermometer; and
- (e) what quantity of petroleum [specifying whether any and, if so, what part of it belongs to each of the classes (b), (c) and (d)] it is intended to land at *either of the ports specified in rule 1* or at any other port in British India:

Provided that if, in anticipation of a ship's arrival, the agent for such ship delivers to the Port Officer a written declaration as aforesaid under his signature, no such declaration shall be necessary by the master of the ship.

*3. If the master or agent declares that any petroleum is certificated petroleum which it is intended to land at *either of the ports specified in rule 1* or at any other port in British India, he shall deliver to the pilot, along with his declaration, the certificate relating to such petroleum.

Delivery of certificate

* Rules 2—14 and 17 of this Part are inoperative in the Port of Chittagong where there is no testing offices at present

*4. Every certificate and declaration delivered to a pilot under rules 2 and 3 shall be made over by him without delay *in the port of Calcutta or Chittagong to the Assistant Harbour Master or Port Officer, Chittagong* who shall transfer them without delay to the Superintendent of the Port Commissioners' Petroleum Wharf at Budge-Budge or *the Collector of Customs, Chittagong, as the case may be.*

*5. (1) When the master of, or the agent for, a ship has made the declaration required by rule 2, the Superintendent of the Petroleum Wharf, *Budge-Budge, or the Collector of Customs, Chittagong, as the case may be,* shall direct an officer to go on board the vessel and obtain samples of all the petroleum on board which it is intended to land at *the port of Calcutta or Chittagong as the case may be.* If the importer so desires he shall also take samples of all the petroleum on board which it is intended to land at any other port in British India :

Provided that no samples need be taken in the case of petroleum which is declared to be dangerous.

(2) The master shall deliver to the officer aforesaid, without charge samples of every variety of petroleum comprised in the petroleum of which samples are to be taken under sub-rule (1). Such samples shall, if such officer so require, be taken from the particular receptacles indicated by him and under his personal superintendence, and shall not exceed forty fluid ounces :

Provided that when the petroleum is in cases, samples may be taken as delivery proceeds.

*6. The minimum number of samples to be selected of each brand or quality contained in the cargo shall be as follows :—

(a) of certificated petroleum in cases—

one sample for every fifteen thousand cases or fraction of fifteen thousand cases ;

(b) of certificated petroleum in casks or drums declared to be of uniform quality—

one sample for every one hundred and twenty thousand gallons or part of one hundred and twenty thousand gallons ;

(c) of certificated petroleum in bulk or in tanks—

one sample from each group of tanks or tank compartments certified to be of the same brand or quality ;

(d) of petroleum other than certificated, in cases—

one sample for every ten thousand cases or fraction of ten thousand cases ;

(e) of petroleum other than certificated, in casks or drums declared to be of uniform quality—

one sample for every eighty thousand gallons or part of eighty thousand gallons ;

(f) of petroleum other than certificated in bulk or in tanks—

one sample from each tank or tank compartment.

*7. When the samples required have been delivered to the officer aforesaid, such officer shall forthwith seal the bottles containing the samples, and shall label them with the name of the ship, the name of the consignee, and such other distinguishing marks as may be necessary. He shall then forward them to the testing officer.

*8. The testing officer shall test the samples thus received in the manner laid down in the first Schedule to the Act.

*9 If more than one sample of any one brand or quality forming the cargo or a portion of the cargo of a ship is sent to the testing officer for report, that officer shall test each sample separately and strike an average of the results. If the average flashing point is not lower than 73° of Fahrenheit's thermometer,

and no one test gives a flashing point below 70° of that thermometer, he shall report the whole of the petroleum represented by the samples to the *Port Commissioners, Calcutta, or the Collector of Customs, Chittagong, as the case may be* as non-dangerous.

*10. If the testing officer, after testing samples, considers further tests necessary to satisfy him that none of the petroleum is dangerous, he shall report to the *Port Commissioners, Calcutta, or the Collector of Customs, Chittagong, as the case may be* accordingly.

Procedure when tests show want of uniformity

Procedure on report

*11. On receipt of a report under rule 10—

(a) when the consignment is imported in cases, the *Port Commissioners, Calcutta, or the Collector of Customs, Chittagong, as the case may be* shall cause the petroleum in question to be landed, or to be discharged into boats, and the officer referred to in rule 5 shall select and deliver to the testing officer one sample from every thousand cases;

(b) when the consignment is imported in bulk, the *Port Commissioners, Calcutta, or the Collector of Customs, Chittagong, as the case may be* shall forward a second sample and, until receipt of the testing officer's further report, may prevent the landing of any portion of the contents of the tank in question, or may permit it to be landed as provided in rule 18;

(c) if the petroleum has been already landed and stored under rule 18 samples shall be selected as aforesaid.

*12. The testing officer shall, as soon as practicable, and ordinarily within twenty-four hours after receipt of any samples, sign a report certifying that they are, or are not, dangerous petroleum, as the case may be, and shall forward such report to the office of the *Port Commissioners, Calcutta, or the Collector of Customs, Chittagong, as the case may be* where it shall be deposited.

Report of testing officer

Fee for testing

*13. The fee for testing each sample shall be five rupees:

Provided that the total amount of the fees chargeable under this rule shall not, in the case of any one ship, exceed Rs. 50.

*14. A ship may proceed to the usual anchorage in *either of the ports* specified in rule 1 and there discharge any certificated petroleum not exceeding five thousand gallons in quantity:

When a ship carrying petroleum may anchor at ordinary anchorage

Provided that the officer whose duty it is, under rule 5, to select samples of petroleum on board, may at any time take a sample of any such petroleum for the purpose of having it tested.

15. If the quantity of petroleum declared dangerous on board a ship does not exceed forty gallons and there is no other petroleum on board, or the aggregate quantity of petroleum on board, including petroleum declared dangerous, does not exceed forty gallons, the said petroleum may be forthwith landed.

Exception in respect of petroleum declared dangerous which is not in excess of forty gallons

16. Save as provided in rules 14 and 24, every ship having petroleum on board shall be anchored at such anchorage as the Conservator of the port shall appoint in this behalf. If the petroleum is intended to be discharged at *either of the ports specified in rule 1*, the vessel shall not leave such anchorage, except for the purpose of discharge of bulk oil petroleum as laid down in rule 19, until all the petroleum has been so discharged. If the petroleum or a portion of it is intended for some other port, the petroleum or such portion of it shall be temporarily discharged at such anchorage before the vessel proceeds into the harbour. If it is not so discharged, the vessel shall remain at such anchorage until her final departure.

When a ship carrying petroleum must anchor at a special anchorage

Such anchorage shall in no case be the same as that for vessels laden with explosives, and shall be sufficiently far removed from the anchorage for vessels laden with explosives to prevent the possibility of a fire originating at the former place affecting vessels anchored at the latter.

*17. Save as provided in rule 18, no petroleum, of which samples have been taken under rule 5, shall be landed from any ship referred to in rule 16 until the testing officer's report in respect thereof has been received in the office of the *Port*

ENDORSEMENT ON FORM B.

Conditions of License.

1. If the licensing officer call upon the holder of a license, by notice in writing, to execute any repairs of the storage shed, which may, in the opinion of such officer, be necessary for the safety of the shed, the holder of the license shall execute the repairs within such period, not being less than one month from the date of receipt of the notice, as may be fixed by the notice.

2. The license-holder is prohibited from delivering any quantity of dangerous petroleum exceeding three gallons to any one who has not a license under section 5 or section 6 of the Act, or any less quantity of such petroleum, except in accordance with the conditions of the proviso to section 6 of the Act, as to the vessels in which the petroleum must be contained.

3. The petroleum shall be stored in gas-tight tinned or galvanized sheet iron, steel or lead plate receptacles containing each not more than forty gallons and fitted with well-made filling holes and well-fitting screw plugs, or fitted with screw cap or other cap with metal air-tight under cap. Such receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than three-eighths of an inch: provided that wood cases shall not be necessary when the receptacles are made of tinned or galvanized sheet iron or steel, and have the following thickness of metal:—

	Not less than—
(1) When the capacity does not exceed two gallons ...	27 B. W. G.
(2) When the capacity exceeds two gallons but does not exceed four gallons ...	22 B. W. G.
(3) When the capacity exceeds four gallons but does not exceed eight gallons ...	20 B. W. G.
(4) When the capacity exceeds eight gallons but does not exceed twenty gallons ...	16 B. W. G.
(5) When the capacity exceeds twenty but does not exceed thirty gallons ...	14 B. W. G.
(6) When the capacity exceeds thirty but does not exceed forty gallons ...	12 B. W. G.

4. An air-space of at least one-tenth of its capacity shall be left in each receptacle at the time of filling.

5. The receptacles shall be so substantially constructed and secured as not to be liable except, under circumstances of grave negligence or extraordinary accident, to be broken or become defective, leaky or insecure.

6. The receptacles shall be labelled in accordance with the provisions of section 7 of the Act.

7. Any receptacle, before being repaired, shall be cleared of all dangerous petroleum and of all dangerous vapours arising from the same.

8. The storage shed shall be constructed of masonry or other uninflam-
mable material with terraced, tiled or iron roofs and with tiled or paved or
carthen floors.

9. Either the doorways and other openings of the storage shed shall
be built up to a height of two feet above the level of the road or street,
or the floor sunk to a depth of two feet below the level of the road or street,
so that the petroleum cannot flow out from the building in case of its escape
from the receptable in which it is contained, or the building itself shall be
surrounded with a masonry wall or embankment or both not less than two
feet high. When the quantity of petroleum stored exceeds 16,000 gallons
the height or depth shall be three feet.

A combination of these methods is permissible.

10. All ventilating openings in the storage shed shall be protected
by strong wire gauze.

11. No light, except a light of such strength, position and character
as is not liable to ignite any inflammable vapour, nor fire of any description,
shall be permitted at any time within the storage shed.

12. All due precautions shall be taken for the prevention of unautho-
rised persons having access to any dangerous petroleum kept and to the
vessels containing or having actually contained the same.

13. Every person managing or employed on or in connection with the
storage shed shall abstain from any act whatever which tends to cause fire
or explosion and which is not reasonably necessary, and shall prevent any
other person from doing such act:

14. The drum or other receptable containing dangerous petroleum
shall only be opened on the licensed premises at or immediately adjoining
the storage shed and for the time necessary for drawing off the petroleum,
and during such drawing-off every reasonable precaution shall be adopted
for preventing the escape of dangerous petroleum or the vapour therefrom.

15. The following distances shall be kept clear from protected works
round the storage shed:—

Quantity to be stored				Distances to be kept clear		
Not exceeding	500	gallons	20	feet.
From	500	to 1,000	"	...	25	"
"	1,000	to 5,000	"	...	30	"
"	5,000	to 15,000	"	...	40	"
"	15,000	to 25,000	"	...	50	"
"	25,000	to 35,000	"	...	60	"
"	35,000	to 50,000	"	...	70	"
"	50,000	gallons and over	100	"

Provided that these distances may be reduced by the Government of
Bengal on the recommendation of the Chief Inspector of Explosives in cases
where screen walls are provided, or other special precautions taken, or where
there are special circumstances that in the opinion of the Chief Inspector of
Explosives warrant the reduction.

16. Provided that when the quantity to be possessed does not exceed
60 gallons, the provisions of conditions 8, 9 and 15 shall not apply, but the
licensee shall observe the following conditions:—

(i) The storage shed in which the dangerous petroleum is stored
shall be well ventilated and constructed of uninflam-
mable material, provided, however, that the doors and windows may
be of wood.

(ii) Where a storage shed forms part of or is attached to another
building and when the intervening floor or partition is of an
unsubstantial or inflammable character or has openings therein,
the whole of such building shall be deemed to be the storage shed
and no portion of such storage shed shall be used as a dwelling-
house or as a place where persons assemble. The storage shed
shall have a separate entrance from the open air distinct from
any building or dwelling in which persons assemble.

17. The storage shed shall be liable to inspection by an officer not
being of lower rank than a Sub-Inspector of Police authorized by the
Government of Bengal in this behalf.

Conditions of License.

1. Each tank shall either be separately surrounded by a wall or embankment of substantial construction, or shall be partially sunk in an excavation. The enclosure thus formed shall be of dimensions sufficient to contain 10 per cent. more oil than the tank is capable of containing, and shall be so constructed as to prevent the escape therefrom of any oil in the form of liquid, whether under the action of fire or otherwise. Settling or measuring tanks* may be situated within the wall or excavation, but otherwise the space enclosed by such wall or excavation, and not occupied by the tank, shall be kept entirely clear and unoccupied.

* These tanks shall not have a greater capacity than 30,000 gallons

2. In the case of all storage sheds within the installation, either the doorways and other openings of the building shall be built up to a height of three feet above the level of the ground outside it, or the floor shall be sunk to a depth of three feet below the level of the ground, or the building itself shall be surrounded with a masonry wall or embankment or both not less than three feet high.

3. The height of any storage tank shall not be more than three-fifths of its diameter.

4. A distance of not less than one hundred feet shall be kept clear between one storage tank and another, or between a storage tank and a storage shed, the distance being measured between the nearest points of the perimeters of the storage tanks or storage sheds, as the case may be.

5. A distance of not less than one hundred and fifty feet shall be kept clear between any storage tank or shed and any protected work.

6. The distances specified in conditions 4 and 5 may be reduced by the Government of Bengal on the recommendation of the Chief Inspector of Explosives in cases where screen walls are provided or other special precautions taken or where there are special circumstances that, in the opinion of the Chief Inspector of Explosives, warrant the reduction.

7. No fire or lights other than those necessary for soldering purposes, shall be permitted within the installation except in the office, living quarters, engine-room, boiler-house and smithy.

ENDORSEMENT ON FORM E.

Conditions of License.

1. Every tank of which the capacity exceeds fifteen thousand gallons shall either be separately surrounded by a wall or embankment of substantial construction, or shall be sunk in an excavation. The enclosure thus formed shall be of dimensions sufficient to contain the total quantity of oil capable of being contained in the tank, and shall be so constructed as to prevent the escape therefrom of any oil in the form of liquid, whether under the action of fire or otherwise. The space enclosed by such wall or excavation and not occupied by the tanks, shall be kept entirely clear and unoccupied.

2. The distance to be kept clear between a tank and the walls or embankments which surround it shall be, measuring from the ground level—

(a) for horizontal tanks, not less than one-third the height of the tank;

(b) for perpendicular tanks not less than one-half the height of the tank.

3. The height of walls or embankments surrounding the installation shall be not less than two feet six inches from the ground level.

4. The following distances shall be kept clear between protected works not forming part of the installation and the enclosure walls or embankments:—

Where the number of gallons stored is—	Distance to be kept clear
5,000 and under ...	Not less than 15 feet.
Over 5,000 and up to 20,000 ...	Ditto 20 „
Over 20,000 and up to 50,000 ...	Ditto 30 „

Provided that these distances may be reduced by the Government of Bengal on the recommendation of the Chief Inspector of Explosives in cases where screen walls are provided or other special precautions taken, or where there are special circumstances which in the opinion of the Chief Inspector of Explosives warrant the reduction.

5. Soldering shall only be permitted in a separate room or building placed as far from the tanks as can be conveniently arranged, in which no storage or filling shall be permitted. No more tins shall be allowed in the soldering room at any one time than are necessary for expeditious working.

6. No fire or lights, except those necessary in the soldering room and watchman's house, shall be permitted.

7. If the installation contains tanks of which the capacity does not exceed fifteen thousand gallons, either—

(a) each tank shall be separately enclosed in the manner prescribed in condition 1, or

(b) the entire installation shall be surrounded by a masonry wall or embankment or a combination of these forming an enclosure of dimensions sufficient to contain, and prevent the overflow of, all the oil that may be stored at any one time within such walls or embankments.

8. In the case of all storage sheds within the installation, which is not surrounded by a masonry wall or embankment as provided in clause (b) of condition 7, either the doorways and other openings of the building shall be built up to a height of two feet above the level of the ground outside it, or the floor sunk to a depth of two feet below the level of the ground, so that the petroleum cannot flow out from the building in case of its escape from the receptacle in which it is contained, or the building itself shall be surrounded with a masonry wall or embankment (or both) not less than two feet high. When the quantity of petroleum stored exceeds 16,000 gallons, the height or depth shall be three feet. A combination of these methods is permissible.

4. An air-space of at least one-tenth of its capacity shall be left in each drum or receptacle at the time of filling to allow for expansion of the dangerous petroleum.

5. Before repairs are done to any such vessel, that vessel shall, as far as practicable, be cleaned by the removal of all dangerous petroleum and of all dangerous vapours derived from the same.

6. The storage shed in which the dangerous petroleum is stored shall be well ventilated and constructed of unflammable materials; provided, however, that the doors and windows may be of wood.

7. Where a storage shed forms part of, or is attached to, another building, and when the intervening floor or partition is of an unsubstantial or inflammable character, or has an opening therein, the whole of such building shall be deemed to be the storage shed, and no portion of such storage shed shall be used as a dwelling, or as a place where persons assemble. A storage shed shall have a separate entrance from the open air distinct from that of any dwelling or building in which persons assemble.

8. The amount of dangerous petroleum to be kept in any one storage shed, whether or not upon motor-vehicles, shall not exceed sixty gallons at any one time.

9. The filling or replenishing of any vessels with dangerous petroleum shall not be carried on, nor shall the contents of any such vessel be exposed, in the presence of fire or artificial light, except a light of such construction, position and character as not to be liable to ignite any inflammable vapour, and no artificial light shall be brought within dangerous proximity of the place where any vessel containing dangerous petroleum is being kept.

10. In the case of all dangerous petroleum kept or transported for the purpose of, or in connection with, any motor-vehicle, (a) all due precautions shall be taken for the prevention of accidents by fire or explosion and for the prevention of unauthorised persons having access to any dangerous petroleum kept or transported and to the vessels containing, or having actually contained, the same, and (b) every person managing or employed on or in connection with any motor-vehicle shall abstain from every act whatever which tends to cause fire or explosion, and which is not reasonably necessary, and shall prevent any other person from committing such act.

Conditions of License.

1. Each tank containing dangerous petroleum shall either be separately surrounded by a wall or embankment of substantial construction, or shall be partially sunk in an excavation. The enclosure thus formed shall be of dimensions sufficient to contain 10 per cent. more oil than the tank is capable of containing, and shall be so constructed as to prevent the escape therefrom of any oil in the form of liquid, whether under the action of fire or otherwise. Settling or measuring tanks* may be situated within the wall or excavation, but otherwise the space enclosed by such wall or excavation, and not occupied by the tank, shall be kept entirely clear and unoccupied.

2. In the case of all filling or storage sheds within the installation either the doorways and other openings of the building shall be built up to a height of three feet above the level of the ground outside it, or the floor shall be sunk to a depth of three feet below the level of the ground, or the building itself shall be surrounded with a masonry wall or embankment or both not less than three feet high.

3. The height of any storage tank shall not be more than three-fifths of its diameter

4. A distance of not less than 200 feet shall be kept clear between a storage tank containing dangerous petroleum and any other storage tank or between such a storage tank and a storage or filling shed, the distance being measured between the nearest points of the perimeters of the storage tanks or storage or filling sheds, as the case may be

5. A distance of not less than 150 feet shall be kept clear between any filling or storage shed and any protected works.

6. A distance of not less than 200 feet shall be kept clear between any storage tank containing dangerous petroleum and any protected work.

7. Every person managing or employed on or in connection with the place of storage shall abstain from any act whatever which tends to cause fire or explosion and which is not reasonably necessary, and shall prevent any other person from doing such act.

8. No light other than electric lights and no fire shall be permitted at any time within 100 feet of any tank or storage shed.

9. No repairs shall be carried out in any tank which contains or has contained dangerous petroleum, until the tank has been thoroughly cleared of all petroleum and of all gases and vapours derived from the same.

10. The distance specified in conditions 4, 5 and 6 may be reduced by the Local Government on the recommendation of the Chief Inspector of Explosives in cases where screen walls are provided, or other special precautions taken, or where there are special circumstances which, in the opinion of the Chief Inspector of Explosives, warrant the reduction.

* These tanks shall not have a greater capacity than 30,000 gallons.

NOTIFICATION.

IN exercise of the power conferred by clause (2) of section 139 of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885) as amended by the Bengal Act V of 1908, which has been brought in force in Eastern Bengal by section 3 of the Bengal Laws Act, 1914 (Bengal Act I of 1914), I confirm the following bye-laws framed by the District Board of Dacca under clause (1) of the said section 139:—

BYE-LAWS FOR THE DISTRICT BOARD OF DACCA.

Definitions.

Definitions

1. In these bye-laws, unless there is anything repugnant in the subject or context,—

- (1) the word “cattle” has the same meaning as in the Cattle-trespass Act, 1871;
- (2) “reserved tank or well” means a tank or well which the District Board has set apart under section 90 of the Bengal Local Self-Government Act of 1885, by public notice, for the supply of water for drinking and for culinary purposes and includes any reservoir or part of any river, *khal* or other channel, so set apart; and a notice-board on the edge of a reserved tank or well, containing the words “reserved tank” or “reserved well” or words to that effect, shall be deemed to be sufficient notice for the purpose of this definition; and
- (3) the “slopes” of a reserved tank or well include all places from which water can flow directly into such tank or well; and
- (4) “road” means a road vested in, or under the control and administration of, the District Board or a Local Board; and includes—
 - (a) a village road;
 - (b) the slope, berm, borrow-pits and side-drains of a road; and
 - (c) all land vested in, or under the control and administration of, the District Board or a Local Board and attached to a road.

Roads, Drains, Bridges, Canals and Embankments.

Encroachment or obstruction on a road

2. (1) No person shall encroach on any part of a road by cultivating crops thereon.
 (2) No person shall on any road, by means of any building, fence, pit, embankment or ditch, or any other obstruction, or by means of any cut, drain or watercourse intended for the purpose of drainage or irrigation, or by exposing thereon any goods for sale or by placing thereon any substance or material,—

- (a) without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board or the District Engineer, make or cause any encroachment, or
- (b) obstruct traffic, or
- (c) cause any inconvenience to passengers, or
- (d) hinder or impede the flow of water.

3. No person shall expose or place any article for sale in any bazar or market in the vicinity of any road, or collect or gather any articles in the vicinity of a road, so as to interfere with the traffic of the road.

4. Any person in possession of, or having control over, any plants, trees or hedges which obstruct, overhang, or over-shadow any road, or any public drain or sluice, or any drain which is connected with a public drain, shall, if so required by notice in writing, signed by the Chairman or Vice-Chairman of the District Board or a Local Board, or by the District Engineer, cut down, prune or trim such plants, trees or hedges, within the period, and in the manner, prescribed in such notice.

5. (1) No person shall destroy or damage, or cause to be destroyed or damaged, any bridge, culvert or causeway, built on or across any road.

Damage to bridges, culverts or causeways on road

(2) No person shall erect any fence or other object on, or before or close to the opening of, any such bridge, culvert or causeway, for the purpose of fishing or for any other purpose, so as to impede the free flow of water thereunder, or so as to cause damage thereto.

(3) No person shall cast nets for fishing purposes from any parapet of any such bridge or culvert.

6. No person shall—

(a) destroy or damage, or cause to be destroyed or damaged, any fence or post erected on any road;

F. C. FRENCH, *Offg. Commissioner, Dacca Division.*

DACCA, the 4th May 1914.

NOTIFICATION.

In exercise of the power conferred by clause (2) of section 139 of the Bengal Local Self-Government Act, 1885 (Bengal Act II of 1885), read with section 3 of the Bengal Laws Act, 1914 (Bengal Act I of 1914), I confirm the following bye-laws which have been framed by the District Board of Faridpur under clause (1) of the said section 139 :—

Faridpur.

BYE-LAWS.

Definitions.

1. In these bye-laws, unless there is anything repugnant in the subject or context,—
 - (1) the word “cattle” has the same meaning as in the Cattle-trespass Act, 1871;
 - (2) “reserved tank or well” means a tank or well which the District Board has set apart under section 90 of the Bengal Local Self-Government Act of 1885, by public notice, for the supply of water for drinking and for culinary purposes, and includes any reservoir, or part of any river, *khal* or other channel, so set apart; and a notice-board on the edge of a reserved tank or well, containing the words “reserved tank” or “reserved well,” or words to that effect, shall be deemed to be sufficient notice for the purpose of this definition; and
 - (3) the “slopes” of a reserved tank or well include all places from which water can flow directly into such tank or well; and
 - (4) “road” means a road vested in, or under the control and administration of, the District Board or a Local Board; and includes—
 - (a) a village road;
 - (b) the slope, berm, borrow-pits and side-drains of a road; and
 - (c) all land vested in, or under the control and administration of, the District Board or a Local Board and attached to a road.

Roads, Drains, Bridges, Canals and Embankments.

2. (1) No person shall encroach on any part of a road by cultivating crops thereon.

Explanation.—This prohibition does not apply to land attached to a road which is neither vested in, nor under the control and administration of, the District Board or a Local Board, and whereon private persons have hitherto enjoyed the right of cultivating crops, subject only to a right of user on the part of the District Board or a Local Board of making borrow-pits and side-drains therein.

- (2) No person shall, on any road,

by means of any building, fence, pit, embankment or ditch, or any other obstruction, or by means of any cut, drain or water-course intended for the purpose of drainage or irrigation, or by exposing thereon any goods for sale or by placing thereon any substance or material,—

- (a) without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer, make or cause any encroachment, or
- (b) obstruct traffic, or
- (c) cause any inconvenience to passengers, or
- (d) hinder or impede the flow of water.

3. No person shall expose or place any article for sale in any bazar or market in the vicinity of any road, or collect or gather any articles in the vicinity of a road, so as to interfere with the traffic of the road.

4. Any person in possession of, or having control over, any plants, trees ^{Cutting of plants, trees or hedges obstructing road or drain} or hedges which obstruct, overhang, or overshadow any road, or any public drain or sluice, or any drain which is connected with a public drain, shall, if so required by notice in writing, signed by the Chairman or Vice-Chairman of the District Board or a Local Board, or by the District Engineer, cut down, prune or trim such plants, trees or hedges, within the period, and in the manner, prescribed in such notice.

5. (1) No person shall destroy or damage, or cause to be destroyed or ^{Damage to bridges, culverts or causeways on road} damaged, any bridge, culvert or causeway, built on or across any road.

(2) No person shall erect any fence or other object on, or before or close to the opening of, any such bridge, culvert or causeway for the purpose of fishing or for any other purpose, so as to impede the free flow of water thereunder, or so as to cause damage thereto.

(3) No person shall cast "nets" for fishing purpose from any parapet of any such bridge or culvert.

6. No person shall—

(a) destroy or damage, or cause to be destroyed or damaged, any fence ^{Damage to fences, posts, soil, turf or grass on road} or post erected on any road; or

(b) dig, scrape, uproot or remove any soil, turf or grass from any part of a road.

7. (1) No person shall cut a channel, or convey water by a channel, ^{Channel across road} across a road, except with the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer, and in such manner as he may prescribe.

(2) Any person who has been permitted by the Chairman or Vice-Chairman of the District Board or a Local Board, or by the District Engineer to cut a channel across a road, shall, at the time prescribed by him, cover or refill the channel so as to restore the road to its former condition.

(3) Any person who has a prescriptive right to keep a channel open for carrying water across a road shall keep the channel in proper order, so as to prevent danger or inconvenience to the public.

No. 3574—3590-3. dated Simla, the 8th May 1914.

RESOLUTION—By the Government of India. Department of Commerce and Industry.

WITH reference to the Resolution of the Government of India, No. 9446—9461-3, dated the 7th November 1913, intimation has been received that the prohibition against the landing of artisans and skilled or unskilled labourers at ports of entry in British Columbia issued by the Government of Canada has been extended to 30th September 1914.

The Governor-General in Council accordingly requests all Local Governments and Administrations to make the above intimation as widely known as possible, particularly in places from which immigration to Canada is believed to be most common. Intending immigrants should also be warned at the ports of embarkation of the risk they run in proceeding to that country.

Ordered that a copy of the above Resolution be forwarded for information and guidance to all Local Governments and Administrations and to the Home and Foreign and Political Departments for information.

Ordered also that a copy be published in the *Gazette of India* for general information.

By order of the Governor in Council,

H. L. STEPHENSON,
Secretary.

FINL. DEPT., SEP. REV. BRANCH, CALCUTTA, *the 12th May 1914.*

No. 273T.-Com.—The 23rd May 1914.—The following communique regarding the opening of seven Chinese ports to foreign trade is published for general information.

H. L. STEPHENSON,
Secy. to the Govt. of Bengal.

No. 10 (3632), dated Peking, the 12th January 1914.

By virtue of a Presidential order, dated the 9th instant, the Chinese Government have spontaneously opened to foreign trade seven towns in North China. These new “ports” are Kueihuach’eng, Kalgan, Dolonor, Chihfeng, Taonanfu, Hulutao and Lungkow, and the main result of their “opening” will be to develop international trade and interests in Inner Mongolia.

2. Kueihuach’eng is in the extreme north of Shansi: it is a town of approximately 200,000 inhabitants and is an important market for skins, camel hair, ropes and cereals. Kalgan, in the north of Chihli, has a normal population of 430,000, and is the principal outlet from Inner Mongolia. Both places are connected by rail with Peking. Dolonor, east of Kalgan, contains a mixed population of about 15,000, but it is more in the nature of a military encampment than a commercial city. Chihfeng is about 100 miles east of Dolonor. Both the latter towns lie outside the great wall. Taonanfu is an important point on the Mongolian frontier of Fengtien, and will shortly be connected by rail with the South Manchurian Railway.

3. Hulutao was artificially created, under a British Engineer, during the latter years of the Manchu rule with the object of forming an ice-free port on the Gulf of Liaotung under purely Chinese control. It is already connected with the Peking-Mukden Railway by a branch line from Lienshan. The question of improving the water approaches to Newchwang by the conservancy of the Liao river is at present under consideration and

if, as is to be hoped, the scheme materializes there may be a better prospect of retaining for Newchwang and Hulutao the trade which is now to some extent being diverted to Dairen.

4. Lungkow, in Shantung, is situated about 100 miles west of Chefoo and is already one of the principal centres of the junk-borne coolie traffic into Manchuria. Some of this traffic might possibly now find its way to Hulutao.

5. Of the above seven towns, three only are likely to have much interest for British commerce; namely, Kueihuach'eng, Kalgan and possibly Hulutao. Taonanfu might also become a distributing centre for trade with the Eastern section of Inner Mongolia. The advantages of Kueihuach'eng and Kalgan are that British goods will, as is the case with the inland open marts of Manchuria, now reach those places on payment of a single import duty of 5 per cent. instead of the additional 2½ per cent. levied on transit trade. * * * *

The opening of both these places will enable foreigners to watch at close quarters the working of the transit pass trade and will facilitate the immense export business of Tientsin as well as develop foreign commercial intercourse with both Inner and Outer Mongolia.

His Majesty's Minister at Peking.

NOTIFICATION I.

No. 1568.Medl.—The 30th May 1914.—In exercise of the power conferred by clause (a) of sub-section (2) of section 33 of the Bengal Medical Act, 1914 (Ben. Act VI of 1914), the Governor in Council is pleased to direct that the first elections of members to the Bengal Council of Medical Registration under clauses (c) to (f) of section 4 of the said Act shall be held in accordance with the following rules :—

Definitions.

1. In these rules—

“Section” means a section of the Bengal Medical Act, 1914; and

“Returning Officer” means—

(i) for the purpose of elections under clause (c) of section 4, the Registrar of the University of Calcutta, and includes any officer of the University deputed for the time being by the Registrar to perform his duties under these rules; and

(ii) for the purposes of elections under clause (d), clause (e) and clause (f) of section 4, the Secretary to Government in the Medical Department, and includes any officer deputed for the time being by the said Secretary to perform his duties under these rules.

Preparation and publication of the election-roll.

2. (1) The Returning Officer referred to in clause (ii) of rule 1 shall prepare a preliminary list of persons appearing to be qualified to vote, under the proviso to section 6, at the first elections to the Council under clause (d), clause (e) and clause (f) of section 4, and shall divide the said list into the two following parts, namely :—

Part I.—Medical Practitioners practising in Calcutta.

Part II.—Medical Practitioners practising outside Calcutta.

(2) The said Returning Officer shall, by notification in the *Calcutta Gazette* and in such other manner as the Local Government may direct, publish the said list together with a notice specifying a date before which any objections to, or applications for inclusion in, the list will be received by him.

(3) On or after the said date, the said Returning Officer shall consider all such objections and applications (if any) in respect of the said list and prepare therefrom a final election-roll containing the name and address of each elector and consisting of two parts as referred to in sub-rule (1).

(4) The said Returning Officer shall, by notification in the *Calcutta Gazette* and in such other manner as the Local Government may direct, publish the said election-roll which shall, on such publication, be deemed to be final and conclusive.

(5) Printed copies of the preliminary list published under sub-rule (2), and of the final election-roll published under sub-rule (4), may be obtained from the said Returning Officer by any person applying for the same.

Nomination of candidates.

3. (1) Any person whose name is included in the election-roll and who is qualified for election to the Council under section 6 may be nominated as a candidate for election under clause (d), clause (e) or clause (f) of section 4, and any person so qualified who is also a member of the Faculty of Medicine may be so nominated for election under clause (c) of the same section.

(2) Such nomination shall be made by means of a nomination paper in Form I annexed to these rules, which shall be supplied by the Returning Officer concerned to any elector who may apply for the same.

(3) Each nomination paper shall be subscribed by two electors as proposer and seconder:

Provided that no elector shall subscribe more than—

- (a) one nomination paper in the case of an election under clause (c) or clause (d) of section 4, or
- (b) three nomination papers in the case of an election under clause (e) of section 4, or
- (c) two nomination papers in the case of an election under clause (f) of section 4:

Provided also that if more nomination papers than are allowed by this rule be subscribed by the same elector, the prescribed number of such nomination papers first received by the Returning Officer shall, if otherwise in order, be held to be valid, and if the Returning Officer is unable to determine which of such nomination papers was first received by him, all of such nomination papers shall be held to be invalid.

(4) On receipt of each nomination paper the Returning Officer shall forthwith endorse thereon the date and hour of receipt.

4. Nomination papers which are not received by the Returning Officer before the date appointed under these rules for the scrutiny of such papers shall be rejected.

5. (1) Any duly nominated candidate may withdraw his candidature by sending to the Returning Officer a written and signed withdrawal not less than fourteen clear days before the date appointed under these rules for the recording of votes, and it shall not be permissible to him subsequently to cancel such withdrawal.

(2) On receiving notice of such withdrawal, the Returning Officer shall publish the fact of the withdrawal in such manner as the Local Government may direct.

Scrutiny of nomination papers.

6. (1) On the date and at the time and place appointed by the Local Government for the scrutiny of nomination papers, every candidate and his proposer and seconder may attend and the Returning Officer shall allow them to examine the nomination papers of all candidates which have been received by him as aforesaid.

(2) The Returning Officer shall examine the nomination papers and may, either of his own motion or on objection made, decide all questions which may arise as to the validity of any nomination, and his decision on this question shall, subject to the provisions of rules 15 and 16, be final.

Voting.

7. (1) If, in the case of an election under any clause of section 4, the number of duly nominated candidates who stand for election does not exceed the number of members to be elected under that clause, the Returning Officer shall forthwith declare such candidate or candidates to be elected.

(2) If the number of such candidates exceeds the number of members to be so elected the Returning Officer shall—

(a) cause the names and addresses of the candidates to be entered in voting papers in Form II annexed to these rules, and

(b) thereupon submit the said names and addresses to the Local Government, who shall publish the same in such manner as they may think fit.

(3) On or before such date as may be appointed by the Local Government in this behalf, the Returning Officer shall send by registered post to each elector one such voting paper signed by the Returning Officer:

Provided that—

(a) such a voting paper shall also be supplied to any elector on his applying to the Returning Officer for the same at any time before the date appointed under these rules for the counting of votes, and

(b) no election shall be invalidated by reason of the non-receipt by an elector of his voting paper.

8. Before the date appointed by the Local Government in this behalf, every elector desirous of recording his vote shall send his voting paper by registered post to the Returning Officer after recording his vote thereon in the manner prescribed therein:

Provided that voting papers which are not received by the Returning Officer before the date appointed under these rules for the counting of votes shall be rejected.

Counting of votes and declaration and publication of result of election.

9. (1) On receiving the voting papers, the Returning Officer shall endorse thereon the date and hour of receipt and examine them to see whether they have been correctly filled up; and shall divide the said voting papers into two sets corresponding to the two parts of the election-roll prescribed by rule 2, sub-rule (3).

(2) The Returning Officer shall endorse "rejected" on any voting paper which he may reject under the proviso to rule 8 or on the ground that it does not comply with the instructions on the voting paper.

(3) After satisfying himself that each elector has affixed his signature and place of residence to the counterfoil of his voting paper, the Returning Officer shall tear off the said counterfoil and place it in safe custody pending disposal under rule 12.

10. (1) The Returning Officer shall attend for the purpose of counting the votes on such date and at such time and place as may be appointed by the Local Government in this behalf.

(2) Every candidate may be present in person or may send a representative, duly authorised by him in writing, to watch the process of counting.

(3) The Returning Officer shall show the voting papers, but not the counterfoils, to the candidates or their representatives.

(4) If any objection is made to any voting paper on the ground that it is invalid under these rules, or to the rejection by the Returning Officer of a voting paper, such objection shall be decided at once by the Returning Officer, whose decision shall, subject to the provisions of rules 15 and 16, be final.

11. (1) When the counting of the votes has been completed, the Returning Officer shall, subject to the provisions of section 4, forthwith declare the candidate or candidates, as the case may be, to whom the largest number of votes have been given to be elected.

(2) When an equality of votes is found to exist between any candidates and the addition of a vote will entitle any of the said candidates to be declared elected, the determination of the person to whom such one additional vote shall be deemed to have been given shall be made by lot to be drawn in the presence of the Returning Officer and in such manner as he may determine.

12. Upon the completion of the counting and after the result has been declared by him, the Returning Officer shall seal up the voting papers and all other documents relating to the election and shall retain the same for a period of six months, and thereafter cause them to be destroyed.

13. The Returning Officer shall publish the names of the elected candidates in the *Calcutta Gazette*.

Appointment of dates, times and places by Local Government.

14. The Local Government shall appoint and shall notify in the *Calcutta Gazette* and in such other manner as they may think fit such date, and, if necessary, such time and place as may be deemed suitable for each of the following proceedings, namely :—

- (a) the scrutiny of nomination papers under rule 6 ;
- (b) the sending of voting papers under rule 7 ;
- (c) the last day for receiving voting papers under rule 8 ; and
- (d) the day for the counting of the votes under rule 10.

Finality of decisions of the Local Government.

15. The Local Government may, of their own motion or on objection made, declare any election to the Council to be void on account of corrupt practice or any other sufficient cause, and may call on the electorate to make a fresh election within a specified date ; and any decision of the Local Government under this rule shall be final.

16. The decision of the Local Government on any question that may arise as to intention, construction or application of these rules shall be final.

No. 5034P., dated 2nd June 1914.—The following draft rules, which it is proposed to make under section 11 of the Indian Motor Vehicles Act, 1914 (VIII of 1914), are published for the information of persons likely to be affected thereby. The draft rules will be taken into consideration on or after the 30th June 1914, and any objections or suggestions which may be received by the undersigned by that date will be considered by the Governor in Council.

Draft Rules.—In exercise of the powers conferred by section 11 of the Indian Motor Vehicles Act, 1914 (VIII of 1914), the Governor in Council is pleased to make the following rules regulating the use of motor vehicles in Calcutta (including suburbs) and Howrah:—

RULES REGARDING MOTOR VEHICLES IN CALCUTTA (INCLUDING SUBURBS) AND HOWRAH.

PART I.—Preliminary.

1. In these rules—

Definitions

- (1) “motor-car” includes all self-propelled vehicles other than motor-cycles, road rollers and vehicles which run on rails;
- (2) “heavy motor-car” means a motor-car exceeding two tons in weight when unladen;
- (3) “light motor-car” means a motor-car not exceeding two tons in weight when unladen;
- (4) “motor-cycle” means a self-propelled vehicle running on not more than three wheels, and weighing not more than three hundredweights;
- (5) “trailer” means a vehicle drawn by a heavy motor-car;
- (6) “axle-weight” means the aggregate weight transmitted to the surface of the road or other base whereon a heavy motor-car or trailer moves or rests by the several wheels attached to that axle when the car or trailer is laden;
- (7) “registered axle-weight” means the axle-weight of the axle of a heavy motor-car as registered by the Commissioner in pursuance of the rules contained in Part III of these rules;
- (8) the expression “weight,” when used in relation to a heavy motor-car or a trailer, means—
 - (a) when the car or trailer is unladen; the weight of the vehicle, including all parts, equipments, stores, fuel, water and accumulators which are necessary for, or are ordinarily used with, the car or trailer when working: provided that, where alternative parts or bodies are used, the heaviest shall be taken for the purpose of calculating the weight; and
 - (b) when the car or trailer is laden, its weight when unladen, *plus* its full lawful load, including the weight of the driver;
- (9) the expression “width,” when used in relation to the tyre of a wheel of a heavy motor-car, means the distance measured horizontally and in a straight line across the circumference of the wheel and between the two points in the outer surface of tyre which are farthest apart;
- (10) the expression “diameter,” when used in relation to a wheel of a heavy motor-car, means the diameter measured between the two opposite points in the outer surface of the tyre which are furthest apart; and
- (11) “Commissioners” mean the Commissioner of Police for Calcutta.

PART II.—All motor-cars and motor-cycles.

1. (1) A motor-car and motor-cycle shall not be used, unless it is registered by the Commissioner under these rules in a register kept in a form prescribed by him:

Registration

Provided that every motor-car and motor-cycle which was registered under rules formerly in force under the Bengal Motor-car and Cycle Act, 1903, and is in use at the commencement of these rules, shall be deemed to have been registered under these rules.

(2) Every application for such registration under clause (1) of this rule shall be in such form and shall contain such particulars as the Commissioner may from time to time prescribe.

(3) The fee for registration shall be Rs. 32 for a heavy motor-car, Rs. 16 for a light motor-car and Rs. 4 for a motor-cycle :

Provided that the Commissioner may remit the whole or any part of the fee in the case of any motor-car or motor-cycle that has been registered within the preceding 12 months elsewhere in British India under any law or regulation in force.

2. The Commissioner shall not register any motor-car or motor-cycle, Compliance with rules a condition precedent to registration unless he is satisfied that the requirements of these rules in respect thereof have been duly met.

3. No person shall drive or have charge of, or cause or permit to be used, any motor-car, motor-cycle or trailer Continuous compliance with rules which does not in all respects conform to these rules, or which is so driven or used as to contravene any of these rules :

Provided that, during a period of one month after the commencement of these rules, any failure to comply with the rules, so far as they relate to the construction or use of heavy motor-cars or trailers, shall not be deemed to be a breach or contravention of the rules, if the failure occurs solely in relation to a car registered before, or to a trailer which is in use at, the commencement of these rules.

4. If the Commissioner, at any time after a motor-car or motor-cycle has been registered, Temporary cancellation of registration has reason to believe that it has ceased in any respect to conform to these rules, or that it is not maintained in such a condition as to prevent danger to the public, he may, after notice to the owner, direct that the registration be cancelled until the defects are remedied to his satisfaction.

5. Whenever the registered owner of a motor-car or motor-cycle Report of change of address by registered owner. changes his address, he must report the new address to the Commissioner.

6. Every transfer of ownership and every transfer of possession, whether temporary or otherwise, of a motor-car and motor-cycle registered under these rules must forthwith be reported to the Commissioner by the registered owner and by the transferee.

7. (1) The Commissioner shall assign a distinguishing number to every motor-car and motor-cycle registered under these rules, and shall record the name and address of the owner : Marking and lettering

Provided that a general number may, on payment of an annual fee not exceeding Rs. 32, be assigned to all or any motor-cars or motor-cycles for the time being in the possession of any manufacturer thereof or dealer therein, to be used on any such car or cycle when on trial after completion, or when on trial by an intending purchaser, or when being used, by a person licensed under rule 15, for the purpose of instructing any other person in the use of the car or cycle, or when on hire.

(2) When a general number has been assigned to a motor-car or motor-cycle under the proviso to clause (1) of this rule, the manufacturer or dealer aforesaid shall also distinctively mark such car or cycle by a letter or letters.

(3) Every such manufacturer or dealer shall maintain a register containing the following particulars with respect to every motor-car or motor-cycle so numbered and marked which leaves his premises, namely—

- (a) the date and time when the car or cycle goes out;
- (b) the name of person in charge thereof;
- (c) the purpose for which the car or cycle is sent out;
- (d) the date and time of the return of the car or cycle to the premises; and
- (e) the distinguishing number and letter or letters affixed to the car or cycle.

(4) The same register shall be open at all reasonable times to the inspection of the Commissioner or any person duly authorized by him in writing in this behalf.

8. (1) A motor-car or motor-cycle shall not be used, unless the number assigned to it under clause (2) of rule 7, and of the letter or letters (if any) required by clause (1) of that rule be attached to it in a conspicuous place and to the satisfaction of the Commissioner in large white figures on a black ground legible at a reasonable distance on the front and back of the car or cycle and on the back of any vehicle drawn by the car or cycle.

Numbers and letters how to be attached, illuminated and maintained
 (2) The said numbers and letters must be in the case of a motor-car at least $3\frac{1}{2}$ inches high and in the case of a motor-cycle at least $1\frac{1}{2}$ inches high, and must be at least $\frac{3}{4}$ ths of an inch broad in every part.

(3) The space taken up by each figure contained in such number (except the figure 1) and by each such letter must be at least $2\frac{1}{2}$ inches, and in the space between adjoining figures must be at least half-an-inch.

(4) The said numbers and letters must have a margin of half-an-inch both above and below them, and a margin of one inch on either side.

(5) On a motor-cycle the front number and letter or letters may be shown on each side of a plate projecting forward.

(6) During the time when lamps are required by rule 13 to be kept lit, the number and letter or letters at the back of a motor-car, or of any vehicle drawn behind a motor-car or motor-cycle, or the number in front of a motor-cycle, shall be illuminated in the manner to be approved by the Commissioner so as to be legible at a reasonable distance.

(7) The number-plates for day use and those for night use need not be the same.

(8) The numbers and letters referred to in the foregoing clauses of this rule shall not be in any way obscured or rendered or allowed to become not easily distinguishable.

9. A motor-car or motor-cycle shall not be used, unless it is—

(a) so constructed as to admit of its being at all times under full control so as to prevent undue interference with passenger or other traffic, and

(b) maintained in such a condition as to prevent danger to the public or to any person riding on the car or cycle.

10. The width of a motor-car or trailer, when measured between its extreme projecting points, shall not exceed seven feet six inches

Width of a motor-car or trailer

11. Every motor-car and trailer must be constructed with suitable and sufficient springs between each axle and the frame.

Springs of a motor-car or trailer

12. A motor-car or motor-cycle shall not be used, unless it is provided with two independent brakes or other means of stoppage, approved by the Commissioner, in good working order, and of such efficiency that the application of either will be capable of forthwith stopping the car or cycle :

Brakes.

Provided that one brake shall suffice for a heavy motor-car propelled by steam.

13. (1) To every motor-car, and to every vehicle drawn behind or attached to a motor-cycle, when in use at night, shall be affixed—

Lights.

(a) two lamps, one on either side, each exhibiting a white light visible within a reasonable distance forward, and

(b) a red light visible within a reasonable distance in the reverse direction.

(2) The said red light may be shown either by the said lamps or by a separate lamp attached to the back of the car or vehicle.

(3) No head-lights, other than head-lights lit by oil or candle, shall be attached to, or carried on, any motor-car, unless such head-lights are hooded or screened to the satisfaction of the Commissioner.

(4) Every motor-cycle, when in use at night, shall carry a lamp in front exhibiting a white light forward, visible within a reasonable distance.

(5) The said lamps shall be kept lit and free from all obstructions so long as the car or cycle is in use during the period between half-an-hour after sunset and half-an-hour before sunrise.

14. Every motor-car and motor-cycle shall carry a bell or other instrument capable of giving audible and sufficient warning of the approach or position of the car or cycle, and the driver shall sound such instrument whenever it may be necessary to do so.

15. (1) No person shall drive a motor-car or motor-cycle unless he holds a sub-sisting license, granted by the Commissioner, authorizing him to drive a motor-car or motor-cycle, as the case may be; and no person shall employ anyone to drive a motor-car or motor-cycle who does not hold such a license.

(2) The Commissioner of Police may, if he considers it necessary, grant a provisional license and direct that a second examination should be held after a period of time to be stated in the license.

(3) Every such license, not being a provisional license described in clause (2), shall remain in force for such period, not being less than twelve months, as the Commissioner may direct.

(4) In any case, should a licensed driver not renew his license within one month of the expiration of its term, he shall be called upon to pass a second test for driving and a fee of Rs. 2 shall be charged for such re-examination.

(5) There shall be payable for every license a fee of Rs. 10 in respect of a motor-car and Rs. 2 in respect of a motor-cycle. A fee of Rs. 2 shall be paid for each renewal of license, and the duplicates of licenses shall be charged for at the rate of annas eight per copy:

Provided that the Commissioner may remit such fee in the case of any person holding a subsisting license granted elsewhere in British India under and law or regulation in force.

(6) Any such license may be cancelled by the Local Government, or suspended for such period as they may deem necessary, if the holder is convicted of—

- (i) any offence punishable under the Indian Motor Vehicle Act, 1914, or any other Act relating to the use of a motor-car or motor-cycle; or
- (ii) any offence punishable under any other Act, involving—

- (a) danger to human life, or
- (b) hurt or injury to any person or animal, or
- (c) damage to any goods carried in any vehicle or by any person, or
- (d) obstruction to traffic in any street or public place:

provided that such offence is committed whilst the offender is driving a motor-car or riding a motor-cycle, or is in charge thereof.

(7) There shall be separate licenses for professional drivers bearing the photographs of these *drivers*, and details other than those required for private drivers.

16. (1) A motor-cycle or a light motor-car shall not be driven at a greater speed than 15 miles an hour.

(2) A heavy motor-car having all its wheels fitted with pneumatic tyres, or with tyres made of a soft or elastic material, shall not be driven at a greater speed than:—

- (a) twelve miles an hour—if the registered axle-weight of any axle does not exceed six tons; or
- (b) six miles an hour—if the registered axle-weight of any axle exceeds six tons:

Provided that in the case of motor omnibuses or other heavy motor vehicles with resilient tyres carrying passengers the maximum speed limit shall be 12 miles an hour.

(3) A heavy motor-car having non-resilient tyres shall not be driven at a greater speed than 5 miles an hour:

Provided that—

- (a) if the weight of the car when unladen exceeds three tons, or
- (b) if the registered axle-weight of any axle exceeds six tons, or
- (c) if the car draws a trailer,

the speed shall not exceed $3\frac{1}{2}$ miles an hour.

(4) Every light or heavy motor-car, which is the property of the Calcutta Fire Brigade, or of any other Fire Brigade especially exempted by the Local Government in this behalf, shall be exempted from the speed limits imposed under this rule in respect of such vehicles, when employed for the ordinary purposes of the Fire Brigade.

17. No person shall cause or permit the emission of smoke or visible vapour from a motor-car in such quantity as to cause annoyance or danger to the public.

Emission of smoke or vapour from motor-car

18. The driver of a motor-car or motor-cycle shall keep on the left side of the road. Provided as follows:—

Rule of the road

(a) he shall keep to the right of any vehicle or horse proceeding in the same direction which he desires to pass; and

(b) he may pass any tram-car or other vehicle running on fixed rails on whichever side thereof he may consider necessary or expedient, having due regard to the circumstances of the case and to the safety and convenience of other users of the road.

19. A motor-car or motor-cycle shall not be driven recklessly or negligently, or at any speed or in any manner which is likely to endanger human life or to cause hurt or injury to any person, or animal or damage to any goods carried in any vehicle or by any person, or which would be otherwise than reasonable and proper having regard to all the circumstances of the case, including the nature, condition and use of the street or public place and the amount of traffic which is actually on it at the time or which may reasonably be expected to be on it.

Prohibition of reckless, negligent or improper driving

20. A motor-car or motor-cycle shall not be driven on any foot-way or in any street or public place where the use of motor-cars or motor-cycles is prohibited by the Commissioner or (in Howrah) by the District Magistrate on the ground of danger to the public:

Prohibition of driving on foot-ways or in prohibited places

21. The driver of a motor-car shall not cause the car to travel backwards for a greater distance of time than may be consistent with the public safety.

Motor-car travelling back wards

22. (1) The person in charge of a motor-car or motor-cycle shall cause the car or cycle to stop and to remain stationary so long as may reasonably be necessary—

Stopping upon request or when accident occurs

(a) when requested to do so by any Police officer in uniform, for the purpose of regulating traffic or of ascertaining the name and address of such person, or for any other reasonable purpose, or

(b) when requested to do so by any persons having charge of a restive horse, or

(c) when the presence of the car or cycle causes an accident to any person or to any animal or vehicle in charge of any person.

(2) The request referred to in clauses (a) and (b) of this rule may be made by such Police officer or person putting up his hand as a signal to stop, or at night in such manner as the Commissioner may direct.

(3) The person in charge of a motor-car or motor-cycle, on the request of any Police officer in uniform, or, on the occurrence of an accident such as is referred to in clause (c) of this rule, on the reasonable request of any other person, shall—

(a) truly state his name and address, and the name and place of abode, business of the owner of the car or cycle, and

(b) assist by all available means any person injured by any such accident to proceed to hospital when necessary.

23. The person in charge of a motor-car or motor-cycle shall not allow it to stand in any street or public place so as to cause undue obstruction thereof.

Standing in street or public place

24. A motor-car or motor-cycle shall not be allowed to stand in any street or public place unattended by a person holding a subsisting license granted under rule 15, unless the mechanism has been stopped.

Leaving car or cycle unattended in street or public place.

25. The person in charge of a motor-car or motor-cycle shall obey all directions of Police officers in uniform posted or stationed at crossings or other places for the regulation of traffic

26. The driver shall drive from the right hand side of the vehicle.

27. In the case of professional drivers change of address shall be notified to the office of the Commissioner of Police.

Part III.—Heavy motor-cars.

(1) For the purpose of the registration of heavy motor-cars—
Additional rules as to registration of heavy motor-cars

- (a) the register of motor-cars prescribed by rule 1, clause (1), shall contain a separate part, which shall be in the form marked A set out in the first schedule to these rules, or in a form to the like effect; and
- (b) the application referred to in rule 1, clause (2), must contain a declaration by the application of—
 - (i) the weight of the car when unladen,
 - (ii) the axle weight of each axle,
 - (iii) the diameter of each wheel, and
 - (iv) the width and material of the tyre of each wheel.

(2) The declaration referred to in clause (b) of this rule must be made in the form marked B in the first schedule to these rules.

(3) Before a heavy motor-car is registered, the weight of the car when unladen, and if the Commissioner so directs the axle-weight of each axle of the car, shall be ascertained by or in the presence of an officer appointed in this behalf by the Commissioner.

(4) The said officer shall certify the weights or weight so ascertained, and shall make any necessary correction in the statement of weights declared by the owner; and shall also satisfy himself that the tyres of wheels of the car, if the tyres are not pneumatic or are not made of a soft or elastic material, are of the dimensions required by rule 31.

(5) The owner of the car shall, for the purposes of clauses (3) and (4) of this rule, cause the car to be driven or brought to any such place as the Commissioner may appoint.

(6) Upon the registration of a heavy motor-car—

- (a) the weight of the car when unladen, as certified under clause (3) of this rule,
- (b) the axle-weight of each axle, as so certified, or (if not so certified) as declared by the owner of the car,
- (c) the diameter of each wheel,
- (d) the width and material of the tyre of each wheel, and
- (e) the highest rate of speed at which, in conformity with rule 16, part II the car may be driven without a trailer,

shall be entered in the register of motor-cars.

(7) The registration of a heavy motor-car shall continue in force for a period of not more than twelve months from the date thereof; and on the expiration of that period the car must be re-registered before it is again used on the street, half the usual registration fee being payable on such re-registration. Such re-registration shall continue in force for a period of not more than twelve months from the date thereof; but further re-registration may be effected annually on payment of the said half fee.

2. (1) Upon receiving from the Commissioner a copy of the entries made in the register relating to a heavy motor-car, the owner of the car shall cause to be painted or otherwise plainly marked in a conspicuous place—

(a) on the right or off-side of the car—

- (i) the registered weight of the car when unladen, and
- (ii) the registered axle-weight of each axle, and

(b) on the left or near side of the car—

- (i) the highest rate of speed at which in conformity with rule 16, part II the car may be driven without a trailer, and
- (ii) the owner's name and address.

(2) The said marking shall be made in letters and figures not less than one inch in height, and of such shape and colour as to be clearly legible and clearly distinguishable from the colour of the ground whereon the said marking is made.

(3) The owner of the car shall cause the said marking to be from time to time repaired or renewed as often as may be necessary to keep the letters and figures clearly legible and clearly distinguishable.

3. (1) Notwithstanding anything contained in the proviso to clause (1) of rule 2, the owner of every heavy motor-car which was registered under rules formerly in force under the Bengal Motor-car and Cycle Act, 1903, and is in use at the commencement of these rules, must within one month after such commencement either:—

Fresh registration of, or grant of, certificate for, heavy motor-car, which were registered under former rules.

(a) apply to the Commissioner for the registration of the car under these rules, or

(b) cause the car to be taken to the Commissioner, or to an officer appointed by him in this behalf, for the purpose of obtaining a certificate showing that the provisions of rules 1 and 2 have been sufficiently complied with in respect of the car.

(2) If the Commissioner or the said officer is satisfied that the provisions of rules 1 and 2 have been sufficiently complied with in respect of the car, he may grant a certificate to that effect, and thereupon the car shall be deemed to have been registered under these rules and the Commissioner shall cause to be made in the register of motor-cars such entries in respect of the car as are required by clause (6) of the said rule 1.

(3) Notwithstanding anything contained in the proviso to clause (1) of rule 2, if the owner of any heavy motor car which was registered under rules formerly in force under the Bengal Motor-car and Cycle Act, 1903, does not within one month after the commencement of these rules obtain a certificate as aforesaid in respect of the car, the car shall not be used until it has been registered under these rules, except for the purpose of being taken to be registered; and the previous registration of the car shall be cancelled.

4. (1) The axle-weight of a heavy motor-car shall not exceed the registered axle-weight.

(2) The registered axle-weight of an axle of a heavy motor-car shall not exceed eight tons, and the sum of the registered axle-weights of all the axles of a heavy motor-car shall not exceed twelve tons.

5. (1) (a) In all cases the driving wheels of heavy motor vehicles shall be fitted with twin resilient tyres.

(b) The non-driving wheels, if fitted with resilient tyres, shall, if the axle load is or exceeds four tons, be fitted with twin tyres.

(c) The non-driving wheels, if fitted with non-resilient tyres, must be smooth and without any projection, and shall not be constructed of separate plates separated by any spaces whatsoever.

(2) The width of the non-resilient tyre of each wheel of a heavy motor-car shall be not less than six inches and the tyres of the wheels on the same axle shall be of equal width.

(3) The permissible axle-load shall not exceed five hundred weights for each inch in width of the combined width of the two tyres of the axle in question.

6. The diameter of the wheels of heavy motor-car, if they are fitted with a tyre which is not pneumatic or is not made of a soft or elastic material, must be not less than two feet six inches.

Diameter of wheel of heavy motor-car.

7. (1) When any authority who is liable for the repair of a bridge affixes or sets up in suitable and conspicuous positions, on the bridge and in each approach to the bridge notices stating that the bridge is insufficient to carry a heavy motor-car the registered axle-weight of any axle of which exceeds such weight as may be specified in such notices, the owner of any such car shall not cause or suffer the car to be driven, and the person driving or in charge of any such car shall not drive the car upon the bridge, except with the written consent of, she said authority.

Use of heavy motor-car upon bridges.

(2) The owner of any heavy motor-car, the axle-weight of any axle of which exceeds six tons, shall not cause or suffer the car to be driven, and the person driving or in charge of any such car shall not drive the car upon any bridge at any time when another heavy motor-car is on the bridge.

8. (1) A heavy motor-car which is used either as a stage carriage or otherwise for the conveyance of passengers for gain or hire shall not draw a trailer.

Restriction on use of trailers.

(2) Not more than one trailer shall be drawn by any motor-car :

Provided that the Commissioner may, by order, for special reasons to be recorded by him, permit more than one trailer to be drawn by any such car upon such conditions (if any) as may be specified in such order.

(3) The Commissioner of Police may, by notification or otherwise, prohibit the use of certain public places—

(i) by heavy motor-cars on the grounds of—

(a) public safety or convenience : and

(b) the suitability or otherwise of such roads to heavy motor-car traffic ; as well as

(ii) by heavy motor-vehicles with resilient tyres plying for passenger traffic.

9. The owner of every trailer shall cause to be printed or otherwise plainly marked on a conspicuous part of the right or off side of the trailer, in letters and figures not less than one inch in height, and of such shape and colour as to be clearly legible and clearly distinguishable from the colour of the ground whereon the said marking is made,—

Marking of trailer.

(a) the weight of the trailer when unladen, and

(b) the axle-weight of each axle of the trailer, if the weight of the trailer when unladen exceeds one ton ;

and shall cause the said marking to be from time to time repaired or renewed, as often as may be necessary to keep the said letters and figures clearly legible and clearly distinguishable.

Axle-weight of trailers

10. The axle-weight of an axle of a trailer shall not exceed four tons.

11. (1) Whenever the Commissioner, or any officer duly authorized by him in this behalf, has reasonable ground for suspecting that the axle-weight for the time being of any axle of any heavy motor-car or trailer drawn thereby exceeds the registered or marked axle-weight of that axle, he may—

Power of Commissioner or his office to ascertain axle-weight of heavy motor-car or trailer at any time

(a) require the person driving or in charge of the car to drive the car, or cause it to be driven, with or without the trailer, to a weighing machine, and

(b) cause the axle-weight for the time being of any such axle to be ascertained.

(2) The person driving or in charge of such car shall comply with any such requirement, and shall to the best of his ability afford all such facilities as may reasonably be necessary for the purpose of ascertaining the axle-weight as aforesaid.

12. To every trailer exceeding one ton in weight, when unladen, the wheels of which are fitted with tryes which are not pneumatic and are not made of soft or elastic material, clauses (1) (c), (2) and (3) of rule 5 shall apply, with the substitution—

Width of tyres of trailers.

(a) of three inches for six inches as the minimum width of the tyres, and

(b) of references to the axle-weights marked upon the trailer in pursuance of rule 9 for the references to registered axle-weights.

13. Rule 6 shall apply to every trailer exceeding one ton in weight when unladen, the wheels of which are fitted with tyres which are not pneumatic and are not made of a soft or elastic material.

Diameter of wheels of heavy trailers.

PART IV.—Motor-cabs.

1. For the purpose of these rules a motor-cab means a light motor-car as defined in Part I used for the purpose of standing or plying for hire in any street or public place.

2. All taxi-cabs plying for hire on the streets shall be registered annually and hold a subsisting certificate

3. On the registration of a motor-car as a motor-cab, a certificate of registration shall be granted by the Commissioner of Police in the form given in Schedule II to these rules.

4. Notwithstanding anything to the contrary in sub-clause (3) of rule 1 in Part II of these rules the fee payable for the first registration of a motor-car intended for use as a motor-cab shall be Rs. 16 and that for every re-registration of such a car shall be Rs. 8.

5. A license to drive a motor-cab shall be in the form given in Schedule III to these rules, and the rules therein contained shall be read as a part of these rules.

6. An applicant for a driver's license under these rules shall, before receiving such license, satisfy the Commissioner of Police that he is acquainted with the principal places and streets in and around Calcutta and Howrah, that he has a thorough knowledge of the prescribed rates for hire, and that he is in all respects a fit person to be the driver of a motor-cab.

7. The license of a driver may be cancelled or suspended or otherwise dealt with by the Local Government for any breach of these rules.

8. No motor-car shall be used as a motor-cab, unless fitted with a taxi-meter or approved mechanical device for automatically and visibly registering on each occasion the fare to be charged according to the rates for distance or time or a combination of distance and time. Every taxi-meter when in use shall be locked and sealed, so that it may not be tampered with.

Every taxi-meter shall be fitted with an indicator or handle in the form of a flag on which shall be printed the words "for hire." The taxi-meter shall be so constructed that when the indicator is vertical the taxi-meter shall be out of action. Such indicator shall be so placed as to be clearly visible to any person outside of and in front of the vehicle, and to the hirer when inside.

The vertical position indicates that the vehicle is available for hire, and no driver shall without reasonable excuse refuse to accept a fare when the indicator is in the vertical position.

Any owner, driver, attendant or other person who shall break or tamper in any way with the seal placed on the taxi-meter, or who shall, with intent to deceive, tamper with the taxi-meter or the driving mechanism thereof, shall be deemed to have committed a breach of this rule.

8a. Every taxi-meter referred to in rule 8 shall, after it is affixed to a motor-cab, whether for the first time or after repair or other readjustment, be submitted to the Commissioner of Police, or to such officer as he may empower in this behalf for the purpose of being examined as to correctness of fittings, and being given a practical road-test over a measured distance of one mile and a time-test of not less than half-an-hour. If found to be correct, the taxi-meter and its fittings shall then be sealed to the motor-cab in such a manner that it cannot be removed or tampered with without the seals being broken or removed.

8b. Every taxi-meter shall, at the end of each period of six months (the first of such periods commencing from the date of the test referred to in the last preceding rule), be submitted to similar test:

Provided that every taxi-meter shall, at any time, if so required by the Commissioner of Police, be submitted to him or to such officer as he may empower in this behalf, for the purpose of undergoing such test or any portion thereof.

8c. The owner of every motor-cab shall cause to be kept in the cab, for the inspection of the Public, a register in which the testing officer referred to in rule (8a) shall, after each of the tests contemplated in the preceding rules, enter the date and result of such test.

8d. Every motor-cab shall be provided with a light so placed as to illuminate the taxi-meter at night.

9. In every motor-cab there shall be available for the inspection of customers a list of rates, and the fare charged for the hire of the motor shall not exceed the maximum fare calculated according to the scale of the rates set forth in the list as may be applicable.

10. The driver of every motor-cab shall, as soon as he is hired and no sooner, set the taxi-meter in motion, and upon the termination of the hiring shall immediately stop the same. If he neglects or fails to do so, he shall be deemed to have committed a breach of this rule. But if a motor-cab is called from a garage or a stand to take up a passenger at any place less than 500 yards from the garage or stand, the taxi-meter shall not be set in motion until the motor-cab shall arrive at such place and be ready to take up the passenger :

Provided that in the event of a motor-cab whilst hired being unable to proceed from any mechanical derangement or tyre failure, either temporarily or otherwise, the driver shall at once stop the mechanism of the taxi-meter as against the hirer, and shall not re-start the same until such time as the defect is remedied.

11. A driver of a motor-cab shall, in the absence of reasonable cause to the contrary, proceed to the destination named by the hirer and by the shortest and quickest route.

12. The brakes shall, as far as possible, be so affixed as to be capable of easy adjustment. At least one brake shall be so made as to be applied by the foot of the driver, and at least one shall act directly upon the road wheels.

13. All brake and steering connections secured with bolts shall have such bolts secured with nuts, the same to be locked or pinned.

13a. Every motor-cab shall be capable of being readily steered, and able to turn on each lock and to proceed in a contrary direction within a roadway not more than 30 feet wide from kerb to kerb :

Provided that the Commissioner of Police may, in his discretion, grant a certificate of registration as a motor-cab to a motor-car intended for use as a motor-cab, if such car is capable of turning within a reasonable space over and above the 30 feet above prescribed.

14. Every precaution shall be taken by the owner to see that all parts of the mechanism of the car are periodically inspected and kept in proper working order, and a register shall be kept of such inspections in a convenient form giving the particulars shown in Schedule IV to these rules. This register shall be open at any reasonable time to the inspection of the Commissioner of Police or any person duly authorized by him in that behalf. Any failure to maintain this register or to produce it when called for by lawful authority shall be deemed to be a breach of this rule.

14a. In every motor-cab the machinery shall be so constructed that no undue noise or vibration is caused, and shall be maintained in such condition at all times.

14b. In any motor-cab carburettors must not be placed in close proximity to magnetos or to connection of wires carrying an electric current, unless such magnetos and wire connections are respectively screened off or encased in a suitable manner.

14c. A second tap shall be provided between the tank and the carburettor, and shall be so constructed that it can be shut off or turned from the exterior of the car, and further, that each taxi-cab shall carry some particular form of efficient fire-extinguisher.

15. No oil shall be allowed to drop upon the roadway, and where a tray or undershield is fixed below the mechanism of the car for the purpose of preventing this or for any other purpose, such tray or undershield shall be so placed or constructed that no petrol from the tank, supply pipe or carburettor can collect therein.

16. Tanks for petrol must be so placed that any overflow shall not fall on to nor soak into cushions, upholstery or floor mats in or about the body, and the filling nozzle shall be brought to and permanently fixed to some point outside the body. No petrol shall be poured into the tank whilst the engine is running or whilst any lamp is burning in or on any portion of the car.

16a. Effective means shall be provided in every motor-cab for preventing the heat of the motor or of the exhaust pipe connections from injuriously affecting other parts of the cab or interfering with the comfort of passengers. All wires carrying an electric current must be properly insulated and protected from injury, and so placed that they cannot be a source of danger.

16b. In any motor-cab the outlet from the silencer shall not be so placed as to project the exhaust directly on to the road, or so placed or directed as to alarm horses that may be immediately behind the cab.

17. Every motor-cab shall have at least one driving wheel fitted with an approved means of preventing or limiting side slip, and shall carry at least one spare inflated tyre and rim or other approved device which can, if necessary, be quickly fitted to any wheel.

18. Every motor-cab shall be provided with a means of communication between passenger and driver.

18a. Every motor-cab shall be provided with adequate means for the conveyance of a reasonable quantity of luggage, and with a sufficient number of chains, straps or other means of securing such luggage. No luggage shall be carried on the roof of the cab, unless there has been affixed thereto a guard rail of a type approved by the Commissioner of Police or by such officer as he may empower in this behalf.

19. Where acetylene or other gas is used to light the carriage, the cylinders or vessels which contain the gas or in which it is generated must be fixed outside in such a position as to minimize the danger of accidental ignition.

19a. No celluloid or zylonite fittings shall be placed inside or outside any motor-cab:

Provided that this rule shall not apply to the inside of the accumulators contained in such cab.

20. No printed or written matter other than the sanctioned rates for hire or these rules shall appear on the outside of a motor-cab or be carried by way of advertisement. Small advertisements of a pattern to be approved by the Commissioner of Police may, however, be exhibited within the cab.

20a. The cushions of the seats in every motor-cab shall be covered and stuffed with suitable material to be approved by the Commissioner of Police or by such officer as he may empower in this behalf.

21. The doors, windows, seats, roof, springs, wheels, cushions, linings, panels, etc., and all furniture and appointment of a motor-cab, shall be in proper order and repair the paint and varnish in good condition and the inside perfectly clean. The floor shall be covered with a mat of rubber, coir or other suitable material.

22. The Commissioner of Police may prohibit the use of a motor-cab which is in his opinion unfit to ply for hire until such time as the defects are remedied to his satisfaction.

23. The carrying capacities of all motor cabs shall be fixed by the licensing officer.

24. The driver of a taxi-cab immediately after any hiring shall carefully search for any property accidentally left in it, and take the same within 24 hours, if not sooner claimed by the owner, to the nearest Police station.

25. The drivers at stands shall observe the following rules:—

(1) The drivers of the first two taxi-cabs on the stand must be with their cabs and ready to be hired at once by any person: Provided that a hirer wishing to hire any particular car on the stand may do so.

(2) All taxi-cabs on the stand must move up as vacancies occur.

(3) No taxi-cab engaged for some future time shall remain on the standing unless willing to accept any intermediate hiring that may be offered.

(4) No disabled taxi-cab shall remain on the standing unless such disablement is strictly temporary, and can be and is remedied at once. If the disablement is not of such a nature, a notice (in a form to be approved by the Commissioner) will be at once placed on the cab, to the effect that it cannot be used, and will be removed for repair. Provided that no hired cab shall be suffered to stand across any street or thoroughfare or opposite the entrance of any street or carriage way or upon the place where foot-passengers usually cross the carriage way.

26. No driver shall—

- (a) Be drunk during his employment
- (b) Make use of insulting or abusive language or gesture.
- (c) Stand (elsewhere than at some stand or other place appointed for the purpose) or loiter for the purpose of being hired, in or upon any public street or road or place.
- (d) Refuse to give way (when he reasonably and conveniently may do so) to any other vehicle.
- (e) Wilfully obstruct or hinder the driver of any other taxi-cab in taking up or setting down any person into or from such other taxi-cab.
- (f) Wrongfully prevent, or intend to prevent, the driver of any other taxi-cab from being hired.
- (g) Demand more than the proper fare to which he is legally entitled.
- (h) Before he has been discharged by the hirer, desert from the hiring.
- (i) Ply for hire with any taxi-cab which shall be at the time unfit for public use.
- (j) Shout in order to attract the attention of the public or of a possible hirer, or for any other reason, act in such a way as to cause inconvenience or annoyance to the public.

27. The drivers of motor-cabs shall wear a prescribed uniform.

28. No person shall wilfully deface or injure any taxi-cab.

29a. A single tariff, as follows, shall be charged throughout the day and night within five mile radius. Eight annas a mile for the first mile and two annas for every subsequent quarter of a mile.

In connection with journeys outside the five mile radius, tariff 1 shall be charged when the motor-cab is occupied, and the return journey up to the nearest limit of 5 miles shall be charged at the rate of 4 annas a mile, provided the return journey is made by the motor-car unoccupied.

(b) If the motor-car is licensed for more than two persons, and at any time during the hiring more than two persons are carried together the driver shall be entitled to an extra payment of six annas for every person above two so carried, provided that one child, or there be more than one two children under the age of 10 years shall count as one person.

(c) The driver shall be entitled to a waiting charge at the rate of Rs. 1-14 per hour or two annas for each four minutes, at all times during the day or night.

30. No hirer shall refuse or omit to pay the legal fare for the hire of a taxi-cab; nor shall he refuse to supply his correct name and address to the driver in case of dispute in connection with the legal fare.

PART V.—Motor Omnibuses.

1. For the purpose of these rules a “motor omnibus” or “motor stage carriage” means a self-propelled vehicle, not being a motor cab, plying for hire, having seating accommodation for eight or more passengers.

2. All motor omnibuses plying for hire on a public place shall be registered annually and hold a subscribing license.

3. Notwithstanding anything to the contrary in sub-clause (3) of rule 1 in Part II of these rules, the fee payable for the first registration of a motor-car intended for use as a motor omnibus shall be Rs. 16 and that for every re-registration of such a car shall be Rs. 8.

4. The conductor of a motor omnibus or stage carriage, immediately after the completion of a journey, shall carefully search for any property accidentally left in it, and take the same within 24 hours if not sooner claimed by the owner, to the nearest police station.

5. The conductors and drivers of motor omnibuses or stage carriages shall wear a prescribed uniform and a badge.

6. No passenger shall refuse or omit to pay the legal fare for the journey in a motor omnibus.

7. All carriages must be presented for inspection in a thoroughly good condition, and no carriage will be certified fit for public use unless it is properly painted and varnished; but proprietors may, if they so desire, apply for a preliminary inspection of the chassis.

The following conditions must also be strictly complied with:—

Each new type of motor vehicle intended for licensing must be presented at such place as the Commissioner may appoint for inspection. The proprietor must at the time of inspection produce the certificate from the maker stating that the materials of which all the parts of the vehicle are constructed are good, that the machinery is safe, and that the vehicle is in every way fit for use as a public carriage.

8. If, after inspection, the vehicle is approved, such approval may extend to all vehicles of that description, and others of the same type need not be again presented except as hereinafter provided, but taken to such place as the Commissioner may appoint to be registered and passed, provided a certificate from the maker is submitted with each vehicle presented for licensing purposes, stating that it is in every respect similar to that already approved and respecting which a certificate has been furnished.

It must be clearly understood that, if after the type has been passed, defects develop, which in the opinion of the Commissioner render it unsuitable as a type for public service, the Commissioner reserves the right to withdraw such approval entirely or until the defects have been remedied to his satisfaction.

9. A certificate from the proprietor, stating that there has been no alteration in the design of the machinery since the previous inspection and date covered by the makers' certificate, must be presented with each omnibus submitted for renewal of license. Should any alteration be made, full particulars of such must be stated and the same course may be required as for a first inspection.

10. Should it be deemed necessary, an expert will be employed to advise on the subject. The fee for the expert examination must be deposited by the proprietor with the Commissioner, which fee will be returned should the vehicle be passed without alteration being required.

11. When making application for the carriage to be inspected the proprietor must specify the route or routes upon which he intends the vehicles to ply, and these routes may not be departed from except after due notice has been given to the Commissioner, and sanction received.

NOTE.—Nothing in this regulation shall be taken to prohibit a proprietor changing the route as often as he chooses, provided the carriage has been previously certified to be fit for such route.

12. Omnibus must be so constructed that the following maxima of weight weight are in no case exceeded:—

Unladen	3 tons.
---------	-----	-----	-----	---------

Or if the manufacturers prefer—

Back axle-weight laden	4 tons.
Front axle weight laden	2 „

Total weight laden not to exceed 6 tons when the vehicle is fully loaded and in every respect ready for service; one hundred and forty lbs. to be allowed for each passenger as well as the driver and conductor.

13. Not to exceed 20 feet; but if the platform is to be constructed upon the chassis, length. the frame the total length may be 21 feet.

Clearance.—All the underparts of the vehicle inside the pivots of the front axle and steering arms (which must be placed as near as possible to the road wheels) as far back at least as the rear axle must clear the ground at least 10 inches when the vehicle is fully loaded, sufficient allowance in addition being made to provide for the wear of the tyres, set of the springs, or other causes of lessened height, so that the minimum clearance of 10 inch is at all times maintained.

Must be properly hung, of sufficient strength and flexibility to meet all purposes which may be required of them.

Chassis, spring-

The rear springs must be attached to, or bear upon the back axle or axle-casing as near to the road wheels as possible and the distance between the outsides must not be less than 5 inches; where a cross spring is used, it must be so applied that it shall not cause or increase side ways. The front spring must be as wide apart as possible, and not less than 38 inches, from outside to outside.

Should not exceed 14 feet 6 inches and it should in all cases be so proportioned that skidding or improper movements shall be as far as possible, avoided.

Wheel-base

NOTE—If it is found that a vehicle is apt to skid or be otherwise improperly moved unduly, the Commissioner reserves the right to serve a notice on the proprietor "not to use", and may refuse to license the vehicle again until the defects have been remedied.

For both front and rear wheels should coincide, and measurement from centre to centre taken in line with the axles, must not be less than 5 ft. 6 in. In no case must the front track be less than the rear.

Wheel track.

Must be of sufficient and suitable diameter, but not made so heavy as to throw an undue strain upon the steering gear or other parts.

Road Wheels

The materials of which the tyres are made must be soft and elastic, so as to reduce vibration, etc. Sectional tyres must not be fitted to a vehicle submitted for inspection and

Chassis, tyre

license.

Chassis, length

Must be such that the total length of the complete vehicle in no case exceeds "21 ft."

Chassis, breadth,

The breadth must not be greater than 7 ft. 6 in. at any part.

14. Each vehicle must be fitted with at least two independent brakes each capable of stopping and holding carriage under all conditions. They must also, where necessary, be fitted with an approved form of compensating device.

NOTE—The maintenance of the brakes in perfect order is of the utmost importance, and this will be at all times insisted upon. They will at any time be subject to inspection by the Police.

15. The brakes should, as far as possible, be so fixed as to be capable of easy adjustment, and at least one must be supplied by a pedal. Brakes will not be deemed independent which are operated by pedals, or levers acting through the same connections, upon the same brake blocks, or upon the same brake drums and at least one must act directly upon the road wheel without any connection with the propelling gears.

16. The operation of either brake must be in no case declutched.

17. Stage carriages which are intended to ply upon routes which have bridges, will be subject to a special test, and additional brakes or further fittings may be required.

18. Each vehicle must be capable of being readily steered and able to turn a corner without unduly interfering with other traffic.

19. The steering arms, and other connections thereof, must be of ample strength, and as far as possible protected from damage by collision.

20. The ball and socket joints of steering connections, when such are used, should not be pendulous but the longitudinal or transverse rods must be carried upon the ball.

21. All brake and steering connections secured with bolts or pins must have such bolts threaded and fitted with nuts, which latter must be locked or pinned. The whole of the brake and steering parts must be maintained in perfect order and will be subject to inspection at any time.

22. All parts connected by bolts, or studs and nuts, subject to severe vibration, must be fastened by lock nuts, or by nuts and approved spring or lock nut washers, to prevent their working loose and causing noise, and any carriage with lamp brackets or other fittings loose, and likely to cause unnecessary noise, will be regarded as unfit for public service.

23. The machinery must be so constructed that no undue noise or vibration arises from its use.

The maintenance of the carriage in a satisfactory condition in this respect will be strictly enforced.

24. Every vehicle must be submitted at a time and place appointed, to be specially tested, in respect of noise and vibrations.

25. All omnibuses must be so geared that their highest speed shall not be in excess of the maximum laid down, *viz.* 12 miles an hour.

26. When a vehicle is submitted for inspection the gear ratios must be supplied and this ratio must both be altered without the authority of the Commissioner. The revolution of the engine when running at the speed which will give 12 miles an hour with the stated highest speed gear must also be supplied.

27. The lubrication of the engine and the carburation of the working mixture must be so controlled that smoke shall not be emitted with the exhaust, or from any other part.

Proprietors of vehicles not properly maintaining them in accordance with this requirement may be served with a notice "not to use" until the defect has been remedied.

28. Carburettors or other petrol receptacles, unless they are suitably encased or screened, must not be placed in close proximity to magnetos, or to connections of wires carrying electric current.

29. When a guard tray, or undershield, is fixed beneath the engine and adjacent machinery, it must be so constructed that any overflow of petrol shall not be retained in the tray.

30. Suitable and approved appliances for extinguishing fire must be carried in such a position as to be readily available for use.

31. Tanks for petrol or other liquid fuel must be made of suitable material, properly constructed, and of sufficient strength. They must be so placed that any overflow shall not fall upon wood-work, or accumulate where it can be readily ignited. The filling nozzle or inlet for the petrol or other liquid fuel should, where possible, be brought to the outside of the body.

32. All wires carrying electric current must be properly insulated and protected from injury, and so placed that they cannot be a cause of danger.

33. Effective means must be adopted for preventing the heat of the motor, generator or of the exhaust pipe connections, from injuriously affecting any parts of the vehicle or the comfort of the passengers.

34. The exhaust pipe must not be led inside the tray or under-shield or be fixed in such a position that oil, or any inflammable material, is likely to be dropped upon it.

35. The outlet from the silencer must not be so placed as to project the exhaust directly to the rear or on to the roadway, or be so placed, or so directly as to alarm horses immediately behind the vehicle.

36. The machinery must be so constructed or placed that oil or grease from the bearings cannot drop on to the roadway, and the maintenance of the vehicle in this respect will be strictly enforced.

37. When trays are fixed beneath the parts, they must have suitable webs for retaining the oil when ascending or descending bridges, or be otherwise suitably constructed with that object. Oil or other material collecting in the trays must be cleaned out frequently and not allowed to accumulate.

38. If requisite, a bar or bars, having an eye or bridle to surround the propeller shaft, must be so fixed, that in the event of either the shaft or gear-box breaking, either damage or danger therefrom is minimised.

39. Driving chains and sprockets must be protected by a suitable guard.

40. *Body, camber.*—The camber should not be more than 3 inches but may, if the proprietor so desires, be made up to but not exceeding 5 inches, provided the outside of roof is so constructed as to give an equivalent in all respects to a 3-inch camber and the maximum height from the ground is not in any way increased.

Height.—The height inside measured in the centre line of the omnibus from the top of the floor battens to the lower edge of the hoop stick or other projections must not be less than 5 feet 10 inches nor more than 6 feet to the centre line of roof-boards. From ground to the spring of roof outside, or edge of drip-boards, the height must not be greater than 9 feet, nor must the height to the outside centre of roof be more than 9 feet 3 inches.

Body breadth inside.—The width between seat backs must not be less than 56 inches where the seats are placed lengthwise.

Body-seats.—At least 16 inches measured in a straight line must be allowed for each passenger on every seat, which seat must be fit and proper and convenient for sitting on. When cross or "garden" seats are fitted inside these must be at least 26 inches clear from the inside back of the seat in front of it. So that there shall be room for the knees of passengers.

41. Corner pillars for bodies must be of sufficient strength, and the body must be properly ironed and stayed to give the necessary strength for the weight to be carried and to resist the effects of the vibration to which it is liable.

42. No seat will be permitted which, when occupied, is likely to cause obstruction to persons using the landing-board or gangways.

43. The backs of all seats must be closed to prevent, as far as possible, the pockets of passengers being picked.

44. When cushions are provided for seats they must be covered with leather, cloth of good quality, rattan or other suitable material. Inferior American or similar cloth or any material of inferior quality is not regarded as suitable for public carriages.

45. The steps for entrance to the inside must be placed on the near side and at the rear of the carriage. They must be safe and convenient; suitable and efficient means being provided by rails or bands to assist passengers entering and leaving and the lowest step to be not more than 15 inches or less than 10 inches above the ground.

46. The risers of all steps must be closed and the treads of each fitted with an approved form of tread-plate.

47. There must be proper ventilation, without the necessity for opening windows, except where small separate ventilating windows are provided, in which case suitable provision must be made for the opening to be adjustable.

48. When the side-lights are made to be lowered, such provision must be made (by means of guard rails or otherwise) that the arm of a passenger cannot be thrust through so as to be endangered by passing vehicles.

49. Some effectual means must be provided to prevent the rattling of window frames and glasses.

50. The carriage must be suitably lighted inside and outside, where acetylene or other gas, is used, the cylinders or vessels which contain the gas, or in which it is generated must be fixed outside in such a position as to be removed as far as possible from danger of accidental ignition. The pipes are to be led along the outside but not along the outside of the roof.

51. A hand-bulb horn only for giving due warning of the approach of the vehicle must be provided.

52. Celluloid or cylonite fittings will not be permitted inside or outside the vehicle, but this does not apply to accumulator cells.

53. A box or other approved means must be fitted to the front and to the rear of the vehicle to exhibit the destination in which the carriage is on each journey to proceed. The letters and back ground must be black and white, the letters of a height of at least $4\frac{1}{2}$ inches and of a proportionate thickness.

54. The principal points of the route are subject to the approval of the Commissioner and must be painted in black or white letters not less than 4 inches high and of a proportionate thickness, and be exhibited as directed to the front and rear. These boards are to be so made that the points of route are shown in geographical sequence according to the direction the vehicle is travelling. Route boards may also be affixed to the sides of the vehicle.

55. The destination boards are to be illuminated by night in an approved manner for the guidance of intending passengers.

56. The following particulars must also be suitably painted on the carriage:—

(a) The weight and rate of speed allowed.

(b) The full name and surname of proprietor, on each side clear of the wheels.

(c) The words "Calcutta and Howrah Stage Carriages" and the number of the number plate, both on the outside and inside. The writing outside to be placed behind the carriage on the near side.

(d) Fares must be painted legibly inside the omnibus.

(e) The number of passengers which the vehicle is licensed to carry must be painted legibly inside and outside.

57. No writing or lettering in the form of any advertisement will be allowed on the front of the carriage in colours of black and white, or in such form or position as to hide, or in the opinion of the Commissioner, to interfere with the easy legibility of the destination indicators or route boards.

58. No printed, written or other matter shall appear on the outside or inside of the carriage, or to be carried by way of advertisement, except such, if any, as may be approved by the Commissioner.

NOTE.—The positions approved by the Commissioner for the exhibition of advertisements are given in the schedule annexed.

59. No person except a learner, fitter, or other official when specially authorised by the proprietor (such person to carry a special pass or badge), or a person authorised by the Commissioner, shall be allowed to ride beside the driver at any time.

60. No cans or other receptacle for oil, water, etc., are to be carried on the drivers footboard, nor may anything be placed in such a manner or position as will be likely to hamper the driver or otherwise give cause for complaint.

61. Each carriage must be fitted with an approved means for enabling passengers both inside and outside to signal to the driver or conductor when required.

NOTE.—Though the above conditions may have been complied with, yet, if there be anything in the construction, form or general appearance which, in the opinion of the Commissioner, renders the carriage unfit for public use, it will not be licensed.

Part VI.—Motor Lorries.

1. All motor lorries must be presented for inspection in a thoroughly good condition, and no lorries will be certified fit for use unless it is properly painted, but proprietors may, if they so desire, apply for a preliminary inspection of the chassis.

The following conditions must also be strictly complied with :—

Each new type of motor vehicle intended for licensing must be presented at such place as the Commissioner may appoint for inspection. The proprietor, must at the time for inspection, produce a certificate from the maker or importer stating that the materials of which all the parts of the vehicles are constructed are good, that the machinery is safe, and that the vehicle is in every way fit for use as a motor lorry.

2. If, after inspection, the vehicle is approved such approval may extend to all vehicles of that description; and others of the same type need not be again presented, except as hereinafter provided, but taken to such place as the Commissioner may appoint provided a certificate from the maker or importer is submitted with each vehicle presented for licensing purposes stating that it is in every respect similar to that already approved and respecting which a certificate had been furnished.

It must be clearly understood that if, after the type has been passed, defects develop, which, in the opinion of the Commissioner, render it unsuitable as a type for private or public service, the Commissioner reserves the right to withdraw such approval entirely, or until the defects have been remedied to his satisfaction.

3. A certificate from the proprietor, stating that there has been no alteration in the design of the machinery since the previous inspection and date covered by the maker's or importer's certificate, must be presented with each lorry submitted for *renewal* of license.

Should any alteration be made, full particulars of such must be stated, and the same course may be required as for a first inspection.

4. Should it be deemed necessary, an expert who is accepted by both parties will be employed to advise on the subject. The fee for the expert examination must be deposited by the proprietor with the Commissioner, which fee will be returned should the vehicle be passed without alteration being required.

5. When making application for the Motor Lorry to be inspected the proprietor must specify the route or routes upon which and the hours between which he intends the vehicle to ply, and these routes and hours shall not be departed from except after due notice has been given to the Commissioner and his permission obtained in writing.

NOTE :—Nothing in these regulations shall be taken to prohibit a proprietor changing the route as often as he chooses provided such route has been previously certified to be for heavy motor traction.

6. *Chassis length*.—Not to exceed 25 feet, but if the platform is to be constructed upon the frame the total length may be 26 feet.

Chassis clearance.—All the underparts of the vehicles inside the pivots of the front axle and steering arms (which must be placed as near as possible to the road wheels) as far back at least as the rear axle must clear the ground at least 10 inches where the vehicle is fully loaded; sufficient allowance in addition being made to provide for the wear of the tyres, set of the springs or other causes of lessened height so that the minimum clearance of 10 inches is at all times maintained.

Chassis springs.—Must be properly hung, of sufficient strength and flexibility to meet all purposes which may be required of them. The rear springs must be attached to or bear upon the back axle or axle casing as near to the road wheels as possible, and the distance between the outsides must not be less than 45 inches.

Where a cross spring is used, it must be so applied that it shall not cause or increase side way. The front springs must be as wide apart as possible, and not less than 38 inches from outside to outside.

Chassis wheel-base.—Should not exceed 16 feet 6 inches and it should in all cases be so proportioned that skidding or improper movements shall be as far as possible avoided.

NOTE.—If it is found that a vehicle is apt to skid or be otherwise improperly moved unduly the Commissioner reserves the right to serve a notice on the proprietor "not to use" and may refuse to license the vehicle again until the defects have been remedied.

Chassis wheel-track.—For both front and rear wheels should coincide, and the measurement from centre to centre, taken in line with the axles must not be less than 5 feet 6 inches. In no case must the front track be less than the rear.

Chassis road-wheels.—Must be of sufficient and suitable diameter but not made so heavy as to throw an undue strain upon the steering gear or other parts.

Chassis length.—Must be such that the total length of the vehicle complete in no case exceeds 26 feet.

Chassis breadth.—The breadth must not be greater than 7 feet 6 inches at any part.

Chassis load.—Shall not exceed 10 feet from the road-way in height or overlap the width of the lorry.

NOTE.—In special reasons to be recorded in writing the Commissioner of Police may permit the height of a load to exceed 10 feet.

7. Each vehicle must be fitted with at least two independent brakes each capable of stopping and holding the Lorries under all conditions. They must also, where necessary, be fitted with an approved form of compensation device.

NOTE.—The maintenance of the brakes in perfect order is of the utmost importance, and this will at all times be subject to inspection by Police.

8. The brakes should, as far as possible, be so affixed as to be capable of easy adjustment, and at least one must be applied by a pedal. Brakes will not be deemed independent which are operated by pedals, or levers acting through the same connections, upon the same brake blocks, or upon the same brake drums, and at least one must act directly upon the road wheels without any connection with propelling gears.

9. The operation of either brake must in no case declutch.

10. Each vehicle must be capable of being readily steered and able to turn a corner without unduly interfering with other traffic.

11. The steering arms, and other connections thereof, must be of ample strength, and so far as possible protected from damage by collision.

12. The ball and socket joints of steering connections, when such are used, should not be pendant but the longitudinal or transverse rods must be carried upon the ball.

13. All brake and steering connections secured with bolts or pins must have such bolts threaded and fitted with nuts, which latter must be locked or pinned. The whole of the brake and steering part must be maintained in perfect order and will be inspected at any time.

14. All parts connected by bolts, or studs or nuts, subject to serve vibration, must be fastened by lock nuts, or by nuts and approved spring or lock nut washers, to prevent their working loose and causing noise and any lorry with lamp brackets or other fittings loose and likely to cause unnecessary noise, will be regarded as unfit for service.

15. The machinery must be so constructed that no undue noise or vibration arises from its use.

The maintenance of the carriage in a satisfactory condition in this respect will be strictly enforced.

16. Every new vehicle must be submitted at a time and place appointed, to be specially tested in respect of noise and vibration.

17. The lubrication of the engine and the carburation of the working mixture must be so controlled that smoke shall not be emitted with the exhaust, or from any other part.

Proprietors of vehicles not properly maintaining them in accordance with this requirement will be served with a notice "Not to use" until the defect has been remedied.

18. Carburettors or other petrol receptacles, unless they are suitably encased or screened, must not be placed in close proximity to magnetos, or to connections of wires carrying electric current.

19. The guard, tray, or under shield, fixed beneath the engine and adjacent machinery, must be so constructed that any overflow of petrol shall not be retained in the tray.

20. Suitable means for extinguishing fire must be carried in such a position as to be readily available for use.

21. Tanks for petrol or other fuel must be made of suitable material, properly constructed and of sufficient strength. They must be so placed that any over-flow shall not fall upon wood-work, or accumulate where it can be readily ignited. The filling nozzle or inlet for the petrol or other liquid fuel should, where possible, be brought to the outside of the body.

22. All wires carrying electric current must be properly insulated and protected from injury, and so placed that they cannot be the cause of danger.

23. Effective means must be adopted for preventing the heat of the motor, generator or of the exhaust pipe connections, from injuriously affecting any parts of the vehicle.

24. The exhaust pipe must not be led inside the tray or under-shield or be fixed in such a position that oil, or any vaporisable or inflammable material, is likely to be dropped upon it.

25. The outlet from the silencer must not be so placed as to project the exhaust directly to the rear or on to the roadway, or be so placed, or so directed as to alarm horses immediately behind the vehicle.

26. The machinery must be so constructed or placed that oil or grease from the bearings cannot drop on to the roadway, and the maintenance of the vehicle in this respect will be strictly enforced.

27. When trays are fixed beneath the parts, they must have suitable webs for retaining the oil when ascending or descending hills, or be otherwise suitably constructed with that object. Oil or other materials collecting in the trays must be cleaned out frequently and not allowed to accumulate.

28. If requisite, a bar or bars, having an eye or bridle to surround the propeller shaft, must be so fixed, that in the event of either the shaft or gear-box breaking, other damage or danger therefrom is minimised.

29. Driving chains and sprockets must be protected by a suitable guard.

30. Corner pillars for bodies must be of sufficient strength and the body must be properly ironed and stayed to give the necessary strength for the weight to be carried and to resist the effects of the vibration to which it is liable.

31. Head lights will not be permitted unless properly hooded or screened.

32. A hand bulb horn, for giving due warning of the approach of the vehicle must be provided.

NOTE.—Though the above conditions may have been complied with, yet, if there be anything in the construction, form or general appearance which, in the opinion of the Commissioner renders the carriage unfit for public use, it will not be licensed.

DECLARATION.

No. 379T.—Com.—The 30th May 1914.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for such portion of the Jotematook siding of the East Indian Railway which takes off the East Indian Railway mail line at mile 124 feet 2,630, as lies between chain 3'00 (about) and chain 40'00 (about), and whereas coal mines are situate under the said land, and whereas Babu Promothonath Maliah has given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said owner intends to work the seam known as Jamihari seam, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5(1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Babu Promothonath Maliah has agreed not to work and get minerals underlying the land acquired for his siding or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Burdwan.

Now, therefore the Governor in Council is pleased to declare, under section 5, sub-section (2), clause (b) of the abovementioned Act XVIII of 1885, that the working shall be carried on by the said Babu Promothonath Maliah in the manner and subject to the restrictions below specified, viz.:—

- (a) no gallery shall be driven and no coal shall be extracted where the distance from the natural surface of the ground to the top of the gallery, if driven, is under 50 feet;

- (b) where the distance between the natural surface and the top of the gallery, if driven, is 50 feet or more, galleries, not more than 12' wide by 12' high leaving not less than 3 feet of roof coal may be driven at distances apart not less than 52 feet centre to centre forming pillars not less than 40 feet square, to be left unworked for the support of the acquired land ;
- (c) manholes not exceeding 6 feet in height by 3 feet in width by 4 feet in depth may be made where required by any rule made under the Indian Mines Act, 1901 ;
- (d) any inrush of water, quicksand or soft material shall be reported to the Chief Inspector of Mines in India without delay ;
- (e) these restrictions apply to the Jamihari seam only and to the area edged with pink upon the plan, and Babu Promothonath Maliah shall give notice under section IV of the Land Acquisition (Mines) Act, 1885, of his intention to work any other seam under this area or to work coal under any other area of acquired land ;

and that in all the above cases no further excavation shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L. A. M. A. No. 235 signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.
